Dear Reader,

Rajasthani Sammelan has scripted success stories for more than six decades for its institutions. These are the stories of sustained progress, excellence and innovation. Our trust has been able to maintain high academic and infrastructural standards in all its present institutions - right from schools to colleges, Management Institute and Media college. We have never believed in resting on our past laurels. Every academic calendar of our institutions has been dotted with new and special events.

In the past few months, many important events took place in our campus. Our state of art Rajasthani Sammelan's Office was inaugurated by our Trustee Shri Banwarilal Jhunjhunwala on 19th June, 2015. On the same day, another important event took place i.e. we signed a Memorandum of Understanding with the prestigious University of East London (UEL) for academic collaboration with Durgadevi Saraf Institute of Management Studies & Deviprasad Goenka Management College of Media Studies. On behalf of University of East London, the MOU was signed by Prof. Nora A. Colton, Deputy Vice Chancellor (Academic), University of East London. I am sure that this will lead to internationalization of campuses of both the institutes involving student exchange, faculty exchange and research collaboration.

The latest addition to the educational facilities provided by Rajasthani Sammelan Education Trust is RS CA Study Centre and ICAI Extension Counter in our campus which was inaugurated on 8th July, 2015 by CA. Manoj Fadnis, President ICAI and in the presence of CA. Sunil Patodia, Chairman, WIRC as the Guest of Honour. The Study Centre has been started with the aim of

providing basic reading room facilities to the students pursuing the professional course of Chartered Accountancy. It also has the facilities of providing training to the CA students.

On the academic front, many faculty members of Durgadevi Saraf Institute of Management Studies attended seminars and conferences and presented their papers. DSIMS also successfully conducted Third Annual Convocation for the award of diplomas to PGDM Class of 2013-15. The ceremony also included handing over Degrees conferred by University of Mumbai to the MMS Class of 2012-14. The event was graced by Dr. Srikumar Banerjee, a distinguished nuclear scientist.

During this time, many faculty members from Ghanshyamas Saraf College attended seminars and conferences and were invited as resource persons for various subjects related to commerce stream in other colleges. Our schools also did not lag behind. They enthusiastically celebrated International Yoga Day in the campus in which 1200 students participated. The function was graced by Hon'ble Minister of State Smt. Vidya Thakur and

Shri Jaiprakash Thakur, Vice-President, BJP as the Chief Guest. Many Management members and Staff also participated in this event.

The results of Board/University examinations were declared during this time and it is a pleasure to inform that three of our schools namely Kudilal Govindram Seksaria Sarvodaya School (SSC Board), Kudilal Govindram Seksaria English School (SSC Board) and Mainadevi Bajaj International School (IGCSE and IB) have given us 100% results at their respective Board examinations while results of other institutions are more than 95% at the University examinations.

Our mission being 'Education for All', we have started Kunjibihari S. Goyal Online Academy to provide Online education to students by accessing in our portal free of cost to obtain systematic lectures delivered by eminent faculty members. Our newly inaugurated Pravinchandra D. Shah Sports Academy has proved to be very useful not only for our students but also for other institutions and organizations.

It is our aim to educate the youth of our country in large numbers. We believe that they are like unpolished diamonds who if educated properly can become rich human resource for our country. We solicit co-operation and support of all Donors, Trustees, members of Managing Committee and well wishers to join us and strengthen our hands to attain our objectives in our educational endeavours.

Dear Reader,

We are living in a knowledge based society where new information is received and quickly shared due to increasing use of internet. The current generation of students are exposed to technology almost from the cradle. The classrooms are also defying geographical boundaries. In many schools, children and teachers are using sites like Facebook as online tool to promote learning. Today virtual learning is also becoming popular. Many schools and colleges are providing video-conferencing facilities in their campus so that educationists from different parts of the world can have live discussion with students on various issues.

Student Exchange Programme is also becoming increasingly popular day by day. Many schools, colleges as well as universities are encouraging Student Exchange Programme for academics as well as to understand the culture of other countries. Many universities and educational institutions are regularly inviting reputed academicians from other countries to interact with the students and their faculties.

We at Rajasthani Sammelan Education Trust have always been sensitive to such changes taking place in the field of education. Accordingly, we have provided required facilities in all our institutions and to all our staff and students. We have provided computer laboratories with internet facility to all our institutions where students and staff can avail of the internet to enhance their knowledge. Some of our libraries subscribe online database for the enrichment of knowledge of students and faculty members.

We have our Devendra Lath Communication Centre in which video-conferencing facilities are provided to our students and staff regularly. To extend our educational facilities beyond the

Hon. Secretary's Message

Shri Kailash Kejriwal

boundaries of our campus, we have started Kunjbihari S. Goyal Online Academy (GOLD Academy) which is presently providing lessons of undergraduate courses of B.Com along with BFM, CPT, Information Technology and entrance examinations of MMS and Banking courses. Our GOLD team is enrolling students from other colleges affiliated to Mumbai University and has successfully launched the new "mobile app" GOYAL Academy which will enable the students to directly log into their accounts of GOLD Academy through their Android mobile phones.

To cultivate respect for different cultures, we have also encouraged our institutions to organize Student Exchange Programme. Our Mainadevi Bajaj International School has taken a lead role in this area. They have been successfully organizing Student Exchange Programme with Scheffel Gymnasium, Bad Sackingen, Germany for the past three years. The Student Exchange Programme has been a holistic experience for the students with a blend of exchange of ideas in culture, history, language and system of teaching in both the countries along with a connect with nature while enjoying the sightseeing. Our Student

Exchange Programme has been strongly supported by many of our Donors and Trustees by sponsoring various programmes.

Time and again, we have invited many scholars from different universities in our campus. Recently, our noteworthy tie-up with a foreign university is the signing of Memorandum of Understanding with University of East London for academic collaboration with Durgadevi Institute of Management Studies and Deviprasad Goenka Management College of Media Studies deserves special mention. The MOU was signed by Shri Ashok M. Saraf, President, Rajasthani Sammelan and Prof. Nora A. Colton, Deputy Vice-Chancellor (Academics), University of East London. We are sure that this will involve Student Exchange, Faculty Exchange and Research Collaboration between our Institutes and the University of East London. We aim to impart education to our students in a way that will create tomorrow's leaders with a global mindset.

We believe that the physical infrastructure present in any institution helps to create the learning environment. An enabling, empowering and energized environment motivates and contributes to the well being of all stake holders engaged in teaching learning activities. Keeping this in mind, we have provided state of art classrooms, laboratories and libraries with rich collection of books to all our institutions. I solicit the co-operation and support of all Donors, Trustees, members of Managing Committee and well wishers to be a part of our educational endeavour.

From School to University: A Journey

'Education is a social process, Education is growth. Education is, not a preparation of life, Education is life itself.' - John Dewey

Rajasthan Sammelan Education Trust, a registered public charitable trust was established in the year 1948 at Malad, Mumbai. Rajasthan Sammelan established its first school 'Kudilal Govindram Seksaria Sarvodaya School' in the year 1959.

Over a period of 60 years, the trust has played a pioneering role in promoting various educational, charitable and social activities. With a humble beginning of a primary school, the Trust has spread its canvas of Education to Undergraduate, Graduate and Post Graduate Studies in the field of Commerce, Management, Information Technology and Media Studies. The trust under its umbrella has more than 14000 students.

Having gained sufficient knowledge and experience in the field of Education, the Trust is planning to establish 'University with a difference' with focus on Development. Development is not confined to macroeconomic forces of growth, however central that may be, but also focuses on the improvement of the individual and collective human condition, increasing choices and participation, equality, standards of living and wellbeing, the environment and sustainability, and on another level, development as a human and ways of being.

Higher Education or Tertiary Education, in this context, is not only about the development of knowledge and skills but also about raising the quality of life of people who can contribute not only for self development, but also for the community development.

Development is a constant process of improvement in which Education, Research and Service play prominent roles in creating positive change in the self, the people around us and the people in the community. Some of the areas that give us a direction in terms of the development in the Higher Education are:

1. Human Capital and Capacity Development
2. Methodological or Liberal Learning
3. Social values

Director General's Message

Dr. Nandkishore Kondap

4. Transformative education and critical approaches
5. R&D and Academic Research
6. Service to communities and community outreach

Rajasthan Sammelan- Higher Education, a unit of Rajasthan Sammelan Trust in its journey towards excellence, is working towards establishment of University with a Difference with Vision and Mission as envisaged:

Vision

To be a globally respected University that nurtures research and creates global leadership in human development along with social sensitivity.

Mission: To create an excellence in learning environment for aspirants through world class ambience an environment to achieve an excellence in research for the betterment of society an international institute which will add value to social, economical and national development.

The Development of the proposed University will focus on:

1. Concept of Clusters
2. Choice based credit system
3. Modular concept of teaching and learning
4. Technology enabled learning
5. Integration of Technology based education with Humanities and Social Sciences
6. Skill Development
7. Ethics and good governance
8. Community and Social Development

Concept of Clusters: Clusters allow an array of linked Institutes and entities essential to meet the competition. Clusters are a dynamic phenomenon characterized by the interaction and functional relationship between the entities. Information, Knowledge, Skill flow and social Infrastructures are critical in making an industry cluster effective. Clusters are believed to improve productivity and competitiveness of members through Collaborations.

Proposed clusters:

Cluster 1- Higher Education

The higher education cluster provides numerous capabilities and scope for the students to pursue their studies. Under Cluster 1, we plan to offer not just standard programs but also programs to meet the changing market dynamics.

Cluster 2- Centers of Excellence

It is not enough for a University to offer programs of teaching and learning, but also to equip itself with Centers of Excellence. Excellence is a moving target, we can never be at one place; there is always additional learning and growth as the Institute progresses. For a University or an Institution, excellence is a part of the process that is constantly scanning and analyzing and implementing the best way to do the things and thereafter translating that excellence into what is appropriate for a particular setting. Center of Excellence is a multi- disciplinary initiative to advance development in the focused area.

Centers of Excellence have a progression life cycle i.e. moving from Dependence to Inter-dependence.

Cluster 3- Skill Development

Its primary purpose is to provide vocational skills leading to employability. It encompasses the guidelines of the Ministry of HRD and National Skill Development Corporation (NSDC).

Cluster 4- School Education

It is the foundation level which primarily focuses on school education with SSC- HSC, ICSE, CBSE and International Board school curricula. Depending upon the students' aptitude and inclination, the students can then select the next level of Education.

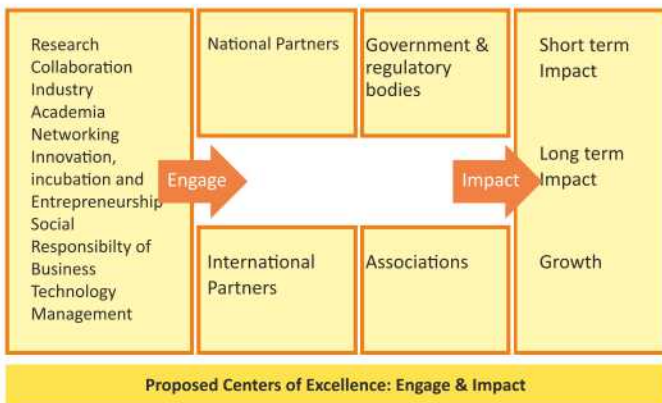

Proposed University will develop its philosophical base with the belief in

cooperation and coordination.

Future Direction: Having said the above, the proposed University plans to have a right balance between:

1. Maintaining academic values
2. Incorporating indigenous and alternative knowledge
3. Getting the right people the right education
4. Relevance of education
5. Innovation
6. Promoting access, empowerment of women, indigenous and marginalized and poor people.
7. Teacher Training and Faculty Development
8. Research and Publication
9. Functional Knowledge and Humanities and Social Responsibility.

As we set out for our Journey, the focus will be on Nurturing Excellence for a Better Future.

The new academic year started with a delightful note of excellent results in all the institutions of Rajasthani Sammelan at their respective Board and University examinations. Our students of Kudilal Govindram Seksaria Sarvodaya School and Kudilal Govindram Seksaria English School have made us proud by giving 100% results at the SSC Board examinations while students of Mainadevi Bajaj International School have also given 100% results at the IGCSE and IBDP examinations. Students of other institutions have also made us proud by their excellent results ranging from 95% and more. All our colleges and other institutes are busy with admissions. The college campus is buzzing with new students desirous of seeking admission in undergraduate and post graduate classes.

Admission time is also a testing time for parents. On one hand they have to try their best to admit their wards in desired courses and institutions. At the same time, they have to make provision to pay the fees. In the past few years, funding of educational institutions by the State or by the Central Government is slowly dwindling. Therefore, education is becoming costlier day by day. It is therefore becoming very difficult for middle class families to bear expenditure of educating their children, especially to provide higher education.

In recent years, teaching methods have also undergone changes. Classroom lectures are supplemented by presentations by LCD projectors, usage of internet, skype, air-conditioned computer labs and so many other teaching aids. This is becoming a challenging task for Managements of educational trusts to bear the burden of infrastructural costs and at the same time maintain the quality of

education.

With the starting of new academic year, many interesting events were organized by the institutions. The noteworthy event was celebration of International Yoga Day on Sunday 21st June, 2015. It was the first International Yoga Day observed all over the world. With the suggestion of our Hon'ble Prime Minister Shri Narendraji Modi, UN General Assembly declared 21st June, as International Yoga Day recognizing the ancient Indian Science's holistic approach to health and well being. While our Hon'ble Prime Minister inaugurated the International Yoga Day at India Gate, our schools enthusiastically celebrated it in the presence of Hon'ble Minister of State Smt. Vidya Thakur and Shri Jaiprakash Thakur, Vice President, BJP and members of Management with 1200 students participating in Yoga sessions.

During this time, the state of art office of

Rajasthani Sammelan Education Trust was inaugurated by the Trustee - Shri Banwarilalji Jhunjhunwala. This was followed by inauguration of RS CA Study Centre by the Chief Guests CA. Manoj Fadnis, President, ICAI and Guest of Honour CA. Sunil Patodia, Chairman, WIRC, in the presence of the Management members and guests.

We have taken a step forward to enhance academic excellence by signing a Memorandum of Understanding with University of East London for academic tie-up with Durgadevi Saraf Institute of Management Studies and Deviprasad Goenka Management College of Media Studies leading to Student Exchange, Faculty Exchange and Research Collaboration with both the institutes and the University of East London.

With the recently inaugurated Pravinchandra D. Shah Sports Academy in our campus, a plethora of opportunities have been opened before our students. All our institutions are regularly conducting sports activities on the sports ground and at the same time, it is also used by other institutes & organizations. The Academy offers sports facilities of Tennis, Basket Ball, Cricket, Football, Volleyball etc. and caters to the growing need of the students of our campus for sports facilities as many of them are already playing various sports at the District, State as well as National level.

We are sure that under the guidance of our visionary President and his team of Management members, our institutions will definitely grow further to greater heights.

Dear Reader,

A new academic year has just started and I sincerely hope that it marks a great year for all our educational institutions.

It is heartening to observe excellent results of our institutions at the Board / University examinations. Students of KGSS & KGES have given us 100% results at the SSC examinations held in February – March, 2015. At the same time, results of other institutions are above 95%. I take this opportunity to offer my compliments to the Management, Principals, Staff & Students for their efforts in raising the standard of education of all our institutions, over the years.

I am very happy to know that in the past few

months Rajasthan Sammelan Education Trust has started PD Shah Sports Academy to nurture and develop talents of students in sports. At the same time, the Management has recently inaugurated a RS CA Study Centre in collaboration with ICAI Western Region which is equipped with a library and a computer centre to facilitate CA students to study here as well as to provide training to them. Durgadevi Saraf Institute of Management Studies has also successfully conducted Third Convocation in the month of May for PGDM students.

I congratulate the editorial team for bringing out this informative quarterly bulletin in an artistic manner. I wish a great future ahead to all the institutions.

Dear Reader,

Through this issue of Abacus, I convey my hearty felicitations to the President, trustees, members of managing committee, principals, staff and students for the excellent progress and development of all the educational institutions and organizations run and managed by the trust.

I specially appreciate 100% SSC Board result of Kudilal Govindram Seksaria Sarvodaya School as well as Kudilal Govindram Seksaria English School. All the other institutions have given equally excellent results in their respective Board /University examinations. I am very happy to know that both the schools have enthusiastically celebrated International Yoga Day on 21st June, 2015 in a grand manner along with other institutes of Rajasthan Sammelan.

They are also taking the benefit of the recently started Pravinchandra D. Shah Sports Academy by conducting sports activities.

It is interesting to know that some students of Mainadevi Bajaj International School along with the Head of School visited the U.S.A. and attended a 3 day workshop at NASA where the children were exposed to many engineering challenges.

I am happy to know that Rajasthan Sammelan has taken a lead to start RS CA Study Centre in collaboration with ICAI Western Region. This will help the students pursuing CA to obtain library facilities as well as training in the Western Suburbs.

I wish a great future to all associated with Rajasthan Sammelan.

Warm Greetings and my best wishes to all the students in the campus for the new academic year!

It is a great pleasure to note that Rajasthani Sammelan Education Trust is progressing ahead with several new endeavors such as, inauguration of Pravinchandra D. Shah Sports Academy and state of art new office of the Trust. Naming ceremony of Amratlal Premchand Shah Library of MBIS , starting of the RS CA Study Centre with library facilities and training for students pursuing Chartered Accountancy. Signing of MOU for Academic collaboration of DSIMS and DGMC with University of East London for starting the courses of the

University on our campus, is also a significant step forward.

It is commendable that all the educational institutions have fared excellently at the respective Board /University examinations and specially congratulate Kudilal Govindram Seksaria Sarvodaya School as well as Kudilal Govindram Seksaria English School for achieving 100% results at the S.S.C. Board examination held in March, 2015.

My whole hearted compliments to the whole team of Rajasthani Sammelan, whose hardwork has made possible these achievements.

Dear Reader,

Warm Greetings at the beginning of the academic year!

It is my great pleasure to note that Rajasthani Sammelan is progressing and expanding in the area of educational endeavours. The trust has been successfully providing quality education to different sections of the society through a variety of courses offered by different institutions. At the same time, various facilities are provided by the Management to the staff and students to facilitate the teaching learning process.

Rajasthani Sammelan has taken care of the physical well being of the students by starting Pravinchandra D. Shah Sports Academy which is providing sports facilities like Tennis, Basket

Ball, Box Cricket, Foot Ball, Volley Ball etc. to the students of all the institutions of the Trust.

It is equally heartening to know that Ramniwas Bajaj English High School has received affiliation from Council for the Indian School Certificate Examination. The school also conducted various interesting activities such as Graduation Day of pre-primary, a summer camp, celebration of World Environment Day and celebration of International Yoga Day along with other schools of Rajasthani Sammelan. Mainadevi Bajaj International School also actively participated at the inauguration of P.D. Shah Sports Academy, conducted Graduation Day ceremony and a NASA trip by students and Head of School.

Dear Reader!

Rajasthani Sammelan is on a journey of continuous growth and development of its educational campus along with providing various facilities to the students. It is a matter of great pride for our family that Pravinchandra D. Shah Sports Academy was inaugurated recently in R.S. Campus named after my father Shri Pravinchandraji Shah. On the same day, the library of Mainadevi Bajaj International School was named as Amratlal Premchand Shah Library after my late father-in-law Shri Amratlalji Shah.

I am happy to know that the Sports Academy is encouraging the students to take training in various sports and is helping to develop the talents of the students of all the institutions. I

am sure that in future the students of our institutions can become National level players and can also represent our country at International sports events. The Sports Academy has proved to be a great boon not only to our students but also to many other institutions that are also conducting their sports activities here.

It is a matter of great pride that all the institutions have given excellent results in the Board as well as University examinations. Durgadevi Saraf Institute of Management Studies has recently signed a prestigious MOU with University of East London to start the courses of this University.

I wish a bright future to all the institutions of Rajasthani Sammelan.

Dear Reader,

In the past few months, Rajasthani Sammelan has crossed many new milestones and is aspiring to reach further. The Trust inaugurated Pravinchandra D. Shah Sports Academy at a glittering function held on 18th April, 2015 attended by eminent dignitaries, Management members, Staff and Students. It was followed by inauguration of newly constructed Office of Rajasthani Sammelan and RS CA Study Centre. Recently, the Trust has entered into an academic collaboration with University of East London. I take this opportunity to compliment the President and his team for the excellent work done in the field of education.

In today's world, it is necessary to equip the youth with education so that they can be engaged in fruitful occupation. Sometimes,

due to weak financial status many students are unable to continue their studies. With the aim of helping students coming from weak financial background, we have come forward to provide freeship to the deserving students through BKT Endowment Freeship Fund belonging to all the institutions of Rajasthani Sammelan Education Trust.

It is indeed heartening to know that in the past few months many faculty members from Durgadevi Saraf Institute of Management Studies and Ghanshyamdas Saraf College have successfully presented research papers at reputed National and International Conferences.

I congratulate all those who have jointly contributed in the achievement of respective institutions of Rajasthani Sammelan.

Dear Reader!

It is heartening to know that Durgadevi Saraf Institute of Management Studies is successfully promoting research work in the field of management studies under Remsons Centre for Management Research. In the past few months many faculty members presented research papers at various seminars across the country. Many seminars and workshops have also been organized by the institute to encourage research activities. Dr. Sharad Kumar, the Chair Professor and the Dean Academics of the institute is playing a lead role by holding review meetings and discussing with colleagues future plans of the Research Centre

I am very happy to know that Durgadevi Saraf Institute of Management Studies has signed a

MOU with University of East London for tie-up with the University in the presence of Prof. Nora Ann Colton, the Deputy Vice Chancellor of the University and Shri Ashok M. Saraf, President, Rajasthani Sammelan and other important officials. An International Educational trip was also organized by DSIMS for the students to Singapore and Thailand to visit the industries and understand their functions.

I take this opportunity to congratulate the President of the Trust and his team for starting Pravinchandra D. Shah Sports Academy, inauguration of the new office of Rajasthani Sammelan and RS CA Study Centre.

Dear Reader,

Way back in 1959, my father late Shri Vishwanathji Podar had visualized and started Sarvodaya Balika Vidyalaya School (now known as Kudilal Govindram Seksaria Sarvodaya School) with just two students. Since then Rajasthani Sammelan has continued its journey of educational endeavours and today I am very proud to note that our trust is providing education from pre-school to Post Graduation in the fields of Commerce, Management, Information Technology and Media Studies.

Presently more than 15000 students are studying in all the twelve institutions of Rajasthani Sammelan. I feel very happy to know about the excellent results of all the institutions. Three of our schools, namely Kudilal Govindram Seksaria Sarvodaya School (SSC Board), Kudilal Govindram Seksaria English School (SSC Board) and Mainadevi Bajaj International School (IGCSE & IB) have given

100% results at the Board examinations, while results of other institutions are above 95%. All other institutions have properly balanced between their teaching duties as well as conducting extra-curricular activities that are needed for all round development of their students' personality.

It is heartening to know that Rajasthani Sammelan has tied-up with ICAI Western Region to start RS CA Study Centre which will be named after my father Late Shri Vishwanathji Podar. In a city like Mumbai, students face difficulty to study in their own home due to space problem. This Study Centre will provide suitable environment to the students pursuing CA course. The study centre also has specialized training facility for the students along with library facility.

I am sure that Vishwanath Podar Study Centre will be of great help to many students pursuing this career.

I am pleased to know that Shri Murlidhar Karwa Knowledge Resource Centre is continuing to be a user-focused, innovative, and excellence driven library in Durgadevi Saraf Institute of Management Studies. It aims to contribute to the Institute's mission to achieve professionalism by supporting teaching, learning and research activities. The KRC regularly adopts new technology to meet the academic information needs of the users. It manages knowledge, both in print and digital formats.

It is heartening to know that presently Shri Murlidhar Karwa Knowledge Resource Centre has around 6000 books, and more than 50 periodicals (which includes journals,

magazines and newspapers), and also 4 online databases for full text articles, industry reports and case studies. The KRC extensively uses web based services for reaching out to its users to generate awareness about its resources. It provides the orientations and training sessions to the new users. Regularly sends the new arrivals list, current contents of the periodicals and news items to users through e-mail.

In the past few months, Rajasthani Sammelan has taken many new initiatives such as inauguration of Pravinchandra D. Shah Sports Academy, inauguration of RS CA Study Centre and academic collaboration with University of East London. I compliment the President and his team for the efforts taken by them in their educational endeavours.

Through this issue of Abacus, I convey my deep appreciation to all Office bearers, Trustees, members of Managing Committee, Principals, Staff and Students for their continuous dedication for the growth and development of all institutions and organizations under Rajasthani Sammelan.

I am pleased to note that Durgadevi Saraf Institute of Management Studies has been fully utilizing Nathmal Garodia Seminar Hall by regularly organizing seminars and workshops. The institute is also providing a helping hand to other institutions by making Nathmal Garodia Seminar Hall available for important seminars and workshops.

It is a matter of great pride that in the recent past Prof. Nora Colton, Deputy Vice-Chancellor

of University of East London was invited along with her team to sign a MOU with Durgadevi Saraf Institute of Management Studies and Deviprasad Goenka College of Media Studies for academic collaboration. The MOU was signed in Nathmal Garodia Seminar Hall by Shri Ashokji Saraf, President, R.S. and Prof. Nora Colton and was attended by Management members, Senior Staff and Invitees.

It is gratifying to note that Rajasthani Sammelan has recently started RS CA Study Centre in the campus. The newly inaugurated Pravinchandra D. Shah Sports Academy is also being utilized regularly to train the students on various sports activities.

I wish a great success to all institutions of Rajasthani Sammelan.

I am happy to know that the results of IGCSE and IBDP have been 100% this year. I take this opportunity to congratulate the Head of School, Staff and students for the excellent result. They also successfully organized 'Graduation Day' in Nathmal Garodia Hall. The Head of School alongwith some students visited U.S.A. for twelve days and attended a 3 day workshop at NASA.

It is interesting to know that Rashi Peripherals Play Area, is regularly used by the students of Mainadevi Bajaj International School for indoor sports activities which refreshes the children with new energy to concentrate in their studies. The activities include yoga, martial arts and art

of living that are organized for students from Play Group to Grade 12.

In the past few months other institutions have also progressed excellently in curricular and extra-curricular activities. Durgadevi Saraf Institute of Management Studies and Deviprasad Goenka Management College of Media Studies have entered into academic collaboration with University of East London and a MOU has been signed by Prof. Nora Colton, Deputy Vice-Chancellor of the University and Shri Ashokji Saraf, President, Rajasthani Sammelan.

Shri Beniprasad Luharuka Computer Lab has proved to be very useful for other institutions of Rajasthani Sammelan for conducting Online examinations as well as to access the portal of Kunjibihari S. Goyal Online Academy (GOLD Academy) by the students.

I am happy to know that many important academic activities have taken place at R.S. Campus in the past few months. DSIMS held its

third convocation for PGDM students along with handing over of degrees conferred by University of Mumbai to the MMS students. Recently a MOU has also been signed for academic collaboration with University of East London. It is gratifying to know that many students have benefited in getting overseas counselling for overseas studies from Ramdhar Maheshwari Career Counselling Centre and have received admission in reputed foreign universities. The Management has also taken initiative to start Pravinchandra D. Shah Sports Academy and RS CA Study Centre in the campus.

At the same time, a RS CA Study Centre has also been started to provide library facilities and training to students pursuing career as Chartered Accountants.

We are happy to know that at present approximately 15,000 students are studying in all the institutions of Rajasthani Sammelan which speaks volumes about the efforts of the President Shri Ashok M. Saraf and his dedicated team in their mission of providing

education to all sections of the society.

We have been associated with Rajasthani Sammelan to provide scholarship to brilliant students through IRB Endowment Scholarship Fund. It is heartening to know that many meritorious students, belonging to all institutions of the Trust, have been selected for award of merit scholarships from the IRB Endowment Scholarship Fund. The recipients of this scholarship have also been provided badges with the name of the scholarship embossed on it. I am sure these scholarships will spur many other students also to work hard and aspire to excel. I wish a bright future to all the students who have been awarded the scholarship.

Dear Readers,

Amongst the many aspects that contribute towards the growth of a young student is maintaining good health. A student having health problems will find it difficult to concentrate in studies and will try to keep away from participating in sports and other activities. Screening of health issues in schools as well as in colleges is a very effective way of analyzing the basic health status of each student.

I am glad to know that through late Shri Vijay Pal Singh Health Centre, institutions of Rajasthani Sammelan are able to address the health problems that often go unnoticed. Once health problems are identified parents are able to take proper and timely action towards improving the health of their children. I am happy to know that renowned doctors are visiting the health centre

regularly and are advising the students on health related problems.

In the past few months, Vijay Pal Singh Health Centre has successfully treated first aid cases in the clinic. Regular medical check-up of the school children in the areas of ENT, Skin care, general check-up, Eye and Dental check-up have been conducted successfully.

It is heartening to know that Rajasthani Sammelan Education Trust has taken further efforts by providing facilities of Pravinchandra D. Shah Sports Academy and by opening RS CA Study Centre for students pursuing Chartered Accountancy.

I congratulate the President Shri Ashok M. Saraf and his team for their vision and hard work in their mission of educational endeavours.

EXCERPTS OF INTERVIEW OF SHRI KAILASHJI PARASRAMPURIA

Shri Kailashji Parasrampuria hoisting the National Flag as the Chief Guest during Independence Day celebrations by Rajasthani Sammelan.

When and how did you get associated with Rajasthani Sammelan Education Trust?

I became associated with Rajasthani Sammelan Education Trust in the year 1980. Late Shri Vishwanathji Podar encouraged me to join the Trust. At that time, there was only one building of Sarvodaya Balika Vidyalaya School (now known as Kudilal Govindram Seksaria Sarvodaya School) in which our Hindi medium school was running. The Junior College had also started and was attached to the school. The classes of Junior College were also held in the same school building. The Head Mistress of the school Smt. Shakuntala Mehra was looking after both the institutions. In the year 1985, the school celebrated its Silver Jubilee. A grand function was held with His Excellency the Governor of Maharashtra Shri Kona Prabhakar Rao as the Chief Guest.

Since when did you start playing active role in the Educational Endeavour of Rajasthani Sammelan Education Trust?

In the year 1981, I became the Secretary of the Trust. At that time, the Management decided to extend educational opportunities to girls to a further higher level. We applied to the University of Mumbai to start a girls' Degree College. Great Industrialist and Philanthropist Shri Mahavirprasadji Saraf came forward with handsome donation to start the college in the name of his father Late Shri Ghanshyamdasji Saraf.

To get affiliation from Mumbai University was a difficult task and we had to struggle a lot. Time and again, we had to visit Mantralaya and meet the Officers of Higher Education Department for this purpose. Ultimately, we succeeded in getting temporary affiliation with the help of Hon'ble Chief Minister and Shri Murli Deora, Member of Parliament, interested in the cause of education. Our college was inaugurated on 2nd July, 1983 by Hon'ble Shri Sudhakar Naik, the then Hon'ble Education Minister, Government Of Maharashtra. The occasion was graced by eminent citizens and dignitaries. The Main Donor Shri Mahavirprasadji Saraf was also present along with members of his family. I remember the contribution of Shri D.R. Dhanukaji, Shri Vishwanathji Podar, Shri Banwarilalji Jhunjhunwala, Shri Mohanlalji Dalmia, Shri Prahladrajji Saraf, Shri Satyanarayanji Kabra, Shri Shrikantji Dalmia, Shri Kailashji Kejriwal and many other active members of the Managing Committee.

While starting the college, we had to abide by the rules and regulations of the Mumbai University as well as Education Department of Mantralaya. We formed the first Governing Council of the College with Shri D.R. Dhanukaji as the Chairman. Principal B.K. Acharya, was the first Principal of the college. After his superannuation, Dr. (Smt.) Sunanda Kar was appointed as the Principal of the college. During this time, the new building of the college was constructed and was inaugurated by Dr. P.C. Alexander, the then Governor of Maharashtra. I was at that time Vice-President of the Trust. Hence, I was a part of all the important decisions taken by the Managing Committee. During this time, the Managing Committee also took a decision to start an English medium school affiliated to SSC Board which was named later as Ramniwas Bajaj English High School. The school is presently affiliated to ICSE Board.

How did you contribute in the growth and development of the educational institutions of Rajasthani Sammelan?

I was involved with Rajasthani Sammelan from 1980s. I actively participated in fund collection and also taking various important decisions in the educational endeavours of the Trust. In the year 2007, the decision of massive extension, renovation and starting of new institutions in R.S. Campus was taken by the Managing Committee under the leadership of Shri Ashokji Saraf, President of our Trust. Soon, a transit school was built and children of KGSS were shifted to that transit school. The school building was demolished and in that place a building with twelve floors was constructed. In the course of time, Durgadevi Saraf Institute of Management Studies, Mainadevi Bajaj International School, Draupadidevi Sanwamal Women's Hostel,

Shri Kailashji Parasmurpuria felicitating Shri Sujay Jairaj Chief Guest at the inauguration function of P.D. Shah Sports Academy

Ramdhari Maheshwari Career Counseling Centre and Deviprasad Goenka Management College of Media Studies were started. All such decisions of starting these institutions were taken at the Managing Committee and the Board of Trustees. Being member of both the committees, I actively supported the projects and worked for the projects as and when required.

At present, I am the Secretary of the Governing Council of Ghanashyamdas Saraf College and I take active interest in the working of the college and introduction of new courses in the college from time to time. I am also taking keen interest in working of the Trust and completing all various formalities with the Charity Commissioner's Office from time to time.

Tell us some important incidents which you would like to mention in this context?

There are many incidents and events which can be mentioned. But the most memorable event was the re-accreditation of Ghanashyamdas Saraf College by NAAC with 'A' Grade. This was an excellent achievement as the college occupied eleventh position among the NAAC re-accredited colleges in Mumbai and fifth position among the colleges in Western suburbs. This achievement received due publicity from Media. Being the Secretary of the Governing Council, I gave full support to the Principal and Vice Principals for this noteworthy achievement. It was celebrated at a glittering function alongwith Dr. Rajan Welukar, Vice Chancellor, University of Mumbai, as the Chief Guest, Dr. Naresh Chandra, Pro-Vice Chancellor, University of Mumbai, as the Guest of Honour alongwith many dignitaries, Senior Principals, Trustees and Members of Management.

Rajasthani Sammelan Education Trust initially started girls' school and college which are now co-educational. What is your view on this matter?

It is indeed a wise decision that have been taken by our Trust. In today's world it is necessary to run co-education

institutions right from the pre-school stage. At the college level, this gives an opportunity for healthy competition in studies as well as in extra curricular activities. Besides, when the girl students start working on completion of their studies, they do not feel awkward to work with male members and interact freely with them. Rajasthani Sammelan has always focussed on changes as per the need of the time and this is one of the changes needed in the present socio-economic circumstances.

What is your message to the present team of Managing Committee members of Rajasthani Sammelan Education Trust?

I congratulate Shri Ashokji Saraf, his team of Office bearers, Managing Committee members and all the Trustees for the excellent work they are doing in the field of education. Along with imparting education, our Trust has provided various facilities such as a women's hostel, a career counseling centre, a health centre and an educational outlet in the campus. My message to them is that they should help the students who are financially weak and are eager to study. Besides, we must have placement scheme and establish contacts with corporates regularly so that our students get proper placement on completion of education. ♦

INTERNATIONAL COLLABORATION WITH UNIVERSITY OF EAST LONDON

Dr. C. Babu, Mr. Ashok Saraf, Prof. Nora Colton and Mr. Kailash Kejriwal

One of the significant land mark achievement for Rajasthani Sammelan Educational Trust (RSET) is that it has signed a Memorandum of Understanding (MOU) with the prestigious University of East London (UEL) on 19th June 2015 with a grand celebration at Rajasthani Sammelan's Educational Complex, S.V. Road Malad (West) in the presence of dignitaries, crafting an agreement for collaboration between the two educational bodies. The MOU was signed by Hon'ble President of Rajasthani Sammelan, Mr. Ashok M Saraf and esteemed Deputy Vice Chancellor (Academic) Prof. Nora Ann Colton of University of East London. The event was held at Nathmal Garodia Seminar Hall of DSIMS Campus.

The MOU broadly encompasses internationalization of both the institutes' campuses involving student exchange, faculty exchange and research collaboration which may include to explore (i) the opportunities of working cooperatively to establish a student and faculty exchange agreement, (ii) the opportunity of working cooperatively to develop an off campus Executive Education programme, and (iii) the opportunity of working cooperatively to arrange study visits of DSIMS students at UEL.

On behalf of Rajasthani Sammelan, Dr N. M Kondap, Director General of Rajasthani Sammelan Higher Education, extended a warm welcome to the dignitaries, trustees & all members of RS, Durgadevi Saraf Institute of Management Studies (DSIMS) & Deviprasad Goenka Management College of Media Studies (DGMC) on the occasion of signing MOU with UEL. Dr Kondap observed that International collaboration maximises the potential of academic & professional community. Partnership with International Universities facilitates Internationalisation of academic

programs and research, which not only strengthens the educational capacity domestically but also has a broader socio – economic & geo – political perspective. The President and Trustee of Rajasthani Sammelan and Chairman of DSIMS, Mr Ashok Saraf expressed his happiness with the collaboration by expressing that this primary MOU was just a beginning of the growth of Rajasthani Sammelan Education Trust (RSET) and he had a strong belief that with the association of UEL, the RSET would be able to scale up to a greater height, offering the best in class education to the citizens of Mumbai.

Deputy Vice Chancellor (Academic) Prof. Nora Ann Colton of University of East London shared her thoughts based on her personal life experience. She said that in this global world one should not think in a nationalistic way alone. Especially in higher education a broader platform of cross cultural understanding provides a transformational synergy in terms of critical thinking, research & innovations. She informed that UEL students' had fantastic learning experience over doing academic and industrial projects in India. So on behalf of UEL she expressed her desire and excitement over this momentous collaboration. At the culmination, Dr. C. Babu, Director of DSIMS proposed the vote of thanks and expressed appreciations for all the National and International delegates, honourable Trustees and all members of Rajasthani Sammelan.

This remarkable event turned out to be a defining moment for the Rajasthani Sammelan Higher Education and will definitely help DSIMS to attain its next best level of creating Enterprising Tomorrow's Leaders with a Global Mindset.

Ms. Suchitra Pareekh, Principal

The month of April, May and June were power packed with many important happenings. The most significant event was the second inspection for ICSE affiliation. Mrs. Bidutlata Ojha, Principal of S.C.B. Medical Public School, Cuttack came from Bhubaneswar to carry out inspection on Monday, April 06 & Tuesday, April 07, 2015. She visited each and every class, interacted with the students at length and distributed sweets to each and every one. After which she studied the documents asked some questions and gave many incidents to educate us from her rich experience of 35 years. It was very fruitful exercise.

May 21, 2015 was a moment of pride and rejoicing, when we received email intimation from The Council that our school is granted Provisional Affiliation and that we could pay the affiliation fees. The same was promptly done. The School Code number was awaited till the end of the month. The Principal distributed a sweet to all in the campus immediately. Mrs. Archita Rajpuria brought two huge cakes for all the HOI and the RBHS staff the following day and expressed her Joy. We got the Provisional Affiliation Certificate from The Council dated June 05, 2015.

Prior to the summer vacation the Preprimary had a talent show during the Explorer Club from April 06 to 08, 2015. It was a fun filled learning experience

educating the little ones on leisure time activities. The students of Primary and Secondary had Summer Camp from Tuesday, April 21 to Tuesday, April 28, 2015. The Std I to III had a session on Art-Craft, Yoga, Games for Concentration and Learning through Multiple Intelligences every day. The students reported having to enjoy the games for Concentration the most. The Students of Std. IV to VIII had a session in Drama for all along with Sports skills and Yoga for boys and Classical Dance for girls. The students could not decide which one was the best, they enjoyed each and every minute of the camp. On the last day, April 28, 2015 the students presented a sample of their experience and shared their feelings about the summer camp with the rest of the school. They even wrote on the I love RBHS Summer Camp Wall, what they did and feel about the activity.

For the teacher the last day before summer vacation was Thursday, April 30, 2015. They had a practical session to play the learning games they had prepared for the teacher's day competition. Ms. Bijal Joshi's game won the cash prize of Rs. 2100/- sponsored by the Principal, Ms. Suchitra Pareekh. The criteria were that by playing the game learning of the topic must happen as per the aim and objectives of the game. The aim should be stated clearly and the instructions for the game should be so clear that any one can pick it up read the instruction and play it.

A lot of planning and preparation for the next academic year was done during the month of May. The academic year 2015-16 started with teachers joining school on Monday, June 1, 2015. There was one week of training, preparation and induction programme for all the teachers; the same continued for one more week for the teachers of the Pre-primary school. School reopened for Primary (from Std. II to V) and Secondary section on Monday, June 08, 2015. School Reopened for Std. I on Tuesday, June 09, 2015. School Reopened for Pre-primary Section on Monday, June 15, 2015.

Ms. Shagufta Parkar, Head of School

The staff and students of MBIS worked with zeal and enthusiasm throughout the school year, and with incredible support from the parent community, we were able to accomplish all that was planned with a great sense of satisfaction.

PRE PRIMARY & PRIMARY CULMINATIONS: All the grades in the Early Years and Primary had their respective culminations. Each grade students put up skits, songs and various presentations in front of their parents to showcase their understanding about their Area Of Inquiry.

On 29th and 30th April classes presented their Culmination of learning in front of the parent community and were praised for the effort and understanding of the students.

INAUGURATION OF THE SPORTS ACADEMY:

18th April 2015 witnessed the much awaited inauguration of the PD Shah Sports Academy in the R S Campus. Parents, students and teachers of all institutions of Rajasthani Sammelan attended this grand event.

A state of the art sports facility brought cheer to the students and parents. Kooh Sports a professional agency conducting sports programs in schools has been appointed to conduct the Physical Education program at MBIS from July 2015.

CIE CHECKPOINT EXAMINATIONS & RESULTS:

The Grade 8 appeared for the CIE Checkpoint Final Examination on 20th, 21st, and 22nd April 2015 for the core Checkpoint subjects: English, Mathematics and Science. 14 students of grade 8 appeared for these exams. These examinations were followed by the final assessments for other subjects like Hindi/French, Humanities and ICT. The students have performed extremely well at the examinations.

MBIS opted for the March session of the IGCSE examinations introduced especially for Indian students by CIE. The CIE IGCSE

Grade 10 results were declared on 20th May 2015. 14 students appeared for the exams. The students performed exceptionally well. The topper was Sparsh Dalmia with 91%. 16 students appeared for the IBDP May, 2015 session examinations which concluded on 22nd May 2015.

"DIP IN IB" PROGRAMME:

Launched "Dip in IB" programme as the one-off initiative at MBIS as no other school in the world does this in the month of April, to not only create and enhance understanding among the students about IBDP but also to ensure that students who appeared for IGCSE at MBIS should get enrolled for IBDP as well at MBIS.

GRADUATIONS:

Senior KG and Grade-5 students had their

Graduation Day on 14th May, which happened to be their last day in school. The students looked smart in their robes and graduation hats. Students from Grade-5 read out their reflections about their journey in the Primary section.

The Grades 10 and 12 students were graduated on 23rd May 2015. 14 students of grade 10 and 16 students of grade 12 received a Certificate of completion of their IGCSE and IBDP courses respectively. The formal functions were conducted in the Nathmal Garodia Hall and were attended by the parents of the respective classes.

MBIS Students in the workshop at NASA

NASA TRIP:

6 students along with the HOS visited the USA for 12 days and attended a 3 day workshop at NASA where the children exposed to many engineering challenges under the guidance of mentors and instructors. Other places of interest visited were Niagara falls, Monuments at Washington DC, Universal Studios & Disney Land.

As we prepare for a new academic year, we look upon the events of the previous year, cherish the memories and look forward to progress at a steady pace. ♦

Unlocking the Secrets to your PSQ (Personal Selling Quotient)

When one is on any network, one is visible to the whole world. Organisations first look a person up online, before deciding to call him or her for an interview. This is where personal-branding becomes a necessity. Personal branding not only helps build up the candidate's digital persona, but also helps him / her in getting noticed by prospective employers, business partners and industry leaders.

Understanding this phenomenon, DGMC organised an interactive seminar on Personal Branding - The key to success in this Digital Age. The seminar focussed on unlocking the secrets of promoting one's persona.

Students & professionals from various streams attended the seminar held on 23rd May 2015. Ms. Chetna Mehrotra, founder Chetan Mehrotra Image Consultancy and Mr. Rahul Kanchan, Founder Dash Creative & Marketing Solutions enlightened the students about unlocking their hidden potential, their personal selling quotient (PSQ) to attract employers. Ms. Chetna Mehrotra spoke on image building and tapping the inner potential while Mr. Rahul Kanchan spoke on creating a robust personal brand on the digital platform.*

VISION MEDIA

DGMC organized two seminars titled "VISION MEDIA", which focused on "Career Opportunities in the sectors of Media, Entertainment and Advertising". The objective of the seminar was to give a comprehensive perspective to students on the career opportunities available in the above mentioned sectors and the skills set required to join these sectors. It also gave details about various courses that students need to pursue for a career in their preferred field. The seminar was open to all student aspirants who wish to pursue a career in the said sectors.

The seminars were held on 30th May and 26th June 2015 at DGMC.

The following industry professionals were invited to speak on various topics:-

Mr. Sanjeet Saha, Vice President - International Business at Star TV spoke on the growth and career opportunities in the television industry.

Ms Sumita Das, Associate Vice President - OMD, Mumbai explained how the advertising industry functions.

Prof Sumita Das interacting with students at the Vision Media Seminar

Ms Susmita Singhdeo, Head- Marketing and Communication at Dream Theatre (P) Ltd. informed about the emerging industry of Licensing & Merchandising in India.

Mr. Moneesh Chakravarty, Marketing Head - Western Region, Red FM shared with the students about the kind of skill-sets that are required to be a part of the radio industry.

Mr. Jayesh Majumdar, Director-Commercial, Viacom Motion Pictures discussed the overall macro environment of the movie industry. ♦

YOUNG EVOLVING MINDS

Established in 2014

Ms. Niti Goenka, Mentor

The month of April marked the end of the first academic session of Rajasthani Sammelan's International Playschool.

The little ones had their Portfolio Sharing Day on the Friday, 10th of April and bid adieu to their life's first teachers. The year that was full of excitement, fun and play had come to an end only to bring in a fresh new lot of little ones in the next session.

RSIP conducted a Summer Camp for young enthusiasts for 2 weeks in April. It was thoroughly enjoyed by the preschoolers who participated in it.

The month of May was vacation period for the babies and we started with a fresh batch of 22 little ones in June. On Saturday 6th June 2015, a Family Day event was organized in the school premises for children between the ages of 1-2.5 years who live in the area. Children from the locality were invited along with their parents and various activities including sand play, water play, games, music and art activities were conducted.

The event was thoroughly enjoyed. An Orientation for the parents of the newly admitted children of RSIP was conducted on Friday 12th June 2015. They were apprised of how the curriculum would progress throughout the year and other general rules to be followed.

The session began on Monday, 15th June 2015. After the initial settling in period of a week, the children started participating in various activities including an activity of Show and Tell on Wednesday, 24th June 2015. They brought toys from home and showed them to their classmates and said a few words about the toys.

Art activities related to monsoon were conducted with relation to seasons. The babies are too little and dealing with the separation trauma is very challenging for them. Hence settling them took two weeks. By the end of the month, however, the babies were quite comfortable.

Thus, we embark upon yet another journey with a new set of little ones starting out in life...hoping to make them happy, hoping to influence them such that they love learning, hoping to fill their lives with joy. ♦

Top 9 Parenting Tips

- 1 Show them you love them** - Children need physical comfort from both parents. Cuddle and stay close to them.
- 2 Maintain boundaries** - Children need to know what's acceptable and what's not. However liberal you are, make sure you define and protect the boundaries of tolerable behavior.
- 3 Listen** - Even babies vocalize a wide range of feelings and demands. Older children learn by asking questions. Make time to listen.
- 4 Tired kids sleep longer** - Exercise is good for us all, particularly the young. If your child is constantly on the go, take him or her to the park and play ball. Encourage them to play a sport.
- 5 Keep your cool** - Don't let your little darlings wind you up. Getting heated won't help them understand what they're doing wrong.
- 6 Spare the rod** - If you're over 40, the chances are your parents and perhaps teachers hit you when you were bad. Psychologists now believe this gives all the wrong messages. Impose sanctions instead.
- 7 Don't criticize** - Self-esteem is fragile in the young and easily damaged. Criticize bad behavior but don't criticize the child.
- 8 Give them space** - The older a child gets, the more they'll value their own private space. If you're worried by what you might find, don't poke around in their room.
- 9 Involve your own parents** - They managed to raise you didn't they? So why not make sure your children build strong relationships with all of their grandparents.

Mrs. Dixha Nath, Director

Uncertainty is a sign of humility, and humility is just the ability or the willingness to learn.

— Charlie Sheen

The period of April to June in the Academic year is of great significance for the students. The students are not only graduating from one Grade to another but also it is crucial time to take Career decisions for many students.

RMCC team was not only assisting in house campus students but also reach out to many students through Career exhibitions, orientation and seminars. More than 300 students visited the centre to seek assistance and guidance for their way forward.

RMCC participated in Times Education Boutique held on 24th April- 26th April, 2015 at NESCO ground, Goregaon East. Various promotional schemes were introduced during the event and information about the centre was being shared with the visiting parents and students. More than 200 parents visited the stall. The students and parents visited the centre for taking Career assessment test and to seek guidance from Counselors. Career assessment test along with the advice from the Counselors helped student to choose Career, streams and subjects.

Students were provided with various Career option details with respect to eligibility, curriculum, duration, and industry and work profile to make a well informed decision.

Sessions on behavioral and personal counseling

were conducted at the centre. IQ assessment, WRAT test were conducted to identify learning difficulty in small kids. Play therapy, Remediation and Speech therapy has been done to help students to cope up with the difficulties.

School counselors have worked with the school Principals to plan the new academic sessions which will include Classroom process, counseling and group sessions. Group sessions were conducted in KGES and RBHS. Students were provided guidance to develop self acceptance, self-awareness and for accepting individual differences. They were also made aware about importance of value and gratitude. Workshop was conducted for the teachers of RBHS and KGES to make them aware about identification of Learning Difficulty.

New pre-primary and primary students registered for Helen O' Grady drama sessions to build their communication skill and personality through Drama. Students not only enjoy these sessions but

also on completion come out as confident kids.

BATTOL, a Dermatoglyphics Multiple Intelligence Test DMIT has been introduced at RMCC. DMIT studies the unique developmental potential within an individual, by studying the ridges and undulations on fingerprints. DMIT gives an accurate understanding of a person's multiple intelligences as well as his/her innate potential capabilities and personality. This can help them decide between multiple choices available in different fields such as education, hobbies, sports, art, music, career options and more.

Students registered for overseas counseling have been receiving offers from their dream Universities. New students have registered for counseling and many aspirants have started with preparation through coaching for eligibility examinations such as SAT/GMAT/GRE/ILTES.

LEARNING BEYOND BOUNDARIES

Established in 2014

Mr. Narinder Singh Bhogal, COO

Acknowledging the fact that the youth of today is very comfortable with gadgets and fond of technology which is looked upon as a fast, cosy and convenient way to undertake many activities, we at GOLD (GOYAL ACADEMY) successfully initiated the process on the same lines. Much will be said as we progress further into the article. To begin, let us understand our "Vision".

We at GOLD (GOYAL ACADEMY) intend to get huge quantity of learning content from the community at large and impart quality learning content by use of technology and tools, to every Indian learner, regardless of age, location and financial ability so as to contribute in the enormous needs of our country.

Our thrust is and will be to provide free education. This will remain a winning strategy for us, for a long time.. For this purpose an internal team has been formed, which has undertaken the task of marketing the Academy to various Govt. Departments, corporate and donors.

Moving a bit away from our earlier process of reaching out to students only through colleges and classes, we have now laid stress on using the various online modes such as Face-Book, Twitter, Email and SMS. GOLD (GOYAL ACADEMY) with a

catalogue of Online learning products across the gamut of Aptitude Tests, CA-CPT, Commerce, Economics etc, recognises the online medium as one of the important channels through which learning can reach students. Keeping all this in mind, we have launched some of our new initiatives on Face-book for spreading word about our portal catalogue and reaching out to keen learners who wish to upgrade their knowledge and improve their knowledge of various subjects to a deeper level. We are also in the process of constructing a blog which will give interesting inputs useful for students and young working people.

Content Up-Gradation.

Content which plays an important role in creating value for the portal is continuously enhanced; we have been uploading FYB.Com, SYB.Com and TYB.Com content on the portal in the form of Videos and PPT Presentation with voiceover facility. The syllabus is exhaustively covered thereby assisting the students to retain the content in their mind for a longer period of time. We have also come up with a mobile app., once downloaded on Android hand-sets, this app assists the students to access the content anywhere, anytime. The content team has also been successful in uploading MCQ's related to various B.Com subjects thereby allowing students to test their knowledge of the concerned topic/ subject.

It may also be interesting to note that with a surge in opportunities in the banking sector, the GOLD (GOYAL ACADEMY) team has uploaded practise MCQ's of all modules related to banking entrance exams which enable students to access their performance and parameters for the same are concept knowledge, time and level of performance. GOLD (GOYAL ACADEMY) has also given importance to graduate students with a view to assist them in studying further, we have uploaded MBA entrance content in the form of MCQ's connected to CAT (MBA Entrance), thereby assisting students to crack entrance exams and find a good college to study further, thus, enhancing their career opportunities.

Futuristic Commitments

We intend to start spreading our wings, we at GOLD (GOYAL ACADEMY) are in discussions with the German Parkar Trust to have their students register under our wings, and these students who are registered under distance learning mode with Mumbai University shall be provided complete academic support across the three years of their

B.Com. We intend to start real time lectures for these students and for all those students who cannot attend lectures based on various personal reasons and also for those students who are based in rural areas. Our team has also initiated a process to approach the Mumbai University with the intent of providing Online Academic content to students doing graduation under the distance learning mode.

Sky is the limit and we intend exploring every possible opportunity that can be on offer through the online mode thereby making education possible to those under-privileged students who cannot make it to colleges or stay in rural areas. ♦

FITNESS REGIME

Established in 2015

Mr Dharamraj Yadav, Sports Instructor

PD. Shah is a multisport academy covering an area of approximately 24,000 sq. feet. It has been built using artificial turf which has been imported from New Zealand. The facility is of an international standard which facilitates sports like basketball, volleyball, tennis, box cricket, Futsal, skating etc. making it a new focal point of the Rajasthani Sammelan campus. The floodlights installed provide broadcast level illumination enabling a live broadcast.

The ground is being used by the schools and other institutions on campus in the morning hours from 7:00am to 3:00pm. The students use it during their school hours for physical exercise and sport. Post 3:00pm various school team building activities for football, basketball and cricket are carried out. People around the community use the same during non school hours on a pay and play basis.

Mainadevi Bajaj International School has tied up with KOOH Sports to offer specialised coaching to the students. KOOH Sports is a new age Sports Education, Training & Technology Company set up with a passion to get kids of today to embrace sport and more importantly a healthier life style. KOOH

Sports aims to be present throughout the journey of a kid from early stage movement to being active for life and for a persistent few even turning professional at a sport of their choice. We also have specialised coaches training the MBIS school teams in football, cricket and football. The coaches exhibit expertise in the particular sport and are aimed at developing appropriate skills in the students. They also run the football academy which is open for all. 23 children are enrolled in the academy training twice a week. Rminent coaches like Coach Dhaval for basketball and coach Prasad Manjrekar for cricket team practice and football coach Charles train the students in the academy.

Since its inauguration in April various activities have been carried out on PDSA. Reputed organizations have carried out cricket tournaments as a part of their team building activities. The Mayor Cup 2015 football tournament was played at PDSA in July. In its endeavor to promote futsal amongst the youth, Rajasthani Sammelan organized and sponsored a futsal tournament in which 32 teams from across Mumbai participated. The winner was awarded the RS trophy by Mr. Vinay Saraf and Mr. Vinod Dalmia.

Mr. Dean Gilchrist (MD Sportspro, Australia & older brother of former Australian Cricket player Adam Gilchrist) visited Rajasthani Sammelan campus on 24th July 2015 and interacted with the children of our schools at PDSA. ♦

GRADUATION DAY CELEBRATION AT KGES

Performers of the Day

"Good byes have never been easy, especially to those whom we have not only nurtured but loved deeply".

The Graduation ceremony at KGES was indeed a culmination of the three year Kindergarten enrichment program consisting of Nursery, Junior KG and Senior KG.

to the poem "I can stamp my feet".

Ms. Kruti, Ms. Palak, Ms. Divya and Master Nilang were received with a thunderous applause when they took over stage for anchoring the show.

It was the turn of the students of Sr.KG A to come up on stage and proudly receive their Graduation Certificates

Tiny Graduates with our Guest Ms. Rajkumari Goenka and Principal KGSS Ms. Latha Venkat

Master Pratyush Kalwar receiving Graduation Certificate from our Guest Ms. Nandkumari Saraf & Ms. Kanchan Murarka

The day was celebrated with great fervor and gaiety in the Durgadevi Saraf Hall in our own campus. The bonanza was a unique blend of songs, dances and scintillating performances all captivating the audience.

The guests for the event were Trustee, Ms. Neera Saraf, Ms. Suman Kedia, Ms. Nandkumari Saraf, Ms. Rajkumari Goenka, Ms. Chanda Gupta, Ms. Kanchan Murarka and the HOIs of RS.

The grand finale began with a prayer song by the little ones from the Nursery "Humko Mann Ki Shakti Dena". The innocent children were really plunged in prayer as though they understood song. What calm and peaceful beginning it was!

A few more Nursery kids followed the prayer song by exhibiting how easily they could obey commands dancing

and Medals.

The Jr.KG kids dressed up as Teddy Bears spread the message of love for nature through their performance on the song "Baby Vuvu". Students of Sr.KG B walked in smartly wearing their Graduation robes and caps to receive their Graduation Certificates and Medals.

Amidst the vibrant music and the breathtaking colourful costumes, came the kids of Jr.KG to perform on the famous song "Star Jump". The mesmerizing performance of the Jr.KG Kinder was followed by the kids of Sr.KG C all set to receive their Graduation Certificates and Medals.

KG is the first experience in schooling where the child moves from the mothers loving lap into the fond arms of the Teachers. Who else can explain this transition better than a parent? It was now time for Mr. Samir Khan, father of

Ms. Mehrish Khan to acknowledge and appreciate the staff for their efforts in making the kids socially, emotionally and physically developed and ready enough to face the challenges ahead.

The teachers in the KG section like a caring ponder shape and mould the child with tender loving care into confident boys and girls stepping into Primary Section. The mothers wanted to thank the teachers for their sincere efforts and chose the dance form to showcase it. Mrs. Ingle, Mother of Ms. Siddhi Ingle and Mrs. Jain, Mother of Mast. Vihaan Jain danced to the tunes of the famous Bollywood numbers "Nagada Sang Dhol" and won the hearts of one and all present.

Ms. Divya Sajani, the newly appointed Admission Officer, grabbed the opportunity to announce the opening of admissions for the next academic year and requested parents to contact office for queries and details.

Every event has award winners. For this Graduation Day the Best Student Awards were presented to Mast. Rahul Trivedi of Nursery, Ms. Bhavi Mehta of Jr.KG and Master Anuj

mind came the Sr. KG students to shake it up all as they gracefully danced to the tunes of "Shake it Up"

To give the parents a quick review on all that their child learnt and did in Sr. KG throughout the year, Ms. Pallavi Shedge read out the Annual Report along with a video presentation of all events leaving the parents totally in a state of awe.

Promises have wings and they often fly away. Our young buddies who have a promising future wearing their Graduation robes and caps took stage to dance to the "Graduation Song – One Vision One World". The co-ordination, the stage management and the joy on their faces with each step was enough proof to explain indeed how happy they were.

Behind every great show there is always someone exceptionally good above the rest. This year Ms. Rakhee Pandya was adjudged the Best Teacher in the Pre Primary and was awarded with a certificate by the hands of the Principal.

- **Most Memorable Event in the Institution:** My experience at my college was truly a memorable one. It was all the more so, as I pursued M.Com after my marriage. My husband and in-laws were very supportive and wanted me to gain higher education for pursuing a professional career and be independent in every respect. I thoroughly enjoyed my classes and made many new friends. My college not only helped in developing academic skills but also provided exposure to many extracurricular activities. I distinctly remember being the compere for a symposium comprising of distinguished academicians and being praised by them for my communication skills. I realized later in my

professional life that along with academic skills, public speaking and communication skills are equally important to succeed. With regard to academics, Ghanshyamdas Saraf College has the best faculty and I passed M. Com in 1st Class. On the lighter side, I still recall going for snacks breaks and interacting with my friends. I do wish that those wonderful days would return someday. I do owe a lot to this institution for shaping my life and making me a confident person, who can take on all the challenges in life.

Most Memorable Event in the Institution: I was fortunate enough to pursue my MMS from DSIMS, where I had the most 'Learning Experiences' (both practical and theoretical) of my life. I really appreciate the unique pedagogy followed at DSIMS to empower students to organise various management events of the institute. I get nostalgia for the days spent at DSIMS as there are many memorable moments to share. The ice breaking session games, the boot camp, our first conclave 'Opession', wow!! That was the first time experience to help in organizing the whole event and

meeting face to face with the corporate delegates. Similar experiences during Touge, Financia & HR Conclave. We loved organising the Event with the professors, bringing in sponsorships and Planning the marketing strategies both Online and Offline for the event. I am sure so much exposure no other institute in Mumbai can provide to their students in 2 years of Post-Graduation. We also had fun enjoying days during Sabrang. Versus and 22 yards. We are lucky to be associated with the Institute and wish best for the future. We are sure DSIMS has a great future under the noble guidance of the Visionary Management and such an experienced Faculty Staff. We thank the institute for appreciating our hard work and contribution for the institute by awarding us and it really means a lot to us. It really boosts us in our career start-up.

CORE STABILITY

By **Dr. UTTAM KENDRE**
Director of Physical Education and Sports
University of Mumbai

In recent years, core stability has become one of the popular trends in conditioning, fitness & rehabilitation. Fitness practitioners have increasingly recommended core stability exercises in sports conditioning programs. Greater core stability has many benefits for improve sports performance by providing a foundation for greater force production in the upper and lower extremities. Contrary to traditional methods, where the emphasis was put on strengthening the limbs, the focus of training is on the centre of the body the core. Why? Simply because good core stability helps to maximize performance, prevent injury and protect the spine in sport as well as in everyday life. Biomechanical researches concluded that, power is derived from the trunk region of the body and a properly conditioned core helps to control that power, allowing for smoother, more efficient and better co-ordinated movement in the limbs.

Medical evidence suggests that, decreased core stability may predispose injury and deteriorates the sports performances. While appropriate training may reduce the risk of injury and enhance the sports performances. Apart from that the muscles of the core help to protect the spine from

extreme ranges of movement and from the excessive or abnormal forces acting on the body. Improvement in performance, injury prevention and protection of the vertebral column are the benefits of core stability. In practice, the core serves as: A muscle corset, the centre of the kinetic chain, the powerhouse. In anatomical terms, core stability describes the muscular control required around the Lumbopelvic hip region to maintain functional stability.

Traditional resistance exercises have been modified to emphasize core stability. Such modification have included performing exercises on unstable rather than stable surface, performing exercises while standing rather than seated, performing exercises with free weight rather than machines, and performing exercises unilaterally rather than bilaterally. During preseason and pre competition and competition season meso cycle, free weight exercises performed while standing on a stable surface are recommended for increase in core strength and power. Free weight exercises performed in this manner are specific to the core stability requirement of sports related skills due to moderate level of instability and high level of force

production conversely, during post season and off season meso cycle; Swiss ball exercises involving isometric muscle action, small loads, and long tension time are recommended to improve proprioceptive and reactive capabilities which may reduce the like hood of lower extremity injuries.

What is core stability?

Core stability is the ability to keep spine straight or elongated from your tail bone to the top of your head, while keeping shoulder and hips level in line. Core is the base of support, not just in workout but in every life to move body most effectively. Core strength, core stabilization and core support are buzz word that mean pretty much the same working abdomens and other postural muscles to help create & maintain ideal alignment, back, improve postural alignment. While giving core training beware of crunches start activate your deep muscle simple exercises for postural muscles then exercises for stabilization and deep stabilization that will help to improve balance and coordination.

Core stability is the foundation for explosive movements and control agility. Balance and co-ordination qualities require in

competitive sports in nut shell, body can function more effectively. Developing of core stability helps to become more stable better control and become social while performing, improve posture greater capacity for speed generation, more effective use of muscle power, decrease injury risk, increased ability to change direction controlled body momentum improve balance and muscle coordination.

The core is where the most of the body's power is derived; it provides the foundation for all movements of the arms and legs. The core must be strong, have dynamic flexibility and function synergistically in its movements in order to achieve maximum performance. Motion of the human body is not isolated to one muscle or tissue moving in one specific direction. Rather it is a complex event involving agonistics and antagonistic structures that work together to create force to changes in position and for location and to stabilize the body in all three direction planes. Core includes the throes chest rib cage; abdomen spine, shoulder, pelvic girdle and act as base for all

movement which is generally overlooked. Training the core area improve lumber stability and increase the speed of trunk rotation which leads to improve velocity and control of skills. Own body weight to perform may be the exercise use to the core training.

The main muscles involved in core stabilization can be divided into two categories: 1. Global (dynamic) muscles are the large muscle groups lying close to the surface. They link the pelvis to the rib cage and apart from providing general trunk stabilization, their main function is movement. These are: External Oblique's, Internal Oblique's, Rectus Abdominals, and Erector Spines.

2. Local (postural) muscles are smaller muscle groups lying deep in the abdomen. They attach directly to the lumbar vertebrae and are responsible for providing segmental stability by controlling the lumbar segments during movement. These are: Transverse Abdominals.

Despite the popularity of core stability training, relatively little scientific research has been conducted to demonstrate the benefits for healthy athletes. The purpose of review is to critically examine core stability training and the health status of the athlete. Further it may provide insight into what core stability actually is and how it can impact on training. Lots of efforts have been made in recent year on the concept of stability in musculoskeletal linkages and joints. Studies were conducted to explore methods to better assess the risk of injury due injuries among time fighter efforts; to develop and assess the effectiveness of interventions functional movement performance and reduce injury.

Anderson sermark (1980) formalized stability in muscular system using a very simplistic model of the spine, and formalized mathematically the concept of energy wellness, stiffness stability and instability. His work did not see to go for at that time because the engineers who understand the mechanics did not have the clinical perspective while the clinicians were unable to interpret the engineer's mechanics.

Luck (2000) concluded after six week of core training to the athlete and base ball players, both the groups improve in functional performance, stability and proprioception. The addition of core stability exercise did not result in significantly different outcomes. It is possible that the core stability program may not have been functionally challenging to the core.

Core training

Core training is very popular philosophy sweeping over fitness program. At a quick glance core training appears to be simply abdominals exercise and lower back exercises, but core training is so much more. Core training is all about good segment, joint stability and efficient movement and core includes entire spine shoulder girdle and hip girdle. Relatively static exercise was used in the core training programme rather than Sports Specific Training. While performing core exercises one can focus on three things i.e. stability, strength, and power.

*Stability refers to the ability of the muscle to maintain a joint position; posture and alignment.

*Strength refers to the ability of muscle to move a certain amount of resistance through the full range of motion.

*And power refers to the ability of the muscle to move body with speed.

Basics of Core training Stability exercises are typically isometric in nature; it can be done with or without equipment. Pilates is an excellent way to work your entire body including the all important core. Yoga practitioners and professionals dancers

have long known the secret to getting a strong core, even before much focus was placed on maintaining this area of the body. The enviable posture of Pilates and yoga devotees, as well as long time dancers is a testament to what effective core also available for use of core training including item such as planks bridges, yoga arms and leg reaches, Straight crunch, crossover crunch, back extension, arm sweep, and plank or push up. There are number of exercises that can perform with or without equipment such as medicine ball, Swiss ball, Gym ball, stability ball, weight, heavy bars, rebock core band. There are other core stabilization exercises that are specific to Pilates or yoga. Bicycle maneuver, captain chair, these exercises requires a pair of bar on which the exerciser can rest the fore arm while letting the feet stay of the ground.

Core stability exercises have been designed to develop torso strength balance and stability otherwise known as core stability. All the physical training should begin with a detailed assessment of movement patterns. Developing understanding of how your body is built, physical strength and weakness and postural consideration are key to developing fitness program.

- Conduct load test before intensity of exercise task.

- Training process keep emphasis on stage of development.

- Focus of larger trunk muscle for postural development to built strong base of support.

- Decide time, proper rest and recovery for recovery and regeneration in order to grow and proper development.

- Arrange alternate exercises for different parts of the body, change exercise frequently to avoid accumulated fatigue on any specific area.

- Technique and form are never compromised performance will suffer if you choose an exercise load which cannot be managed properly. Part of weight lifting is learning how to load and unload your body.

- Proper distribution in the kinetic chain to helps deliver raw power.

- The principles of exercising the core is a selected summary, based on what the pioneers of conditioning such as yoga, Pilates and weight training experts laid down in the past. In fact, these points can be taken as an organized statement of what is required to perform any exercise programmed effectively these are:- Concentration, Proprioception, Control, Centre: Activating the core, Posture, Neutral spine Breathing, Lateral breathing Timing, Precision, exercise selection. The concept is to train the whole ranges of core muscles with exercises in different positions - on the back, on the stomach and on the side. Each exercise starts with using only the body and progresses through stages with simple equipment and resistance, in order to challenge the athlete further. It is advised to master the movement of the given stage and then

move on to the next level only when the existing exercise is carried out perfectly with ease and no longer challenges the body and mind.

Core stability exercises:-

Core stability exercises are some of the more important exercises to perform during a workout. These exercises benefit everyone as they add strength to the core a strong and stable core can help to all aviates pain.

There are three levels of exercises, which begin at level one to ensure you have the correct isolation of the deep abdominal muscles and a feel for how they work before progressing to the next level. It cannot stress enough how important technique and activation of the right muscles are when doing these exercises so be mindful when performing these exercises. Start each exercise by finding neutral spine and drawing in your lower stomach. These exercises are working your postural, endurance muscles surrounding your trunk so this workout will not be anything like the intensity of your swimming, cycling or running workouts. Try to relax and enjoy this part of your program. Leave yourself 30-40 minutes to complete these exercises.

STAGES OF EXERCISING THE CORE

Stage I: Core Control: The most important objective of this stage is to achieve core activation and control. For building up confidence and for better control, it is advised to start the training with static exercises in a supported position, on the floor. At first, take the correct starting position with the appropriate joint alignment and neutral spine, then by pulling the navel into the spine and bracing the abdominals, activate the core. Then go through the whole range of movement with the right breathing technique and hold the position for approximately 30 seconds before returning to the starting position. Repeat the exercise 3-4 times with 30-second intervals. When you become confident and fluent with the technique, move from static training to dynamic repetitions, still maintaining the supported position. Go through the range of movement then return to the starting position in a 2 sec. /2 sec. ratio 10 times, without break.

Stage II: Core Stabilization

This is the stage where proprioceptive training comes to the fore. By forcing the body and mind to adjust and compensate to the unstable position, fine proprioceptive sense will develop. For building up confidence again and for better control in the changed, unsupported position it is advised to start the training with static exercises again. Adjust your body position to the equipment, maintain the appropriate joint alignment and activate your core. Go through the whole range of movement with the right breathing technique, and then hold the position for approximately 20 seconds, before returning to the starting position. Repeat the exercise 3-4

times with 20-second intervals. When you become confident and fluent with the technique, once again move from static training to dynamic repetitions, while you are in an unsupported position. Go through the range of movement then return to the starting position in a 2 sec. / 2 sec. ratio 10 times without break.

Stage III: Core Strengthening

This is the stage to strengthen further the controlled and stabilized core. When introducing resistance training while your body is in an unsupported position, it is advised to start with static exercises again. Adjust your body position to the equipment / resistance, maintain the appropriate joint alignment and activate your core. Go through the whole range of movement with the right breathing technique; hold the position for approximately 10 sec., before returning to the starting position. Repeat the exercise 3-4 times with 10-second intervals. When you become confident and fluent with the technique, once again move from static training to dynamic repetitions, still maintaining the unsupported position. Go through the range of movement then return to the starting position in a 2 sec. / 2 sec. ratio 10 times, without break. Repeat the exercise 3-4 times with 30-second intervals.

Thank you Donors

Our family of donors include illustrious business families, individuals, corporate partners, foundations and all those people who are committed to our philosophy of providing "Quality Education for All" and have been coming forward with their contribution from time to time to create an institution of educational excellence.

Through these columns, we thank and acknowledge the support of our donors for their generous contribution over the years. Your support and contribution plays an important role in helping Rajasthani Sammelan to achieve its mission of developing a community dedicated to achieving national and international levels of excellence in various fields of education.

Your generosity has significantly contributed and helped the students in various areas. Every donation that you make impacts the life of our students in some way or the other. Your contribution has helped us build various institutes of excellence with the best infrastructure that include state of the art computer labs, knowledge resource centre, communication centre, health centre, educational outlet, sports facilities and scholarships instituted for meritorious students. All our institutes have benefitted immensely from your support.

Undoubtedly, you as our esteemed donors have made Rajasthani Sammelan stand tall in stature and have helped it grow from time to time. Like you, there have been many others whose contribution to Rajasthani Sammelan way back in the early 1950s has been significant and notable. And we gratefully acknowledge their noteworthy contribution in setting up the edifice of this great institution.

We gratefully acknowledge the contribution made by Late Shri Kudilalji Seksaria who donated the land on which the current structure of Rajasthani Sammelan stands. This contribution cannot be valued in terms of money, and it would only undermine his contribution if we were to measure this in monetary terms.

At the same time, had it not been for the significant contribution of Rs. 50,000/- by Shri Brijmohan Ruia (Brijmohan Laxminarayan Ruia Charity Trust) way back around the year 1950, the landmark Sarvodaya Balika Vidyalaya would not have come up. A small dream way back in early 1950s has today paved the way for a number of institutions under the banner of Rajasthani Sammelan. As they say, "It all begins with a Dream".

We are proud to have you all as an integral part of the positive impact and an enduring legacy that we are creating at Rajasthani Sammelan. May your benevolence continue to bring about the change we wish to see in our educational system. We stand committed to spread our wings and fly higher. In this journey of growth, we seek your continued support.

We constantly endeavour to maintain accuracy in the list of donors and we thank you for the feedback in case of any discrepancy that has been noted. Should there be any errors or omissions in this list, we urge you to contact our Donations Officer on rs@rajasthani.org.in.

QUOTES

Let us not be satisfied with just giving money. Money is not enough, money can be got, but they need your hearts to love them. So, spread your love everywhere you go. - **Mother Teresa**

Over a three year period, I gave away half of what I had. To be honest, my hands shook as I signed it away. I knew I was taking myself out of the race to be the richest man in the world. - **Ted Turner**

I get angry when someone calls me only rich.. I am happy with my social personality and my generosity.
- **Sakip Sabanci**

What will you decide today

A small monetary contribution from your lifestyle
can change someone's life for good.

Your Pledge to educate a child is your gesture to get them into the mainstream. Your contribution will provide Quality Education to under privileged students from all communities studying in the aided section of our school and college. Your gesture can impact the lives of over 4700 students and empower them.

***Pledge to Educate a child.
Contribute for a noble cause.***
