President's Message

Dear Reader,

Warm Greetings of the New Year !

Youths comprise a sizeable population of our country. According to a recent statistics, there are more than 50% of Indians below 25 years of age. It is therefore, necessary to channelize the youth in gainful employment. However, this will be possible if they are properly educated and also provided suitable skill based training. If world class education is provided to our students not only in urban areas but also in rural areas, then definitely, the youth of today in our country will develop a global perspective and will be able to work and operate in any part of the world. Properly educated people will be able to take major decisions in the areas of economic and political life of our country. Further more, education will bring awareness in the youth to combat superstitions with reason and logic.

It is with this mission of providing education to children and youth that we, at Rajasthan Sammelan, started our journey of educational endeavours to reach out and provide progressive education to students belonging to every section of society. At present, we have four schools, two degree colleges, a management institute, a media college and an International Playschool with more than 15,000 students daily coming to study in our campus. We have also provided many facilities to our students to support their learning process such as a counseling centre, a women's hostel, an educational outlet, a health centre and a food court along with various other facilities.

However, we felt a strong desire to extend our educational facilities beyond the boundaries of our campus. This feeling became stronger during my visit to Harvard University as a team member from Maharashtra in a delegation to understand how to improve education in Maharashtra. At Harvard, I learnt that if we start Online education, we can reach to the remotest villages in Maharashtra and other places in India with lesser investment and with better quality.

Back to Mumbai, I shared the idea with my colleagues at Rajasthan Sammelan and we decided to work on launching an Online Academy with the aim of

providing free or affordable education to all students in urban and rural areas. During this time, Shri Badrinaraini Goyal and Shri Raviji Goyal came forward and joined hands with us to realise our dream of starting an Online Academy by giving handsome donations. In this way, we were successful in establishing Kunjibhari S. Goyal Online Academy (GOLD Academy) at the beginning of this academic year 2014-15.

Our team of GOLD Academy worked very hard to create the portal of Learning Management System, content building and enrolling the students. At present, approximately 2,500 students of Ghanshyamdas Saraf College are enrolled with GOLD Academy. We also had a soft launch of the Academy in the presence of the teaching faculty of the college. Finally, GOLD Academy was inaugurated on 16th January 2015 at a glittering function by Shri Vinod Tawde, Hon'ble Minister of Education, Maharashtra in the presence of Shri Vinod Shelar, Chairman Education Committee, MCGM, Shri Badrinarain K. Goyal and Shri Ravi Goyal, Main Donors, Dignitaries, Trustees, Members of the Management, Staff and Students. We are sure that our new initiative will be yet another milestone for Rajasthan Sammelan and a step further towards attaining our objective of 'Education for All'. However, we intend to go further We are also working to start a Boys' Hostel. We further cherish the dream of establishing a University under the banner of Rajasthan Sammelan.

With the enactment of recent laws related to Corporate Social Responsibility (CSR) under the Companies Act 2013, many Indian companies are now involved with educational institutions to provide support for school as well as higher and professional education. We, therefore, request Corporates to come forward and help us to educate the present generation.

We solicit co-operation and support of all Donors, Trustees, Members of Managing Committee and well wishers to come forward and be a part of our educational movement.

Hon. Secretary's Message

Dear Reader,

Greetings for the New Year!

I have great pleasure to inform that Rajasthani Sammelan is successfully progressing ahead with new educational projects along with the massive expansion and modernization of the campus. Past few months have been full of activities in the educational institutions of Rajasthani Sammelan.

Our Durgadevi Saraf Institute of Management Studies organized many interactive lectures from corporates to groom the students to be ready Managers. The institute was also visited by 21 reputed companies for placement purpose who made offers to the students. DSIMS successfully hosted the prestigious Operations and Supply Conclave "Opsession 2014" with the theme 'Supplying the Future' which was attended by 68 prestigious institutions and a large number of corporates. Leading professionals from the industry shared their knowledge on diverse cutting edge technologies.

Ghanshyamdas Saraf College and Durgadevi Saraf Junior College organized Intercollegiate cultural fest 'MAUJ' for three days, in which 1999 students from 77 colleges participated in various competitions. Our Ladhivadi Ramdhar Maheshwari Night College of Commerce organized a Blood Donation Camp in which 65 bottles of blood was collected. The college also organized Intercollegiate Sports events on behalf of Mumbai University which received an excellent response from students of other colleges. In the same way, Deviprasad Goenka Management College of Media Studies organized a Book Exhibition which received a good response from all institutions of Rajasthani Sammelan. The college also prepared a film on Directorate of Technical Education. During this time, students of Durgadevi Saraf Junior College participated in many District and State level Sports Competitions and won many prizes in Kabaddi and Martial Arts. Some of the students of the college were also selected to play at the National level.

Our Kirandevi Saraf Institute of Complete Learning also organized Quiz Competition, Mock Interviews, Personality Development Workshops in collaboration with their partner institutes. Our students of Kudilal Govindram Seksaria Sarvodaya School made us proud by winning a large number of prizes at P-Ward Interscholar Science Exhibition. The teachers of the school also won prizes under the competitions of Teachers' Group of events.

The students of Kudilal Govindram Seksaria English School participated in various interschool cultural and sports competitions and won many prizes. Some of the

students also participated in competitions organized by the Times of India and won prizes. The school also organized 'Daan Utsav' (Joy of Giving Week) in which the students donated food grains to the needy and under privileged children. Our Ramniwas Bajaj English High School organized many interesting cultural and co-curricular events. In the same way, students of Mainadevi Bajaj International School participated in various interschool sports competitions and won eleven prizes to make us proud. One of the students of MBIS, who passed out recently scored 100% marks in SAT II. Our R.S. International Playschool as well as Ramdhar Maheshwari Career Counseling Centre are also running successfully.

We had started Draupadidevi Sanwarmal Women's Hostel in the year 2012, which is running smoothly with 131 students and all possible amenities have been provided to them to study peacefully in a secured atmosphere. All the institutions from schools to colleges and also our Management institute organized 'Swachh Bharat Abhiyan' cleanliness drive as per the directives of our Hon'ble Prime Minister. They also celebrated Annual Sports Day and Annual Day during these months. Along with supporting the educational activities, we have also taken care of the safety and health of our students. A mock fire evacuation drill was carried out as per the safety norms. During this period, health check-up of our school children was also carried out by our Vijay Pal Singh Health Centre in which qualified doctors and nurses conducted the health check-up.

However, the most important event was the recent inauguration of Kunjibihari S. Goyal Online Academy on 16th January 2015 by Shri Vinod Tawde, Hon'ble Education Minister of Maharashtra, which opened the doors of Online education to those students who study at the institutions of Rajasthani Sammelan as well as beyond the boundaries of R.S. Campus.

We believe that all our students are equal regardless of the financial or social status of their parents. We nurture them in such a way so that they can make their own mark in the society and function as responsible citizens in future. We respect the individuality of each student & our teachers contribute in inculcating good behavior & discipline in students.

We solicit co-operation and support from all our Trustees, well wishers and members to be part of our educational movement.

CEO's Message

Education system in India is geared towards teaching and testing knowledge at every level as opposed to teaching skills. "Give a man a fish and you feed him for a day, teach him how to catch fishes and you feed him for a life time".

We, at Rajasthani Sammelan, believe that if we teach skills to students, we empower them for a lifetime. Knowledge is largely forgotten after exams are over, but if the focus is on enhancing skills then we will be able to produce entrepreneurs, innovators, artists, scientists and thinkers who can establish the foundation of a knowledge based economy.

At Rajasthani Sammelan, we focus on continual improvement in order to provide the best facilities to the students, teachers, visitors and other stakeholders. Daily, a dedicated group inspects the campus and provides inputs to the senior management team on new ideas, scope for improvement and preventive actions in order to provide a seamless experience to its users.

Annual mock up evacuation drill was carried out on 26th November. The objective of the exercise was to provide scheduled opportunities for comprehensive fire emergency response for supervisory staff and to determine whether designated staff can competently respond in accordance with the emergency fire and evacuation procedures. Fire drill also helped us in assessing the ongoing effectiveness of emergency procedures under different fire scenarios. Entire evacuation exercise took seven minutes and all the students and staff were safely evacuated. Children of junior classes were explained the importance of such drills and it was heartening to know that the exercise left an impact on the students.

Fire experts from the industry were also called to impart training to the staff so that in case of any eventuality, staff can use fire extinguishers and provide initial aid.

Computers have changed the way we work, be it in any field and our focus is on providing IT based systems. Computer technology has had a deep impact on education sector. Imparting education has become easier and more interesting than before. Use of computers in education primarily helps in storage of information, quick data processing, audio visual aids in teaching, better presentation of information, internet access and quick communication between students, teachers and parents.

RS campus has separate IT labs for each institute. These labs are well equipped with the latest hardware and other requirements as per the syllabus decided by respective boards. Separate data centre having 13 blade servers, 15 terabyte of NAS storage, firewall and high speed internet leased line has been established and all computers in the institutes are linked to this data centre.

It is our vision to have all student based activities and procedures online such as admissions, fee payment, attendance logs which can be accessed using student portal.

EDITORIAL

Education is a vital tool for the human resources development and empowerment of citizens of a country. As Mahatma Gandhi said 'Education not only moulds the new generation but reflects a society's fundamental assumptions about itself and the individuals which compose it'.

A recent statistics showed that India has the highest number of elementary as well as secondary schools and universities in the world. However, children from rural areas are still deprived of literacy. Our government is pursuing a variety of education related policies and programmes - all designed to improve education, its access to all and also to acquire excellence in improving quality of education. In urban areas also, children from under privileged class are deprived of quality education. The right of children to free and compulsory education or Right to Education Act (RTE) enacted by the Parliament of India instructs free compulsory education for children between 6-14 years in India. In the same way, Sarva Shiksha Abhiyan (SSA) is Government of India's Flagship Programme for opening new schools in those habitations which do not have schooling facilities and strengthen existing school infrastructure, to provide quality elementary education and special focus on girls education and children with special needs.

In recent years, our country saw growth of large number of institutions of higher education, engineering as well as

management institutes. However such a growth will not serve the purpose unless it is supported by world class curriculum, modern infrastructure supported by suitable technical tools for teaching-learning. This requires a huge investment both by government as well as private trusts running educational institutions.

There has been a trend of growth of private unaided schools in Maharashtra. Many educationists attribute the shift to the quality of education offered in private unaided schools and also affordability of parents. Even those who are not so economically well off send their children in private unaided schools as they believe that their children should get the best education.

The latest trend in education system is Online Education provided by many universities. Twelve leading universities in the U.S. and Europe joined an internet platform created by two Stanford University scientists which provides online access to classes designed by academics at elite institutions. Harvard University has produced online courses and other forms of digital learning for several decades with the goal of making educational

content available to a global audience.

Harvard University has collaborated with MIT and is providing learning content online. Some Indian Universities like Jaipur National University are also providing interdisciplinary online programmes. Recently, Rajasthani Sammelan has also started the endeavor in this direction by inaugurating Kunjbihari S. Goyal Online Academy (GOLD Academy).

However, for providing quality education in schools and colleges by Private Trusts and Managements, it is necessary to provide state-of-art infrastructure, well qualified experienced teachers, technical support for learning and a rich library for an institution for which there should be continuous flow of funds. The Government of India has recently enacted laws related to Corporate Social Responsibility under the Companies Act 2013 that came into effect from 1st April 2014. The activities that can be undertaken by a company to fulfill its CSR obligations include promoting education, promoting preventive healthcare and promoting gender equality, eradicating hunger, poverty and malnutrition, setting up homes

Dr. Sunanda Kar | editor

for women, orphans and the senior citizens, ensuring environmental sustainability and ecological balance, animal welfare, protection of national heritage and art and culture. There are around 3000 Indian companies who are under the ambit of section 135 of the Companies Act 2013 making it mandatory for the companies to contribute 2% of their average net profit.

Investment in education is the best investment that can lead to great changes in the socio-economic life of our country. Even before the laws pertaining to CSR were enacted, many corporates have been discharging their social responsibility voluntarily. Corporates like Tata Group, The Aditya Birla Group, Indian Oil Corporation and others have been serving the community ever since their inception.

At Rajasthani Sammelan, CSR activities are not new as Donors in the past as well as in recent years have always liberally donated to start new institutions as well as facilities in R.S. Campus. In recent years, IRB Infrastructure Developers Limited have donated for IRB Endowment Scholarship Fund to provide scholarship to meritorious students of all institutions of Rajasthani Sammelan. The latest donation has come from Bal Krishna Industries Limited (BKT) for Freeship Endeavour Fund. We wish that in future, more Donors from corporate sector will come forward to invest in education.

from the corporate world. I am very happy to know that Durgadevi Saraf Junior College has won many prizes at Taluka and District level in sports and some students have also been selected for playing at National level competitions. In the same way, Ghanshyamdas Saraf College has successfully celebrated its Annual Intercollegiate festival, MAJJ with participation of a large number of students from other colleges.

I am pleased to know that Kirandevi Saraf Library and Reading Room has become operational from 15th December 2014 in the evenings and on Sundays and holidays for in-house as well as students of other schools and colleges.

I wish a bright future to one and all associated with Rajasthani Sammelan.

Dear Reader,

Greetings to all in the New Year!

It is indeed gratifying to know that the past few months have been dotted with new and special events taking place in all the institutions of Rajasthani Sammelan. I am very happy to know that the students of Kudilal Govindram Seksaria Sarvodaya School actively participated in many interschool competitions and won many prizes. They also participated in P-Ward Interschool Science Exhibition and received many prizes.

I am glad to know that Kudilal Govindram Seksaria English School celebrated many National days and festivals with great enthusiasm such as Gandhi Jayanti, Diwali, Childrens Day, Christmas etc. The school also organized Swachhata Abhiyan in which students were briefed about the initiative

introduced by our Hon'ble Prime Minister, Shri Narendra Modi to keep their surroundings clean and tidy. All the students of KGES also participated in the Daan Utsav (Joy of Giving week) in which food grains were donated to the needy and the under privileged children. It is heartening to know about the progress of other institutions. All the institutions have enthusiastically celebrated Annual Sports Day in Goregaon Sports Club in the month of December. Rajasthani Sammelan is also taking initiative to provide online education through Kunjibihari S. Goyal Online Academy.

I compliment the President and his team for their vision and hard work in their mission of educational endeavours.

It is heartening to know that MBIS is planning its Third Student Exchange Programme with German Students of Scheffel Gymnasium School of Germany.

The management has taken a lead to invite many scholars from reputed universities all over the world in the R.S. Campus to interact with the staff and students of the institutions. I am happy to know that the management has also been encouraging students to participate in outreach programmes of NSS, NCC & Extension activities.

I wish a great future to all the institutions of Rajasthani Sammelan.

Dear Reader,

Warm Greetings for the New Year!

I have great pleasure to know that Draupadidevi Sanwarmal Women's Hostel is running smoothly and successfully in the educational campus of Rajasthan Sammelan. The Management has provided all possible facilities to the students and they are fully satisfied by the amenities provided to them. Recently, a new caterer has also been appointed to provide better catering services to the students. I am pleased to know that all the students staying in the hostel are following the rules and regulations laid down by the Management to maintain discipline.

Many faculty members have published research papers in reputed national and international journals and have also attended workshops and seminars. Recently, the Management has taken a great initiative to start Kunjibhari S. Goyal Online Academy to provide the facility of online education to the students who are unable to attend regular schools and colleges. Kirandevi Saraf Library and Reading Room has also been started for students to study in the evening and on holidays.

I compliment the President and his team for all round development of the institutions.

My Dear Brothers & Sisters,

Warm Greetings for the New Year!

It is a matter of great pride for our family to know that Deviprasad Goenka Management College of Media Studies is marching ahead successfully as a prominent Media College in the western suburbs of Mumbai. The college conducted many interesting activities in the past few months. The students successfully produced a film on 'Directorate of Technical Education'. They also participated in Thespo - a highly reputed young theatre event by Prithvi Theatre where they performed their play. They successfully celebrated the Annual Sports Day also in which the students enthusiastically participated in various events.

I am very happy to know about the progress of Ramdhar Maheshwari Career Counseling Centre which is successfully providing counseling to school and college students. The counselors are conducting career assessment tests, intelligence tests, learning difficulty assessment, personal counseling and remedial educational sessions. Many students have successfully received coaching for SAT / GRE/ GMAT/ ILTES/ TOEFL and have scored with flying colours. One of the RMCC students scored cent percent in SAT II, adding on the accolades for the coaching services at the centre.

I convey my special compliments to the President and his team for all the initiatives taken in their mission of educational endeavours.

Dear Reader,

Wish you a Very Happy and Prosperous New Year!

It is interesting to know that in the past few months, Rajasthani Sammelan has taken initiatives to start many new institutions. At present, approximately 15,000 students are studying in all the institutions of Rajasthani Sammelan which speaks volumes about the efforts of the President, Shri Ashok M. Saraf and his dedicated team in their mission of providing education to all sections of the society. It is interesting to know that Ramdhar Maheshwari Career Counseling Centre is regularly giving support to the schools by arranging counseling sessions. Individual counseling sessions are also arranged for confidence building and to correct various behavioral aspects of the children. Overseas counseling has also yielded the desired results for the students and their parents. Students

It is a matter of great pleasure that students of all the institutions of Rajasthani Sammelan have participated in many Interschool/ Intercollegiate competitions, Sports Competitions and have won many prizes. I am sure that the progressive education imparted by all the institutions will help every student in his/ her holistic development.

My special compliments to the President and all Management members for all the initiatives taken for all round development of the institutions.

Dear Reader!

Warm Greetings of the New Year!

It is a matter of great pride for our family that Rajasthani Sammelan has taken the initiative to launch Kunjibihari S. Goyal Online Academy (GOLD), named after my respected father, in its educational campus. The GOLD Academy aims to provide education to students beyond the boundaries of R.S. Campus and also to those students who cannot attend school and colleges regularly.

It was a moment of immense pride and jubilation when GOLD Academy was inaugurated at the hands of our Hon'ble Education Minister of Maharashtra, Shri Vinod Tawde on 16th January 2015 at R.S. Campus. It was interesting that some of the students

I am happy to know that at present, approximately 2500 students from Ghanshyamdas Saraf College have been enrolled with GOLD LMS. GOLD team is busy with B.Com and B.F.M. content building of Mumbai University. I am sure that over a period of time, GOLD Academy will be able to deliver to the students, quality interactive learning material and tools to anyone across the globe and enable the students to acquire recognized educational qualifications and certificates.

I wish the GOLD Team a great success.

I am sure that in future, more initiatives will be taken by the Institute to promote Management Research.

It is indeed praise worthy that Durgadevi Saraf Institute of Management Studies successfully held its Annual Flagship Event of HR, HR-O-Scope - 2014 in the month of December, in which people from the industry and academia actively participated.

I take this opportunity to congratulate the Management, Heads of Institutions, Staff and Students of all the institutions for their all round growth and achievements.

Dear Reader!

Warm Greetings for the New Year!

Physical activity is very important for the holistic development of young people fostering their physical and emotional health. I am very happy that Rajasthani Sammelan has taken a lead role in providing unique opportunities of various sports activities to students of all the institutions in R.S. Campus.

It is heartening to learn that all the institutions of Rajasthani Sammelan have enthusiastically celebrated Annual Sports Day. Some of the students have participated in Interschool / Intercollegiate Sports Competitions and have bagged many prizes. Some of our college students are winners at District and State level competitions. They are also playing at National Level games.

Very soon, there will be Volley ball and Basket ball courts of international standards along with a jogging track. I am sure that once Pravinchandra D. Shah Sports Academy is completed, it will further help all the institutions to encourage students to participate in sports activities.

I take this opportunity to compliment President Shri Ashokji Saraf for the recent launch of Kunjibihari Goyal Online Academy that will impart online education to students beyond the campus of Rajasthani Sammelan. I also congratulate all the Heads of Institutions for excellent progress of their institutions.

Dear Reader!

In metropolitan cities like Mumbai, many students face difficulty to study properly in their own homes due to space problem. Vishwanath Podar Study Centre, which is under construction, will be a great boon to such students who will be able to study in a peaceful, academic environment.

In the past few months, Rajasthani Sammelan has taken many new initiatives to support the teaching-learning environment in R.S. Campus. Recently, Kunjibihari S. Goyal Online Academy has been inaugurated by the Trust to provide online education to the students beyond the boundaries of the educational campus of Rajasthani Sammelan.

It is interesting to know that many noteworthy

events have taken place in all the institutions for which I extend my compliments to the Management, Principals, Staff and Students. All the institutions have successfully celebrated Annual Sports Day. Our students have also participated in many Interschool / Intercollegiate competitions and have bagged many prizes. All the institutions have very well combined the academic activities as well as extra-curricular activities to create enthusiasm in students.

I take this opportunity to compliment Shri Ashok Saraf, President, Rajasthani Sammelan and his team of Managing Committee members for providing complete education to all our students. I also compliment the editorial team for bringing out the quarterly bulletin with interesting news of all the institutions.

Dear Reader,

Warm Greetings for the New Year!

I feel very happy to know that Shri Murlidhar Karwa Knowledge Resource Centre, with its modern collection of knowledge resources and innovative information services, plays an essential role for students and faculty of Durgadevi Saraf Institute of Management Studies in their intellectual pursuits.

Shri Murlidhar Karwa Knowledge Resource Centre has 5104 books, 44 National and International Journals and 350 Audio Visuals at present, for enrichment of knowledge of students and faculty members. It is indeed a matter of great pride that Durgadevi Saraf Institute of Management Studies has been regularly inviting guests speakers from the industry to groom students to be ready to be the managers. It has also organized many faculty development programs, management development programs, seminars and conferences. Many faculty members have also presented papers at conferences and seminars.

I take this opportunity to convey my best wishes to all the institutions of Rajasthan Sammelan for their further progress and development.

Dear Reader,

At the outset, I convey my warm greetings to you all!

It is necessary for all the institutions of higher education to regularly organize seminars, workshops and conferences for exchange of ideas between the faculty members as well as the students. In modern days, technological aid is necessary for success of such seminars and conferences which is provided in Nathmal Garodia Seminar Hall. for organizing such activities.

I am happy to know that Nathmal Garodia Seminar Hall is given to other institutes for training as well as other academic purposes. In the past few months, the seminar hall was utilized for conducting seminar for CA students.

WE SALUTE OUR FOUNDING FATHERS

SHRI MURLIDHARJI JALAN

Shri Murlidharji Jalan is one of the founder members of Rajasthani Sammelan. Under the guidance of his elder brother, Shri Ghanshyamdasji Jalan, Murlidharji played a very important role in the establishment of Rajasthani Sammelan along with other stalwarts of Marwari Community, who were dedicated to various social causes as well as to the empowerment of girl students through education.

Shri Murlidharji Jalan rendered his valuable services to Rajasthani Sammelan for more than three decades (1948-1980), first as member and later on, as Office Bearer of the Managing Committee in different capacities such as Hon. Secretary, Treasurer, Vice-President and President.

During the early days of Rajasthani Sammelan, Shri Murlidharji Jalan as well as the other founder members faced many challenges. They had to work very hard to obtain land for the Trust, followed by the construction of the school building of Sarvodaya Balika Vidyalaya (now known as Kudilal Govindram Seksaria Sarvodaya School).

Along with other Founding Fathers, Shri Murlidharji Jalan was instrumental in drafting the first constitution of Rajasthani Sammelan. The first constitution of Rajasthani Sammelan was signed on 20th September 1958 by Shri Ghanshyamdasji Jalan, Shri Murlidharji Jalan, Shri Kashiprasadji Adukia, Shri Hariramji Saraf, Shri Gaurishankarji Nangalia, Shri Mahavirprasadji Kayal,

Shri Ramgopalji Ruia, Shri Kishorilal ji Ruia, Shri Vishwanathji Seksaria,

Shri Ratanlalji Saraf, Shri Lalchandji Dalmia, Shri Shreekrishnaji Narsaria and Shri Vishwanathji Podar.

During the tenure of Shri Murlidharji Jalan as Office Bearer of the Managing Committee of Rajasthani Sammelan, educational institutions of Sarvodaya Balika Vidyalaya and Durgadevi Saraf Junior College were established. During this time, Dhurmal Bajaj Bhavan, the community hall, was also constructed by Rajasthani Sammelan. This was inaugurated on 16th April 1996 by Shri Aditya Birla, the renowned industrialist, at a glittering function attended by many eminent personalities.

In 1976, when Shri Murlidharji Jalan was the Vice-President of Rajasthani Sammelan, Silver Jubilee of the trust was celebrated on 3rd July at Birla Matoshree Sabhagrih at a glittering function with Dr. Ramnathji Podar, the famous industrialist and philanthropist, gracing the function as the Chief Guest. During these years, the Managing Committee of Rajasthani Sammelan decided to extend higher education facilities to girl students and the application for affiliation to Mumbai University was submitted to start a Degree College for girls which later came up by the name of Ghanshyamdas Saraf Girls' College of Arts & Commerce in the year 1983.

In the late seventies, the Jalan family shifted their residence from Malad to proper Mumbai. Due to this, Shri Murlidharji Jalan could not involve himself directly in the educational and social activities of Rajasthani Sammelan. However, he always remains a well wisher for Rajasthani Sammelan & is full of admiration for

Dr. Sunanda Kar, Editor, with Shri Murlidhar Jalan

educational endeavours undertaken by the present team of Managing Committee.

In his personal life, Shri Murlidharji Jalan belongs to a family of businessmen. He obtained his B. Com Degree from Podar College of Commerce & Economics at an early age of sixteen. He later became involved in his family business of textiles under the banner of Jagannath Kishanlal & Sons at Kalbadevi, Mumbai. Later on, their family also got involved in establishing flour mills at Aurangabad.

Shri Murlidharji Jalan has been associated with many trade, cultural and social organizations in various capacities. Following are some of the organizations with which he has been associated:

- 1) Former Vice-President of All India Manufacturers' Association.
- 2) Former President of Roller Flour Mills Federation of India, New Delhi.
- 3) Former member of Garment Committees of Labour Ministry, Government of India.

4) Represented India at the International Labour Conference at Geneva, twice in 1995 & 1996 as a delegate member from India.

5) Founder member of Rajasthani Vidyarthi Griha.

6) Member of Akhil Bharatiya Rajasthani Vidyarthi Kosh.

7) Donor Trustee of:

- a) Ghanshyamdas Jalan Junior College of Science & Commerce, Malad (East).
- b) Ghanshyamdas Jalan Degree College of Science Commerce & Arts, Malad (East)

8) Member, Rotary Club of Bombay Mid-Town since 1971 and having 100% attendance for the past 35 years.

Through this issue of Abacus, we recognize the dedicated services of Shri Murlidharji Jalan for the progress of Rajasthani Sammelan right from its inception and further, in the first three decades. We salute him for his dedication and hard work for various social causes and educational endeavours of Rajasthani Sammelan.

EXCERPTS OF INTERVIEW OF SHRI MURLIDHARJI JALAN

Shri Murlidharji Jalan

During that time, Shri Vishwanathji Podar was running Sarvodaya School in 3-4 huts in Malad. He approached us with a request to take over the school and run it properly. Shri Vishwanathji Podar had obtained from Shri Kudilalji

Shri Vishwanathji Podar and many others will be remembered who worked very hard in the initial years for the cause of education and for various other social causes.

What was the objective of starting a girls' school in Malad?

In those days, there was no good girls' school in Malad. Due to this, girls from our community were deprived of education. Therefore, we decided to work for starting a girls' school in Malad. We went door to door and requested people to send their daughters to Sarvodaya Balika Vidyalaya. The school was initially started upto Primary section and was gradually upgraded upto SSC. Thus, by constructing a proper building followed by obtaining proper permission from authorities and appointing qualified teachers, we were successful to educate girls in Malad area upto SSC level and in Hindi Medium. Within a few years, the school performed extremely well and progressed to greater heights day by day in terms of academics and extra curricular activities. Thereafter, in 1975, Rajasthani Sammelan received recognition from the State Government to start a Junior College for girls which was attached to the school. Thus, we could successfully provide education to girls upto H.S.C. level.

When and how did your association with Rajasthani Sammelan start?

We were the founders of Rajasthani Sammelan when it was formed in 1948. The first meeting of Rajasthani Sammelan was held at 'Krishna Kut', the house of my elder brother, Shri Ghanshyamdasji Jalan. At that time, we gave it the name 'Malad Rajasthani Sammelan'. My elder brother, Shri Ghanshyamdasji Jalan, played a lead role in the formation of Rajasthani Sammelan. We used to meet during Holi or Diwali at a particular member's house. Later, we felt the need of a suitable place for our meetings. Also, we felt that we need to work for opening a girls' school through Rajasthani Sammelan. Hence, we started looking up for a suitable land in Malad. Later on, we dropped the word 'Malad' from Rajasthani Sammelan to give the organization a wider scope of inviting members from other areas of Mumbai.

What were the difficulties faced by you in the early years of Rajasthani Sammelan?

It was a real challenge for all of us when we thought of starting a girls' school in Malad.

Seksaria, 4000 yards of land to construct a school building, which was then taken over by us. However, collecting funds for the construction of the school building was a real challenge. We approached Shri Brijmohanji Ruia for donation. He agreed to donate Rs. 51,000 provided, we collect the equal amount. We took the challenge and with extreme hard work, we collected more than the equal amount. We also purchased some more land adjacent to the land given by Shri Kudilalji Seksaria and gradually, the construction of the school building was completed. The school was later inaugurated in 1959 by the then Union Education Minister, Dr. Kalulal Shreemali.

Who were the people who contributed in the growth of Rajasthani Sammelan in the early years?

It is difficult to remember each and every name but to name a few, my elder brother, Shri Ghanshyamdasji Jalan, Shri Satyanarayanji Ganeriwal, Shri Durgaduttji Thard, Shri Hariramji Saraf, Shri Ramgopalji Ruia, Shri Shreekrishnaji Narsaria, Shri Lalchandji Dalmia,

What role did you play as the Office Bearer of Rajasthani Sammelan in different capacities for two decades and more?

It was a joint effort of many persons who had come together for a social cause. We framed the first constitution of Rajasthani Sammelan and our trust was registered with the Charity Commissioner. In our constitution, we

prepared categories of different donors on the basis of donation and made people members and trustees accordingly. Initially, our ordinary membership was as low as Rs.5/- only. We used to go from one house to another to enroll people of our community as members of Rajasthan Sammelan. We also did some social work as per the need of the society. At that time, there was no proper shop in Malad to purchase funeral materials. People had to get things from different places. Besides, the shops remained closed on Sunday. So, we started a shop where all funeral materials were provided. Later on, this shop was closed when similar shops came up.

We also used to organize many functions and invite people from business community. They too, attended such functions to encourage us as well as our students. To mention a few names, in early 60s, we welcomed Shri Gurudasji Barelia, a renowned businessman, at a function organized by Rajasthan Sammelan. The function was also attended by Shri G.D. Somani, the eminent industrialist & philanthropist. As mentioned earlier, we successfully provided education to girl students upto HSC level by establishing a girls' school and a junior college and had started work of establishing a girls' degree college. We also completed construction of Dhurmal Bajaj Bhavan followed by its inauguration. The construction work was started in 1973 when Shri Vasudev Somani, the leading industrialist, was invited in R.S. Campus to lay the foundation stone of the hall on 6th October 1973. However, it was a dream come true for the residents of Malad when Dhurmal Bajaj Bhavan was completed and on 16th April,

1976, it was inaugurated by Shri Aditya Birla, the renowned industrialist, at a scintillating function organized by the trust in the newly constructed Dhurmal Bajaj Bhavan. Shri Ramkrishna Bajaj, renowned industrialist and philanthropist, also graced the occasion as the Chief Guest.

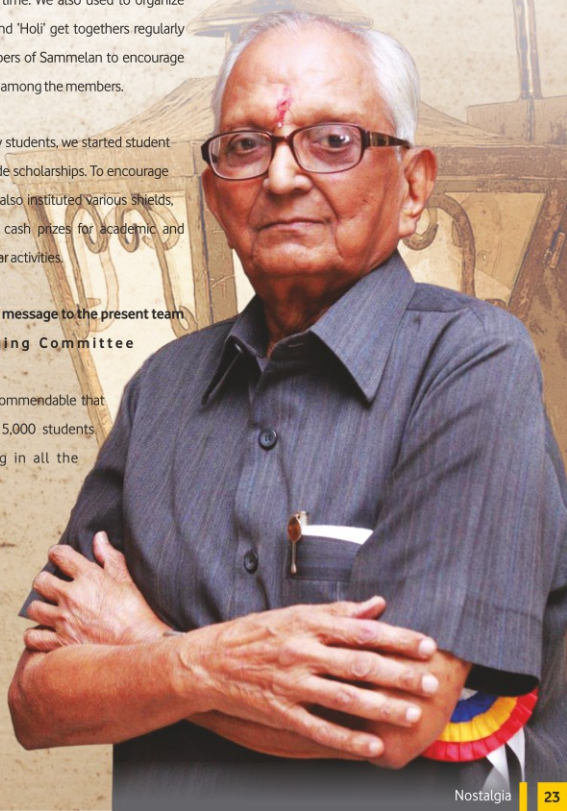

We recruited well qualified Headmistresses, teachers and office staff to run the educational institutions smoothly. To give importance to the national language, we used to organize 'Kavi Sammelan' on 'Hindi Diwas' from time to time. We also used to organize 'Deepawali' and 'Holi' get togethers regularly for the members of Sammelan to encourage fellow feeling among the members.

For the needy students, we started student fund to provide scholarships. To encourage students, we also instituted various shields, trophies and cash prizes for academic and extra-curricular activities.

What is your message to the present team of Managing Committee members?

It is indeed commendable that more than 15,000 students are studying in all the

institutions of Rajasthan Sammelan. My compliments to Shri Ashokji Saraf for leading his team towards the path of progress in the educational endeavours of Rajasthan Sammelan. I wish that Shri Ashokji Saraf and his team should continue to work in this manner in future also and thereby, empower the new generation with education. I wish them all the success in their educational endeavours in the coming years. ♦

LEARNING BEYOND BOUNDARIES

The year 2015 started on a great note for Rajasthani Sammelan with the inauguration of the Kunjbihari S. Goyal Online Academy (GOLD) on 16th January at the hands of our Hon'ble Minister of State for Education, Shri Vinod Tawde. The event was a huge affair and was attended by many eminent personalities like Shri Vinod Shelar (Chairman, Education committee, MCGM), Shri Ravi Goyal (Philanthropist and CMD, AGS Transact Technologies) and the main donor of GOLD academy, Shri Ashok M Saraf –

President, Rajasthani Sammelan, Shri Kailash Kejriwal (Hon. Secretary, Rajasthani Sammelan) and other respected trustees, members of the staff and students. There was extensive media coverage of the event in several leading newspapers which helped to create awareness about this new initiative of Rajasthani Sammelan. It was a moment of immense pride and jubilation as Rajasthani Sammelan added another feather to its cap with the launch of GOLD Academy, aiming to provide easy and affordable online

education to students anytime, anywhere. In his inaugural speech, Shri Ashok M Saraf spoke about the importance of e learning in today's times and gave an insight into the birth of GOLD Academy. He also thanked Shri Ravi Goyal, the Chief Donor, for believing in the idea and associating with Rajasthani Sammelan in this venture. The formal inauguration was then done at the hands of Shri Vinod Tawde, Minister of State for Education, by clicking the mouse, in keeping with the mission of GOLD Academy.

The COO of GOLD Academy, Shri Narinder Singh addressed the audience speaking about the mission and vision of GOLD Academy and how it intends to make education accessible to everyone, either free or at an extremely affordable cost. Speaking on the occasion, Shri Badrinathji Goyal, the Chief Donor, shared his views about the importance of education for all

and how technology can be used to its best to achieve the same. Shri Ravi Goyal also talked about his commitment to the cause of education and expressed his joy on getting associated with Rajasthani Sannelan through GOLD Academy and naming it after his respected grandfather, Shri Kunjibhari S. Goyal. Our Minister of State for Education, Shri Vinod Tawde welcomed

the technological advances in our education system but at the same time, stressed on making education available even in small villages and towns where many are still deprived of it. He also assured that the Government of Maharashtra aims to provide all possible assistance to all such institutions which aspire and believe in the dream of equal education for one and all.

GOLD Academy has come into existence after extensive planning and research carried out by a team of over 15 professionals who put their expertise at work to lay down its foundation. Almost every member of the core team has experience of Online Learning. Over 50% of the team also has experience of conceiving, designing and building the Learning Portal, more

conventionally called the Learning Management System (LMS). Academic team consists of an Academic Board at the apex, an Academic Panel of SMEs (Subject Matter Experts), Academic Authors and Reviewers. GOLD works with a few in-house full-time employees and a large pool of industry professionals working on assignment basis. Well documented policies and guidelines have already been

created and are being used while building/procuring content. Content for GOLD can be either in the form of eBooks or in multimedia (audio-visual), interactive format. Content needs to be organized in the form of Course, Subject, Module, Topics and Sections. Assessment is another very important component of any learning content. Currently, GOLD focuses on use of objective questions (MCQs) for the purpose of assessing a student's progress in a given subject.

A dedicated team of about 10 IT experts has worked on the design, development, testing, training and implementation of the website www.goldelearning.com. Continuous extensive research has been happening to add to the features and functions of the portal. In the near future, GOLD is looking at conducting internet based, interactive lectures by eminent faculty. A lot of promotional activities are

also being worked upon to increase the global visibility of the website and its outreach such as registering the website on a number of digital educational forums, mass emails, mass SMSes or reaching out even via new age tools like Whatsapp.

As the GOLD vision states, "GOLD Academy will strive to deliver to the students, quality

interactive learning material and tools, to any human being across the globe, either free of cost or at extremely affordable or reasonable financial price, in several domains (and specialties) and in multiple languages, and enable the students to acquire recognized educational qualifications, certificates and titles", and with a great pool of resources at hand, the

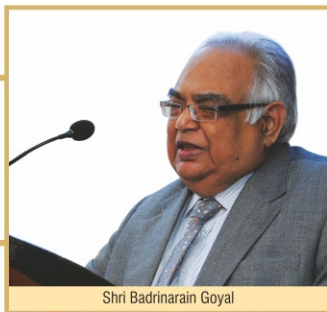

academy aspires to actively contribute to the society by offering an engaging, learning platform which is easily accessible, extremely affordable and convenient to use. True to its name, this initiative of Rajasthan Sammelan aims to provide every student, the opportunity to learn and shine like GOLD!! ♦

Shri Vinod Tawde

The effort made by GOLD Academy is an effort in the direction of "digital India", and to make "Digital India" a dream, such online academies are necessary. Online education is the need of the hour and I commend the initiative of Rajasthan Sammelan by introducing online education which is open to people across all age groups. I wish GOLD Academy a lot of success.

If you help a person with money, he may sustain himself for some time. However, if you teach a person some skills, he can sustain himself for a lifetime. Inspired with this thought, we wanted to contribute to the cause of education and today we are glad to see our dreams fructify with the launch of GOLD Academy. I am sure the online academy will receive a lot of success.

Shri Badrinarain Goyal

Shri Vinod Shelar

With the launch of GOLD Academy and the online education initiative, Rajasthan Sammelan will be reaching out to the masses. This initiative is going to be useful to a larger community. In the coming days, people are going to replicate this initiative of Rajasthan Sammelan considering the way our education system is evolving.

CELEBRATION OF FESTIVALS:

India is often described as a land of many religions and languages, but it might as well be described as a land of festivals. Some festivals are observed throughout the country; others have specific regional associations. India celebrates holidays and festivals of almost all the faiths in the world. In one region or the other, festivals happen almost every day, each with a specialty of its own. Each festival in each region has its own

particular foods and sweets appropriate to the season and crops, and days are spent in their careful

preparation. Thus we at KGES have strived to celebrate all the different festivals and understand the importance of these festivals.

Gandhi Jayanti:

Gandhi Jayanti is a national holiday celebrated in India to mark the occasion of the birthday of Mohandas Karamchand Gandhi, the "Father of the Nation". Gandhi Jayanti is marked by prayer services and tributes all over India, especially at Raj Ghat, Gandhi's memorial in New Delhi where he was cremated. Popular activities include prayer meetings, commemorative ceremonies in different cities by colleges, local government institutions and socio-political institutions. Painting and essay competitions are conducted and best awards are granted for projects in schools and the community on themes of glorifying peace, non-violence and Gandhi's effort in Indian Freedom Struggle. Gandhi's favourite bhajan (Hindu devotional song), Raghupati Raghava Rajaram, is usually sung in his memory. Gandhi Jayanti was celebrated in the

school on 1st October.

Diwali:

Deepawali literally means an array of lamps. It is the occasion of joy and jubilation for one and all in the entire Hindu world. All the illumination and fireworks, joy and festivity, signifies the victory of divine forces over those of wickedness. Deepawali symbolizes the victory of divine forces over those of wickedness. It symbolizes the victory of righteousness and the lifting of spiritual darkness. Diwali celebration in school was organized and all the students brought sweets from home and shared with the classmates and also made Rangoli design in the lobby area with lamps lit on each floor.

Children's Day:

In India, Children's Day is celebrated on 14th November, the birthday of the country's first Prime Minister, Jawaharlal Nehru. Jawaharlal Nehru, who was fondly called Chacha Nehru (Uncle Nehru) or Chaffinch (Uncle) by the kids, emphasized the importance of giving love and affection to children, whom he saw as the bright future of India. To give him tribute, India celebrates this festival on 14th November, the day of his birthday. Children's Day is seen as a day for the kids to engage in fun. Children take part in many sports organized for them. Children's Day was celebrated on 14th November. It was held in

Saraf Hall. A group of teachers sang melodious songs and performed on various dance numbers from all the three sections of KGES. PTA arranged for the Magic Show and snacks for the children.

Christmas:

Christmas is an annual festival commemorating the birth of Jesus Christ, observed generally on December 25 as a religious and cultural celebration among billions of people around the world. Kids enjoyed the Christmas Party held on 24th December.

COMPETITIONS:

Kudilal Govindram Seksaria English School believes "Children are the world's most valuable resources and its best hope for the future".

KGES's young children participated in the Talent Hunt Competition.

To discover their multifaceted talents, various curricular and co-curricular activities were conducted. Students enthusiastically participated in various competitions conducted by Sahshaleya Upakram Samiti like Jr. and Sr. Group Singing competition, English Elocution competition and Drawing competition. Students received 3rd Prize in

the Group Singing competition. On 17th, Dodge ball competition was held and children were selected for semi-finals. House-wise Patriotic Group Singing Competition was held on 24th November where children displayed their vocal and instrumental skills and "Parrot House" stood to be the winner. Class-wise Snowman making, Mask making, Greeting Card making, Poster making and Glass Painting Competition were held on 22nd December.

Students from all the three sections had participated in the Interschool Sports KUDO Tournament on 5th December, 2014 out of which 10 stood out to be the winners in the tournament.

Master Sunil Pillai, who participated in The Times Of India - "Think and Learn Challenge" stood out to be the winner and won a "Samsung Galaxy Tab."

Students displayed their scientific attitude by participating actively in Science Club held on 19th November where they conducted various simple scientific experiments from day to day life, highlighted ways of waste management and concern for our environment through the Science play. Students and teachers were busy with various P-ward interschool competitions

conducted by the Department of Education, one of which was Science Exhibition held at Infant Jesus High School on 25th, 26th and 27th. Teachers and students presented their projects in the Science Exhibition.

WORKSHOPS/SEMINAR:

The secondary students attended the workshop conducted by Pramerica. It recognizes school students for voluntary community service by awarding them in the form of cash prize, certificate, medal and trophy for the school.

During school hours, a counseling session was conducted for Grade VIII and IX students by Ms. Khushboo from RMCC.

UNLEASH YOUR POTENTIAL

Established in 1985

Ms. Suchitra Pareekh, Principal

PTA Committee members along with the winners at the Annual Sports Day

October, November and December months in school were hectic with examinations as well as learning through fun, festivities, games and sports. There was a lot of meaningful, vertical interaction among the students and staff of all classes in the school.

On the curricular front, the terminal examinations were conducted and reports were given to the parents on Open Day. The students have performed fairly well and are

better equipped as this summative assessment is preceded by formative assessment

Ms. Urvi Pal

regularly. Though the parent community, by and large, has yet to understand the significance of formative assessment. On the Open Day, the teachers attempt to get it across to as many

parents as possible.

The Second week of October is celebrated as World Wildlife Week across many countries. In our school, there were events organised for each day from October 13, 2014 to October 17, 2014 in which all students of Primary and Secondary school participated. It raised their

awareness about the ecological importance of wildlife.

On Monday, October 13, 2014 the teachers of Primary classes created fun worksheets like 'Mammal hunting in India', 'Bird watching in India', etc. to make students aware of the variety of life forms found in India.

On Monday, the Secondary Classes had a workshop on Mask Making and they made masks of various wild life. These masks were then used by the Students of Primary classes for Role Play activity on Friday during which they learnt about the life of that organism. Later the masks were used for decorating the walls of the school.

On Tuesday, October 14, 2014, the Primary classes played the game of 'Spin a Yarn' to learn about various members of the wild life community.

On Thursday, October 16, 2014, the Secondary classes played the game of 'The Web of Life' to understand the interdependence of all life and Natural resources.

Children enjoying the picnic at Silent Resort

Children enjoying meal at Silent Resort during picnic

On Thursday, October 16, 2014, Primary school students saw a movie on Wild Life 'Madagascar Part II'. Throughout the week, the morning assembly also was used for students sharing some facts about wild life.

Culmination activity for the Wild Life Week coincided with the Diwali Celebration on Friday, October 17, 2014 so the message of Green Diwali was highlighted on the last day.

For Diwali vacation, students were given certain general assignments to improve the use of senses and record observations. It was an opportunity for the students to learn collecting data and interpreting it.

All the students went for a picnic on Friday, November 14, 2014, on the occasion of Children's Day. The children of the Pre-Primary section went to 'Dream Park' in Kandivali and had three hours of fun time. The students of Std. I to VIII went to Silent Resort near Manor. Everyone enjoyed a lot.

The Intra House and Inter House debate competitions were done according to the

norms of Frank Anthony Debate organized by the Council. It boosted the confidence of the participants to express their views and everyone did research to equip their house team with arguments and examples to prove their point. The topic for the final round "Celebrities make good role models" was best debated not only by the teams but also by the audience including the teachers. It was one of the first such learning experiences for many.

The Pre Primary's Young Explorers' Club met for three days with the purpose of improving communication skills. The students indulged in activities related

to Christmas – doing variety of art and craft activities, singing Christmas Carols, watching the film "Polar Express", cooking experience, party and finally, the Santa Claus made the event unforgettable.

The Sports Day was held on Thursday, December 18, 2014 at Goregaon Sports Club. The Chief Guest was Ms. Neha Gajge, a

National level Handball player. The day saw a welcome performance of lezim and some other displays. The PTA Executive Committee members and visiting Principals of Schools gave away the medals and certificates to the winners of the races. The final Prize distribution ceremony had the winning house shield, a march past trophy and also for relay.

The students of Primary and Secondary classes had two races each to participate individually. On the heats day, standing long jump event was completed. The winner's house also got points. There were other House events like March Past, Mass Drill and Relay.

The Pre-Primary section had designed the races based on different themes. The Nursery

Debate Winning Students along with Ms. Suchitra Pareekh, Principal and Staff

had the theme of Festivals; Junior Kg had planned their races based on Colours and the Senior Kg had taken up "Professionals and People Who Help Us". The races were such that the skills of the children were honed and not only that, it turned out to be a learning experience for them. ♦

GIVING WINGS TO YOUR DREAMS

Established in 2009

Ms. Shagufta Parkar, Head of School

IB students cleaning up the streets of Mumbai

The festivities that began in September, gained momentum in October. All sections of the school have been busy preparing and celebrating many events.

As part of CAS, the IB students conducted a cleanup drive on 2nd October 2014 at New MHADA Colony, Lokhandwala complex, Andheri (W). Our enthusiastic students of IB Diploma Programme with teaching and non teaching staff members of MBIS took part in cleaning the society with great sense of responsibility and pride. The Society Secretary and the members of the society hailed this activity and also were inspired greatly and took part in this movement. Students celebrated Halloween by dressing up and presenting a tableau. They also went around the school asking for Trick or Treat; soon after, students also celebrated Diwali by

decorating their classes and organizing a party within their own classes. 5th October is celebrated as International Teacher's Day. On this day, students of MBIS surprised the teachers by preparing a performance for them

and also presenting each teacher with a handmade card with the students' reflections about the teacher. The teachers were touched and indeed appreciated the effort put in by the students. In reciprocation, the teachers put up a performance for the students on 14th November, i.e. Children's Day. Mr Quyam and Mr Neil, dressed up as 'Santa and Banta', the famous Sardar duo, and had the children in splits with their jokes and antics. The primary students also played host to children from St Catherine's Orphanage, Andheri (W). There were activities and games planned with these children in which our students participated enthusiastically and also helped their compatriots.

November was the month for

English activities which was celebrated in association with the Book Week. The students of grades 1 to 10 participated in a Handwriting competition. Poetry recitation was held for students of grades 1 and 2. Students of grades 3 to 5 enthusiastically participated in the Spell- Bee competition and grades 3 to 8 let their creative juices flow in the creative writing competition. The secondary students participated in Declamation, Debate and Quiz which was held with great gusto. The topic for the Debate which was conducted for students of grade 9 to 12 was "Is Freedom of Press Being Misused." The quiz had four rounds: General Knowledge about the English Language, Grammar, Vocabulary and Literature.

Book Week celebrations included daily activities such as Quizathon, Drop Everything and Read (DEAR), Teacher Story Telling Sessions and Guess the Title/character. There was Scavenger Hunt organized for all the grades, where students learnt research skills. 'Father's Day Out' was held in the primary grades where fathers of students were invited to narrate stories to children. The finale for the Book Week was with the Primary participating in a Character Parade. Each grade chose a book and all the children from that grade dressed up as characters from that book. On the same day, the senior students attended a workshop by comics' publisher, Mr Axel, from Epics in Literature. Mr Axel spoke about the various kinds of comics

Tiny Tots shaking a leg

Flying towards the finishing line

available and the differences in the medium used. Students enjoyed all activities and participated in all competitions enthusiastically.

On 21st November, students from Grades 1 to 9 were taken on a field trip to Nehru Science Centre. Students were taken through the various exhibitions. They greatly enjoyed the hands-on experiments on display. They viewed 3 shows- I am Mother (Human Body), a 3-D show on Ice-age mammoths and their extinction and a show on Antarctica in a dome theatre called Odyssey. It was an interesting and informative field visit. Students of the Early Years went on a field visit to Crossword on Friday, 21st November. They had a look at a variety of books and had a nice time listening to the stories read out by their teachers. Each of the students picked up a book of their choice and had an individual reading time as well. On Monday, 24th November, Ms Pooja Mahajan from PETA conducted a Compassionate Citizen workshop for standard 3, 4, 5. The kids took a pledge to be kind and compassionate towards animals and the environment they live in. Our students also enthusiastically participated in the evacuation drill that was held across the Rajasthani Sammelan on the 27th November.

Nursery class had a 'Colours Day' where

children did a wonderful job of presenting themselves confidently in front of the parents present in class, showcasing their understanding of different primary and secondary colours.

December is the month of sports activities all around the city. Students participated in an Inter-house Table Tennis Competition on 8th December. Our students participated in the 37th Prabodhan Kridamahotsav, where Karthik Shankaran, student of Grade 2, won Silver in 50 meters and Gold in 100 meters run. He also broke the time record in 100 meters run and set a new record of 16.3 seconds. Our Early Years students also participated in an interschool sports event; Junior Dhronacharya, held at Gundecha Education Academy, Kandivli. This was the first experience for the students of Early Years to participate in an interschool competition. Students from Early Years, Primary and Middle school also participated in the XIVth Mumbai interschool sports

Kudo tournament 2014. Our champions bagged 11 prizes and have made our school proud.

We, at MBIS, are supporting 'The Equal Streets Movement' organized by The Times of India along with other NGOs. Every Sunday, one side of the S.V. Road and Linking Road from Santacruz (W) to Bandra(W) is cordoned off for numerous activities open to all for an element of relaxation, entertainment,

learning and showcasing talents of various kinds. On Sunday, 14th December, we took some students of MBIS to participate in this fun activity. Grade-5 performed two songs on flutes and were admired and applauded by the onlookers for their talent and effort. These students also played with Hoola Hoops and Hop Scotch on the streets and gathered more participants from passersby. They had a good session with Reebok Stepper exercises under guidance by a trained instructor. Students of Grade-5 enjoyed every bit of the activities they participated in and were happy about this experience.

On 19th December, MBIS celebrated its Annual Sports Day. Students from all sections including the Early Years participated in various races. The Early Years performed a dance. The Primary students displayed some Yoga postures. The

Students claiming the streets with their flute

secondary students presented a Martial Arts display. The theme this year was 'Health, Hygiene and Cleanliness'. Students decorated their enclosures on the ground with posters based on this theme. It was an energetic end to the Year 2014. ♦

EDU FACTS

In developing, low-income countries, every additional year of education can increase a person's future income by an average of 10%.

53% of the world's out-of-school children are girls and 2/3 of the illiterate people in the world are women.

India spends only 3.3 percent of its GDP on education, compared to an average 5.8 percent in developed countries.

A 10 to 20% increase in women's wages is associated with each additional year of schooling.

67 million primary-school-age children are still denied the right to education.

EDU FACTS

Children born to educated mothers are less likely to be stunted or malnourished. In fact, each additional year of maternal education helps reduce the child mortality rate by 2%.

When women and girls receive an income, they re-invest 90% of their income into their families, as opposed to 30-40% for men.

In most developing countries, public school is not free. The costs of books, uniforms, and teachers' salaries are borne by the students' families.

Education to TRANSFORM India

Shri Ashokji Saraf addressing the gathering at 29th Regional Conference of WIRC

At the 29th Regional Conference of the Western India Regional Council (WIRC) of the Institute of Chartered Accountants held on 5th & 6th December '14, Mr. Ashok M. Saraf, President of Rajasthani Sammelan, talked about how education can play an instrumental role in the transformation of our nation. Education is one of the key factors in the development of any country and a sound system of education lays down the right foundation for its growth and prosperity.

His speech threw light on the education system in India in the past, educational institutes of repute, the discoveries by our scientists, all of which the world still considers as the most valuable contributions in the field of education. He also spoke about the current status of education in India and how the potential of our youth can be utilized to its best with the right education. He stressed on the

importance of skill based learning, skills which make you employable, so as to create a job-ready and industry- ready workforce, which can add to the economic well being of the nation. Mentioning that India still has the highest population of illiterate adults, he talked about RTE and SSA, emphasizing the importance of education for one and all in order to build a better tomorrow for all of us. Also, the various challenges that we face today in terms of the no. of educational institutions, quality of teaching, quality of infrastructure etc. need to be addressed to bring about social and economic progress. He spoke on the growing importance of private institutes in the last few years and how coming up with more number of some of the best institutes of our country like the IIMs, IITs and IIITs can help accelerate its growth.

To add, he said that in today's ever changing world, we need to keep up with the times and

online education or e learning, as it is called, is emerging as a very powerful tool today. He gave a special mention to EdX, Khan Academy and Udacity, offering online education successfully to millions of students from all corners of the world. Rajasthani Sammelan has also taken a step in this direction with the launch of Kunjibihari S. Goyal Online Academy.

Towards the end, addressing the CAs as a very important and educated class of people who understand the dynamics of business and play a very important role as advisors and strategists, he urged them to advise their corporate clients to invest in education by actively participating in CSR and become the instruments of social change.

We are pleased to present the full text of his address in the next few pages. Have an insightful reading!

Summary of Keynote Address by Ashok M Saraf, President, Rajasthani Sammelan, at the 29th Regional Conference of Western India Regional Council on 5th & 6th December '2014 in Mumbai on "How Education can transform India?"

I have divided my talk in six parts-

1. Education: Concept, Purpose & Importance
2. Education in India in the past
3. Education in India at present: Spread & status
4. Challenges that India faces in Education: Liberal, Technical & Professional Education
5. Future of Education in India (Online/Digital Education)
6. What Chartered Accountants can do

Education: Concept, Purpose & Importance

Imagine a world without schools and colleges! Impossible, right? No matter how much we hate waking up early for school/college or studying all night for those tests and exams, we all know that education is very important. An educated person gets better opportunities. Education can also bring a change in lifestyle. Education for the women brings in full time

or part time second income to families and contributes to better parenting of the next generation.

Education is a vital tool for the human resources development and empowerment of citizens of a country. Education plays a major role in imparting knowledge, values and developing skills and, in the process, increases the growth and productivity of the nation.

Education in India in the past:

From time immemorial, education in India has been considered as the most important wealth to be possessed by an individual. There is a well known saying in Sanskrit,

विद्यया धनं नालं इत्यथ धनं प्राप्नोति

i.e. Education is the most important wealth amongst all. Albert Einstein says, "We owe a lot to the Indians, who taught us how to count, without which no worthwhile scientific discovery could have been made". India invented the Number System. Zero was invented by Aryabhata. The World's first University was established in Takshashila in 700 BC. More than 10,500 students from all over the world studied more than 60 subjects. The University of Nalanda built in the 4th

Century BC was one of the greatest achievements of ancient India in the field of education. Renowned archaeologist, Sir Alexander Cunningham rediscovered the ruins of Takshashila in mid-19th century. In 1980, Takshashila was declared a UNESCO World Heritage Site.

Sanskrit is the mother of all the European languages. Sanskrit is the most suitable language for computer software reported in Forbes magazine 1987. Bhaskaracharya calculated the time taken by the earth to orbit the sun hundreds of years before the astronomer, Smart. Earliest Indian education followed the gurukul pattern with the learners staying in close vicinity of a powerful guru and his disciples.

Education in India at present: Spread and status

According to a recent statistics on demography, every third person in an Indian city today is a youth: that is, 67% of Indians are below 35 years of age and more than 50% below 25 years of age. It is said that by 2020, India is set to become the world's youngest country with 64% of its population in the working age group of 18 to 55 years.

With the West, Japan and even China ageing, this demographic

Distinguished delegates at the 29th Regional Conference of WIRC

potential offers India and its growing economy an unprecedented edge that economists believe could add a significant 2 to 3% to the GDP growth rate.

Youth is a force if channelized or a disaster if not used well and not gainfully employed

Roots of militancy and communal behavior are associated with lack of economic future and gainful employment. Hence, skills-based learning is a must to make the youths gainfully engaged. Skills which are employable, applied: managerial, technical, creative, communicative and accounting based. This can be done only through education.

However, one third of the population continues to remain below the poverty line, deprived of basic needs like food, shelter, basic education, nutrition and sanitation. People believe that India's best can be compared with the best of the world and the worst is also comparable with the worst. Some of the Indian scientists, engineers, economists, doctors, entrepreneurs have been distinguishably acknowledged and recognized world over. The Harvard University Dean, Dr. Nitin Neoria, Microsoft

CEO, Satya Nadela, present RBI Governor, Dr. Raghuram Rajan are some of the such examples. Some of the best brains have migrated to the western countries due to lack of opportunities in India whereas some of the NRIs like Sam Pitroda (telecommunication revolution), Dr. Naresh Trehan (Cardiologist) have significantly contributed back to the motherland.

Challenges that India faces in Education: Liberal, Technical & Professional Education

It is alarming to note that 37% of adult illiterates in the world are residing in India. According to a report by United Nations Educational, Scientific and Cultural Organisation, India has the highest population of illiterate adults at 287 million. Unemployment has been an area of major concern. The youth today needs to understand the value of attributes that result in employability. Besides, the skills required to create an efficient skilled workforce is an essential element of every industry and profession.

The Right of Children to Free and

Compulsory Education Act or Right to Education Act (RTE), is an Act of the Parliament of India enacted on 4 August 2009, which describes the modalities of the importance of free and compulsory education for children between 6 and 14 in India. India became one of the 135 countries to make education a fundamental right of every child when the act came into force on 1st April 2010.

Sarva Shiksha Abhiyan (SSA) is the Government of India's flagship programme for achievement of Universalization of Elementary Education (UEE). Its goals of 2015 are: To open new schools in areas which do not have them and to expand existing school infrastructures, maintenance & address inadequate teacher numbers and provide training and development for existing teachers.

India has seen an unprecedented growth of institutions of higher education in the recent past particularly in engineering and management education.

As per Ernst & Young – EDGE 2011 Report, there are 26,478 institutions providing higher education and accounting for the largest number in the world. In comparison, in 2010, the U.S. had only 6,706 higher education schools and China had around 4,000. According to a recent survey by FICII-ERNST & Young, 80% of Indian workforce does not possess identifiable marketable skills and only 25% of Indian professionals are considered employable. The plan outlay for the education sector has always been inadequate compared to its requirements resulting into shortage of educational institutions, inadequate and poor infrastructure, shortage of teachers, quality of curriculum, etc.

CA Priyam Shah presenting a Memento to Shri Ashok Saraf, President, RSET

Good quality of education would lead to higher economic growth with per capita income comparable to developed countries to enhance prosperity of citizens without creating disparity; self reliant India with trade surplus and sufficient foreign exchange reserves; reasonable taxes with effective compliance and many other positive results.

Future of Education in India (Online/Digital Education)

Online Education or e-Learning as it is popularly known today is a boon to acquiring knowledge. Many great universities and educational institutions are working together to give e-learning its due importance.

A team of 28 people from Maharashtra was sent to Harvard University in August 2012, in a delegation to understand how to improve education in Maharashtra. I was one of the participants of this delegation and one of the things that I learnt and understood at Harvard was that On Line Education is the education of the future.

EdX – MIT & Harvard : EdX was created for students and institutions that seek to transform themselves through cutting-edge technologies, innovative pedagogy, and rigorous courses. EdX is based in Cambridge, Massachusetts and is governed by MIT and Harvard. The Goals for such great institutes to come together are

Expand access to education for everyone, Enhance teaching and learning on campus and online & Advance teaching and learning through research. The principles on which EdX works are nonprofit, open source

platform, collaborative & financially sustainable. Both Harvard & MIT have come together and set up a portal where they teach online. The Head of this Institution is an Indian, Dr. Anant Agarwal.

There is Khan Academy founded by Salman Khan, a non-profit organization started in 2009, with a mission, a goal of changing education for the better by providing free world-class education for anyone anywhere through the website of Khan Academy. Bill Gates stressed the fact that Khan Academy is a great tool for one's learning adventure, saying that the "breath of stuff is incredible and the explanations are clear". He also pointed out that he uses Khan Academy to remind himself about certain concepts and with his kids "when things are complicated for them" - which makes us feel better about forgetting things, too!

Gates Foundation has contributed two Million to Khan Academy whereas Google has contributed Five Million to Khan Academy.

Khan Academy has received accolades for its innovative use of technology to educate

millions of students across the world. Khan Academy received the Tech Award for education in 2009. Salman Khan has been featured on the The Colbert Report, PBS News Hour, CNN and National Public Radio. Like Khan Academy supporting online school education, there is Sebastian Thrun, Google's Vice- President and pioneer in artificial intelligence and robotics who launched Udacity, an independent online education company that provides high quality education at low cost to virtually everyone. Udacity offers 11 STEM courses like "Introduction to Physics," "Intro to Computer Science," and "Web Application Engineering" -- all free. By utilizing online videos and educational resources, Thrun's class is being accessed by students from all corners of the world.

GOLD Academy by Rajasthan Sammelan Educational Trust – We, at Rajasthan Sammelan Educational Trust, have embarked on Online Education under the name of Kunjibihari S. Goyal Online Academy. We call it GOLD. We are in the process of building content for Commerce Stream and we also want this content on line for CA students, engineering students,

management students and other students..

In India, so far education is the constitutional responsibility of the state and is primarily delivered by the State. However, the role of the private sector has been growing in prominence and scope over the past few years. Many educationists attribute the shift to the quality of education offered in private unaided schools and also the increasing number of affordability of parents.

Establishment of Private Universities has been a major milestone in the field of higher education in India. A number of private universities have been established in various States as also the Central Govt. of India has granted Deemed University status to a number of educational institutions. It is the right time to develop and implement a progressive framework that provides for opportunities to deserving private institutions and educational promoters, with relevant and sufficient experience and exposure in the field of higher education, so as to contribute towards the expansion of higher education and research.

There is a need to foster public-private partnership for Development and upgrading of the skills. Government of India has set up National Skill Development Corporation. In many countries, there are community colleges that impart knowledge essential for a specific trade. These countries value the profession based skill sets. It is not necessary for every individual to get university level education. Vocational skills are as important as management skills.

One of the major objectives of the education is to prepare the students to earn their livelihood and contribute to the economic well-being of the nation by acquiring right knowledge, skills, values, behaviour and attitude. The business and industry thus need the job ready, professionally qualified and skilled human resource. In this pursuit, many engineering and management institutions were opened with private initiatives. Though these institutes have provided large number of skilled manpower particularly in the areas of Software and Services Sectors, the mushrooming growth of these institutions could not sustain the quality and ensure the employability of a large number of pass outs.

Chartered Accountancy - Vocational education has always been in demand. The internationally accredited certifications help the candidates to be the part of the global work force. The vocational education like **Chartered Accountancy** has always been assigned a premier value by business and the society. The CA qualification has maintained its high standard due to the coverage of its curriculum and rigour of passing norms. CAs have always been in great demand in business and industries due to their specialised functional roles required anywhere and everywhere.

Pending Bills on Foreign University

A total of 11 Bills were

pending in Parliament, including the Foreign Educational Institutions (regulation of entry and operations) Bill, the Prohibition of Unfair Practices in Technical Educational Institutional, Medical Educational Institutions and Universities Bill, the Education Tribunals Bill and the Institutes of Technology Amendment Bill. These Bills have been pending for the past year and a half. According to experts, one of the impact that the Foreign Universities Bill will have once it is passed, would be on the quality of education in the country.

IIM - The Indian Institute of Management (IIMs) as you all know, are the best Management Schools run in our country. Presently, we have 16 IIMs and the Government is in the process of setting up 5 new IIMs. Our country requires many more such IIMs in every city and very corner of the country. This will positively help in the education segment & ultimately transform India.

IIT - Indian Institute of Technology- For Technical & Engineering Education, we all know that IITs are the best. Presently, we have 13 IITs and the Government is in the

process of setting up 6 new IITs. Our country requires many more such IITs in every city and every corner of the country. This will promote technical education and help transforming India.

IIIT - Indian Institute of Information Technology- Just as we have IIM for Management Education & IIT for Technical Education, the Government plans to set up an IIIT (Indian Institute of Information Technology) for Information Technical Education. Presently, there are 4 IIITs and the Government is proposing to set up new 20 IIITs out of which 8 are allocated with permissions to start. IIIT has been set up by PPP (Public Private Participation) mode and apart from the Government, private people will be allowed to participate.

Teachers Training Institute - Apart from Schools & Colleges, education for Teachers is what is required. While we build Institutions, if we do not have trained teachers, we will be lagging behind. Today,

our country requires Teachers Training Institutes to be set up. I strongly believe that education is one of the key factors that can help in transforming India. If all the people in our country are educated, we will be the most powerful nation in the world. Online Education, Teachers Training Institute, IIM, IIT, IIIT, etc. are the way forward.

What CAs can do to use Education to Transform India:

Chartered Accounts are an educated class of people. Any Businessman or Entrepreneur, small or large, will not take a major decision without consulting his CA. So, you all CAs here are important decision makers in the Business and Industry.

As you are aware, the Government has introduced compulsory CSR in the Indian Companies Act 2013, effective from April 2014. As a responsible corporate citizen, the management of corporates who benefit from society should pay back to the society by participating in any activities which help in the upliftment of people living around.

CSR is an initiative that can help transform India. We have done a study of 3,000 Indian companies, who are under the ambit of Section 135 of the Companies Act, 2013 making it mandatory for companies to contribute 2% of their average net profit of last 3 years.

The total amount that these 3000 companies need to spend as their contribution towards the society is about Rs.10,000 crore for the current financial year. Investment in Education is perhaps the best investment that can fetch rich dividends. As Chartered Accountants who manage the portfolio of India's Corporate houses, you can be the change agents for the society. I urge you to recommend to your clients to consider investment in the education sector. ♦

I request all CAs to advise their Corporate Clients to actively participate in CSR and spend their funds towards education, as I believe that " Education can transform India" CAs can help in this transformation and make India the most powerful nation in the world in times to come.

Experience helps performance

Deviprasad Goenka Management College of Media Studies has conducted many interesting activities in the past few months. In October 2014, FYBA-FTNMP students visited the Broadcast Asia Expo' 14 from 15th – 17th October in great numbers. They witnessed the technological advancements in the field of film, sound, television broadcasting and software support. They handled many types of equipment like GoPro cameras, mounts, panther trolleys and steady cams at the expo, which gave them a crucial insight into the relevant areas.

On the request of DTE, Govt of Maharashtra, a film was produced for them too. A new chapter has been written in the field of technical education. The establishment of 'Directorate of Technical Education' is marked as that step which has been hugely

responsible in changing million lives and counting. DTE, as it is famously known, strives to deliver a world class, globally competitive learning atmosphere in higher education institutes that rightly caters to individual, institutional

and social developmental needs of the masses. It maintains and enhances the quality of technical education by establishing standard Government institutions with a constant guidance, supervision for private institutions as well. Amol Jadhav headed this project with cinematography, sound design and direction students of DGMC. The film was shot around 10 campuses in Mumbai which

deal with technical education, ranging from diploma, engineering, pharmacy, management and hotel management.

Theatre Fest: DGMC is also proud of one more activity. A team consisting of 40 students of BMM and BA (FTNMP) have participated in Thespo – a highly reputed young theatre event by Prithvi theatre where they performed their play "The Conversation" written by Amol Jadhav and directed by SYBMM student Anshul Rai. The actors, directors and the entire crew received rave reviews, critiques and valuable guidance from the jury members.

DGMC Library has become a member of many prestigious organizations. The Online British Council Library membership has been activated and is providing facility to read e-books from a wide collection. Institutional membership from the American Library Centre for two years and EBSCO Online Membership for one year have also been arranged. This year, 12 National Journals have been subscribed for the Library.

For the convenience of the students, railway concession facility has been made available for local (Western & Central Railways) & for long distance journeys (only to their home towns).

Book exhibition: enlighten

A Book Exhibition was organized by our librarian, Ms. Geetanjali Vani at Durgadevi Saraf Hall on 16th December '14, wherein we had invited 8 book vendors. The exhibition had a rich collection of books and was visited by Heads of Institutions,

internship opportunity with reputed companies such as Greenrootz.com, Darkframes and Bulldog Entertainment. A Contingent Leader Meet (under the guidance of Ms. Shubhangi Dharma) & a CL Meet (under the guidance of Shri Nirav Purohit) were organized on 20th December wherein CLs from 30 colleges were invited. On the academic front, results of 1st batch of PGDM Sem 1 were announced in the last week of December.

Various committees such as Academic & Administrative Committee, Disciplinary Committee and Sports Committee as per university requirement have been formed.

A Guest lecture for management students by Mr. Yusuf Shaikh, Head- Distribution, Acquisition and IPR from Percept Pictures was organized. The Annual Sports Day was celebrated successfully at Goregaon Sports Club in which students enthusiastically participated in various sports events.

Staff and Students. A promotional AV for DGMC Acting Academy was shot under the guidance of Shri Henandra Bhatia and Shri Umesh Gupta. It included 3 days of indoor and 2 days of outdoor shoot at the visiting faculty of an acting academy. Some of DGMC students had also done shooting at Shri Parikshat Sahani's house to take his byte for the AV. This has initiated the process of registering our college with Justdial.com.

EDU FACTS

India spends only 3.3 percent of its GDP on education, compared to an average 5.8 percent in developed countries.

GOI had made a commitment to spend 6% of GDP on education in 1968, however the highest spend made so far is 4% of GDP.

India spends nearly 3.3% of the GDP on education, less when compared to the average 5.8% spent in most of the developed countries.

Indian students now spend \$7 billion to go abroad and study in foreign universities because of the poor quality of education at home. Yet the government drags its feet over permitting foreign universities to set up shop in India. Where in same cost we can successfully implement and run around 10 more IITs.

With the first set of children being well settled at school and the school being praised by the parents about how happy they all are, the RSIP started the second batch for this academic year on Monday, 17th November 2014.

Orientation

An Orientation for the parents of these newly admitted children was conducted on Fri. day, 14th November 2014. A comprehensive idea of how the curriculum would be conducted in the Playgroup was shared with the parents.

- Children's Day, Friday, 14th November 2014, was celebrated with a Halloween Party in the evening for the babies along with their parents. The little ones came in attire befitting for the party and participated in various fun filled activities and games. It was an event they thoroughly enjoyed.

- On Wednesday, 26th November 2014, the

babies were taken for a bus ride since the topic being dealt with in class was Transport. Various vehicles on the streets and places of significance to the children were pointed out to them. For some it was the first bus ride ever and that made it very exciting for them.

- A Show and Tell activity based on the theme of winter was conducted on Wednesday, 3rd December 2014. The children brought various clothing and other items related to the season and were encouraged to speak on them. These activities are conducted in order to enhance language development and also instill confidence in the little ones to enable them to face a group and share their

experiences or just talk to them.

- Valuing not only materialistic things but also friends is encouraged in RSIP. On Thursday, 11th December 2014, the children had a sharing and caring day. They brought toys to school which they shared with their peers and thus, we inculcated the value of sharing and caring.

- Helping out in the kitchen is one thing and becoming independent, another. With an aim of the latter, we start early at RSIP. In order to foster self help, we initiate the little ones to start making simple things in the kitchen. A Cooking experience was organized on Friday, 19th December 2014 when children made some delicious toppings for biscuits.

Everyone enjoyed these delicacies.

- The Christmas celebration was held on Monday, 22nd December 2014. A whole lot of activities and games were conducted related to Christmas and Santa came to give away goodies to the babies. The school closed for the winter vacation on Tuesday, 23rd December 2014 and re-opened on

Monday, 5th January 2015.

Thus, one can say that Rajasthan Sammelan International Playschool is proving to be a hub of excitement for the little ones with each one longing to be in school for as long as they can. ♦

Career talk

Learning never exhausts the mind. –
 Leonardo da Vinci

An attitude for an ongoing learning is a must to be successful and to move with time. Learning not only in the form of gaining academic knowledge but also acquiring the right skill set. RMCC had organized the "Career Development Program" for the students of Durgadevi Saraf Junior College. The three day extensive workshop focused on developing skills which included Communication Skills; Interpersonal Skills; Self Confidence; Grooming; Team Building; Leadership Skills and "Career Talk". To ensure students' participation, RMCC

counselors included various fun filled activities to impart learning. Fruit Salad activity helped students to learn the importance of giving directions in right manner where as the

Earth and Mars activity assisted them in building their interpersonal skills through non-verbal means.

Balloon activity which was much loved by the students imparted the message of

importance of Self Confidence in professional life. Students were brought together in a Cup and Straw activity to understand the benefits of Team work and essential skill set to become a successful leader.

An insight of various Career opportunities was given to the students through "Career Talk" where the eligibility for various courses, their way forward and work culture were discussed in brief with them.

In the School section, RMCC counselors assisted students through individual counseling and Group sessions. Group sessions were conducted in RBHS and MBIS and students were provided guidance for improving communication, goal setting, attention as well as concentration.

Mrs. Salma Prabhu conducted workshop for the parents of Pre-Primary, Primary and Secondary section of Mainadevi Bajaj International School. Parents were provided

CDP event

guidance regarding effective parenting. They were also suggested certain strategies to deal

effectively with student behaviour.

Mrs. Salma Prabhu conducted workshop with the parents of Primary and Secondary section of Ramnivas Bajaj English High School. Parents were provided guidance regarding being assertive in discipline and having positive approach. They were also suggested certain strategies to deal effectively with student behaviour.

Various students have been visiting the Centre for taking assessment to identify Career aspects and learning difficulty.

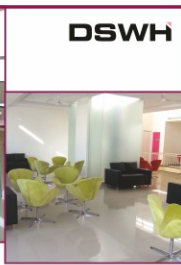

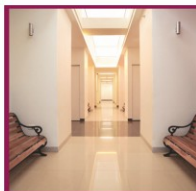

Enrolments for Personal counseling and Remedial education sessions have been taking place. Students enrolled for Speech therapy are showing improvement and gaining self confidence in the process which is being much appreciated by their parents.

Overseas counseling has yielded the desired results for the students and their parents. Students have been placed in some of the World's best Universities for various Bachelors and Masters Programs. University of Illinois, George Town, University of Michigan, UMASS and Rhein-Waal University are few of the Universities where RMCC students are pursuing their dream programs.

The counselors not only ensure admission in the desired program and University but also assist in getting good scholarships and preparing for Visa interviews.

Students taking training for various eligibility examinations such as SAT/GRE/GMAT/IELTS and TOEFL have scored with flying colors. One of the RMCC students scored cent percent in SAT II, adding on the accolades for the coaching services at the centre. With the New Year around the corner, RMCC looks forward to bring in the best of counselors and services to assist students to Steer to Success. ♦

"Always strive to aim for the highest peak of the goals in life you have set, this way if you manage to reach even half way toward a goal, landing in the middle is not such a bad place to end up."

-Victoria Addino

The month of October was another fast forward in the excellence of DSWH, adding a new tale to the never-ending saga of success and hard work. The hard work continues to show its good results. Our prestigious DSWH has once again completed another month of its prosperity in all instances.

DSWH is now one of the most renowned places in Mumbai, the city of dreams. The safest place for woman students to pursue their careers and fulfill their dreams. The contentment and security of each student is the top most priority for us. The C.A. students were relaxed after completing the month of September, one of the most hectic months for them. The students are in a very festive mood and anxious to return home for their Diwali vacations. The girls are busy in shopping for the upcoming festival and enjoying at their fullest and busy in making preparations for their safe journey.

But in our hostel, enjoyment and discipline

both go hand in hand. They all abide by all the rules and regulations of our hostel laid by the authorities. In-Out timings through biometrics have been made compulsory for every student. Although they go for shopping, they return to the hostel as per the entry timings. The occupancy remained at its peak even in this month along with waitlist. All the students are well satisfied with the facilities provided to them and the calls received from parents also convey their gratitude and praises for hostel facilities.

The month of November had been a swiftly paced month. It had just marked the end of the festive season of Diwali. Everything had been in place throughout the month. The students have returned from home after enjoying a long vacation and celebrating the festival with their families. All of them were very excited to return to the hostel and resume their usual schedules. The decorum and discipline was maintained. Only seven students had not gone home due to exams during the Diwali vacation as they were busy with their studies. All C.A. students were also engrossed in their studies as their examinations were around the corner. Similarly, the graduation students were also busy in their respective internal and external exams. All daily work and duties were

carried on extremely well. The students have given good feedback which has motivated us to continue working with utter dedication. December has been one of the hectic months of the year because one more tenure for the students has come to an end. The procedure for beginning with the next tenure is about to begin and we are preparing for new admissions. The students who have not applied for renewal will vacate the hostel by 31st December 2014 so that we can start accommodating the new students accordingly.

The students are very well settled and maintaining the decorum of our hostel. By now, all the inmates are well acquainted with the rules and regulations laid by authorities. They have understood the entry and exit time. The C.A. students are also busy in their C.P.T., IPCC exams and are attending their respective classes. Students were in festive mood as Christmas was round the corner. Some of the students were completely busy in shopping as they planned to spend their vacation with their families.

In short, the month of December has been a mixed month with festive season and hectic schedule both going hand in hand. We all are working and looking forward to the next tenure to begin. We are full of positive energy for making the next tenure much more mesmerizing for the students, both old and new.

"No matter what you're going through, there's a light at the end of the tunnel and it may seem hard to get to it but you can do it and just keep working towards it and you'll find the positive side of things" ♦

LEARNING BEYOND BOUNDARIES

Established in 2014

Mr. Narinder Singh Bhogal, COO

Shri Vinod Shelar, Shri Ravi Goyal, Shri Vinod Tawde, Shri Badrinarain Goyal at the Launch of Kunjibihari S. Goyal Online Academy

For GOLD Academy, the New year 2015 opened new vistas and opportunities as well as new significant events.

On 16th January 2015, we boldly announced to the world that we were born; Kunjibihari S. Goyal Online Academy was announced during a gala ceremony with the inauguration being done at the hands of our hon'ble Minister of School Education and Sports, higher and technical education, medical education, cultural affairs and Marathi Bhasha (Maharashtra) Shri Vinod Tawde. The event was also attended by eminent personalities, Sri Vinod Shelar (Chairman, Education committee, MCGM), Mr. Ravi Goyal (Philanthropist and CMD, AGS Transact Technologies) and the main donor of

GOLD academy, Mr. Ashok M Saraf – President, Rajasthan Sammelan, Shri Kailash Kejriwal (Hon. Secretary, Rajasthan Sammelan) and other eminent trustees, members of the staff at RS and students. The event was covered by several leading newspapers which helped create awareness about our academy.

The year 2014 marked the conception and initial planning and research. Few core team members got inducted and a small beginning was made in terms of the Learning Management System, few eBooks and MCQs

and the enrollment of Saraf College B.Com students.

The first quarter of 2015 will be significant for the academy in terms of all four pillars of GOLD.

As per our plan, new features and functions will be added to the virtual institute infrastructure i.e. the static website and the LMS. The news section of the website will get a boost with a lot of real news happening for the academy. We shall start implementing a number of measures to improve the global visibility of the website. For this purpose, we need to embark upon building a lot of promotional content, along with the learning content. A number of activities will be initiated in order to reach out to the masses across the country, if not globally. A plan to build a large pool of prospective student database will need to be made and initiated during the current quarter. A perpetual mass communication strategy will be initiated, which will include about 4 to 5 major methods of communication viz. mass emails, mass SMSs as well as reaching out via new age tools like WhatsApp. The website will be registered in a number of digital educational

Students taking an Online test at GOLD Academy

forums, free and paid, which will help create noise about the GOLD Academy. The technology team will start on aspects like implementing course credit systems, new assessment methods. We have also identified certain technological challenges like managing with limited Internet bandwidths and certain content security protections.

The Academic team is also extremely busy working on a number of fronts including getting the content made from partners, reviewing it, packaging it, co-branding the same and then uploading it on the LMS. The necessary tools, devices as well as licenses for certain software utilities are being procured. The Mumbai University's B.Com content continues to be readied, though with a slight delay and hence a changed strategy. We are working with two partners with one of

them having a long reputation in the formal University type Commerce education and the other, a young but technological savvy partner helping us on subjects like Derivatives and Portfolio Management, forming part of the Bachelor of Commerce in Financial Markets. There is a small but vigilant team of senior academic reviewers ensuring the academic quality of the content. A small team based out of Pune is conducting interesting research on what learning methodologies to be adopted while creating the content. Although initial inspiration is obtained from the bigwigs like Khan Academy and Coursera, GOLD will ultimately have its own indigenous approach which is suitable largely to the Indian students.

Soon, we will embark upon new student enrollment drives via few specific colleges as

well as work out strategies to attract student enrollment for open ended public programs. Digital Marketing is the way to go. The mission is to eliminate 2 significant digits from the Alexa Rank of www.goldelearning.com during the year 2015!!

The world now knows that we exist and exist with a dream and zeal to achieve, to achieve the best through online education with the help of the latest technologies available. I, on behalf of my team, assure you that we will strive to deliver to the students, quality interactive learning material accessible across the globe; we will give them a common platform which will either be free or at an extremely affordable price in several domains. ♦

Intercollegiate Festival

Ghanshyamdas Saraf College, in keeping with its motto of holistic personality development, has been providing its students exciting opportunities and an animated platform to excel both in academics as well as co-curricular and extra-curricular activities. Over the years, the college has been expanding and broadening its horizons. 'Mauj – the fiesta of joy', our intercollegiate festival had a modest beginning with just three competitions during the decennial celebrations of the college. It has grown and evolved with each passing year and has emerged as one of the most popular intercollegiate festivals in the suburbs. Mauj is jointly

organised by Ghanshyamdas Saraf College and Durgadevi Saraf Junior College. Mauj-2014 was organised on 10th, 11th and 12th December 2014. 'Thoughts' was the theme for this year's Mauj – the fiesta of joy'. The theme was selected because of our firm belief and deep conviction that: "We are what we think, All that we are arises with our thoughts, With our thoughts, we make the world" - Buddha

With 'Thoughts' as our theme, we embarked on three fun-filled, thoughtful days to stimulate and ignite young minds. Twenty –Six colourful competitions were organised and 1999 participants from 77 colleges were provided a varied platform to express their thoughts in imaginative ways. The competitions covered literary arts, fine arts, performing arts, sports, IT and media events.

On the first day, 12 competitions were held and these included Elocution, Fictional story, Hindi debate, Mehendi, Nail art, Solo dance,

Group dance, Cooking, Chess, Throw ball, Box cricket and Counter-strike. On the second day, 13 competitions were held and

these included Editorial writing, Poem writing, Photography, Ad making, Street play, Short film competition, Personality contest, Sketching, Fusion band, Fashion show, Carrom, Rink football and Tug of war. On the final day, three competitions were held and these included Calligraphy, Neuron capacitor test and solo and duet singing. The Prize distribution function was held on 12th December, 2014 with Shri Banwarilalji Jhunjhunwala, Vice – Chairman of the Governing Council of the college, as the Chief Guest. The function was also graced by Shri Kailashji Parasampuria, Hon. Secretary, Governing Council, Shri Shrikantji Dalmia, Treasurer, Governing Council, and Shri Lalitji Saraf, Hon. Joint Secretary, Rajasthan Sammelan. Two rotating Shields for Hindi Debate and Mehandi, instituted by senior members of the management, are awarded to the college which as a team scores the highest. This year, the Shri Manoharlal Poddar Rotating Shield donated by Late Shri Vishwanathji Poddar for Hindi Debate was won by Narsee Monji College. The Smt Pannabai D. Dhanuka Rotating Shield donated by Shri D. R. Dhanuka for Mehandi was awarded to KES College. The Overall Mauj Trophy for winning maximum prizes was won by Nagindas Khandwala College of Commerce. The best contingent leader for maximum participation went to Mr. Nilesh Chaturvedi of Dalmia College. Every year, 'Mauj' comes and inspires the young minds of our

The saying "Teachers are your 2nd mother" holds true for all the teachers who taught me at Saraf College. They not only taught us theory but also gave us the boost and motivation

to grow and go ahead in Life. The confidence, the perfection and the calibre to make everything possible & achievable is all thanks to the faculties & staff at Saraf college. The college was always my 2nd home. I was also awarded the "BEST STUDENT AWARD - 2006". After my degree college, I went to UK for my MA Advertising & Marketing, after returning I started my own Advertising Agency in 2009. Today I am a visiting faculty at various renowned colleges & management institutes including Saraf College. It's rightly said, "Your family gives you roots, your college gives you wings to fly". I would owe all my success to the upbringing Saraf College has provided me with.

• **Memorable Event in the institution:**
My college days are one of the best days in my life, where I had a mixed experience of freedom, independence, hardworking, studying, friendship, responsibilities etc. I can proudly say that I was blessed with one of the best faculty who were having

the art of making studies student-friendly and were always available for us when needed. Some of the faculty members are still in touch with me and constantly guide for the betterment. The college used to organize various other co-curricular activities, which provided me with an opportunity to participate in group/solo singing, greeting card making competition etc. and winning the same. The college has honored me with a shield for winning 1st position in Chess Competition organized by the college. The college has also given me opportunity to participate in various inter-collegiate group singing competitions, where my group succeeded to bag the prizes. I can say that the college has helped me to grow both professionally and personally in this journey of my life. On a final note, I can just say "I MISS MY COLLEGE DAYS... Thanks for Everything."

Ms. Harshada Deepak Parkar

leadership skills for the millennium

Leaders to succeed they must master 3 skills.

The amount of information we get today in one day we never got this much in the last one hundred years. Today, not only the older generation, but even the younger generation is finding it hard to keep pace at which technology is changing.

With the speed of change, products are getting obsolete the day they get launched and knowledge is getting obsolete within 2-3 years.

It has become a cliché "the only constant in this world is change". Going into the future, I strongly feel that the only people who will succeed in life are the people who master three skills that have and shall remain constant:

- (i) People skills
- (ii) Persuasion skills
- (iii) Prioritizing skills

Why the above three skills?

(i) People skills – More than business problems, we have people problems. When we take care of our people problems, most of the business problems are automatically resolved.

We are hired for our skills but fired for our behavior.

The lower a person is in life, the greater part of his time goes in technical skills, and very

little goes in people skills. The higher a person goes in life, it just reverses. Technology and Technicians we can always buy with money, but the wealthiest person in the world must build and create relationships. A courteous person, who is not very sharp in life, will go much further than a sharp discourteous person. Whenever we go to a Doctor, within the first 15-20 seconds, the interaction that takes place either makes us comfortable or uncomfortable with the doctor.

Why do you go to a doctor 10 miles away bypassing ten other Doctors on the way? Is he the most qualified? Probably not!

Something says that I am dealing with a right person. And what is that something? It is the trust factor.

(ii) Persuasion Skills - ability to influence, convince, negotiate and sell. The most successful leaders in the world also had great persuasion skills.

What are all of them doing:

1. A Candidate at a job interview
2. A boy and girl proposing to get

married

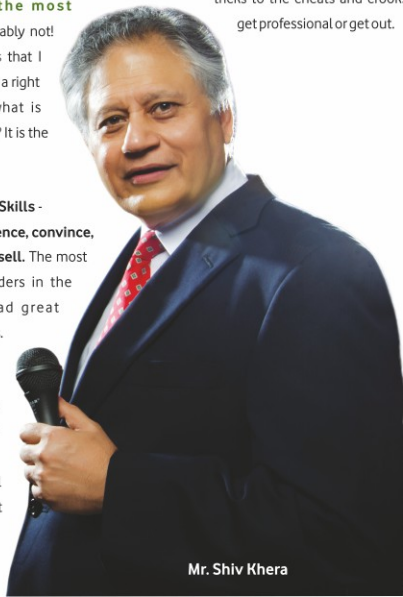

3. A politician giving speeches to get votes

Aren't they all persuading?

There is a myth that we need to learn the tactics of selling.

Good professionals learn the principles of persuasion, not tactics because the principles are based on foundation of integrity whereas tactics are manipulative.

There is another myth that, to succeed, one needs to learn the tricks of the trade. Professionals learn the trade, they leave the tricks to the cheats and crooks. Either get professional or get out.

Mr. Shiv Kherra

People keep talking about the sales as

a. B2B

b. B2C

But every sales boils down to **P2P - People to People**.

People like to deal with people they like.

GET PROFESSIONAL OR GET OUT

Professionals realize that in life, results are rewarded, efforts are not. We judge ourselves by our intentions but the world judges us by our actions.

(iii) **Prioritizing skills: Prioritizing skills are embedded in our core values.** The number of time saving devices we have today, are more than what we ever had. Yet, we don't have time to do the things we need or want to do. Why? Because, we forget to

prioritize.

We need to distinguish between:

1. What is URGENT and what is IMPORTANT? Urgent may or may not be important and the reverse is just as true. But whenever we ignore what's important, it converts into urgent. Example, health is important. Exercising every day is important but if I skip it one day, it's not the end of the world. But, if I ignore it long enough, guess what will happen? It will convert into urgent. Same thing is true with relationships.

2. What is NEGOTIABLE and what is NON-NEGOTIABLE and what we would **STAND FOR** and what we would **STAND AGAINST**. If we look at the life histories of some of the greatest leaders of the world, you find that they were never neutral on values. They

either stood for something or against something.

3. We need to distinguish between **pleasure and happiness** in life. Pleasures have always come from outside and they are temporary, whereas happiness has always come from inside and is lasting.

4. We need to distinguish between **MAKING MONEY vs. EARNING MONEY**. Making money and earning money are two different things. Unfortunately, most people only want to make money, not earn it.

Remember this life is not a dress rehearsal, and the stakes are too high.

Leaders must Master the three P's of Success. ♦

Times of India publishes list of Top 200 Business Schools in India

-DSIMS features in this prestigious rankings

Yet again, DSIMS continues to feature in India's Top B-School Rankings. Times of India edition dated 27 February, 2015 published the findings of the research that was conducted to arrive at a list of Top 200 Business Schools in India. The objective of the research was to help the readers make an informed choice for their wards while selecting the B-School for seeking admissions to the prestigious MBA/PGDM courses. Durgadevi Saraf Institute of Management Research has once again made it to the list of Top 200 Business Schools for the second consecutive year.

It is interesting to note that in the list of the Top 200 Business Schools, only 12 schools from Mumbai have made it to the list. DSIMS is featured 10th in the said list, making it one of the most coveted Business Schools in Mumbai. DSIMS in a short span of four years has won many accolades because of its pragmatic curriculum architecture. The research oriented faculty team at DSIMS has designed the curricula of different programmes with a high level of corporate input which enables the management students to maintain their supremacy in the corporate world. It is no wonder that DSIMS has been scaling up in its rankings and popularity and was ranked as one of Asia's fastest growing Private Education Institute at the WCRC Leaders Excellence Awards 2012-13.

The entire team at DSIMS is committed to creating corporate leaders through innovative pedagogy, industry immersion programs, international immersions to meet the requirement of the globalised industry.

BKT Industries joins hands with Rajasthani Sammelan's Educational Endeavour

-contributes Rs. 2 crores from its CSR budget to support Education

Balkrishna Industries Limited (BKT) a leading manufacturer in the Off-Highway tire market has signed an agreement with Rajasthani Sammelan Education Trust to start a Freeship Endowment Fund as a part of its CSR initiative. The Freeship Endowment Fund will provide financial assistance to deserving and meritorious students to pursue their education. BKT is known for its commitment to run its business in a socially responsible manner and already has a lot of social initiatives in place much before the CSR mandate was passed in the Companies Act. BKT supports education and offers free education to over 800 girls at a school in Rajasthan. BKT also supports the post-secondary education of brilliant Indian students at prestigious colleges or universities in India and abroad.

BKT is the second corporate house to collaborate with the educational endeavour of Rajasthani Sammelan Educational Trust. Earlier last year, IRB Infrastructure Limited, one of India's leading Infrastructure Developers partnered with RSET by contributing Rs. 1.0 crore to institute a Scholarship Endowment Fund to award scholarships to meritorious students studying at the institutions of Rajasthani Sammelan.

Rajasthani Sammelan Educational Trust extends its heartfelt gratitude to BKT Industries and its Directors and officials for having reposed their faith in its educational endeavours. The participation of India's corporate is a testimony to RSET's commitment of providing Quality Education to a broad spectrum of students irrespective of their socio economic status and community.

Equipped with basket ball courts, a volley ball court, a tennis court, a cricket pitch, a skating ring, a jogging track, the sports academy will add a new dimension to the educational endeavour of Rajasthani Sammelan Educational Trust. An international agency has been involved to provide the infrastructure for the academy which will be open for the students of Rajasthani Sammelan's educational institutions as well as for the general public. A Sports Director is being appointed to chart the vision for the academy and look into the day to day operations. A professional agency will be involved in creating and managing the sports activities to ensure that the academy turns out national and international champions.

Naming of Library at Mainadevi Bajaj International School: -Mr. Harish P. Shah donates Rs. 1 crore

Mr. Harish P. Shah has donated Rs. 1.0 crore towards naming of the library at Mainadevi Bajaj International School (MBIS). The library will be named as Amratlal Premchand Shah Library at the formal naming ceremony to be held in April 2015. Rajasthani Sammelan gratefully acknowledges the benevolence of Mr. Harish P. Shah and their family for their generous contribution.

Thank you Donors

Our family of donors include illustrious business families, individuals, corporate partners, foundations and all those people who are committed to our philosophy of providing "Quality Education for All" and have been coming forward with their contribution from time to time to create an institution of educational excellence.

Through these columns, we thank and acknowledge the support of our donors for their generous contribution over the years. Your support and contribution plays an important role in helping Rajasthani Sammelan to achieve its mission of developing a community dedicated to achieving national and international levels of excellence in various fields of education.

Your generosity has significantly contributed and helped the students in various areas. Every donation that you make impacts the life of our students in some way or the other. Your contribution has helped us build various institutes of excellence with the best infrastructure that include state of the art computer labs, knowledge resource centre, communication centre, health centre, educational outlet, sports facilities and scholarships instituted for meritorious students. All our institutes have benefitted immensely from your support.

Undoubtedly, you as our esteemed donors have made Rajasthani Sammelan stand tall in stature and have helped it grow from time to time. Like you, there have been many others whose contribution to Rajasthani Sammelan way back in the early 1950s has been significant and notable. And we gratefully acknowledge their noteworthy contribution in setting up the edifice of this great institution.

We gratefully acknowledge the contribution made by Late Shri Kudilaji Seksaria who donated the land on which the current structure of Rajasthani Sammelan stands. This contribution cannot be valued in terms of money, and it would only undermine his contribution if we were to measure this in monetary terms.

At the same time, had it not been for the significant contribution of Rs. 50,000/- by Shri Brijmohan Ruia (Brijmohan Laxminarayan Ruia Charita Trust) way back around the year 1950, the landmark Sarvodaya Balika Vidyalaya would not have come up. A small dream way back in early 1950s has today paved the way for a number of institutions under the banner of Rajasthani Sammelan. As they say, "It all begins with a Dream".

We are proud to have you all as an integral part of the positive impact and an enduring legacy that we are creating at Rajasthani Sammelan. May your benevolence continue to bring about the change we wish to see in our educational system. We stand committed to spread our wings and fly higher. In this journey of growth, we seek your continued support.

We constantly endeavour to maintain accuracy in the list of donors and we thank you for the feedback in case of any discrepancy that has been noted. Should there be any errors or omissions in this list, we urge you to contact our Donations Officer on rs@rajasthani.org.in.

QUOTES

- When it comes to helping out, I don't believe in doing it for the media attention. My goal is to support the organizations that need help. - Paul Allen
- One of the great movements in my lifetime among educated people is the need to commit themselves to action. Most people are not satisfied with giving money; we also feel we need to work. - Peter Drucker
- Charity is a supreme virtue, and the great channel through which the mercy of God is passed on to mankind. It is the virtue that unites men and inspires their noblest efforts. - Conrad Hilton

QUOTES

- Let us not be satisfied with just giving money. Money is not enough, money can be got, but they need your hearts to love them. So, spread your love everywhere you go. - Mother Teresa
- Over a three year period, I gave away half of what I had. To be honest, my hands shook as I signed it away. I knew I was taking myself out of the race to be the richest man in the world. - Ted Turner
- I get angry when someone calls me only rich.. I am happy with my social personality and my generosity.
- Sakip Sabanci

What will you decide today

A small monetary contribution from your lifestyle
can change someone's life for good.

Your Pledge to educate a child is your gesture to get them into the mainstream. Your contribution will provide Quality Education to under privileged students from all communities studying in the aided section of our school and college. Your gesture can impact the lives of over 4700 students and empower them.

***Pledge to Educate a child.
Contribute for a noble cause.***
