President's Message

Dear Reader,

I am humbled, honoured and privileged to be the President of Rajasthan Sammelan Education Trust for the fourth term. I am deeply grateful to all Trustees and members of Managing Committee for having faith on me by electing me as the President of Rajasthan Sammelan Education Trust for the fourth time for a period of five years (2022-2027).

During my first term as President, (2007- 2012), we received handsome donations from our donors to construct a state-of-art modern twelve storied building to house Durgadevi Saraf Institute of Management Studies, Mainadevi Bajaj International School, Kudilal Govindram Seksaria Sarvodaya School, Kudilal Govindram Seksaria English School, Draupadidevi Sanwamal Women's Hostel and Ramdhar Maheshwari Career Counseling Centre.

In my second term (2012-2017), we received a generous donation from the Main Donors - Shri Balkrishna R. Lakhota and Shri Madhusudan R. Maheshwari, to start Ladhidevi Ramdhar Maheshwari Night College of Commerce affiliated to University of Mumbai. With a handsome donation received from Shri Vinodkumar R. Bajaj and Shri Rajkamal R. Bajaj, we also entered into a new venture by starting Mainadevi Bajaj International Playschool, the first IPC (International Pre-school Curriculum, U.S.A.) accredited Playschool in Mumbai.

In the next phase of this term, we constructed a state of art building having seven floors to house Ramniwas Bajaj English High School affiliated to ICSE Board and Deviprasad Goenka Management College of Media Studies affiliated to University of Mumbai. During this time, eminent industrialist and philanthropist Shri Mahavirprasad G. Saraf gave us a handsome donation for starting Kirandevi Saraf Library and Reading Room.

To reach out to students beyond the boundaries of our campus, we started Kunjbihari S. Goyal Online Academy (GOLD Academy) with the generous donations received from Shri Badrinarain Goyal and Shri Ravi Goyal, the Main Donors of Online Academy. We also provided facility of an educational outlet & a health centre in the campus that were named as Ramnarayan Saraf Educational Outlet & Vijaypal Singh Health Centre respectively with the donations received from Shri Vinay Saraf, Smt. Sushma Jhunjhunwala & family (for educational outlet) & Shri Ram Manohar Singh (for health centre).

To develop talents of students in sports, we started the construction work of Pravinchandra D. Shah Sports Academy (PDSA) covering an area of 29,000 sq. ft. with handsome donation received from Shri Harish Shah and Smt. Bina Shah which was inaugurated on 18th April, 2015 at a glittering function by Shri Sujay Jairaj, Trustee, Jamnabai Narsee School at Rajasthan Sammelan Education Campus. We also started Vishwanath Podar CA Study Centre and ICAI Extension Counter for the benefit of CA students.

We not only extended educational facilities for the students but also created various endowment funds with strong support received from Shri Virendra Mhaikar (IRB Scholarship Endowment Fund), Shri Arvind Poddar (BKT Endowment Freeship Fund) and Shri Ramprakash Bubna (Jankidevi Bilasrai Bubna Endowment Freeship Fund) that helped many meritorious and needy students to pursue education.

In our previous term of 2017-2022, we received large amount of donation from Shri Ramprakash Bubna to start Jankidevi Bilasrai Bubna Boys' Hostel in the vicinity of RSET campus in a seven storied building. The Hostel was inaugurated on 15th August, 2018 by Shri Kapil Dev, former

Ashok M. Saraf, President, RSET

Captain of Indian Cricket Team followed by scintillating function in Durgadevi Saraf Hall of RSET campus. The Hostel is running successfully and is occupied not only by Indian students coming from other cities but also by many foreign students.

I am pleased to state that we have also started Nalini Shah Music Academy (NSMA) from the academic year 2020-2021 which is running successfully with vocal and instrument music classes. Our special thanks to Shri Harish Shah & Smt. Bina Shah for their handsome donations to start the Music Academy.

COVID-19 induced lockdown from January 2020 onwards affected classroom teaching and assessment methodologies. However, this gap was rapidly filled by e-learning as all our schools, colleges and educational institutions were quick to shift teaching - learning & assessment through online platform. For this, suitable training was given to the teachers by IT Department. Side by side, our institutions also organized many extra-curricular activities through online mode.

In all these years, all our institutions excelled in academics, sports and extra-curricular activities. Many awards and accolades were received by the institutions. Many faculty members presented research papers at prestigious conferences and their papers were published in reputed journals. Institutes of higher education signed MOUs with many foreign universities and international immersion became a regular practice. Through NCC, NSS, DLLE units and Rotaract Clubs, colleges conducted many outreach programmes.

As we Office Bearers of RSET take charge for the fourth term, we re-dedicate ourselves to the cause of education. We have many projects that are lined ahead to be completed in the near future. We therefore request our Donors and well-wishers to come forward and render their generous support to be a part of our educational endeavours that aims to offer best education to students and make them true world citizens.

Hon. Secretary's Message

Dear Reader,

In this era of global competition, success can only be achieved if one makes the right kind of effort at the right time. Foresight, relentless drive to succeed and tremendous acumen in recognizing the needs of the industry and integrating knowledge with professional inputs are the secrets behind the success of RSET team in our educational journey.

After being elected as the Secretary for the fourth term by the Managing Committee, I feel greater responsibility on my part to serve RSET with full dedication for the next five years (2022- 2027). I express my deep gratitude towards my colleagues in the Managing Committee for the co-operation and support rendered to me in the previous three terms and hope that I will receive their strong support in the coming years.

At present, RSET is running twelve educational institutions that have in aggregate more than 16,000 students, an Online Academy, a Women's Hostel, a Boys' Hostel, a Career Counseling Centre, a Sports Academy and a Music Academy along with many other facilities provided to staff and students to facilitate teaching / learning in the educational campus. Our two institutes – Ghanshyamdas Saraf College and Durgadevi Saraf Institute of Management Studies are approved Research Centers affiliated to Mumbai University.

In our first term as Office Bearers of RSET (2007-2012), we all worked with full dedication for massive revamp and renovation of RSET campus and to start many new institutions and courses, under the leadership of Shri Ramnarayan G. Saraf.

In our second term, construction of the building of Ramniwas Bajaj English High School and Deviprasad Goenka Management College of Media Studies was completed, followed by obtaining affiliation of Ramniwas Bajaj English High School from ICSE Board. Affiliation was also received for Deviprasad Goenka Management College of Media Studies from University of Mumbai along with permission from State Government to start undergraduate media related courses, followed by postgraduate courses in media studies. It is heartening to note that students passing out from this college have received placement in prestigious media houses in India as well as abroad.

With donations received from Shri Harish P. Shah and Smt. Bina H. Shah, Trustees of Signet Foundation, we started Pravinchandra D. Shah Sports Academy (PDSA) in the campus. PDSA is a state-of-the-art facility, built on an approximate area of 24,000 sq.ft. with the most modern infrastructure. Over the years, many expert coaches have trained students in various games and PDSA teams have won prestigious matches as well as individual events.

During this term, with the kind donation received from Shri Badrinarain Goyal and Shri Ravi Goyal, we were successful in establishing Kunjibihari S. Goyal Online Academy (GOLD Academy) with the aim of providing free or affordable education to all students in urban and rural areas. During the recent lockdown caused by COVID-19 Pandemic, GOLD Academy proved very helpful to students and teachers of our schools and colleges in conducting the examinations.

For the development of the personality of students, we have always given due emphasis to extra-curricular activities along with academics. All the institutions have been celebrating together Independence Day and Republic Day in RSET Campus every year with great enthusiasm. Other important events celebrated by institutions separately are International

Kailash Kejriwal, Hon. Secretary, RSET

Yoga Day, Teachers Day, Hindi Diwas, National Science Day, Sports Day, Annual Day etc. We have appointed well qualified teachers in all the institutions and have provided latest technological support, library books, journals, newspapers as well as e-books. It is a matter of great pleasure that results of all our institutions have been excellent ranging from 95% to 100%. Many of our institutions have been ranked at high positions by prestigious organizations.

In the third term, we successfully started Jankidevi Bilasrai Bubna Boys' Hostel near RSET campus in a seven storied building. This was possible due to large donation received from Shri Ramprakash Bubna. Meanwhile, we have also started Nalini Shah Music Academy (NSMA) from the academic year 2020-2021. Our special thanks to Shri Harish Shah & Smt. Bina Shah for their handsome donations to start the Music Academy.

To create awareness of global market in students in the institutes of higher education, Durgadevi Saraf Institute of Management Studies and Deviprasad Goenka Management College of Media Studies have signed MOU with many prestigious Universities of Europe and USA. Our students visited these universities and completed certificate courses.

Due to COVID-19 Pandemic, there was lockdown of educational institutions and offices for more than a year due to which we suffered financial deficit as many parents were unable to pay fees. However, our donors came forward with handsome donations and we have paid our staff salary on time and also continued teaching-learning and assessment through online platform.

As we assume the office in the new term, we have many new challenges ahead. We have plans to provide more educational facilities to students and go ahead a step forward towards attaining our objective of 'Education for All'. We solicit co-operation and support from all our Donors, Trustees, Members and well wishers to be part of our educational endeavour.

In the past few months sports activities have been growing at a fast pace in Pravinchandra D. Shah Sports Academy. The efforts put up by the coaches can be seen as many students have won awards this year in various competitions. Management has also given their full support to the players by providing best coaching at a tender age for them to excel at national and international level in their respective sports.

Large number of students from various institutes of RSET, some of them dressed up as national leaders, displaying the posters, banners, national flag with chant of Bharat Mata Ki Jai and Vande Mataram have participated in the event. The highlight of this event was the Har Ghar Tiranga initiative taken up by the Student Council. They distributed the national flag to every institute of RSET. These flags were made by women and transgenders. The proceeds through the purchase of the flags was directed towards their development.

At RSET, a cultural program was held after the Flag hoisting, National anthem and a parade in Campus on 15th August 2022 to mark the sacrifices of our martyrs and all the great leaders. Trustees and the Management committee members of RSET have witnessed this cultural programme presented by all the schools and colleges of RSET. Dear Reader,

This issue of Abacus brings with it some noteworthy international events. On Thursday 8th September, 2022 Queen Elizabeth II of United Kingdom passed away at the age of 96. On the same day, Prince Charles became the King after his mother's death but the coronation ceremony will take place on Saturday 6th May, 2023 at Westminster, Abbey, London and will be conducted by Archbishop of Canterbury.

However, the most important event of U.K. that has relevance to our country has been Mr. Rishi Sunak becoming First Indian Origin, first Hindu and first non-white Prime Minister of U.K. on Monday 24th October, 2022 when Diwali was being celebrated in our country. History turned full circle as 1980 born Rishi Sunak became the first person of Indian Origin, first non-white President of the once colonial power from which India wrested Independence 75 years ago. Son-in-law of Infosys, co-founder NR Narayanan Murthy. Mr. Rishi Sunak is the youngest UK Prime Minister since 1812 at the age of 42. British Indians were ecstatic that Mr. Rishi Sunak became UK's First British Indian & Hindu Prime Minister saying it demonstrated multi culturalism & meritocracy. Many pointed out that his rise to the most powerful position in the British Government happened on Diwali.

The Prime Minister Shri Narendra Modi tweeted " Warmest Congratulations @ Rishi Sunak! As you become UK Prime Minister, I look forward to working closely together on global issues and implementing Road Map 2030. Special Diwali wishes to the living bridge of UK Indians as we transform our historic ties into a modern partnership." In the month of September, election of the Managing Committee of Rajasthan Sammelan Education Trust was held. All the elected Trustees and members of Managing Committee were elected unopposed for the next five years term of 2022-27. This was followed by the election of Office Bearers. Shri Ashok M. Saraf as the President and Shri Kailash Kejriwal as the Hon. Secretary of the Trust were elected for the fourth time. In the same way, other Office Bearers were also elected unopposed for the next five years (2022-2027) namely, Shri Rajkamal R. Bajaj as the Vice-President, Shri Lalit S. Saraf as the Treasurer, Shri Jagdishprasad I. Khemka as the Joint Treasurer, Shri Sunil S. Kabra and Shri Vinod L. Dalmia as the Joint Secretaries for the next five years (2022-2027).

At RSET Campus, the first half of this academic year was a great challenge for all Heads of Institutions. On one hand, teachers had to complete syllabus in time followed by unit test of schools and junior college and also first term/semester examinations of colleges and other institutions of higher education. In between there were celebrations of national importance such as

Dr. Sunanda Kar, Editor

Independence Day, Teachers' Day, Hindi Diwas, Gandhi Jayanti and so many other extra-curricular and co-curricular activities. At the same time, festivals were also lined up in a row. Starting from Parsi New Year, Rakshabandhan, Ganesh Chaturthi, Eid and Navratri - all created a feeling of joy and enthusiasm in the minds of schools and college students & also broke the monotony of studies. However, the most important event was the 8th Remsons International Conference held on 24th September, 2022 under the aegis of Remsons Centre for Management Research by Durgadevi Saraf Institute of Management Studies and Durgadevi Saraf Global Business School. The Conference was graced by Shri Ashok M. Saraf, President, RSET, Shri Krishna Kejriwal, CMD Remsons Industries Ltd as the Chief Guest, Shri Robin Banerjee, MD Caprihans India Ltd as the Guest of Honour and Keynote Speaker, many academicians and corporates, staff and students.

Fifteen research papers were presented at the paper presentation sessions. On the basis of fair evaluation by the blind reviewers and the session chair, three of the fifteen presenters had been chosen as the Best Paper Awardees. Prize money of ten thousand, seven thousand and five thousand had been awarded to Dr. Ravindra Dey, Ms. Saie Parab and Dr. Chandrashekhar Kaushik and Ms. Ravijaa Mehta respectively.

Upholding the constitutional spirit of promoting environmental conservation, the Rotaract Club of Deviprasad Goenka Management College of Media Studies organized a workshop on making eco friendly Ganesha idols on 29th August, 2022, in which several Rotaractors participated and made eight eco -friendly Ganesha idols popularly referred to as Ashtavinayaka. All the idols were meticulously sculpted and further artistically painted by Rotaractors themselves. These Ashtavinayakas were exhibited in the lobby of the DGMC building for worship. Pujas accompanied by Aarti, Prashad, and Modaks were performed daily which was followed by Grand Aarti on 5th September, 2022. The idols were immersed in water in an environmentally friendly manner. ROTARACT Club of Ghanshyamdas Saraf College organised 'Jeevandaan' - a blood donation camp on 1st July, 2022 at Goregaon Railway Station. 50 units of blood collected for the blood bank. A skit was also presented to create awareness about blood donation among railway commuters. Kudilal Govindram Seksaria Sarvodaya School also organized a blood donation camp in which staff members and students of colleges donated blood with full enthusiasm. Many outreach programmes were conducted by NCC, NSS & DLLE units of the colleges.

It is a matter of great pride to state that Ramniwas Bajaj English High School was awarded The Best School Award by NMAC for the year 2021-2022. A team of 25 students of Grades 5 & 6 partnered with Netherlands Daltonson school to develop and cultivate a positive attitude towards their cultures under EUMIND (Europe meets India) Junior project. We are sure that under the guidance of our visionary President and his team of Office Bearers, Trustees and Managing Committee members, our institutions will definitely grow further to greater heights.

For Janmashtami, students had the chance to recreate the scene of making a human pyramid and breaking the pot. This gives students a sense of belonging and community while at school.

Rashi Peripheral Play area is well equipped with slides, see-saws, monkey bars, etc. for students of the primary and pre-primary sections to use during their sports periods and enjoy the time. Anusandhan- a fusion dance drama by the students of Durgadevi Saraf Junior College depicted Indian history and culture along with our contribution in various spheres of life. As the cultural events progressed, the hall reverberated with the mash-up patriotic songs sung by a young student of Ladhidevi Ramdhar Maheshwari Night College of Commerce. A young student of Ghanshyamdas Saraf College in her speech, commended the laurels won by Indians in various fields. Accompaniment of many musical instruments enhanced the melody of the song. The programme ended on the right note of laughter with the students of Deviprasad Goenka Management College of Media Studies putting up a thought –provoking satirical depiction of the reality of Mumbai roads and the traffic congestion. The RBHS band belted out patriotic songs to boost the mood and provide the right beat for the march.

The flag was hoisted by Shri Sureshji Pansari, the Chief Guest and Trustee of RSET. As the flag was unfurled, flying freely in the wind, the students of KGES sang the National Anthem and other patriotic songs.

The Chief Guest Shri Sureshji Pansari, In his address spoke about the youth of today being the future of the country and nation builders. Hence it is imperative for the youth to be equipped with education and suitable skills. Time management and involvement in extra-curricular activities will give students an edge above the rest. He also complemented the students on their excellent display of talent and culture of India.

The celebration was indeed a pleasant break from the monotony of online celebrations and a display of the enthusiasm of being back to normal. It was evident from the vibrance and excitement in the hall, that the students, staff and Management members experienced, that we are connected with fine lines of culture which though varied are uniting and binding. With these thoughts vibrating, feet tapping and tunes still humming, everyone dispersed awaiting another gathering of the RSET family.

UNLEASH YOUR POTENTIAL

INVESTITURE *Ceremony*

The focus of the year was imbibing in the students values that were diminishing due to the lockdown and the subsequent distance from school. Hence, we dwelled on instilling in the students the sense of responsibility – for themselves, for the school and for their choice. The candidates went through a round of elimination whereby the staff judged their capabilities, strengths and weaknesses based on discussions and anecdotal references. Students selected their leaders by secret ballot by being mindful of the qualities of the candidates. The Head Boy and Head Girl were selected through an interview round conducted by a panel of teachers and the Principal who judged them on their work ethics, futuristic thinking, team spirit and problem-solving ability.

We elected a batch of 20 well deserving office bearers for the student council for each section of the school.

The Investiture Ceremony was the most awaited moment for everyone after the pandemic. The Chief Guest for the day was Mr. Chiranjib Sarkar, Deputy High Commissioner, Bangladesh who was accompanied by our respected Principal Ms. Florina Fernandes, Headmistress Ms Urvi Pal and our former Principal Dr. Padmaja Kutty. Shri Kailashji Kejriwal was the guest of honour for the Investiture of the Junior School Council.

The office bearers for different posts like Head Boy, Head Girl, Ministers, Deputy Ministers, Captains and Vice Captains were waiting to be inducted.

After the lighting of the ceremonial lamp, the inspiring speech by the Principal and the bugle marking the beginning of the ceremony, the Council members walked into the hall. The solemn ceremony was filled with hopes, joy, dreams and the united decision to work for the glory of the school.

The Principal addressed the Council and used stories to speak about 3 lessons that they should inculcate in themselves as leaders. The first is to lead by example as being a leader is not commanding but inspiring. The second lesson is

to have patience while bringing about a change – if you rush things you may not get the desired result. Lastly it is the team that matters, as without the effort of the team, the leader is meaningless.

While Mr Sarkar stressed on the need to develop and build extracurricular activities and sports, Shri Kailashji Kejriwal advised the students to inculcate the values of punctuality, dedication, discipline and determination as they are the torch bearers of tomorrow.

The office bearers were conferred with badges and sashes. The School Council Members were now prepared to take up responsibilities entrusted to them for the new academic year.

At the ceremony the school ICSE toppers were also felicitated for their dedication and hard work. This was the first year when 16 students had bagged the top 10 positions in the school. Parents of the ex-students spoke fondly of the experience they had had with the school and the memories they cherished the most. Ex students too relived their learning experiences and how the school has helped them mould their lives ready for the world.

UNLEASH YOUR POTENTIAL

Mrs. Florina Fernandes,
Principal

It is said that we learn from the time we are in our mother's womb and we continue to do so till our earthly body exists. When someone is taught the joy of learning, it becomes a life-long process that never stops, a process that creates a logical individual. That is the challenge and joy of teaching.

At RBHS we take that challenge up every single day and enjoy the process of learning and loving along with our students. This is what creates an everlasting bond to be a lifelong learner both for our students and ourselves.

Read about how we

- Learn to love, share and create
- Learn to lead and follow
- Learn to be proud
- Learn to go beyond academics
- Learn to connect
- Learn to applaud
- Learn to celebrate
- Learn to be a lifelong learner

Learning to love, share and create (Pre-primary)

Pre-primary learning has always been through the play way method and at times the class is divided into various setting and children learn through role play. The rains are never a dampener for the tiny tots and a pouring day will teach them about rainy dresswear, the rainbows, earthworms and much more.

Fathers and grandparents are also given a chance to relive their childhood and we witnessed this on special days organised for them. The fathers wriggled on the tiny chairs while they narrated stories of pranks and fun they had when in school. Grandparents enjoyed a morning of fun and games with the kids at the Bajaj hall.

Lord Ganesha's blessings are a must during Ganesh Chaturthi week and off went our little ones pandal hopping. Imagine their glee when they witnessed an idol made completely of waffles. In school, they tried to make small idols of clay and displayed their artwork with pride.

Learning to Lead and Follow

The Investiture Ceremony of the Student Council

The focus of the year was imbibing in the students values that were diminishing due to the lockdown and the subsequent distance from school. Hence, we dwelled on instilling in the students the sense of responsibility – for themselves, for the school and for their choice. The candidates went through a round of elimination whereby the staff judged their capabilities, strengths and weaknesses based on discussions and anecdotal references. Students selected their leaders by secret ballot by being mindful of the qualities of the candidates. The Head Boy and Head Girl were selected through an interview round conducted by a panel of teachers and the Principal who judged them on their work ethics, futuristic thinking, team spirit and problem-solving ability.

We elected a batch of 20 well deserving office bearers for the student council for each section of the school.

The Investiture Ceremony was the most awaited moment for everyone after the pandemic. The Chief Guest for the day was Mr. Chiranjib Sarkar, Deputy High Commissioner, Bangladesh who was accompanied by our respected Principal Ms. Florina Fernandes, Headmistress Ms Urvi Pal and our former Principal Dr. Padmaja Kutty. Shri Kailashji Kejriwal was the guest of honour for the Investiture of the Junior School Council.

The office bearers for different posts like Head Boy, Head Girl, Ministers, Deputy Ministers, Captains and Vice Captains were waiting to be inducted.

After the lighting of the ceremonial lamp, the inspiring speech by the Principal and the bugle marking the beginning of the ceremony, the Council members walked into the hall. The solemn ceremony was filled with hopes, joy, dreams and the united decision to work for the glory of the school.

While Mr Sarkar stressed on the need to develop and build extracurricular activities and sports, Shri Kailashji Kejriwal advised the students to inculcate the values of punctuality, dedication,

discipline and determination as they are the torch bearers of tomorrow.

The office bearers were conferred with badges and sashes. The School Council Members were now prepared to take up responsibilities entrusted to them for the new academic year.

Learning to be proud

17th July 2022 was the day the ICSE results were declared. This batch had experienced the pandemic phase but to our joy the results were amazing with Ujjwal Jain in the first place scoring 97.2% followed by Nandita Asawa and Saksham Rathod in the second place with 96.8% and Nayasa Singhal with 96.6%. For the first time 16 students bagged the top 10 positions in the school. It was a proud moment for teachers who toiled hard along with the students. At the investiture ceremony, the toppers were felicitated for their hard work along with their teachers who left no stone unturned to motivate them.

Learning to go beyond academics

Food for the Soul

"Cooking with kids is not just about ingredients, recipes and cooking. It's harnessing imagination, empowerment and creativity."

@FARM BASKET a healthy salad making inter-house competition was held for grades 6 to 8 in which the students prepared salads with pre-decided ingredients. Team spirit, manner of presentation in form of titles and slogans brought out their creativity along with a drive to compete with each other.

The primary students had a similar competition titled **THE DRESSED PLATE**. This was a healthy tiffin snack making competition. This group activity created an awareness about the

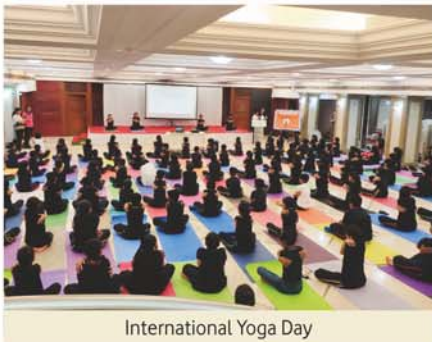

nutritional value of food cooked without flame and the advantages of healthy eating. The activity taught them teamwork, culinary skills and appreciating the hard work put into cooking. The students prepared healthy dishes like Mexican Tarts, Tacos, Foxnut Chaat and many more using easy and quick recipes. They served the dishes in an artistic and aesthetic way which was most appealing and the displays were a visual treat tickling to the taste buds. Each house prepared 3-4 items which included a drink, snacks and a dish of their choice.

@Skillsphere continues with MUN and LEAD as a 21st century skill development workshop. Focusing on the development of skills such as public speaking, general knowledge, leadership and entrepreneurship, it follows an activity-oriented approach to teaching and learning making sessions extremely engaging for students. The Skillsphere programme of LEAD began their first session in July and is gaining momentum.

@The newspaper reading programme gains more momentum. Newspapers (The Young World for Primary and Times NIE for Secondary) - are being read by the students for 10 minutes at the start of every school day. The teachers and students are enjoying the calm, silent reading time that also helps them prepare for the school day.

Learning to Connect Mental and Physical Wellbeing through Yoga

International Yoga Day

What is Pink Yoga? A girl child undergoes a lot of challenges during menstruation, so a Pink Yoga session was organized for the secondary girls. The Yoga session focused on specific asanas, relaxation techniques, nutritional diet tips to deal with the menstrual cycle. The participants were comfortable, vocal and satisfied that yoga can be so helpful in dealing with the menstrual challenges.

Art and the Society

As a part of their SUPW project, the students of grades 9 and 10 painted canvases supplied by Maharashtra Mandal. These paintings were then exhibited in their Ganpati pandal where they were on sale. It was heartening to know that several paintings were sold and the proceeds would now be used for the educational needs of students in Wada and the neighbouring places.

Paintings by Budding Artists were exhibited by **Sanskriti Arts**. The exhibition-cum-sale of the Art exhibits of students was organised at Kohinoor Continental Art gallery, Andheri for a week. This was to support IDF help needy girls in the city.

TRASHION PE FASHION another event organised by Sanskriti Arts went with the theme where children had to use waste materials and

Trashion pe Fashion

create a piece of art / fashion that they could wear to walk the ramp. It was amazing to see fashion born out of trash - garbage bags, detergent packs, coir etc. Along with fashion and glamour, empathy played a role too with every participating child contributing to IDF's Project Dignity which caters to menstrual hygiene needs of girls and women.

The Dawn of 15th August

15th August celebrations and the flag hoisting at the RSET campus have always been a grand affair. The institutes on the campus all collaborate to put up a grand cultural programme.

This year Ramniwas Bajaj High School was the host of the event and true to our style we, along with the other institutes, put up a show to remember. All the trustees and institute heads of RSET were in attendance. The chief guest was Shri Sureshji Pansari, Trustee, RSET. The NCC cadets marched in all their glory and discipline and brought about another dimension to the flag hoisting ceremony. The cultural programme that followed saw a delightful blend of traditional and modern. Our pre-primary students rocked the stage by dancing to a medley of patriotic songs. There

were skits, dances, speeches, recitations, musical performances and satirical skits. The audience roared and applauded with every performance and the morning ended, awaiting another cultural show like this one.

National Sports Day Celebration

National Sports Day is celebrated in India on August 29, on the birth anniversary of hockey legend, Major Dhyan Chand who is the most celebrated Indian hockey player. He won gold medals for India in the Olympics 1928, 1932 and 1936.

RBHS organised a Zumba session for the secondary students by Dr Dhvani Katira, a certified Zumba instructor with Bombay Jam and a practising homeopathy doctor. The objective of this event was to create awareness about physical activity, overall health and sports. It is needless to say that the session was not only enjoyable but also energising. The music was selected to suit the age group and to get them to lose their inhibitions and gain momentum while dancing.

The primary students enjoyed a dance exercise session led by our very own Ms Saniya Mulla. Ms Saniya, our grade 2 teacher, is a trained dancer. The children were more than delighted to dance away and felt very active during the academic sessions that followed.

Voice of RBHS

VOICE OF RBHS (Singing competition)

This caption rightly suits the voice of RBHS students. The finale was held in the activity hall. Music gives wings to the heart and takes it to the world of joy. The students of RBHS indeed know how to fly. The theme was on friendship and they did take us to a world where music was the language. Our children performed with great courage and enthusiasm. Their innocent voices touched our hearts and left us speechless. The judges were mesmerized and shared their views. It wouldn't have been possible without the guidance and support of our principal Ms. Florina Fernandes.

Learning to be a Life-long learner (Workshops and trainings)

The teachers at RBHS had an engaging and interactive session about the NEP by Mr. Raymond and his team from Singhania Questplus. The aim of the session was to apprise the teachers about the implementation of actionable items listed in the NEP 2020 and how they affect ICSE schools. The brainstorming and discussions brought about many crucial features of the programme - the need to use learning strategies, the changing role of the teacher in the classroom and the whole-hearted involvement of parents.

Besides this the teachers have attended workshops by QEDRAK on competency-based learning and by TERI on safeguarding our oceans.

The NEW WORLD ORDER and the evolving uncertainties

"May you live in interesting times" - old proverb

Apparently, there is a war going on, between Russia and Ukraine. But there is a fourth world war going on, which is geo-political, for control of natural resources and symbolic dominance of the world. You would be thinking, when was the third world war? It happened 2020 onwards, which was won by China, without firing a single bullet. Let's look at the contours of what is happening across the globe, and the implications of 2020.

During the pandemic, economies across the globe opened the floodgates of money, in a desperate move to shore up the sagging economies. Quite logical, as that was the emergency pill appropriate at that point of time. And, at that point, India was criticized for not pumping in as much money as the developed economies. We need a perspective on the dozens of emergency pills used by various economies. In 2020-21, to shore up the pandemic-inflicted economy, our central

government ran up a fiscal deficit of 9.2% of GDP. In many economies, fiscal deficit as a percentage of GDP ran well into double digits, in some cases 20% or higher. That too, in economies used to much lower deficit than India. The support package as such in India was little higher than 1% of GDP, while many advanced economies ran multiple times higher. To clarify, the Aatmanirbhar package announcements of 2020 were the headline numbers; actual quantum in terms of money pumped in or fiscal sacrifice of the Government was much lower. Central Banks all over the world inflated their Balance Sheets and pumped in humongous amount of money. Again, as an emergency pill. In USA, the bellwether economy, the size of the Federal Reserve Balance Sheet went up from approx. USD 4 trillion pre-pandemic to USD 9 trillion. More than doubled, and so much money printed. The term used for this is "helicopter money" as if flood relief has been distributed

from helicopters. Today, some of those experts who were earlier criticizing India for not pushing the accelerator as much, are criticizing India for not adhering to fiscal discipline, but that is a different story. When the lockdowns opened and pent-up demand surfaced in 2021, supply bottlenecks showed up and input prices like crude oil, metals, etc. started moving up. Not just price issues, but supply chain bottlenecks started showing up as well e.g. shortage of containers in USA. Some of the issues resolved gradually whereas some of the issues like semiconductor chips, lingered for some more time. Global growth recovered in 2021. From the low base of GDP de-growth in 2020, global growth was upwards of 6% in 2021. In early 2022, it seemed that the world is moving back to trend growth rate i.e. without the distortions of pandemic or revenge demand.

And then the war started, the conventional one.

Just when global growth was gradually settling towards normal. Items like oil, gas, fertilizers, wheat, etc., of which Russia and Ukraine are significant exporters, got impacted. On top of it, as moral guardians of the world, USA and European nations, imposed sanctions on Russia. While imposition of sanctions gives you the high moral ground, what gets overlooked is the boomerang effect on the country imposing it. Economies depend on each other for items of natural scarcity like crude oil / gas or for items of production efficiency. As a result, inflation is hurtling upwards all over the globe. In some countries, inflation is at 10-year high and in some, it is at 40-year high. Inflation numbers are reading crazy, and we are not talking of Zimbabwe or Venezuela. Inflation is 80% in Turkey, 79% in Argentina, 10% in UK, 9% in Euro area and 8.3% in USA. India is relatively benign at 7%. Just to think of it, economies used to ~2% inflation are witnessing high single digit inflation today. India, usually referred to as high-inflation market, is relatively well managed. All the helicopter money across the globe had to show up sometime, in the form of inflation. The Russia-Ukraine war and the sanctions imposed, proved to be the trigger. In this backdrop, there is a world war going on, to influence and control supply of resources. And this is where there is a complicated new world order emerging.

Decades ago, there used to be cold war between USA and Russia, or USSR in those days. In recent memory, pre-pandemic, there was cold war between USA and China on trade related issues. In 2020, it was evident that no one in the world had the guts to take on China. Forget taking on, a variety of the virus could not be named xi as the name sounded similar to that of the Chinese premier, and jumped straight to omicron. In 2022, Russia straightaway ignored threats from USA and European nations. Now they are about to annex approx. 15% territory of Ukraine, notwithstanding sanctions. While the western nations are weaponizing sanctions and capping Russian crude oil / gas prices, Russia is weaponizing oil / gas by limiting supply. Germany and other European nations are reeling under lack of proper supply from Russia. But having mounted the moral high horse of sanctions, cannot step down and will continue to suffer till the end of the war. The emerging new world order is that earlier, USA was the big daddy of the world. Today, China and Russia are defying, but the US can do only so much. USA is trying to save their face by showing to the world that regardless of Russian aggression, new countries are willing to join NATO. Sweden and Finland are supposedly new joiners to US-dominated NATO.

Amidst all this, India is emerging as the new power centre. In an increasingly bi-polar world with USA and European nations on one side and

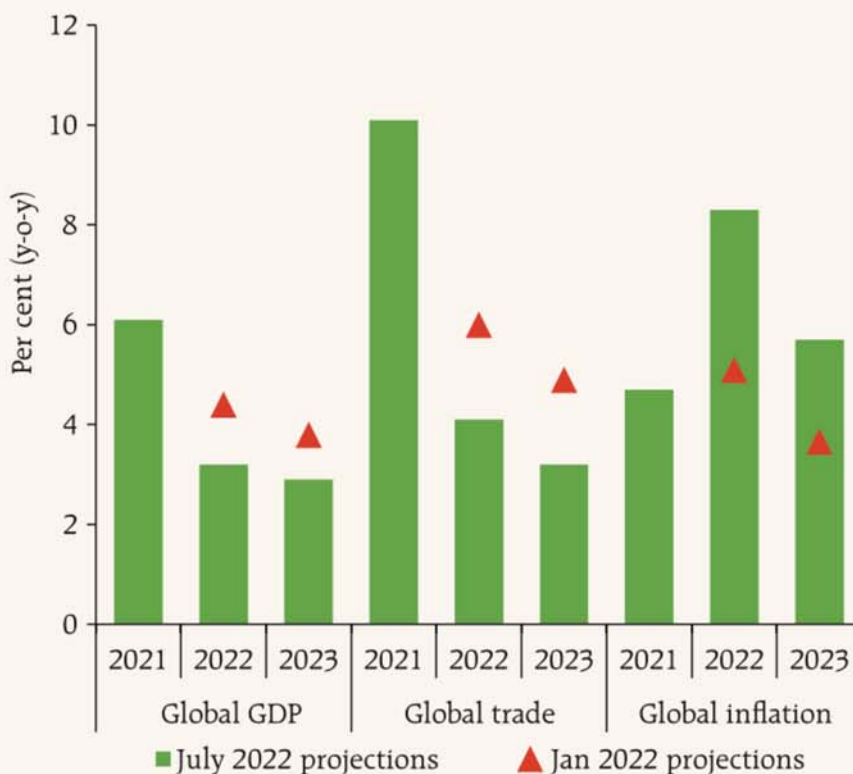

China-Russia on the other, at the margin, it is India. Once upon a time, in the days of cold war between USA and USSR, there was the Non Aligned Movement spearheaded by India. Today, without saying it in so many words, India remains non-aligned to either of the camps and standing upright. There is pressure no doubt. There is lecturing and objections from USA. Objections to not opposing Russia in security council meetings, to importing higher extent of crude oil from Russia, etc. Today, Russia is the second largest source for import of crude oil. Earlier, Russian crude oil used to be a minuscule proportion of our imports. International trade settlement in INR has been approved by RBI; quite a few Asian nations and Russia have agreed in-principle. The nitty-gritty of INR settlement is being worked out by RBI, including the threat of action from USA on Indian Banks for settling trades with a sanctioned country. Non-USD trade settlement between Russia and China is happening any which way. Net-net, de-dollarization of international trade is not as remote now as it seemed earlier. However, USD will remain the global reserve currency, at least for now, due to the TINA factor - there is no alternative.

What's happening currently in the various economies? To combat raging inflation, central banks all over the world are hiking interest rates, except China easing rates and Japan lying low. Inflation in China is low, 2.5%, but the third world war seems to be costing them in terms of growth. In the quarter April-June 2022, GDP

growth in China was just 0.4%, for an economy looked at as the growth leader of the world with high single digit growth pre-pandemic. As the jokes in social media were suggesting, the virus at last decided to work from home. European Central Bank has hiked their rate to 0.75% till the time of writing, from negative 0.5% earlier. USA is leading the way, Fed rate being 3.25%-3.5%, from 0%-0.25% and expected to go up further. The US Fed chairman is sounding hawkish and has stated that they will do whatever it takes to contain inflation i.e. hike interest rates. The same US Fed chairman, who last year had said that inflation is "transient" and kept on buying securities from the market and pumping in more money. At this point of time, inflation seems all pervasive. However, going forward, as higher interest rates impinge growth, the equation may be different. There are talks of recession probabilities in the USA and globally, next year. If not outright recession, growth will be impacted. With so much action all over, tremors are felt in equity markets across the globe. Money is flowing towards the USA as safe haven, from across the globe, resulting in stronger USD. Currencies all over the world are weakening against USD. To be noted, INR has depreciated less than the strengthening of Dollar Index (measurement of USD strength vis-à-vis six major currencies). INR has strengthened against major currencies like Euro, GBP, Yen and Yuan.

Global growth and inflation projections

The red diamonds represent projections made

Source: IMF.

in January 2022 (pre-war) and the green bars represent more recent projections, made in July 2022.

Growth projections for 2022 and 2023 have been revised downward palpably. Inflation projections have moved up steeply. Global trade is set to take a knock.

Net-net, what is the new world order and the evolving uncertainties? US is the big daddy whose authority is being challenged. USD remains the global reserve currency but de-dollarization of international trade is a possibility. China is the emerging power and in terms of purchasing power parity (PPP - economic theory comparing relative purchasing power of currencies in their respective country) is the largest economy in the world. But no one likes them because of their sneaky nature. All the disasters over the globe of the past two years are man-made: the virus, the war, the sanctions, dodgy inflation, growth slowdown, lower international trade. India stands tall, not giving in to pressures from the western countries to not import oil from

Russia, or other aspects. We are the fastest growing major economy in the world. The uncertainty is the war; no one knows when it is going to end. No one knows what is the next spanner in the works in the geo-political war, and the consequences. To use a management jargon, it is VUCA: volatile, uncertain, complicated, ambiguous.

What's the impact on us? If there is a global recession or growth slowdown, our exports will be impacted, and to that extent our growth also will be impacted. However, by virtue of a large domestic economy, we will still be able to maintain a reasonable growth. The saving grace will be, due to lower global demand, crude oil prices should be lower. We import approx. 80% of our requirement and that comprises approx. 30% of our import bill. RBI is hiking interest rates to contain inflation, but the Governor has stated earlier that the growth sacrifice (due to higher interest rates) should be within manageable proportions. That is, RBI is not sounding "heroic" like the US Fed who are saying interest rates will be hiked even at the cost of a recession / slowdown. For an economy

used to historically high interest rates, moderate interest rates, higher than pandemic lows, would not hurt as much. For advanced economies, used to structurally low interest rates, moderate to high rates are going to hurt.

Whether the world indeed goes into a recession or slowdown, time will tell. But when it comes to crunch, they will give it a last shot. Central Banks can do a U-turn and cut interest rates. As we saw in case of Bank of England, while they have hiked interest rate from 0.1% to 2.25%, stepped in to purchase long dated UK Government Bonds in the crisis of last week of September 2022. Whether the war will drag on, with the burden of sanctions and supply chain disruptions, time will tell. Hopefully, they will find a face-saving solution for both sides and de-escalate. Whether a new front will be opened, on China-Taiwan-USA, or some other issue, time will tell. To be observed, amidst all this, a full blown frontal global war between major powers have not happened so far, as they are aware of the costs and consequences; it is posturing and proxy war. As the old proverb goes, "may you live in interesting times"

Memorable Events/ Journey in the Institution:

One of my most memorable moment was when I represented MBIS in an interschool competition named Battle Laureate and came 2nd in the group dance category with two of my other schoolmates. This was very important for me as not everybody gets a chance to do something and contribute for their school. Another most memorable event for me was when I was elected as Assistant Prefect for my house (Ruby). I've been in this school since the commencement of it and want to thank all my teachers for sharing their wisdom and giving me the opportunity to learn so much. I will always be grateful for everything that I have learnt in MBIS in academics as well as in extra-curricular activities.

My decision to take Marketing as a Specialization was definitely the right one. Being part of various competitions and activities such as Summer Internship Competition, Sabrang, Marketing conclave, and various competitions basically helped me to be more confident, be an active presenter, use of jargon helps to increase vocabulary and listening and speaking skills.

LiM activities majorly helped to increase skill set of mine in Microsoft apps skills, Interview skills, etc. which basically helps a lot in an interview. The placement team is also very helpful as they helped us to meet the ex-students of the institute virtually in order to gain some ideas related to industry standards, roles and responsibilities, and also about various companies in the segment.

Memorable Events/ Journey in the Institution:

I feel blessed being part of LRMC. My Educational journey became very smooth and easy because of the college and I was able to successfully complete my graduation. I also got opportunities to participate in cultural activities such as our college annual day in which I was a part of various dance performances. I have lot of memories to cherish. I also got a chance to volunteer in our Inter-collegiate festival 'PANKH - A desire to fly', which made me more productive, active and efficient. I was also a part of the National Service Scheme Unit (NSS) of our college. It helped to develop my social skills and personality. I had my best three years with joyful memories in this college. I am also thankful to the entire teaching faculty and non-teaching members for their support. A special thanks to all the teachers who were helpful in studies, and also encouraged us to step forward and participate in other activities. Going to miss those joyful days forever.

Our Gratitude to the Large Donors of Rajasthani Sammelan Education Trust

Rajasthani Sammelan Education Trust today is a reputed name in the field of education with multiple educational institutions offering education from Nursery to post graduate studies in management and media studies. **Approximately 16,000 students** study across various schools and colleges located in the state-of-the-art RSET campus in Malad (Mumbai).

This transformation and growth of RSET has been brought about by some of the visionaries who were associated with the Trust since 1948 and had the far sightedness to empower the community through education. What started as a single school for the girl child way back in 1950's today has metamorphosed to multiple educational institutions and students.

RSET owes its gratitude to the benevolence of its **Large Donor families** who had the vision to invest for the cause of education way back in the early years and have continued to do it over the years, knowing fully well that **investment in knowledge pays the best interest**. And rightly so. From time to time all our **Large Donor families** who have been associated with RSET have seen their investment in education come to fruition and we are reaping the fruits of their vision through the various institutes and the infrastructural facilities that have been built at RSET some of which have been named as per the desire of our esteemed Donors and membership as per RSET rules were given as per the membership rules prevailing at that time.

All our Donor Trustees, Office Bearers and Managing Committee Members bring with them an extensive experience and knowledge of running their successful enterprises. It is largely due to their efforts, vision and commitment that RSET has grown in the size and stature. Our gratitude to all our Members for joining with us in our educational endeavours.

Thank you Donors

Our family of donors include illustrious business families, individuals, corporate partners, foundations and all those people who are committed to our philosophy of providing "Quality Education for All" and have been coming forward with their contribution from time to time to create an institution of educational excellence.

Through these columns, we thank and acknowledge the support of our donors for their generous contribution over the years. Your support and contribution plays an important role in helping Rajasthani Sammelan to achieve its mission of developing a community dedicated to achieving national and international levels of excellence in various fields of education.

Your generosity has significantly contributed and helped the students in various areas. Every donation that you make impacts the life of our students in some way or the other. Your contribution has helped us build various institutes of excellence with the best infrastructure that include state of the art computer labs, knowledge resource centre, communication centre, health centre, educational outlet, sports facilities and scholarships instituted for meritorious students. All our institutes have benefitted immensely from your support.

Undoubtedly, you as our esteemed donors have made Rajasthani Sammelan stand tall in stature and have helped it grow from time to time. Like you, there have been many others whose contribution to Rajasthani Sammelan way back in the early 1950s has been significant and notable. And we gratefully acknowledge their noteworthy contribution in setting up the edifice of this great institution.

We gratefully acknowledge the contribution made by Late Shri Kudilalji Seksaria who donated the land on which the current structure of Rajasthani Sammelan stands. This contribution cannot be valued in terms of money, and it would only undermine his contribution if we were to measure this in monetary terms.

At the same time, had it not been for the significant contribution of Rs. 50,000/- by Shri Brijmohan Ruia (Brijmohan Laxminarayan Ruia Charity Trust) way back around the year 1950, the landmark Sarvodaya Balika Vidyalaya would not have come up. A small dream way back in early 1950s has today paved the way for a number of institutions under the banner of Rajasthani Sammelan. As they say, "It all begins with a Dream".

We are proud to have you all as an integral part of the positive impact and an enduring legacy that we are creating at Rajasthani Sammelan. May your benevolence continue to bring about the change we wish to see in our educational system. We stand committed to spread our wings and fly higher. In this journey of growth, we seek your continued support.

We constantly endeavour to maintain accuracy in the list of donors and we thank you for the feedback in case of any discrepancy that has been noted. Should there be any errors or omissions in this list, we urge you to contact our Donations Officer on rs@rajasthani.org.in
