President's Message

Empowering teachers through professional development

At the outset it's my proud privilege to greet you at the beginning of the new academic year!

In today's fast changing world there are many distractions for the students. Therefore, it becomes essential that students get such an education which enables them to steer through the challenges of life successfully, acquire necessary skills to build an all-round personality and be successful in their life by being able to pursue a fruitful career of their own choice.

While academic excellence is our major thrust, all our institutions are also devoted to prepare the students for life and encourage them to be socially relevant. According to the former President of India Dr. A.P.J. Abdul Kalam, **"Dream is not that you see in sleep, Dream is something that does not let you sleep"**. Great men were not great when they were born but made themselves great by dreaming of their vision and by persistent learning. Keeping this in mind, students in all our institutions are exposed to plethora of activities for their judicious all round development by amalgamating traditional values and modern technology.

To provide our students quality education, our vision is to empower the teaching community by giving them proper facility to attend orientation and refresher courses, attend International, National and State level conferences and workshops, encourage them for research activities and organize similar activities in their own institutions. I am pleased to state that Durgadevi Saraf Institute of Management Studies is promoting research work in the field of management studies under Remsons Centre for Management Research. In the past few months, many faculty members have presented research papers at various seminars across the country. They have also organized many conferences and workshops in their own institution to encourage research activities. Their research papers have also been published in national and international journals.

I am pleased to state that Bloomberg Lab of Ghanshyamdas Saraf College is running successfully. Using Bloomberg's service, Saraf College students can perform historical market analysis, compare different investment strategies, evaluate complex financial instruments, and analyse specific companies and industries. GSCC now has a well-known, Bloomberg certified trainer as a course coordinator. Many Staff members and students have obtained BMC certification after completion of the course.

I am happy to state that Ramniwas Bajaj English High School has received permanent affiliation from Council of Indian School Certificate Examination (CISCE). RBHS (ICSE) and Mainadevi Bajaj International School (IGCSE) have given 100% results at the respective Board examinations held in February / March 2019. Other institutions have also fared very well by giving excellent results at their respective Board / University examinations.

Back to traditional values, 5th International Yoga Day was celebrated by

Ashok M. Saraf, President, RSET

all institutions of RSET campus on 21st June, 2019 to promote the advantages of yoga, its ability to boost physical, mental and spiritual well-being. Most of the school children and junior college students celebrated the day in Pravinchandra D. Shah Sports Academy ground by performing yogic asanas followed by lectures by yoga gurus. Teachers also had meditation sessions on this occasion. The objective of the celebration of International Day of Yoga was to strengthen the global co-ordination among people through yoga so as to enhance growth, development and peace all over the world.

In the recent past some new Donors came forward to join hands with us in our educational journey. Shri Vinod B. Saraf, Executive Chairman, Vinati Organics Limited has come forward with a handsome donation to support our cause. We have also been successful to receive our first foreign donation from an International organization Friedel & Gisela Bohnenkamp Foundation through the invaluable efforts of our Donors Shri Arvind Poddar and Shri Rajiv Poddar of BKT Industries Ltd., to facilitate the association with Bohnenkamp group.

We have many projects that are lined ahead to be completed in the near future. We therefore requests our Donors and well- wishers to come forward and render their generous support to be a part of our educational endeavours that aims to offer best education to our children and make them true world citizens.

Hon. Secretary's Message

At RSET, a new step each year

Warm Greetings for the New Academic Year!

Education enables one to meet life situations. With diligence, knowledge and intellect, one can soar to any extent one desires. The thrust of education at the institutions of Rajasthani Sammelan Education Trust is not to produce mere degree holders but the bright young men and women equipped with an all-round personality. The vision of the institutions is to impart quality education in all core disciplines of knowledge by developing global leaders who are confident, smart, intelligent, gifted and engaged with life from commerce, management and media studies to football, cricket and other games.

With best infrastructure, techno-savvy ambience, latest gadgets to equip one to stride with competitive fervour, ever increasing new job oriented courses, career counseling and highly enthused qualified teachers - we earnestly endeavour to help our students in realizing their dreams and make them better human beings.

I am pleased to state that every year, our Trust is adding a new step in the field of education and other related areas. Ghanshyamdas Saraf College has recently established Bloomberg terminals in the college. Bloomberg is a coveted terminal which is a storehouse of real time information from all the leading markets across the world. Bloomberg helps universities and colleges incorporate this system into academic programs to prepare students for the global job market.

I am pleased to state that in the previous academic year, we started Jankidevi Bilasrai Bubna Boys' Hostel which is located in the vicinity of RSET Campus and accommodates 152 students. The hostel is running successfully and is fully occupied by Indian as well as foreign students. We have provided all possible facilities to the inmates of the hostel that include free Wi-fi access in the entire building, CCTV & 24 x 7 security services, hygienic food provided by our in-house caterer, recreational as well as gym facilities to make them feel their stay comfortable. Health check-up facility is also provided to them by the Trust.

In our quest to create global attitude, we have encouraged our student to participate in international activities right from the school level. Ramniwas Bajaj English High School became a member of EUMIND (Europe Meets India) Region 13 in the academic year 2018-19. Forty students participated in a project and all won certificate of excellence. This year also, they are a part of EUMIND and are working on the project "Three Generations".

Institutions of higher education have also undertaken several initiatives for international academic exposure to students. Durgadevi Saraf Institute of Management Studies has tied up with Ottawa University, Kansas, USA for student and faculty exchange programmes. This year too, Twenty seven students of PGDM 2018-20 batch visited Ottawa University from 6th May to 31st May, 2019 and also attended two courses viz., Servant Leadership and Professional Ethics.

Students of PGDM batch 2018-2020 of Deviprasad Goenka Management College of Media Studies were also taken for International Immersion to Singapore-Kuala Lumpur to study the media environment and the global cultural difference.

To make holistic development of students, they are encouraged to

Kailash Kejriwal, Hon. Secretary, RSET

participate in the outreach programmes through NCC, NSS, Women Development Cell, Rotaract Club and DLLE. Students and Staff of Durgadevi Saraf Institute of Management Studies donated hundred meals to needy people in the month of April, 2019. This distribution of meals was taken up with the help of a well-known NGO Roti Bank. Staff and Students of DSIMS have also pledged to donate meals at least once in a month from this academic year.

I am very happy to state that our students are nurtured to develop excellence in various sports at Pravinchandra D. Shah Sports Academy. As in the previous year, this year too, a summer camp was organized for school children in the months of April and May which received a great response.

Today, we are imparting education to approximately 16,000 students in our institutions of Rajasthani Sammelan Education Trust. We are sure that the students cared and nurtured by all our institutions will definitely turn into rich human resources for our country as they become matured individuals.

CEO'S Message

Captain (IN) Anant Yadnik (Retd.), CEO, RSET

Nurturing a robust and holistic environment

As usual, we at RSET are very pleased to report the eventful activities concluded for the months of April, May and June 2019. The season was loaded with the activities like exams results, summer internship projects, new admissions, sports, academics and cultural activities. All Our Class X students of ICSC have got distinction in their final board exams. One of them came very close to the All India topper in this exam. A career guidance seminar was conducted by eminent personalities for large number of students by our counselling center. In the seminar, the counsellors explained in detail about the various stages of career planning in a student's life and what are the different career options available. Over the years, our schools, colleges and Hostels have become the most sought after institutions in the western suburbs of Mumbai.

The months of April and May are very important for preparing of all kinds of work prior monsoon like repairs and maintenance of all school/college buildings and its furniture, erecting monsoon sheds in the campus, trimming of trees, clearance of storm water drainage, terraces cleaning for smooth flow of water and compliances of BMC directives. Our technical team has effectively and efficiently carried out all these activities so that all the academic activities are conducted smoothly.

As the entire world celebrated Yoga Day on 21st June, we at RSET created awareness about yoga and its benefits at our Pravinchandra. D. Shah Sports Academy (PDSA) and Bajaj Hall. Hundreds of students had participated enthusiastically and left with cheerful faces after the completion of event. They learnt and practiced breathing techniques of

yoga and various Asanas like Tadasana, Bhujangasana, Suryanamaskar etc. A look at all the colorful photos reveal the importance and success of this event as it is proving that Yoga is an essential part to overcome the anxiety filled and stressful life of the students.

Sports and physical activity is the most valuable and accepted part of our school's curriculum. It contributes to the all-round development of a child. To encourage children and help them compete to their full potential, a summer camp was organized for 187 students at PDSA for the coaching of basketball, football, skating and cricket. It is heartening to know that students and parents are understanding the value of sports and its benefits. This event was a huge hit among the parents as they requested for more activities in the near future. We hope to exceed their expectations soon.

Our association with various NGOs, our Health Centre "Ayaksha" and other service oriented organizations are mutually beneficial and thus many of our institutions have conducted social awareness programmes, workshops and projects with them. These initiatives help the students to learn faster and have most memorable experiences of their student life.

Our Day at Rajasthani Sammelan Education Trust starts early in the morning at 6 AM and goes on till late night till 9 PM to cater for each and every class of students from Junior KG till PG. We have the students studying in our Night College (as they have to work in day) who have a dream to become successful in life despite all odds and we are happy to help such students to ensure that their dreams are translated in to reality with the help of education imparted to them in our institutions. It is very heartening to inform to our esteem readers that both the Women's and Boys' Hostels are in great demand for national and international students. The Boys' Hostel which was opened last year is full and there is a waiting list of students seeking the admission there. Numbers of the foreign students has increased many fold inn both hostels from that of last year. All these achievements confirms that we are doing our best and our efforts are being recognized by one and all.

Our PG Institutes, Durgadevi Saraf Institute of Management Studies and the Deviprasad Goenka Management College have witnessed many memorable events during the last three months journey. The student exchange programmes, convocation, visit abroad by students to foreign universities, seminars, convocation, Governing Council and College Development Committee Meetings, Faculty Development Programmes Etc have been held during these three months. Here, the students and the faculty get immensely involved in all activities of the Institutes and ensure, continuous learning, up gradation of knowledge and skills and to train and develop the young minds to face the future challenges, make a mark of their own identity and keep their alma matter's flag always flying high.

Dear Reader, I would like to end my message with a quote that "Life does not get better by "ChanCe", it get better by "ChanGe". Thus, we at RSET are constantly ensuring to provide the best of the educational facilities to all our students to change their life for better.

Message From Director of Schools

Your child as a social being

The days when joint families nurtured their children to become mature and social human beings began to wane as economic prosperity took root in the country. Within cities, joint families still exist in pockets, but they are a rarity rather than a rule. The break up of joint families, promoted alongside the emergence of huge metropolitan cities, has led to the rise of apartment families, that is nuclear families comprising of parents and children. At times grand-parents are also a part of this structure, often as enablers for their children's economic pursuits.

This fragmentation of the family structure has now gone further and educationist and psychologists, the world over, are engaged with the issue of young children emerging as single units, in other words as social recluses.

Your child returns from school at 4 in the afternoon and you ask her, "So how was your day? What happened in school today?" She has had enough of school and simply says, "Nothing" or "Nothing happens in school" or "School is so boring." At home the child wants to be left alone with her mobile phone on which she is multi-tasking – playing a song, responding to messages on Whatsapp and friend requests on Facebook and at times playing an online game.

In schools and outside so much attention is paid in the early years to fine and gross motor skills, cognition, intelligence, communication and other areas. But what about paying some heed to social skills and values? Skills which will prepare your child to face the school and the world around her and come up with intelligent responses when you ask her about her school day? Values that will enable the child to live an honest and socially fulfilling life?

So what makes a child more acceptable in the society she inhabits? There are some fundamental skills that a parent should be aware of if she thinks her child is becoming a loner, a computer nerd, a gadget freak or a recluse.

Social skills have a wide range and no list can be so comprehensive as to encompass all of them but here are some which are basic to all children and most situations.

- Communication skills. The language one uses and the context in which it is used is important to build relationships.
- Starting a conversation. What are the first words/ lines you may use to begin a conversation?
- Behaviour management. To distinguish between personal space (home, family) and public space (school, play ground, party, restaurant, etc) and to adapt one's behaviour to the environment.
- Reacting to strangers. Your child will meet strangers at home, in play areas and in schools in the form of visiting lecturers, community helpers, etc. How does one react to strangers? How does one recognize safe strangers (visitors you meet at home or in school) and ones you need to be watchful about?
- Making friends. If you feel a connection with someone in your class or your building society, how do you go about developing a friendship?
- Sharing. This is a major social skill as reclusive children, and even others, are often very possessive about what they own including toys, their food, books and other objects.
- Dealing with uncomfortable situations. Teasing, bullying, exclusion and others forms of oppression are common occurrences in a child's daily environment. How does she deal with them will determine how successful she becomes socially.
- Recognising emotions. It is important that your child is able to see when someone is happy, angry, worried, irritated and is able to respond to these emotions.

Nitin Padte, Director of Schools, RSET

- Contextualising. Above all it is important that your child is able to recognize the setting of her life at each stage and know that she needs to adapt her behaviour to the context she finds herself in.

So as a parent what do you do to inculcate these skills in your child?

It is absolutely paramount for parents to expose their children to a variety of social situations. Within the family it is important to invite extended family members and to visit them as often as possible. It is important that they develop balanced opinions on issues that impact them and those around them. Children also become socially alone when they feel they cannot express their fears, anxieties, hopes and desires to anyone. Create situations where your children are meeting more people in public and private places. A ride in a local train or other public transport can literally bring your children in touch with humanity.

One of the most significant factors turning our children into socially inept human beings is the presence of gadgets in their lives. These gadgets, which include television, laptops, iPads and mobile phones, are not only challenging and exciting but they take up a vast chunk of our child's intellectual and emotional energies, leaving them feeling vacant outside this zone of gadgets.

And lastly, how do we inculcate values in our children? Be in a conversation with your child's school regarding a value-based education. A school and your child's teachers are powerful presences in your child's life. Within the family follow the basic rule in life which says, "If you don't want your child to break a traffic signal, make sure you honour it yourself." Demonstrating value-based behaviour is very important. Values which include honesty, truthfulness, care and concern for your environment, respect for your elders and sensitivity in general not only make a child into a holistic human being they also contribute to her social acceptance and evolution.

“ An investment in knowledge pays the best interest.
- Benjamin Franklin ”

Academic changes face Infrastructure challenge

The academic scenario in Mumbai in the past three months of April, May and June witnessed fast changes in our RSET campus as well as the whole state of Maharashtra. April was the busiest month for all educational institutions. After the declaration of final examinations followed by declaration of results, students and faculty members enjoyed summer vacation in the month of May. However, students of science stream who appeared for HSC examination and had been aspiring for engineering and medical streams were busy preparing for their entrance examinations in their respective professional courses.

With the declaration of results of SSC, State Board, confusion prevailed in the admission process of first year junior college (FYJC). The State Board had put an end to the practice of 20 internal examination marks conducted by the schools for SSC students in languages and social sciences. This not only saw a dip in the overall passing percentage but also SSC students had to battle for admission in top colleges with students of CBSE & ICSE Board who still enjoyed internal marks.

The newly appointed school education minister of State Hon'ble Shri Ashish Shelar declared the number of seats for science stream in Mumbai will be increased by 5% and 8% for arts and commerce streams in selected colleges for accommodating State Board students seeking admissions in Junior colleges. This decision has not gone well with many principals due to infrastructural constraints as well as many other reasons.

The month of May witnessed the unfortunate suicide of Dr. Payal Tadvi, a second year MD student of Mumbai's T N Topiwala National Medical College which has sent ripples across the country putting the spotlight on the issue of caste discrimination and harassment plaguing

Dr. Sunanda Kar, Editor

college campuses. Through this issue, we convey our prayers and sympathies for Dr. Payal Tadvi's grieving family. Caste is a nasty word that must be eliminated from our vocabulary. From Rohit Vemula, a Ph.D student and a Dalit who took his own life in Hyderabad in 2016 to Dr. Payal Tadvi, caste discrimination followed by suicide is an enduring phenomenon in Indian educational institutes including medical colleges.

Back to our campus, admissions in first year degree courses started in the month of June followed by FYJC admissions after the declaration of SSC results. International Yoga Day was celebrated with full and enthusiasm by all the institutions of RSET on 21st June, 2019. This included lectures on meditation and importance of yoga and conduction of yogic asanas under the guidance of yoga gurus and teachers of physical education.

It is a matter of great pleasure and pride for us that students from SAARC and non-SAARC countries such as Afghanistan, Sri Lanka, Madagascar, South Africa, Mauritius, Thailand etc. have chosen to pursue their under graduation and post-graduation at Ghanshyamas Saraf College of Arts & Commerce and Deviprasad Goenka Management College of Media Studies. Colleges having hostel facilities are offered admission under the Scholarship scheme of Indian Council of Cultural Relations (ICCR) under the Ministry of External Affairs, India. These students are currently staying in our Draupadidevi Sanwormal Women's Hostel and also in Jankidevi Bilasrai Bubna Boys' Hostel. At present, we have 32 foreign students studying and staying with our institutions from 18 different countries.

To develop global attitude in students, Durgadevi Saraf Institute of Management Studies has signed MOU with Ottawa University, Kansas, USA, for faculty as well as Student Exchange Programmes. As in previous years, this year too, 27 students of PGDM of 2018-20 batch went to Ottawa University as a part of their Study Abroad Programme.

We are marching onwards to become an academic centre committed to excellence and learning, dedicated to create a community of well educated, globally exposed citizens. We are sure that under the strong support and guidance of our visionary President and his team of Management members, our institutions will definitely grow further to greater heights.

Dear Reader,

Warm Greetings at the beginning of the new academic year!

I am pleased to note that the academic year 2019-20 started with an interactive session for the teachers of Kudilal Govindram Seksaria Sarvodaya School conducted by Ayaksha (the agency managing Vijay Pal Singh Health Centre) on 'Stress and Anxiety Management' on 11th June, 2019. A special session was also arranged for the teachers of Kudilal Govindram Seksaria English School by Hindustan Times through Heartfulness Organization to make the teachers aware about the impact of meditation on one's body, mind and soul. On 21st June, most of the institutions of RSET including KGSS & KGES celebrated International Yoga Day in RSET campus. Various asanas were performed by the students followed by a special session on Raj Yoga conducted by Sr. Neerja from Brahmakumaris. KGES also conducted tree plantation. Students learnt how one can attain peace of mind, increase concentration through yoga and meditation. Some of the students of Standard X of KGSS attended coaching for English speaking skills by teachers from MBIS. I am happy to note that non-teaching staff of KGSS were given an opportunity to attend a four day workshop organized by Art of Living Foundation.

It is heartening to note that for the well-being of the students, Pravinchandra D. Shah Sports Academy had organized summer camp for school children in the months of April – May in football, cricket, basketball, table-tennis, dance, skating, karate, chess and gymnastics that received overwhelming positive response. Dear Reader,

I am very happy to know that the new academic year started with many activities conducted by institutions of Rajasthani Sammelan Education Trust. The most important one was 5th International Yoga Day which was celebrated by the students of all institutions with great enthusiasm. Students performed various yogic asanas under the guidance of their teachers as well as Yoga Gurus invited on this occasion. Yoga is a spiritual, mental and physical practice that has been around since ages. With time, people have discovered a number of health benefits associated with yoga. Yoga does more than burning calories and strengthening muscles, it is a workout which involves both body and mind. Hence, it is indeed heartening to note institutions of RSET have celebrated 'International Yoga Day' in a sincere way. A meditation session was also conducted by some institutions for teachers. I am pleased to note that Bloomberg Lab of Ghanshyamdas Saraf College is running successfully. Using Bloomberg's service, Saraf College students can perform historical market analysis, compare different investment strategies, evaluate complex financial instruments, and analyse specific companies and industries. GSCC now has a well-known, Bloomberg certified trainer as a course coordinator. Many Staff members and students have obtained BMC certification after completion of the course.

This was realized more than six decades by my father late Shri Vishwanathji Podar who started Sarvodaya Balika Vidyalaya, (now known as Kudilal Govindram Seksaria Sarvodaya School) a girls' school with three students. Over the years, Rajasthani Sammelan Education Trust has been successful in establishing eleven educational institutions, a counseling centre, an online academy, a boys' as well as women's hostel and a sports academy. I convey my compliments to Shri Ashok M. Saraf, President, RSET and his team for such excellent achievement in their educational endeavours. It is indeed a matter of great happiness that Rajasthani Sammelan Education Trust has started RS CA Study Centre and ICAI Extension Counter from July, 2015 and has received overwhelming demands from the students pursuing the professional course of Chartered Accountancy. The Study Centre is kept open from 8 a.m. to 9 p.m. for the CA students so that they can study peacefully in the centre.

RS CA Study Centre and ICAI Extension Counter has been extremely beneficial for the students staying in western suburbs as they are provided with study material from this centre only. The ICAI Western Regional Centre has deputed their staff to provide all required information to the students and complete necessary formalities. I am pleased to note that the enrollment of students to be the member of the Study Centre has started in the month of July and many students have already joined the centre.

Wishing excellent growth and development to all the institutions of Rajasthani Sammelan Education Trust.

Ramnarayan
Saraf Educational
Outlet

Dear Reader!

The academic year has just started and Ramnarayan Saraf Educational Outlet is vibrant with parents and students of the schools waiting in the queue to obtain set of books, work books and note books. The staff of the educational outlet are busy throughout the day catering to the parents and students supplying stationery items needed by them. The Educational outlet has indeed become a boon for all in RSET premises. All the heads of institutions are ordering stationery from the educational outlet. Students are also collecting required notes of their syllabus from Ramnarayan Saraf Educational Outlet.

My uncle Late Shri Ramnarayanji Saraf's motto was to give best education to the youth. Hence he was actively involved in the project of massive expansion and renovation of the educational campus of Rajasthani Sammelan Education Trust. He always thought of providing various facilities to the students studying in all the institutions of the Trust. Today when he is no more, it has become our moral duty to be associated with the activities of Rajasthani Sammelan Education Trust.

It is a matter of pride to note that all the institutions run by our Trust are becoming popular day by day for their high academic standards. Durgadevi Saraf Institute of Management Studies has been ranked as 7th Best B School in Mumbai according to the survey by the magazine 'Education World' May 2019.

I am pleased to note that all our institutions are encouraging their students to do outreach programmes. Staff and students of DSIMS donated hundred meals to needy people on 3rd April, 2019. This distribution of meals was taken up with the help of a well-known NGO Roti Bank. I convey my compliments to the Management for the recent initiatives taken in the field of educational endeavours.

A warm Greetings to One and All at the beginning of the academic year!

It is a matter of great pleasure to note that Rajasthani Sammelan Education Trust has aimed to educate the youth by exposing them to the latest technology to communicate with industry experts, new concepts, guest speakers beyond the boundaries of their own country leading to an exciting and dynamic learning experience. This has been possible by providing Devendra Lath Communication Centre in RSET Campus with video-conferencing facility. I am pleased to know that Devendra Lath Communication Centre is regularly used to welcome dignitaries visiting RSET Campus from all over the world. Besides, students of Durgadevi Saraf Institute of Management Studies have also been utilizing video-conferencing facilities in Devendra Lath Communication Centre. At the same time, regular interaction of Management with staff has been possible through video-conferencing which has proved to be very useful.

Suwadevi Doongermal
Patodia Lab
at MBIS

Dear Reader!

Warm Greetings for the New Academic Year!

For students seeking to pursue the science stream as a choice of study and career path, Chemistry becomes one of the important disciplines. The successful pursuit of such a subject is possible only if there is provision of requisite infrastructure. I am pleased to note that located on the 9th floor of Mainadevi Bajaj International School, Suwadevi Doongermal Patodia Chemistry Lab has been fully utilised by the students of the School for their Chemistry practical, practical examinations, and also for competitive examinations like Science Olympiads. Early exposure to such a facility is important for our young students and hence Primary Section students make occasional visits to the laboratory.

It is a matter of great satisfaction that the students are duly supported by the Lab Assistant who keeps the lab ready well in advance with the required equipment and chemicals. The Chemistry laboratory is well equipped with all the essential apparatus and chemicals required for a complete learning as per international standards. Keeping in mind the safety and security of the students, the lab follows all the standard safety precautions and has a safety shower; fire alarms and extinguishers; fume cupboard, first aid kit, safety goggles, lab coat and gloves. It is heartening to note that from the last academic year, Rajasthani Sammelan Education Trust had started Jankidevi Bilasrai Bubna Boys' Hostel, running successfully & is full to its capacity in the current academic year 2019-20. Along with Indian students there are 20 foreign students from Bangladesh, Afghanistan, Egypt, Madagascar, Tunisia, Tanzania and Ghana staying in the hostel. It is also matter of great pride for us that Durgadevi Saraf Institute of Management Studies has signed MOUs with many foreign universities for student & faculty exchange.

I wish a great future to all the institutions of Rajasthani Sammelan Education Trust.

at DSIMS

Dear Reader,

At the outset, hearty greetings to everyone at the beginning of the academic year!

I have great pleasure to know that Smt. Smita Mahavir Agarwal (Nevatia) Seminar Hall at Durgadevi Saraf Institute of Management Studies has been regularly used for holding lectures as well as prestigious seminars and conferences in the past few months. DSIMS hosted one day workshop in Smt. Smita Mahavir Agrawal (Nevatia) Seminar Hall on 'Enhancing Teaching Pedagogy' in the month of April 2019 under the aegis of Forum for Marketing Education. DSIMS Director and founder member of FME, Dr. C. Babu welcomed the participating members and highlighted the idea and vision to organize such FDPs. The workshop was conducted into four sessions. A total of 37 marketing educators from various management institutes of Mumbai participated in the workshop. At the end, certificates were given to all the participating members and vote of thanks was proposed by Dr. C. Babu.

In the month of May, meetings of Board of Trustees & Managing Committee followed by other sub-committee meetings of the schools were held in the seminar hall. Since the venue has the technological support of a computer and a LED projector, it becomes easier to give support to lectures and discussions by giving powerpoint presentations.

It is heartening to note that the institutions of Rajasthani Sammelan Education Trust celebrated International Yoga Day on Friday 21st June, 2019 at RSET campus with great fervour and zest. Lectures were also conducted on yoga & meditation related topics along with yogic asanas and exercises held at Pravinchandra D. Shah Sports Academy Ground.

I compliment the President and his team for their constant support and encouragement to the institutions for their excellent growth and development.

RECOGNIZING THE STALWARTS OF RSET

The journey of RSET's foray into education began way back in 1959 with a seed of thought to provide education to the girl child. This came to fruition with starting of a school for girl child named as Sarvodaya Balika Vidyalaya (now known as Kudilal Govindram Seksaria Sarvodaya School). The contribution of visionaries and our founding fathers like Shri Ramgopal ji Ruia, Shri Vishwanath ji Podar, Shri Satyanarayan ji Kabra, Shri Ghanshyamdas ji Jalan, Shri Murlidhar Jalan, Shri Lalchand ji Dalmia and many others is laudable and unparalleled and would go down in the annals of history. All this would not have been possible without the magnanimous donation of land by Late Shri Kudilal ji Govindram Seksaria on which the first school of RSET was constructed.

From time to time the baton of managing the affairs of RSET was handed over to subsequent committees who added to the building blocks of RSET educational foray. Slowly and steadily the past presidents and its office bearers worked tirelessly for the progress and development of Rajasthani Sammelan Education Trust to build and add to the educational infrastructure.

Having set the vision, the president and the office bearers of RSET embarked on RSET's growth journey by starting more educational institutions. In 1975 Durgadevi Saraf Junior College was started and subsequently a degree college for girls named as Ghanshyamdas Saraf College of Arts & Commerce (now a co-ed college) was started in 1985. This period also saw the establishment of Dhurmal Bajaj Bhavan a community hall under the aegis of RSET.

Having built the basic educational edifice, it was time to bring about a change to propel the next phase of RSET's growth. The period between 2007-2019 saw a new team of professionals who were elected to manage the affairs of the Trust. The underlying thought was to add to the infrastructure and start multiple institutions to ensure that a child who enrolls in our institutions should have opportunities within the educational campus to complete his post-graduation. With this philosophy in mind, the new team of president & office bearers set about metamorphosing RSET into a new avatar.

Bringing about the change as envisioned was a humongous task, but the legacy of RSET and the strong community connect that the lineage provided brought together like-minded philanthropists and corporate houses who came forward to join the educational endeavours of RSET. The office bearers, trustees and managing committee members worked about with zealous efforts to establish more educational institutions in a state-of-the-art modern infrastructure.

This column of Nostalgia is dedicated to our founding fathers, visionaries and office bearers of RSET since its inception. We have listed the names of the office bearers and members of the managing committee (1948 to 2019) in the following pages just to refresh our memories and also to familiarise our more recent philanthropists to the stalwarts who made this dream possible. We hope our readers will enjoy the rewind and some of them would reminisce the nostalgic moments.

Wish you a Nostalgic reading! - Editor

IN MEMORIAM

Late Shri Premrajji Bafna

We pay our tribute to Shri Premrajji Bafna, Member, Managing Committee of Rajasthani Sammelan Education Trust who left for heavenly abode on Thursday 27th June, 2019.

Shri Premrajji Bafna joined Rajasthani Sammelan Education Trust in early eighties as member. Later, he became a member of the Managing Committee of the Trust. Neerja, Sister Mitali Ahuja and Mr. Pradeep Ravalani, graced the occasion and inspired students with their address and demonstration of Yoga exercises. NSS program officer Prof. Jitendra Gupta set the tone for the event by giving a brief introduction of the guests. He then requested Principal Dr. Vijayprasad S. Kulkarni to felicitate the guests with a bouquet.

It was then the time for Principal Dr. Vijayprasad S. Kulkarni to talk briefly about the philosophy of Yoga Day celebration and its history. Then he gave over the charge to Sister Mitali Ahuja who is the Yoga Instructor. Sister Mitali Ahuja first spoke on the benefits of Yoga exercises on the mind and body and then demonstrated some of the asanas to student requesting the students to do the same. The stretching of hands and legs to warm up the body was done in the beginning followed by Padmasan and other Asanas.

After the yoga exercises were done Sister Neerja started her session of Rajyoga meditation which deals with the mental fitness. In this session before demonstrating some of the meditative techniques she gradually took the audience to the spiritual world by saying that our mind should be like a garden, which is beautiful, orderly harmonious and not like a forest which can catch fire. Then it was the time to put the theory into practice. One such meditative technique which was demonstrated by her was the Visualization technique i.e. closing the eyes and visualising positive and happy moments of our life. She said that the technique will prove to be successful if the students practice positive thinking in their life and career. Then the other meditative technique which was demonstrated was keeping the mind thought free. This exercise also gave students a relaxing and energising experience.

Mr. Pradeep Ravalani co-ordinated the organisation of the program.

The Yoga Day celebration then concluded with a vote of thanks given by Prof. Siddharth Apte.

In short, International Yoga Day was celebrated with great enthusiasm by the institutions of Rajasthani Sammelan Education Trust.

GIVING WINGS TO YOUR DREAMS

Established in 2009

Mr. Nitin Padte,
Director

For Mainadevi Bajaj International School the academic year 2018-19 ended in a flurry of events that culminated in the graduation ceremonies for Grades 10 and 12. This was a proud moment when we celebrated the achievements of our graduating students as well as one tinged with sadness as we bid farewell to all our Grade 12 students and those from Grade 10 who will pursue their studies elsewhere. Inquiry fairs for the pre-primary and culminations for primary students were colourful affairs which displayed what our young students had achieved throughout the year.

Inquiry Fair-Nursery

Students of Nursery enjoyed exploring different modes and means of transportation in their 4th Area of Inquiry "On the Move". Our little learners spoke confidently about the different transport systems to parents, teachers and peers during the Inquiry Fair conducted on Wednesday, 8th May 2019 that brought a smile on everyone's face.

Inquiry Fair-Jr.Kg

Junior KG students had their Inquiry Fair on "Water" on Thursday, 9th May 2019. Parents enjoyed the Inquiry Fair as much as the students enjoyed presenting the same in the form of songs, magic show, skit and an experiment on the topic sink and float.

Learners expect systems and software that fits around a busy lifestyle and career needs. For many, sitting down and taking notes from books for hours at a time aren't always practical. Instead, learning providers need to recognize that more versatile approaches that deliver knowledge in bursts and provides support around the clock. Let's look at the major technology trends that will impact workplace learning in the near future. These are:

1. Micro learning
2. Video Modules
3. Modular Short eCourses
4. Tailored Learning Paths

6. Practical, Wearable, Augmented And Virtual Modules
7. Learning Communities

The Importance of Yoga in students life.

As the entire world celebrated Yoga Day on 21st June, we at Pravinchandra. D. Shah Sports Academy (PDSA) created awareness about yoga and its benefits not only on Human body but to live a healthy lifestyle. Various students had participated at PDSA for Yoga Day and left with cheerful faces after the completion of event.

Through yoga we taught kids how to bring balance in life as teenage is the time period of students when they are stuck between variety of work load and pressures. They need to perfectly accomplish their school or college task, prepare for variety of exams or test, need to score excellent marks, work better in their workplace and improve their performance and many other tension. Students from all around the world have gained benefits by doing yoga. It helps your body to relax and soothes your mind. Also it helps to make your body flexible and improves your concentration power. Also students can gain various other benefits from yoga that will help them in completing their work perfectly and make them high scorer in the class.

Summer Camp

Sports and physical activity is the most valuable and accepted part of our school's curriculum. It contributes to the all-round development of a child. To encourage children and help them compete to their full potential, a summer camp was organized by PDSA. It consisted of 3 batches of 15 days each from the 15th of April to the 30th of May. It gave an opportunity to the children to learn and explore their interests with an exciting curriculum that included basketball, football, skating and cricket.

This Year there was total count of 187 enrollments for summer camp which is highest till date. Students and parents are understanding the value of sports and its benefits physically and mentally due to which there is a significant growth in number of students. It also helped instill the spirit of sportsmanship and importance of teamwork in them. Due to these positive take-away, the summer camp was a huge hit among the parents as they requested for more activities in the near future. We hope to exceed their expectations soon.

Reset your FUN clock

Sports camp aims to introduce children to different team and independent athletic options so that they can choose a sport that

resonates with their interest. It will offer all the benefits of physical activity for the child's improvement in social and motor skills along with basic technical know-hows. The camp will be conducted by professionals who shall play a major role in helping the children develop new skills as well as encourage the sprightly ones to give their best.

Owing to the overwhelming positive response of the Summer Camp, PDSA has introduced 10 activities namely chess, cricket, mini tennis, table tennis, dance, enjoy ball, kit-fit, Karate, Martial Art, football and basketball. The facilities will be of an international standard and will focus on providing a direct and positive effect on the well-being of the youth in the community where they live.

JET... SET... GO

Prof. Ekta Sinha

Faculty, Department of Management Studies,
Ghanshyamdas Saraf College
Mumbai.

In recent times both the airlines: Kingfisher and Jet airways saw their fate. The latest one is jet Airways, founded by Naresh Goyal. Such instances call for closer examination of the entry and exit of founders and their leadership traits.

According to a report from Business Today (2019), the problem with Jet began in 2018, when it posted quarterly loss (Rs 1,036 crore in May), its first quarterly loss in 12 quarters, due to rise in ATF (aviation turbine fuel) prices and sharp rupee depreciation against the US dollar.

High crude prices and low fares led to piling debt and losses. And a bad acquisition (Jet Airways bought Air Sahara) made a recovery an even more uphill task. However, Goyal did not only manage to keep Jet Airways afloat but also retained a stake in the carrier.

Apart from these environmental dynamics, individual's characteristics and traits also contributes to organization's rise and fall. Same happened with Goyal. Following points bring forth some characteristics of a leader (e.g. Goyal) which are enough to bring in bad fortune for any organization and unfortunately these vices come masked in the form of virtues.

1. Making work as central life interest: Working for your organization results into perks but workaholic tendencies always give bad returns. Goyal opted this work-style for himself and for his employees. There was no work-life balance. When any

organization grows and matures, it demands greater flexibility and empathy towards people working in organization. So, one should always try to balance work-life.

2. Practicing Tight Control: When a leader does everything on its own, it creates environment of demotivation. When a leader hesitates to delegate or distrust employees then the organizational growth gets disturbed. It was said that Goyal and his wife were alleged to have had a say in everything - "from selection of cutlery to planes".

3. Over-confidence: 'I' can do this task is confidence, which is necessary to run a business but 'Only I' can do this task is overconfidence, which is never necessary to run a business. Confidence is a trait of an entrepreneur, which enables one to identify opportunities where others are unable to see them. However, overconfidence gives them extra pair of glasses which is supposed to clear their vision but apparently it blurs the same. Naresh Goyal continued to think he would be able to swing the deal in his favour, rejecting the offers and refusing to cede control. Business owners need to listen to their stakeholders' voices.

4. Dreaming Big: As founders lose humility, their actions can lead to businesses disasters. When Goyal's decided to reconfigure a small fleet of wide-bodied Airbus and Boeing planes by building in only 308 seats, as against the normal of 400 seats, he called upon troubles. It made no commercial sense. 5. Going it Alone: Naresh Goyal is quoted to have said, "When people look at Jet Airways,

they look at me." When founders decide to play it alone, with scant respect for the opinions of professionals hired for specific purposes, it spells disaster.

5. Sense of Timing: A leader must accept that he/she can not always be right. Its good to accept things without prolonged negotiations at times, specially when the organization shows sign of distress. When Delta offered jet Rs 300 per share, Goyal wanted in excess of Rs 400 and this gut he had in times when the Jet's share prices hovered between Rs 182 and Rs 347 per share.

6. Founders' inability to give up: India has seen family business succeeding till maximum of three generations. Then turbulence comes into picture, which needs to be sorted out in a meticulous manner. If not, then the organization slowly proceeds towards its downfall. So, its important to develop and project leadership for succession. In the case of Goyal, his son, Nivaan, was neither seen, nor projected as his successor.

7. Power-play: Great power comes with greater responsibilities. But when people and founders are reluctant to leave or share their power position, they invite trouble. Research in neuroscience

has focused on what power does to the brain. Jeremy Hogeveen, Michael Inzlicht and Sukhvinder S. Obhi in their paper found that power impairs the mirror-neurological activity, the neurological function that indicates the ability to understand and associate with others. They find that high-powered individuals suffer from reduced motor resonance, resulting in reduced interpersonal sensitivity. Goyal till last was reluctant to leave the position and hesitated to invite investors.

Its important to preach but its even more important to practice. When business schools teach books on Ethics and Corporate Governance, they must also project corporate disaster and its management as equally important. Every stakeholder matters. Employees need to be trusted and good employees need to be retained while offering them opportunities to grow along with the organization. Atmosphere of trust and delegation always bring good fortune for the organization. Everyone, along with founders should be honest and keen for their work and job-role while considering work-life balance.

The Jet fiasco is as much about a collective obedience as about an ambitious founder.

An

OUTSTANDING Journey from

Miss Saraf 2006 to Mrs. Bharat USA 2018

Name of the Institution	- Ghanshyamdas Saraf College, Malad West, Mumbai,
Course Completed	- M.Com
Year of Passing	- 2006
Present Position	- Working as Business Analyst in Nationwide Financial Insurance Company, Ohio, USA.

Most Memorable Event in the Institution

In Ghanshyamdas Saraf College my most memorable event was when I was crowned Miss Saraf at the Annual Day celebrations of the college in the year 2006.

Ghanshyamdas Saraf College has always nurtured talent of students not only in academics but also in cultural activities and sports. While the advanced learners have been guided by the lecturers for further advancement for their future career, special care is also taken to develop the personality of students by encouraging them to participate in talent contests, debates and other extra-curricular activities. Special care has also been taken to encourage students to excel in sports by appointing coaches for various sports events.

Every year at the Annual Day celebrations, a special event of Fashion Show & Beauty Contest is held by the name of 'Miss Saraf' (as initially it was a girls' college). In the year 2006, Ms. Rachana Dubey won the title of Miss Saraf in the Fashion Show & Beauty Contest at the Annual Day celebrations. It is indeed a matter of great pride and pleasure for the college that twelve years later, the same girl now a married lady settled in USA won the title of Mrs. Bharat USA 2018. Following are the details of her achievements as told by her.

My name is Rachana Mishra and I always wanted to participate in pageant and the moment I heard about Mrs Bharat Ohio (state level) pageant I couldn't stop myself and was the 1st contestant to register for the event. I prepared for the pageant by following balanced exercise and diet and lost almost 25 lbs in couple of months, putting my 100% for all the rounds of the fashion show from talent round, ethnic round and evening gown round. I was second runner-up for Mrs. Bharat Ohio pageant (state level). Sunny Leone, the Bollywood actor was the celebrity guest.

Then I participated at National level pageant held at Atlanta for Mrs Bharat USA 2018 and won the crown. I also got the title of Vivacious Beauty and for Best Personality. Bollywood actor Nargis Fakhri was the chief guest at that event. I also walked the Ramp for New York Couture Fashion week 2019. I was also invited as Judge for Miss South Asia Worldwide pageant 2019 held at Texas and there I was Awarded from our first Miss Universe Ms Sushmita Sen.

I have been invited to many other prestigious event held in USA and in India for recognition.

Recently, when I visited Mumbai (India) and met my Principal Dr. Sunanda Kar and also present Principal Dr. Jayant Apte and Prof. Bhavana Vaidya. Here I would like to mention that I also studied in Sarvodaya Balika Vidyalaya and met the present Principal Dr. Latha Venkat and other teachers. I felt very nostalgic and through this article, I wish to convey my heartfelt thanks to my Principal & teachers for the encouragement given to me and nurturing my talents.

Thank you Donors

Our family of donors include illustrious business families, individuals, corporate partners, foundations and all those people who are committed to our philosophy of providing "Quality Education for All" and have been coming forward with their contribution from time to time to create an institution of educational excellence.

Through these columns, we thank and acknowledge the support of our donors for their generous contribution over the years. Your support and contribution plays an important role in helping Rajasthani Sammelan to achieve its mission of developing a community dedicated to achieving national and international levels of excellence in various fields of education.

Your generosity has significantly contributed and helped the students in various areas. Every donation that you make impacts the life of our students in some way or the other. Your contribution has helped us build various institutes of excellence with the best infrastructure that include state of the art computer labs, knowledge resource centre, communication centre, health centre, educational outlet, sports facilities and scholarships instituted for meritorious students. All our institutes have benefitted immensely from your support.

Undoubtedly, you as our esteemed donors have made Rajasthani Sammelan stand tall in stature and have helped it grow from time to time. Like you, there have been many others whose contribution to Rajasthani Sammelan way back in the early 1950s has been significant and notable. And we gratefully acknowledge their noteworthy contribution in setting up the edifice of this great institution.

We gratefully acknowledge the contribution made by Late Shri Kudilalji Seksaria who donated the land on which the current structure of Rajasthani Sammelan stands. This contribution cannot be valued in terms of money, and it would only undermine his contribution if we were to measure this in monetary terms.

At the same time, had it not been for the significant contribution of Rs. 50,000/- by Shri Brijmohan Ruia (Brijmohan Laxminarayan Ruia Charity Trust) way back around the year 1950, the landmark Sarvodaya Balika Vidyalaya would not have come up. A small dream way back in early 1950s has today paved the way for a number of institutions under the banner of Rajasthani Sammelan. As they say, "It all begins with a Dream".

We are proud to have you all as an integral part of the positive impact and an enduring legacy that we are creating at Rajasthani Sammelan. May your benevolence continue to bring about the change we wish to see in our educational system. We stand committed to spread our wings and fly higher. In this journey of growth, we seek your continued support.

We constantly endeavour to maintain accuracy in the list of donors and we thank you for the feedback in case of any discrepancy that has been noted. Should there be any errors or omissions in this list, we urge you to contact our Donations Officer on rs@rajasthani.org.in
