President's Message

A rich Legacy to be Proud of

'An investment in knowledge pays the best interest'.
- Benjamin Franklin

Education is the basis of all progress. It is for this very reason that we ventured into education about sixty years ago when our first educational institution Sarvodaya Balika Vidyalaya (now known as Kudilal Govindram Seksaria Sarvodaya School), a girls' school was started in 1959. The past six decades of experience has taught us that progress of a nation is possible if men & women are well educated.

It gives me immense pleasure to share with all that we have grown tremendously over the past sixty years and now we have eleven educational institutions, an online academy, a counseling centre & hostels for both boys' & girls' running under the aegis of Rajasthani Sammelan Education Trust. More than 16000 students daily come in RSET campus to receive education in different educational institutions.

With the arrival of the month of April, curtain falls on yet another eventful academic year at RSET campus. All our institutions have once again succeeded in providing the students with a meticulously and carefully planned mix of academics and extra-curricular activities. Students of all our institutions have proved yet again that it's not just studies that they excel in but also in every single co-curricular and extra-curricular activity that the institution chose to organize.

As we look back, we find that the past few months were dotted with many important as well as interesting events. All our institutions successfully conducted Annual Day celebrations with many colourful programmes. During this time a grand Scholarship Award Ceremony was also organized in which, IRB, BKT & Jankidevi Bilasrai Bubna Scholarships and Freeships were awarded to the selected students from all the institutions of RSET. Institutions like Ghanshyamdas Saraf College and Durgadevi Saraf Junior College organized Annual Cultural Fest 'Mauj' while Durgadevi Saraf Institute of Management Studies organized 'Sabrang' and all the events were met with great success.

Deviprasad Goenka Management College of Media Studies organized their signature event 'Mumbai Media Chams' (MMC) on 31st January & 1st February 2019. Students from 35 colleges participated in this event. The bright Media Carnival reached its peak with the Award Ceremony held in Durgadevi Saraf Hall in the campus.

At the academic front, Ghanshyamdas Saraf College, Ladhidevi Ramdhar Maheshwari Night College of Commerce & Deviprasad Goenka Management College of Media Studies jointly organized Degree Distribution Ceremony for the graduating students of their respective colleges. Durgadevi Saraf Institute of Management Studies held its Graduation Ceremony on 16th February 2019 towards award of Degrees conferred by University of Mumbai for the MMS batch of 2016-18 & Part Time Masters (MMM), (MFM) & (MHRDM) batch of 2015-18. DSIMS also organized prestigious conclaves & conferences, especially Remsons International Research Conference on 'Digital Transformation of Business – The Way Forward' on 16th March 2019 attended by esteemed personalities from academics, corporate, faculty and students of DSIMS.

Ashok M. Saraf, President, RSET

As a part of Student Exchange Programme between DSIMS and Ottawa University, Kansas, USA, students of Ottawa University with their Economics Professor & one of the Trustee visited DSIMS in January for an academic cum cultural exchange programme. The students were highly satisfied by the exposure gained through the visit which they have reflected through their formal feed-back.

As in previous years, this year too, the 70th Republic Day of our country was celebrated jointly by all our schools as well as hostels at RSET campus with Shri Krishna Kejriwal, Trustee, RSET as the Chief Guest who unfurled the national flag on the occasion.

Sports is an integral part of life and involves overall development of a student. Keeping this in mind, we are providing coaching in basketball, football and table tennis to our school children and also practice sessions to college students at Pravinchandra D. Shah Sports Academy ground. Recently, PDSA also took the initiative to organize an inter-school MSSA football tournament for U/10 age group held from 18th February, 2019 to 22nd February, 2019. 64 schools participated and came forward to be a part of this event.

I am confident that all our institutions with their rich legacy will continue to shape the future of the young minds of our country and transform their potential into successful careers resulting in national developments.

RSET: At the Forefront of IT Integration

The world of education is a highly interesting and vast area to be explored. Its span is getting even wider with ample opportunities opening up for students. We at RSET have always believed in creating all possible educational opportunities for students by starting many institutions imparting wide variety of education in schools, colleges and professional institutions like Management and Media Studies.

In recent years, online learning has widened the scope of education and transcended it beyond classroom boundaries. With high internet penetration in the last few years, it has taken over the traditional methods not just in urban landscape but also in rural areas. In a unique venture by the Maharashtra Government, e-learning facility was launched in as many as 47 schools run by the Zilla Parishad in remote villages located in the buffer area of the Tatoba Andhari Tiger Reserve (TATR).

Keeping pace with changing digitization in learning, administration and business, we at RSET have provided all possible technological support to our staff and students for teaching –learning and to administrative staff for office administration.

For institutions of higher education, we have equipped libraries with large number of e-books, e-journals, data base of Indian Companies, case Studies and research articles through various portals. The library staff are given opportunity to upgrade their skills by attending workshops & seminars pertaining to latest method of utilization of e-sources.

From the year 2015, we have started Kunjibihari S. Goyal Online Academy (GOLD Academy) to provide e-learning content for B.Com syllabus of Mumbai University for our students as well as students beyond the boundaries of our campus. Apart from this, GOLD Academy also conducted Online GK Quiz Contest for the college students, Online Assessment Tests, Customized Test Modules, Eight MCQ Tests and gave constant support to the students enrolled with their portal through e-mail and telephone calls.

In RSET campus, academic programmes are duly complimented by extra-curricular and sports activities to mould our students and motivate them to be the brightest and the best. In order to do this, our institutions work towards inculcating certain values to students in order to enrich their mind and spirit and also to develop essential moral attributes like truthfulness, courtesy, generosity, compassion, justice, love and trustworthiness in them. A training session for Principals and Staff of all the institutions on 'Value Based Education' was held on 13th March, 2019 by Swami Veditatmananda Saraswati in which he stressed upon various relationships, cleanliness, truth, self- restraint, to control anger by compassion and forgiveness, control greed by honesty and contentment. He felt that the teachers should pass on such messages to their students to create an atmosphere of love and unity in their respective institutions.

Students of Ghanshyamdas Saraf College, Ladhidevi Ramdhar Maheshwari Night College of Commerce and Durgadevi Saraf Junior College organized 07 days residential camp in villages where the NSS volunteers taught cleanliness awareness sessions, leadership and skill development activities to the villagers.

As a holistic development of the students, Durgadevi Saraf Institute of Management Studies conducted many social initiatives and CSR activities in association with IDF. The students went to under privileged

Kailash Kejriwal, Hon. Secretary, RSET

areas and delivered sessions on Time Management, SWOT Analysis, Career etc. to the school students.

The ISR Committee of DSIMS in association with Rotaract Club of Bombay West organized 'Cricket for Social Responsibility' on 23rd February, 2019. 13 Corporate companies participated in this event. The funds raised as participation fee from corporates were donated to two NGOs - Nanhi Kali and Annamrita.

The month of January witnessed Annual Day celebrations by all institutions in a grand manner at Pravinchandra D. Shah Sports Academy ground. During this period, Ghanshyamdas Saraf College and Durgadevi Saraf Junior College jointly celebrated their intercollegiate annual cultural fest 'MAUJ' in a grand manner. DSIMS celebrated 'Sabrang' and Deviprasad Goenka Management College of Media Studies organized its signature event 'Mumbai Media Champs' (MMC) with great fanfare.

It is a matter of great pleasure that in the past few months students of the institutions of RSET have made us proud by winning many awards and accolades in sports competitions at district, state and national level events. . PDSA took the initiative to organize an inter-school MSSA football tournament for U-10 age group held from 18th February, 2019 to 22nd February, 2019. Sixty Four schools participated and came forward to be a part of this event.

I take this opportunity to thank each and every Donor, past and present, Trustees, Managing Committee members and well wishers who are involved in the challenging and enriching educational experience for our students.

CEO'S Message

Captain (IN) Anant Yadnik (Retd.), CEO, RSET

At Our Core is a Value-Based Education

I am pleased to share with you, that, during the quarter under review of January, February and March 2019, RSET and its Institutions have contributed immensely to the field of education. We are sending the 'short Whatsapp' videos of all such activities on daily basis to all the staff and our well-wishers. This will ensure that all the trustees, committee members, donor families, staff, students, parents and all our well-wishers get the first hand updated information regularly.

All our Schools and Colleges have conducted their theme based Annual Day Programmes in the month of January. These events spread over ten continuous days were carried out at our own PDSA ground and witnessed by thousands of students and their parents. The Chief Guests for these events were the VVIPs and VIPs from different spectra of society like top industrialists, ministers of Government of Maharashtra, media personalities, corporate big wigs, top police officials etc. We are also very happy that our donor families and trustees have also graced these occasions as the Guests of Honour. The word of mouth publicity of these events which showcased the inherent talent of our students and their appreciation by one and all has surely enhanced the image of RSET in Education Industry.

After successful conduct of Annual Days all the institutions were involved in the most important activity of the academic year viz., the conduct of final exams. Thanks to all the staff of all the institutions for taking efforts to prepare their students to appear for their final exams. We are sure that our students will come up with flying colours and be prepared for the next academic year with more zeal and enthusiasm.

We at RSET are very happy to inform our reader that Ramniwas Bajaj English High School (RBHS) has been granted Permanent Affiliation as an ICSE School by the Council for the Indian School Certificate Examinations (CISCE). This is indeed a great achievement as we have carried out all the stringent norms that the council had asked us to fulfill.

Our Alumni meet of various institutes is generating a tremendous nostalgia amongst the ex-students who were present in large numbers for these events. We are proud to know that one of our ex-student is a Minister in State Government of Maharashtra. Many other ex-students have made a successful career for themselves and more importantly they are doing a yeomen service to our Nation and give the entire credit to the RSET Institutions for their grooming and success.

Both categories of Students i.e. Indian Students and Foreign Students in our state of art "Jankidevi Bilasrai Bubna Boys' Hostel" (which was opened recently) are happily staying and enjoying their stay. Care is taken to provide all the students a home away from home. Students staying here are taught to maintain decorum, courtesy and discipline as they pursue their studies in higher education or professional courses. Facilities such as fully AC Rooms, separate TV enclosure, fully AC study room, food, 24x7 Security, housekeeping, technical services, free 'Wi-Fi', etc. are provided to these students. Recently gym equipment's such as tread mill, cycle, bench & dumbbells have also been provided in the hostel so that students can work –out as per their convenience. We are very confident that in the next academic year, we will have more enrollment of students in the Hostel.

We at RSET give maximum emphasis to sports. Our state of art and modern sports ground PDSA is always fully booked for playing sports and conduct of coaching classes for Basket Ball, Foot Ball, Cricket, organizing inter schools sports and athletics events. Recently, Mr Eban Hyams a professional International basketball player and Manager of Basketball Operations for NBA India conducted a basketball clinic for the students of all the schools under RSET at PDSA. These ventures are already giving results. Many of our students have brought shields and trophies in different sports at various levels like, zonal, regional, national and International events.

We have been very fortunate to host workshop on "Value Based Education" by HH Swami Vidadatmananda Saraswati, on 13th March, 2019. The nominated staff of all the colleges and schools have actively participated in this workshop. The interaction with Swami Ji on various educational aspects has given a lot of scope for introspection to the teachers to further improve on their teaching skills.

Finally a word on wide range of other activities like NSS camps, NCC Activities, intercollegiate completions, Mumbai Media Champions, National Media Enclave, celebrations of traditional festivals, career guidance and placement activities, counseling services and many other activities were organized with complete involvement of staff and students.

Message From Director of Schools

Schools on Mobile

Over the years, endless debates have ensued on the benefits and consequences of introducing technology into our lives. The questions range from how easy it makes our life on the one hand to how it is decimating bird, animal and family life on the other. Among educators this has been a constant refrain among educational institutions. First of all there are the Luddites who reject computer technology and swear by the chalk and duster approach. They oppose technology in any form and believe in traditional methods. And then at the other end of the spectrum are the teacher technocrats who want children to not only have lap-tops and iPads but even mobile devices in the classroom to enhance their learning. This seesaw battle between the proponents of technology-led changes and those opposed to it is an endless and irresolute one. The interesting thing about technological advance though is that it is largely immune to all these debates and continues with its own untrammelled march, not considering the harm or benefits it may bestow upon those who use it and those who do not.

One major technological advance in recent years, as far as education is concerned, is the introduction of mobile apps in schools. In private schools these have become an unstated requirement and even government supported educational institutions are taking these up. So what does a mobile app do and how does it help a school and its parents? When we speak of the possibilities of what such an app can do the openings seem to be endless and could encompass every facet of school life.

However, some of the features offered by a school mobile app will definitely make life easier for the different stakeholders. Word of mouth is important for a school to build its reputation but this very word of mouth, when it changes from one to another, can act as Chinese Whispers, disseminating information that is not necessarily true. A mobile app, by allowing school authorities to accurately pass on every bit of information to parents, eliminates this possibility. Parents have shown a great deal of enthusiasm for mobile apps and in many schools have led the move to introduce them.

It is not a rare occurrence that children go home and do not tell their parents about the tests, projects and homework that has been given to them along with the due dates. It is quite a natural tendency among many students who like to procrastinate over their submission dates. A versatile mobile app will not only send these assignments to parents but will also send separate notifications to their mobile phones and ping a reminder a day before the assignment is due. All that the parents need to do is 'allow notifications' from the app. For missed assignments the app will send a red alert. It may have made the lives of some children difficult but it has been an important step in inculcating academic discipline in their lives.

Other uses of a mobile app include the ability to allow parents to make online payment of tuition fee, examination fee, excursion payments and others. This has helped schools to go paperless and help preserve the

Nitin Padte, Director of Schools, RSET

environment. By allowing schools to send reports, which at times run into several pages, online it has eliminated the need to keep cupboards full of present and past records. Attendance and arrival and departure from school are other uses of these mobile devices. Via the mobile app and other software that a school uses parents are able to know as soon as their child enters the school building and checks out of it and they are also able to monitor their children as they travel by the school bus. This has enhanced our children's security manifold and has allowed parents to monitor their adventurous children who may want to take off from school and have a good time.

In the schools of Rajasthani Sammelan Education Trust we have always believed in keeping ourselves on the cutting edge of technological change. A Mobile App has been successfully introduced in Mainadevi Bajaj International School, which is the flagship school of RSET and we are in the process of extending this facility to other schools. In the schools of RSET, while we believe in keeping apace with technological advancement, we are very conscious of maintaining the human touch. Hence, the heads of our institutions make sure that they create ample opportunities for our parents to meet them in person and also extend help to those parents who may be slow with incorporating technology into their lives.

A wise mix of technology and personal engagement is the goal of our schools.

A Journey Towards Excellence

Our country witnessed turbulent political scenario in the past few months. On 14th February, 2019 a convoy of vehicles carrying security personnel on the Jammu Srinagar National Highway was attacked by a vehicle-borne suicide bomber at Lethpora in the Pulwama district, Jammu and Kashmir, resulting in the deaths of 40 Central Reserve Police Force (CRPF) personnel and the attacker. The responsibility for the attack was claimed by the Pakistan-based Islamist militant group Jaish-e-Mohammed. India has blamed Pakistan for the attack. However, Pakistan condemned the attack and denied any connection to it. The whole country was shocked by the attack. However, India gave a fitting reply by an air strike of IAF at Balakot in Pakistan & destroyed Jaish-e-Mohammed's biggest camp. Crossing Pakistani air space and hitting a terror camp which is fairly deep inside - it's definitely an indication of greater resolve from India's side that if you are going to carry on with your activities, we are also going to come and strike your terror camps that are located in Pakistan.

Close to the heels of these incidents arrive General Elections of Lok Sabha with each party announcing attractive election manifesto to draw attention of voters. Many actors are also roped in as candidates to create glamour & thereby woo the voters. Also, there are lakhs of first time voters who are going to use their right to franchise for the first time. Hence we all voters should think rationally before we vote a candidate. We hope that candidates winning the election from Mumbai will pay some attention to collapsing houses & bridges, heavy air pollution causing respiratory diseases, open sewers causing death to many, water clogging everywhere during rains and so many problems that we Mumbaiers take for granted and suffer silently.

At RSET campus, our schools, colleges and Management Institute have been buzzing with many academic, extra-curricular & sports activities. All the institutions

Dr. Sunanda Kar, Editor

celebrated Annual Day in a grand manner at Pravinchandra D. Shah Sports Academy ground which was converted to an open air auditorium. A LED backdrop was provided during Annual Day celebrations that helped to create a better impact to the performances presented by the participants of all the institutions.

Durgadevi Saraf Institute of Management Studies has successfully hosted under Remsons Centre for Management Research 6th International Conference on the theme 'Digital Transformation of Business - The Way Forward' on 16th March, 2019 which was attended by eminent academicians, professionals, research scholars and policy makers.

With an intent to celebrate 'Valentine's Day' in a unique manner, students & staff of Mainadevi Bajaj International School decided to collectively join to the efforts put up by 'Roti Bank', a city based NGO that feeds the poor of Mumbai. It was a pleasant surprise for the NGO when students of MBIS donated 2.4K Rotis to the 'Roti Bank'. Indeed it was a great effort by the entire MBIS Team!

Students of Ramniwas Bajaj English High School (grades 7-9) worked on 8 projects for the EUMIND (Europe meets India) programme and all 8 projects have awarded Certificate of Excellence by the International Jury, Europe for the academic year 2018-19. Ramniwas Bajaj English High School also received permanent affiliation from ICSE Board, New Delhi.

In the past few months, students of the institutions of Rajasthani Sammelan Education Trust have brought laurels to their institutions in sports activities. Right from little children of schools to students of colleges - all have made their institutions proud by sports awards received at District, State, National and International levels. Pravinchandra D. Shah Sports Academy of RSET also took initiative to organize an inter-school MSSA football tournament for U-10 age group held from 18th February, 2019 to 22nd February, 2019. 64 schools participated and came forward to be a part of this event. PDSA also conducted a basketball clinic for the students of all the schools under RSET. The participants received high quality coaching from Mr. Eban Hyams a professional International basketball player and Manager of Basketball Operations for NBA India.

We at Rajasthani Sammelan Education Trust give enough opportunity to students to study and at the same time enjoy by participating in extra-curricular activities as well as take part in sports for their physical well-being. It is a long and continuous journey of our Management to attain excellence in their educational endeavours.

Patodia Lab
at MBIS

Dear Reader!

Study of natural sciences require hands on practical experiments. For proper understanding of chemical reactions, practical experiments are required through which students directly and safely investigate chemical properties and reactions by utilizing laboratory apparatus and instruments. These activities are essential for learning chemistry and improving science literacy. Therefore, Suwadevi Doongermal Patodia Chemistry Lab of Mainadevi Bajaj International School is extremely useful for the students as it allows students to explore chemical concepts, view changes in matter and acquire scientific skills in an atmosphere similar to a professional scientific environment.

It is interesting to note that students of grade 9 found some of the experiments interesting and enjoyed conducting the same such as endothermic reaction and exothermic reaction, test with water (checking presence of water in a given compound using copper sulphate), reversible and irreversible reaction, formation of ammonia fountain and to know the properties of ammonia, formation of salt using metal oxide and acid and many such experiments that are in their syllabus. The students are duly supported by the Lab Assistant who keeps the lab ready well in advance with equipments and chemicals.

I am very happy to note that RS CA Study Centre & ICAI Extension Counter in RSET campus is running very successfully & is providing a peaceful atmosphere to students to study for a long time. It is indeed praiseworthy that the Management members of Rajasthani Sammelan Education Trust have also supported many students by freeships & scholarships to complete their education. In some families, philanthropy is a trait passed on as a legacy from one generation to the other generation. This is true with Bajaj family i.e. Shri Vinodkumar Bajaj and Shri Rajkamal Bajaj who have inherited philanthropic traits from their family. Their family is associated with Rajasthani Sammelan Education Trust for four decades and more. They have generously donated handsome amounts for the various projects of the Trust.

It all started with the construction of Dhurmal Bajaj Bhavan, the community hall of Rajasthani Sammelan Education Trust in 1970s when Shri Deviduttji Bajaj, uncle of Shri Vinod Kumar Bajaj & Shri Rajkamal Bajaj took the lead role and a handsome donation was received by the Trust from Shri Dhurmal Bajaj Charitable Trust. The hall was named as Dhurmal Bajaj Bhavan in memory of Shri

Dhurmal Bajaj, late grandfather of Shri Vinodkumar Bajaj and Shri Rajkamal Bajaj. At the time when Dhurmal Bajaj Bhavan was set up way back in the 1970's, there was no such Marriage Hall in the suburbs. Hence it proved to be a big boon for the community to get a community hall at an affordable rate to conduct marriage and other ceremonies.

The legacy of philanthropy was continued by Shri Ramniwas Bajaj who was actively involved in the educational projects of Rajasthani Sammelan Education Trust. He was the one who taught his family and especially his sons that one must give back to the Society a part of what one has earned from this Society. This inspired Shri Vinodkumar Bajaj & Shri Rajkamal Bajaj to contribute in the field of education to set up an English Medium School in his name as Ramniwas Bajaj English High School under the aegis of Rajasthani Sammelan Education Trust and thereafter contribute further for setting up Mainadevi Bajaj International School and Mainadevi Bajaj International Play School in the name of their mother Smt. Mainadevi Bajaj.

Through this issue of Abacus, we recognize the dedication and services rendered by Shri Vinodkumar Bajaj and Shri Rajkamal Bajaj in the educational endeavours of Rajasthani Sammelan Education Trust. We hope that in future also we will continue to get their guidance and support from time to time.

EXCERPTS OF INTERVIEW OF SHRI VINODKUMAR R. BAJAJ

1) How did your family get associated with Rajasthani Sammelan Education Trust?

Our family is associated with Rajasthani Sammelan Education Trust for the past four decades and more. The association started with the founding fathers of the Trust approaching my uncle late Shri Deviduttji Bajaj for contributing for the construction of a marriage hall in Malad way back in 1970. The Bajaj Bhavan was built by Rajasthani Sammelan Education Trust and named after my Grandfather Late Shri Dhurmalji Bajaj as our family was the Main Donor for Dhurmal Bajaj Bhavan. The Marriage Hall on the ground floor is named after my grandmother Late Smt. Nani Bai Bajaj.

My father, Late Shri Ramniwasji Bajaj was also closely associated with Rajasthani Sammelan Education Trust. He was our main source of inspiration. He believed in humility & charity for the welfare of the society & community. He was the one who taught us that one must give back to the Society a part of what one has earned from this Society. This inspired us to contribute in the field of education to set up an English Medium School in his name as Ramniwas Bajaj English High School and thereafter contribute further for setting up the International School & a play school in the name of our mother as, Mainadevi Bajaj International School and Mainadevi Bajaj International Playschool.

2) What was the objective and vision of your family for giving donation for Dhurmal Bajaj Bhavan, Ramniwas Bajaj English High School, Mainadevi Bajaj International School & Mainadevi Bajaj International Play School?

At the time when Dhurmal Bajaj Bhavan was set up way back in the 1970's, there was no such Marriage Hall in the suburbs. People in those days could not find an affordable place for having marriage ceremonies. The whole idea to set up the Bajaj Bhavan was to provide all the facilities for marriage under one roof to the community in the suburbs at affordable prices. I still remember when I was very young that my uncle & my father had invited late Shri Aditya Vikram Birla to inaugurate the Dhurmal Bajaj Bhavan.

The Trust wanted to start an English medium school in 1980s and we therefore came forward to join hands with Rajasthani Sammelan Education Trust to realize their dream and hence Ramniwas Bajaj English High School was started. The school later became affiliated to ICSE Board and is now one of the most sought after educational institution in the western suburbs. The Trust members also desired to start an International School affiliated to IGCSE Board and IBO Geneva to provide the facility of international education to the students. Hence, Mainadevi Bajaj International School was started in the year 2009.

Rajasthani Sammelan Education Trust continued with its endeavours in the field of education and a new initiative was taken to lay the foundation of learning for toddlers by starting IPC Accredited Playschool in RSET campus to offer a Playgroup and pre-nursery facilities. Hence, Mainadevi Bajaj International Playschool was started in the year 2014.

3) Are you directly or indirectly associated with all these institutions?

Our representatives are members of the Board of Trust,

Managing Committee as well as Governing Board of all these institutions. However for day to day administration, the Trust has appointed well qualified Principals, Senior Officials and Staff. As and when the meetings are held we attend the meetings and give our suggestions as needed.

4) Do you track returns on your philanthropic investments. If yes, what metrics do you use to evaluate the same?

We do not expect any returns for our philanthropic investments on educational endeavours of Rajasthani Sammelan Education Trust. We only desire that all the institutions run in the name of our family should achieve further excellence in terms of academic results and extra-curricular activities. Students of our schools should shine at the global level.

5) What is your vision for further improvement of facilities in Dhurmal Bajaj Bhavan?

Dhurmal Bajaj Bhavan was renovated few years back by the Trust and in future the Trust will provide all required facilities as needed for the benefit of the community.

6) What advice would you like to give to improve quality of education in Ramniwas Bajaj English High School and Mainadevi Bajaj International School?

For improving the quality of education, we need dedicated staff and who should motivate the students to excel further.

7) What would you like to pass on to future generations?

Our Bajaj Family is engaged in philanthropic activities since past many years from time to time for the welfare of the society & community. This is our second generation engaged in philanthropic activities. The inner happiness we feel by doing these philanthropic activities is really great and incomparable. Therefore, my advice to the future generations would be to continue doing philanthropic activities whenever one has any opportunity to do so & earn more & more happiness in one's life by serving the society and community.

Smt. Mainadevi Bajaj inaugurating the lift in Dhurmal Bajaj Bhavan after its renovation

EXCERPTS OF INTERVIEW OF SHRI RAJKAMAL R. BAJAJ,

1. How do you make your philanthropic decisions? And what inspired you to get associated with RSET?

I am of the view that education and education alone is the most important differentiating factor which shapes the career and personality of any individual. So I have strong bias & liking towards philanthropy in the field of education and any institution which provides infrastructure in the field of education & education to all. My family's association with RSET has been for more than 45 years. RSET is doing yeoman services in the field of education and this is what inspired me & my family to get associated with RSET. I cherish this association. Today RSET is professionally run and has one of the best infrastructure. It is indeed an achievement that RSET offers facilities under one umbrella wherein a child can complete his/ her education from play school till post-graduation.

2. Apart from education, which are the other philanthropic interests you or your family has?

My family has also been associated with philanthropic activity in the field of health care. We have been associated as donors to the Bombay Hospital Trust and the Dhurmal Bajaj Orthopaedic centre at the KEM hospital.

3. Is it personal values or family legacy that inspired your philanthropy? How did you get inducted into philanthropy?

I would say that it is combination of both, family legacy and personal belief in philanthropy. My father late Shri. Ramniwas Bajaj was a philanthropist. I feel that for doing Charity it is important that one must also believe in Charity and having money or wealth is just not enough. Charity has to come from within. The credit for me & my family to get inducted into philanthropy also goes to RSET to a great extent. I thank RSET for also inspiring us and giving the opportunity to get into philanthropy. I would also like to thank my brother Vinodkumar also for the Philanthropic initiatives of our family.

4. Which of your philanthropic contributions has had the maximum impact?

If I were to look back "Dhurmal Bajaj Bhavan" was one of the first philanthropic initiatives of our family which provided the foundation. Our family's contribution to "Ramniwas Bajaj English High school" & "Mainadevi Bajaj International School", were some of our main philanthropic contributions.

5. What are your views /expectations for further growth and improvement of the educational institutions started by the donations of your family?

I must compliment Shri Ashokji Saraf, President of RSET and the entire team of RSET for building a great education institution. I was very delighted and happy that Ramniwas Bajaj English High School, named after my late father has recently received the permanent affiliation as an ICSE school by the council of the

Indian School Certifications Examinations. This gives great comfort and a feeling of satisfaction. I understand that the school is doing well and is well sought after by students and parents in Malad.

Mainadevi Bajaj International School (MBIS), named after my mother, has a good Infrastructure, but needs to improve further. I was privileged to receive the Times Education Iconic Group Award for being 1st in Zone D and 5th in Mumbai among Schools with International Curriculum in the Times School Survey 2018 in October 2018. As would be the expectation of any Founder family, our expectation would be that MBIS should strive to be among one of best International schools in Mumbai.

6. "Those who have more should help those with less" - do you think the young inheritors of wealth will have such concerns for equity?

I strongly believe that one must give back to the Society a portion of what one earns from the Society. This is one way to express one's gratitude towards the society for all what the society does for you. I am confident that with their strong education background, today's young inheritors of wealth would also like to express their gratitude by contributing to the society in a meaningful manner.

7. Could you name one Philanthropist whom you admire most and why?

Bill Gates is one Philanthropist whom I admire the most. I admire him most for being a Global Philanthropist and the joy that he & his wife derives from giving. I understand that he & his wife have pledged half of their multi-billion dollar wealth for charity. In the annual letter of their Foundation, Bill and Melinda Gates say "that they give away their money because doing so is both meaningful and fun". The pair says we do philanthropy work "because it's our life."

This according to me is true philanthropy which comes from within.

ANNUAL DAY CELEBRATIONS

Annual Day is a very important day for all educational institutions. In the words of the Former US President John F. Kennedy - "All of us do not have equal talents but all of us should have an equal opportunity". Annual Day is a moment of celebration, where each and every student gets an opportunity to participate on the stage in the front of a big audience. Every year, institutions of Rajasthani Sammelan Education Trust celebrate Annual Day in a grand manner. This year, Annual Day of all the institutions were celebrated at Pravinchandra D. Shah Sports Academy ground from 23rd January, 2019 to 1st February, 2019. The ground was converted into an open air auditorium and accordingly a grand ambience was created that included a big stage with LED screen and other accessories.

Annual Day Celebrations of RBHS

 **Ramniwas Bajaj**
english high school

This year the Annual Day Celebrations started with the Annual Day of Ramniwas Bajaj English High School on Wednesday, 23 January, 2019. The Chief Guest on this occasion was Smt. Manju Lodha, Chairperson, Lodha Foundation and also a poet, writer and social worker. She is also a founder of the Women's Literary organization and has written many books in praise of the Indian soldiers. She has set up libraries and skill development centres for students. Smt. Manju Lodha has been conferred with the Women's Achiever Award by the Chief Minister of Maharashtra. Smt. Deepa Bajaj, Trustee of Rajasthani Sammelan Education Trust also graced the occasion as the Guest of Honour.

On arrival, Smt. Manju Lodha & Smt. Deepa Bajaj were welcomed by Shri Ashok M. Saraf, President RSET, Shri Vinodkumar R. Bajaj, Vice President RSET, Trustees, members of the Managing Committee, Principal, Staff & students of RBHS. The Annual Day commenced with the student compeers welcoming the august gathering followed by an Opening Choir which sang melodiously to the tune of 'together we can change the world'.

The cultural programme revolved round the theme of 'Gender Equality' which was portrayed as a dance drama interwoven with musical performances, the theme, being Gender Equality it was aptly titled 'Reset Mindset'.

Central Message: When we talk of 'GENDER EQUALITY' we talk about providing equal opportunities to women. But that is just the

The Grace of RBHS

first step in this direction. Along with providing equal opportunities, a change in the attitude and mindset of people (both men & women) is equally important. By educating boys and girls about shared responsibilities, breaking traditional stereo-types about gender roles and by helping girls believe in themselves and realising their dreams, we would achieve 'GENDER EQUALITY' in the true sense. This was the message communicated to the audience through the play presented on this occasion.

PLOT: The play mainly revolved around two girls, Muskaan and Khushi. Both the girls had similar dreams but came from completely different backgrounds. Khushi lived in a village and came from a family of potters/artisans. Though they were trying to make ends meet, her family was very supportive and helped her to make her dreams come true so they wanted to send her to the city for further education.

Muskaan, on the other hand was brought up in the city however she faced a lot of resistance from home when it came to pursuing her unconventional dreams of becoming a sports person. When

Shri Ashok M. Saraf and Shri Vinodkumar Bajaj

Khushi comes to the city to stay with Muskaan and her family, they develop a very strong bond. As they travel across city they witness many stereo type gender roles when we depict a typical toyshop, talk of typical career choices, expected behavior etc. The Annual Day witnessed 100% participation of the students planned with about 12 scenes and 16 dances interwoven with musical performances as well. The school was abuzz with activities and the enthusiastic participation of the students, teachers, non-teaching staff as well as the support staff went a long way in contributing to the success of the show.

The Pre Primary students danced to various songs whilst the Primary and the Secondary performed to various scenes as well as danced to lilting numbers which comprised the Folk Dances, Classical dance on a Western tune, other Western Dances, Miming and Shadow Act, to name a few. The entire show saw a plethora of dance performances, against the backdrop of graphics and animations presented on the LED screen, much to the joy of the audience.

'Reset Mindset' took a break for the Formal Function wherein Shri Ashok M. Saraf, President RSET welcomed the dignitaries. This was followed by recognising the proficiency of students in academics as well as in co-curricular activities. The Sports

The new initiatives in the academic and co-curricular activities blended with Social responsibilities were also discussed.

Being a very good orator and communicator, Smt. Manju Lodha's motivational address to the audience enthralled students and parents alike. The highlight of the event was that for the second consecutive year, the entire Formal Function was compeered by the students, for which they were appreciated by the President himself. Siyona Gupta of Grade 5 of Mainadevi Bajaj International School stepped in to beautifully describe in a poetic form her age and responsibilities towards her motherland. The students of Kudilal Govindram Seksaria English School took over the stage presenting a medley of patriotic songs accompanied on the guitar by their Music Sir, Armaan.

The next item, 'The spirit of India' by Ramniwas Bajaj English High School was once again a medley of hit bollywood patriotic songs well rendered by the students and filled the hearts of the audience with emotions of nationalism. The students of Mainadevi Bajaj International School then came on the stage with a motivational song inspiring those present to never give up whatever the hardships may be.

Inspite of their busy schedule, it was indeed a good gesture for the students of Draupadidevi Sanwormal Women's Hostel to participate in the Republic Day celebrations.' Yuwa's Sabrang 2019

Youth United with Ambition (YUWA) is the highly enthusiastic cultural club of Durgadevi Saraf Institute of Management Studies (DSIMS). YUWA is known to create its own benchmarks and break its own records by organizing entertaining events throughout the year. It organizes and manages 'Sabrang' which is the flagship cultural fest of DSIMS. Every year, Sabrang encourages the youthful spirit of students of DSIMS and gives them an opportunity to showcase their talent beyond academics.

YUWA's Sabrang'19 with the theme of 'villains' was a successful 2 day event at DSIMS, RSET Campus. Each division of both programmes MMS and PGDM were represented by a mascot of any villain. We all know superheroes theme is too mainstream, but what we do not know is that superheroes wouldn't exist without supervillains. A hero without a villain is nothing but a lost soul. On the other hand, a villain without a hero is an unstoppable force. The esteemed sponsors for Sabrang'19 were: title sponsor Raj Parekh productions, associate partner Stoups and Twigs, co-powered by Nutra Basket, clothing partner Stop n Shop, trophies partner Water Financial Solutions, café partner Sai Sarovar, infrastructure partner KD Constructions, auto ancillary partner Navratna Auto Part, refreshment partner Jai Maharashtra Trupti Kendra, accessories partner Pin It Up and fast food partner Snackoos.

DAY 1: 24th Jan'19

The day started with the 'Parade of villains'. Each class had their very own mascot leading their contingent. The students were allowed to explore their creativity as much as they can. Every team was enthusiastic however the loudest, most creative yet disciplined contingent took away the winning prize for the parade.

Next event was the 'Court of villains' which was an in class court room debate session amongst the mascots representing the classes. It consisted of two rounds. The first round was an introduction round wherein each mascot had to talk about the villain's origination, evolution, backstory etc. The students had the choice to use PPTs, play videos, perform role plays etc. to introduce their mascot. The second round was a one on one debate amongst the mascots. They were allowed a spokesperson on behalf of the mascot if needed.

depending on the level. The Nursery Class dealt with farm and wild animals. The Jr. Kg. class dealt with the Endangered Species and hence had models of tigers, penguins, pandas, leatherback turtles and many more making the classroom colourful. The Sr. Kg. class displayed Extinct Species. Large life size dinosaurs, along with other extinct animals like dodo, great auk and others were made out of old cartons and other waste material. The highlight of the exhibition was that all the children aged between 3 and 6 years were informed about the animals and they shared the information with their parents who visited the exhibition. The confidence with which the children spoke, greatly impressed the parents and special invitees. The jungle safari jeep served as a selfie corner. In effect, the exhibition was one that explored several options of converting waste to good use in an immensely creative way. The efforts of the team were well applauded by all those who visited the exhibition.

To encourage children and help them compete to their full potential, a summer camp was organized by PDSA. It consisted of 3 batches of 15 days each from the 15th of April to the 30th of May. It gave an opportunity to the children to learn and explore their interests with an exciting curriculum that included basketball, football, skating and cricket.

THE JOURNEY OF ROTI BANK

Shri D. Sivanandan

Former Director General Police of Maharashtra
and Founder of Roti Bank

HUNGER CAN BE OVERCOME!

As a testament, Roti Bank Foundation, a Mumbai-based non-profit, shares its story on how it has successfully started to eradicate the problem of hunger in the lives of the underprivileged.

It is not a little known fact that in India there are more people who go hungry every day than those who do not. An estimated twenty crore people sleep hungry daily and three thousand infants die due to malnutrition each day. However, this does not happen due to a shortage of food. A famous quote by Mahatma Gandhi goes, "The world has enough for everyone's needs, but not everyone's greed." And that still holds true today.

Roti Bank was established on 23rd December, 2017 with the mission to rescue food for hungry poor people. It picks up freshly prepared food from homes and regulated food businesses, and delivers it safely to serve the hungry ones. The people it serves are millions of mal-nutritioned young children of slum areas who badly need food every day and senior citizens of old age homes who do not get healthy food, to prevent themselves from falling sick.

At big events, parties, marriages, or even huge hotels and corporations, it is very evident that food is being wasted in some of the more affluent areas of India. To bridge this divide, Roti Bank Foundation, collects donated food from such events or areas and distributes it to shelters, remand homes, orphanages or any place where people can sleep better if they have a morsel to eat. In a nutshell, Roti Bank's objective is to divert excess food to where there is none.

Since its inception, Roti Bank Foundation has served 4.5 lakh meals. It is Roti Bank's mission to serve one million meals by 2019 and two million in 2020. Roti Bank relies largely on its able and willing young volunteers for each feeding, but it also uses technology for quantitative hunger-mapping and food testing to ensure that they feed more hungry pockets with nutritious and healthy food. In recent months Roti Bank have also added four more vans to their fleet for distributing food across Mumbai. Roti Bank's vans with drivers are always ready to pick up excess foods anytime between 10.00 am to 9.30pm. The donors can call up Roti Bank's dedicated no. +91 86555 80001 and inform its volunteers about the

location from where the food are to be collected. But its only condition is that the donor should have minimum twenty meals to donate so that it makes sense for Roti Bank to spare their collection van and a person along with utensils to collect the food".

Roti Bank's aim is to eliminate hunger, malnutrition and food wastage. While in Mumbai Roti Bank feed close to 2,000 people minimum, it is slowly expanding in seven other cities, feeding a few hundred daily. Inspired by its Mumbai chapter, Roti Bank has also expanded to Amritsar, Ara and Buxar regions. It is also inculcating the Roti Bank culture among school children by teaching them about the joys of sharing.

The journey of Roti Bank has just begun. It has to overcome many challenges. While, it is a known fact that million tons of food is wasted everyday across the world, the mechanism to rescue the excess food and divert them to the needy people is difficult not only because of logistic issues but also due to human mind-sets as many well-known restaurants in Mumbai are reluctant to handover their excess food fearing they might get spoilt in transition, thereby bringing bad name and legal issues to their brand names.

Roti Bank Foundation as an organization is unique in its practice of sustainability, both operationally and as a catalyst. Roti Bank's major work force is made up of young, enthusiastic volunteers who have recognized the need for sustainability and effective management of excess food that is usually termed as "waste". A few young working professionals help Roti Bank in building a large network of volunteers as well in extending nationwide awareness. These youngsters not only help Roti Bank, in communicating good works of organization but also spend considerable hours during weekends to support full time staff of Roti Bank.

If millennials and generation Z start using their hand devices to popularize Roti Bank concept on Face Book, Instagram, Twitter, WhatsApp and other media, the awareness of serving excess food to the needy would grow further.

Irrespective of caste, creed, and religion, the sole motivation of Roti Bank lies in its slogan: 'Hunger ends here!' Roti Bank believes that hunger is the world's largest solvable problem but people often discard the solution.

To scale up from the current number of 3000 meals a day, Roti Bank requires more volunteers, money and popularity. People can offer their support in any possible forms. Donors can donate any number of fresh meals on any given day under a scheme 'Book a meal'. People who are willing to donate fresh meals on the occasions of special days like wedding anniversaries, birthdays or death anniversaries of loved ones can connect with Roti Bank by giving address and time to pick up special meals to be distributed to needy people.

Roti Bank regularly supplies meals to relatives of cancer patients of Tata Cancer Hospital, KEM Hospital of Mumbai, Drona foundation and to many such organizations. Roti Bank has joined with another NGO called IDF and started supplying fresh meals to one hundred and forty two children of Dharavi, a slum area of Mumbai every day. Big corporate houses can donate Roti Bank either in monetary or non-monetary forms. Axis Bank, Viacom 18 and SBI and some leading corporate houses are consistently extending their support to Roti Bank. In early 2019, Roti Bank manages to get 17000 meals at one stroke from the organizers of Mumbai Marathon. Many prominent industrialists, renowned doctors, notable individuals and successful professionals have joined Roti bank as advisors to support Roti Bank's dream and to take it forward to a world where there will be absolutely no starvation, malnutrition and hunger anymore and people can concentrate more on their higher order needs of Maslow's hierarchy. It is imperative for Roti Bank to get in many more restaurants and party houses to spare their excess meals. The challenge is to convince these establishments to join as Roti Bank partner to handover unused fresh meals that are unsold. Other avenues that can fetch fresh meals are

schools and colleges. Roti Bank could convince a few colleges and schools to encourage students to bring at least two chapati rolled in a foiled aluminum sheets in the mornings. It ensures that dedicated vans reach these establishments to lift these fresh food brought by their students and staff. After collecting the rotis, it adds fresh dishes made by contracted firms and distributes to nearby homes that house poor children, senior citizens or other people who are in desperate need of proper food.

Roti Bank being relatively a new entrant among many food rescuing organizations in India, has to go a long way in many fronts. Roti Bank needs more people to work with. It requires more resources – funds, equipment, vehicles to expand its operations from limited areas of Mumbai region to larger part of the metropolitan. Roti Bank's core team is quite committed and selfless; however, to reach one million people in one year requires more volunteers and money.

The biggest challenge for Roti Bank is to create awareness. Roti Bank is looking for innovative means to create indelible act with respect to equitable access and distribution of food in all the tiers of the society.

Most Memorable Event in the Institution

With the vision of creating Leaders, DSIMS is not only growing itself but it is giving a platform to the students to develop the leadership attitude in them so that they can be the future leaders of the country. The Event which has given me that platform and sown the seed of exploring myself to inculcate that leadership attitude was EAD- Entrepreneurship Awareness Drive which was in association with IIT-KHARAGPUR. The motive of the event was to drive the awareness of Entrepreneurship in the young minds.

I was elected as the Head of the event. I dedicatedly started working with the team. This gave a good opportunity to enhance my leadership qualities. Another important part of the event was the Guest speakers which were to come for the event and deliver lectures who were the CEO and MD's of the company and making sure of the minute things and co-ordination with them was great learning for the team, new approach of looking at things and also motivated to learn new skills sets. The experiences and the learnings helped me to get a good job in one of the leading Tire companies. All this have boosted self-confidence in me and helped me to explore myself to do something different in the world outside.

Name of the Institution: Ramniwas Bajaj English High School

Course Completed: Grade 10

Year of Passing: 2017

Course Pursuing: S.Y.J.C. Patkar College, Mumbai

Most Memorable Event in the Institution:

I was a student of Ramniwas Bajaj English High School and I passed out my 10th Grade in the year 2017. Currently I'm studying in the 12th standard and I'm preparing for JEE. I aspire to become a software engineer. My school and my teachers have done a lot for me. They have taught me some of the most important lessons of my life. They have taught me to differentiate between the right and the wrong and to be objective in all situations without keeping personal prejudice. The cause of my success is the effort put in by the school and obviously my parents who always supported me.

At the end, I would like to say that the lessons that I have learnt from this prestigious school will help me climb the ladder of success with humility and simplicity.

Name of the Institution: Ramniwas Bajaj English High School

Course Completed: Grade 10

Year of Passing: 2017

Course Pursuing: S.Y.J.C. Commerce, Mithibai College, Mumbai.

Most Memorable Event in the Institution:

Being the alumni of Ramniwas Bajaj English High School makes me so proud of myself. I had passed out 10th Standard in 2016-17 and I'm thankful that I'm here today to speak talking about my second home, that is my school. Currently I'm pursuing S.Y.J.C. Commerce in Mithibai College and I'm looking forward to do the course of Business Management i.e BBA. I just recently visited the school and I thought I would feel a bit different but it was just the same. It's like when you are out of home for a few days but when you return the joy of experiencing the familiar surroundings was just extra ordinary. Today, I have become a person who can confess that while leaving the school my deepest fears was whether I would emerge out of this protective environment and be someone from no one, but to my surprise I have overcome that fear because of the guidance of my teachers. The teachers and the non-teaching staff has been supportive throughout this journey of 5 years. It's because of their blessings that today whatever I'm all because of them. I would like to prove myself as a worthy student of RBHS.

Thank you Donors

Our family of donors include illustrious business families, individuals, corporate partners, foundations and all those people who are committed to our philosophy of providing "Quality Education for All" and have been coming forward with their contribution from time to time to create an institution of educational excellence.

Through these columns, we thank and acknowledge the support of our donors for their generous contribution over the years. Your support and contribution plays an important role in helping Rajasthani Sammelan to achieve its mission of developing a community dedicated to achieving national and international levels of excellence in various fields of education.

Your generosity has significantly contributed and helped the students in various areas. Every donation that you make impacts the life of our students in some way or the other. Your contribution has helped us build various institutes of excellence with the best infrastructure that include state of the art computer labs, knowledge resource centre, communication centre, health centre, educational outlet, sports facilities and scholarships instituted for meritorious students. All our institutes have benefitted immensely from your support.

Undoubtedly, you as our esteemed donors have made Rajasthani Sammelan stand tall in stature and have helped it grow from time to time. Like you, there have been many others whose contribution to Rajasthani Sammelan way back in the early 1950s has been significant and notable. And we gratefully acknowledge their noteworthy contribution in setting up the edifice of this great institution.

We gratefully acknowledge the contribution made by Late Shri Kudilalji Seksaria who donated the land on which the current structure of Rajasthani Sammelan stands. This contribution cannot be valued in terms of money, and it would only undermine his contribution if we were to measure this in monetary terms.

At the same time, had it not been for the significant contribution of Rs. 50,000/- by Shri Brijmohan Ruia (Brijmohan Laxminarayan Ruia Charity Trust) way back around the year 1950, the landmark Sarvodaya Balika Vidyalaya would not have come up. A small dream way back in early 1950s has today paved the way for a number of institutions under the banner of Rajasthani Sammelan. As they say, "It all begins with a Dream".

We are proud to have you all as an integral part of the positive impact and an enduring legacy that we are creating at Rajasthani Sammelan. May your benevolence continue to bring about the change we wish to see in our educational system. We stand committed to spread our wings and fly higher. In this journey of growth, we seek your continued support.

We constantly endeavour to maintain accuracy in the list of donors and we thank you for the feedback in case of any discrepancy that has been noted. Should there be any errors or omissions in this list, we urge you to contact our Donations Officer on rs@rajasthani.org.in
