Education is the best tool to bring positive change in society, to develop generation of responsible individuals and contribute to the development of good human beings. It is said that by 2020, India is set to become the world's youngest country with 64% of its population in the working age group. It is therefore necessary to provide educational opportunities to all our children right from the beginning so that they grow up as educated youth and a rich human resource for our country.

We, at Rajasthani Sammelan started our journey of educational endeavours as early as 1959 when our founding fathers started Sarvodaya Balika Vidyalaya, the first girls' school, now known as Kudilal Govindram Seksaria Sarvodaya School. At present, we have eleven educational institutions in R.S. Campus along with a women's hostel, a counseling centre and many other facilities to support teaching-learning of our students.

Past few months witnessed many important activities in the R.S. Campus. At the beginning of the academic year, we received permission from the Government of Maharashtra and University of Mumbai to start Ladhidevi Ramdhar Maheshwari Night College of Commerce. This college was started with a generous donation of the Main Donors, Shri Balkrishnaji Lakhota and Shri Madhusudanji Maheshwari. At the same

time, we started a new Post Graduate course of M.A. in Film, TV & New Media Production in Ghanshyamdas Saraf College affiliated to Mumbai University. Results of all our institutions were declared during this time and each institution fared excellently at their respective Board / University examinations.

We also took the initiative of entering into a new venture by starting R.S. International Playschool, the first IPC (International Pre-school Curriculum, U.S.A.) accredited Playschool in Mumbai. We started the Play Group with the mission of developing self-confidence in toddlers in a joyful and stimulating environment. Our International Playschool has a Play Group as well as Mother-Toddler Programme which has met with great success.

In the past few months, we felt to reach out to students beyond the boundaries of our campus. Therefore, we started our Kunjbihari S. Goyal Online Academy with generous donation received from Shri Raviji Goyal, the Main Donor of the Online Academy. Our Online Academy popularly known as GOLD Academy had a soft launch and at present, approximately 3,000 students of Ghanshyamdas Saraf College are using our portal. In future, we plan to modify and strengthen our portal so that we can reach out to students of other

institutions for various courses.

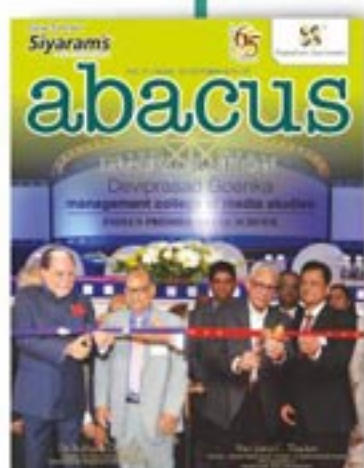

We also felt the need of providing a library and reading room to the students to study in the evening in a peaceful atmosphere. Eminent Industrialist and Philanthropist, Shri Mahavirprasadji Saraf gave us a handsome donation for starting Kirandevi Saraf Library and Reading Room which was inaugurated on 29th August, 2014 by Shri Jairaj C. Thacker, Chairman, Jamnabai Narsee School and President of Dr. Balabhai Nanavati Hospital.

However, the most important event during this time was inauguration of Deviprasad Goenka Management College of Media Studies by Dr. Subhash Chandra, Zee Essel Group Chairman on 29th August, 2014 at a glittering function on the auspicious Ganesh Chaturthi Day. The event was graced by Shri Sajjanji Goenka, Main Donor and his family members, Shri Kalyan Banerjee, Pujyashree Bhupendrabhai Pandeyaji, Shri Jairaj C. Thacker, dignitaries, members of Management, staff and students.

With all sincerity and dedication, we are continuously moving forward in our educational endeavours. We solicit co-operation and support of our Donors, Trustees, Members and Well wishers to join in our mission. ♦

Hon. Secretary's message

Kailash Kejriwal

Dear Reader,

We, at Rajasthani Sammelan, have started a journey of continuous growth, development and expansion in our educational campus. Although it has been very fulfilling to steadily progress on the growth path, at the same time a big responsibility lies on our shoulders as we facilitate the shaping of future of the present generation. We have created a state-of-art infrastructure to facilitate excellent teaching-learning experience in all our institutions. We have recently completed the construction of a building having 7 floors with state-of-art amenities to house Ramniwas Bajaj English High School and Deviprasad Goenka Management College of Media Studies.

In the past few months, many important events took place in our educational campus. At the beginning of this academic year, we successfully started Ladhidevi Ramdhar Maheshwari Night College of Commerce with a generous donations from Shri Balkrishnaji Lakhotia and Shri Madhusudanji Maheshwari, the Main Donors of the college.

We also successfully started IPC (International Pre-school Curriculum, U.S.A.) accredited International Playschool in our campus which also has a Mother-Toddler Programme.

Along with instilling self-confidence in Tiny Tots through colourful and interesting activities, the school has successfully organized parenting session by reputed counselor Ms. Salma Prabhu.

One of the most important educational endeavours of Rajasthani Sammelan in the past months has been the launching of Kunjbihari S. Goyal Online Academy (GOLD Academy) to reach out to thousands of students beyond the boundaries of our educational campus.

During this time, Kirandevi Saraf Library and Reading Room sponsored by noted Industrialist and Philanthropist, Shri Mahavirprasadji Saraf was also inaugurated by Shri Jairaj C. Thacker on 29th August, 2014. Kirandevi Saraf Library and Reading Room will definitely prove to be a great boon to many students to study in a peaceful environment. On the same day, Deviprasad Goenka Management College of Media Studies was inaugurated by Dr. Subhash Chandra, Zee Essel Group Chairman in the presence of Shri Sajjanji Goenka, Main Donor of the college, members of Goenka family, Shri Kalyan Banerjee, Pujyashree Bhupendrabhai Pandeyaji, Shri Jairaj C. Thacker, members of the Management and other Dignitaries.

All our institutions are progressing well

and have more achievements with each passing year. Each institution in R.S. Campus has fared excellently at the Board / University examinations. Our Ghanshyamdas Saraf College, re-accredited by NAAC with 'A' Grade has become the most popular college in the western suburbs of Mumbai and has been ranked 12th amongst the re-accredited colleges in Mumbai by NAAC on the basis of CGPA Scores of 3.23 on a scale of 4. In this academic year, the college has successfully started a new Post Graduate course of M.A. in Film, TV & New Media Production affiliated to University of Mumbai. Our Deviprasad Goenka Management College of Media Studies has been ranked as the 4th Best Emerging Media School at the National Level by the Edutainment Awards 2014 presented by Laqshya Media Group and powered by DNA.

Today, we are imparting education to over 15,000 students at our various institutes. Like plants which provide shade after growing into big shady trees, we wish that the students cared and nurtured by all our institutions turn into rich human resources for our country as they become matured individuals.

We, therefore, request all our Donors, Trustees, Managing Committee members and well wishers to support us in our educational endeavours. ♦

CEO Speaks

Vikram Sethi

Rajasthani Sammelan, under the dynamic leadership of Shri Ashok Saraf, President and Shri Kailash Kejriwal, Honorary Secretary along with a dedicated team of various office bearers and trustees, continues its trail blazing journey of growth in imparting quality education to students across all communities and strata of the society. Today, we have over 15,000 students coming to our campus for pursuing various courses from KG to PG.

The entire Rajasthani Sammelan Campus is spread across 3,25,000 square feet and 12 storeys. It is an onerous task to ensure that the facilities and the upkeep of the infrastructure operates to clockwork precision and is immaculately maintained to ensure a seamless operation and a memorable teaching-learning experience. In this endeavour, we, at Rajasthani Sammelan, have ensured that we have professionals to manage the day-to-day activities of the campus. Reputed agencies in the areas of Security, Housekeeping, and Building Maintenance have been deployed to ensure a safe, secure and a congenial learning atmosphere.

Special care has been taken to ensure that all facilities for the students are provided within the campus. The latest addition to the list of amenities has been the opening of a Cafeteria managed by a reputed catering agency, a Health Centre for regular health check ups of students and to attend to any medical emergencies. The

Health Centre also organizes seminars on parenting and burn control, good touch bad touch, child psychology and other programs which are conducted by industry experts on regular basis. We also have an Educational Outlet to provide books and stationery all within the campus.

Security and safety of our students is uppermost on our mind, and as the CEO of Rajasthani Sammelan, this is one area that that I personally ensure is not compromised in any way. With the large number of students coming to our campus and the 133 bedded women's hostel, safety of our students is of paramount concern. Our women's hostel is CCTV controlled with a 24x7 female security guard and a biometric access system to ensure that only bonafide students access the hostel. Our school buses compulsorily have a female attendant and a CCTV to ensure that the students and the parents' feel secure.

We identified need for traffic management at curb side, traffic wardens are deputed during peak hours to guide children to buses and vice-versa. Continual improvement is our operating philosophy at Rajasthani Sammelan and we have also lined up various initiatives for future which include electronic surveillances, commissioning of common control room for BMS and CCTV, managing entry of visitors in campus electronically, automated parking management.

Rajasthani Sammelan team creates a

positive environment and provides effective leadership by modelling integrity, vision and ethical behavior. It is our endeavor that education is imparted to maximum number of children and with the commencement of Goyal Online Learning Academy, we are targeting graduate, management and post graduate students. The big story in future is Media Management. With this in mind, we inaugurated the Deviprasad Goenka Management College of Media Studies on 29th August 2014, offering AICTE and Mumbai University approved graduate and post graduate courses. Very soon in the near future, we have plans to reach out to more students by adopting schools in the Public Private Partnership mode, have our very own private university, and have schools and colleges across various parts of the country.

Through a very dedicated team of academicians, administrators and professionals heading various functions, we, at Rajasthani Sammelan, are set to ensure that our institutions provide the best learning and extra-curricular and co-curricular activities to ensure a holistic development for your child.

All our Institutions are committed to deliver Excellence in Education. We welcome you to visit our campus and hope to see you enrolling your child to pursue education at our institution. ♦

EDITORIAL

Dr. Sunanda Kar | editor

*Grow old along with me!
The best is yet to be,
The last of life, for which the first was made:
Our times are in His hand.....*

The poem Rabbi Ben Ezra was penned down by the famous Victorian poet of England, Robert Browning which relates to suffering in the process of growth. Browning has further stated that God has planned a complete life for us in which old age is the best part of life when we can draw and utilize knowledge from the experiences we have earned in the course of our growing.

Like the life of a human being, Rajasthani Sammelan has also faced many challenges in the course of its journey of educational endeavours. Way back in 1959, Sarvodaya Balika Vidyalaya (now known as Kudilal Govindram Seksaria Sarvodaya School), the first educational institution, was started by the founding fathers of Rajasthani Sammelan with the aim of empowering the girl child with education.

With the passage of years, our team of Management members dedicated to the cause of education faced many challenges in their mission of providing educational opportunities to the young generation. At present, Rajasthani Sammelan is successfully running eleven educational institutions, a women's Hostel, a career counseling centre along with many other facilities for the students and staff in the educational campus of Rajasthani Sammelan.

Good quality of education is vital for nation building. India has emerged as one of the world's fastest growing economies. Therefore, our biggest challenge is to ensure

that our young population is educated holistically so that our demographic assets provide us rich dividends in future. Unfortunately, educational opportunities are not available to all equally. Youth in an urban area has greater chance of acquiring education and training than someone in rural areas. Our Government is pursuing a variety of education related policies for access of education to all. However, role of private educational trusts is important to provide educational opportunities to the present generation.

In the past few years, funding of educational institutions by the State or by the Central Government is slowly dwindling. Therefore, education is becoming costlier day by day. It is, therefore, becoming very difficult for middle class families to bear expenditure of educating their children, especially to provide higher education. At the same time, teaching methods have also undergone changes. Classroom lectures are supplemented by presentations by LCD projectors, usage of internet, skype, air-conditioned computer labs and so many other teaching aids. This is becoming a challenging task for Managements of educational trusts to bear the burden of infrastructural costs and at the same time, maintain the quality of education.

Rajasthani Sammelan has received strong support from many philanthropists in its educational endeavours who have come forward from time to time with generous donations to start new institutions and also to provide various facilities in the R.S. Campus. However, with the enactment of laws related to Corporate Social Responsibility (CSR), we look forward to responsible corporate citizens to come

forward and help in the educational endeavours of Rajasthani Sammelan.

In spite of the high cost of providing good quality of education in all the institutes, the Management members have been fully encouraging all the institutions not only to provide best education to students of all institutions but have also supported all extra-curricular activities for allround development of the students. Many new institutions have also been started recently as per the need of the students & as needed by industry.

The activities in R.S. Campus in the past few months witnessed a successful starting of Ladhidevi Ramdhar Maheshwari Night College of Commerce, Kunjbihari S. Goyal Online Academy, R.S. International Playschool, inauguration of Kirandevi Saraf Library and Reading Room and Deviprasad Goenka Management College of Media Studies. All our institutions have fared excellently at the Board / University examinations. Besides academic excellence, our students have won laurels in sports and many cultural competitions. Many of our students have won competitions at District and State level sports events and have been selected to play at the National level. Some of our institutions have celebrated Hindi Diwas with great festivities.

We do not believe in resting on our past laurels. Each academic calendar, each academic term of all the institutions is dotted with noteworthy events and we are sure that each success story will motivate us to work harder and aim for further excellence. ♦

In the past few months, most of the institutions have successfully organized many indoor and outdoor sports activities, swimming camps, gymnastics as well as martial arts. All the institutions are also gearing up enthusiastically for Annual Sports Day celebrations.

I am pleased to know that the work of Pravinchandra D. Shah Sports Academy is in progress. Once the Sports Academy is completed, I am sure it will further help to develop more sports activities in R.S. Campus.

I wish that all our institutions should encourage their students to participate in sports activities and take part in interschool / collegiate, taluka, district and state level competitions. We need to prepare our students in such a way that students of our institutions become National level players and represent our country at international sports events.

Shri Satyanarayanji Kabra is the Trustee of Rajasthani Sammelan. He is associated with Rajasthani Sammelan as one of the Founder Member of the Trust from 1950s, right from the starting of Sarvodaya Balika Vidyalaya School (Hindi Medium girls' school) now known as Kudilal Govindram Seksaria Sarvodaya School. Since then, he has been fully involved with Rajasthani Sammelan and the various other institutions run by the trust for the progress of education and also for uplifting girls' education.

Shri Satyanarayanji Kabra, came from Lachmangarh, Rajasthan and resided in Malad, next to the School. He was involved with his business in textile industry. At the same time he was a dedicated social worker inclined towards empowering girls with education in Malad and in its vicinity. He also actively participated in the construction work of Dhurmal Bajaj Bhavan, the community hall of Rajasthani Sammelan and worked hard for raising fund for the same. He used to supervise daily the construction work of the school building as well as Bajaj Bhavan.

Shri Satyanarayanji Kabra, also became involved in the construction work of the building of Ghanshyamdas Saraf Girls College which was at that time, the only college in Mumbai affiliated to the University of Mumbai, imparting Commerce Education only for Girls. He was one of the key persons to approach Bajaj Family and Shri Mahavirprasadji Saraf who donated a huge amount for the idea and cause behind Dhurmal Bajaj Bhavan and Ghanshyamdas Girls College respectively. He has worked along with all the Past Presidents from Shri Murlidharji Jalan & the present President, Shri Ashokji Saraf.

Some of his colleagues were Late Shri Vishwanathji Poddar, Late Shri Ramnarayanji Saraf, Late Shri Prahladraji Saraf, Late Shri Sitaramji Singhania, Shri D.R. He ensured that all his four daughters studied in Sarvodaya Balika Vidyalaya School and Saraf College and now following the same precedent, even both his grand daughters are studying in respective institutions of Ghanshyamdas Saraf College and Durgadevi Saraf Institute of Management studies. His son Shri Sunil Kabra, who is presently the Joint Secretary is actively participating and taking interest in the activities of the organization.

When did you first get associated with Rajasthani Sammelan?

I became associated with Rajasthani Sammelan right from 1954 or earlier when Sarvodaya Balika Vidyalaya (now Kudilal Govindram Seksaria Sarvodaya School) was started by Late Shri Vishwanthji Podar in the Hanuman Temple of Chincholi with 02 students on 6th November, 1954. Smt. Sushila R. Jaspuria, daughter of Late Shri Vishwanathji Podar was the first student of the school. Gradually, the student strength started increasing and it became a Primary School. Late Shri Kudilalji Seksaria gave a spacious land of 4,000 sq.yds. for the school. A small building was built on this land and the primary section of the school was inaugurated on February 1956 by none other than the great philanthropist, Late Shri Kudilalji Seksaria. Later, we also purchased a piece of land adjacent to this land. Late Shri Brijmohanji Ruia also donated Rs. 51,000/- for the construction of the school building. After collecting the required amount, the school building was constructed. It was then inaugurated in 1959 by the then Union Education Minister, Dr. Kalulal Shreemali. The stalwarts who made valuable contributions in the earlier years and were founder members such as Shri Durgaduttji Thard, Shri Ghanshyamdasji Jalan, Shri Kishorilalji Ruia, Shri Krishnaji Narsaria, Shri Biswanathji Seksaria, Shri Murlidharji Jalan, Shri Ratanlalji Saraf, Shri Hariramji Saraf, Shri Vishwanathji Podar, Shri Lalchandji Dalmia, Shri Gaurishankerji Nangalia, Shri Kashiprasadji Adukia, Shri Mahavirprasadji Kayal and many others.

Tell us something about the educational endeavours of Rajasthani Sammelan in the early years?

In early 1950s, there was no girls school in Malad area. Therefore it was the endeavour of members of Rajasthani Sammelan to start a girls' school in Malad. This was possible because of the generous donations received from the philanthropists as well as hard work of members who faced great hardship to collect donations by approaching donors from the community. Thus we started Sarvodaya Balika Vidyalaya with a social cause i.e. empowering girl students with education. Sarvodaya Balika Vidyalaya started as a Primary school and gradually became a Secondary School attached to the State Board of Maharashtra to impart education in Hindi medium. Very soon the school became famous for its teaching and extra- curricular achievements.

However, the Managing Committee of Rajasthani Sammelan felt the need of extending educational opportunities to the girls to a further higher level. In 1975, our trust received recognition from the State Government to start a Junior College which was attached to the school. Later, it was named as Durgadevi Saraf Junior College named after the late mother of Shri Mahavirprasadji Saraf, the Main Donor of the college. Initially, the college imparted education in commerce stream to girl students and became famous in the western suburbs for excellent results, discipline and extra-curricular activities. In later years with the changing time, the Management decided to provide co-education in the

Junior College which now became attached to the Degree College.

It now became the dream of the Trustees and Managing Committee members to promote higher education for girls in western suburbs of Mumbai. Therefore, the Management members worked hard to obtain permission from State Government to start a Girls College. In June 1983, after the continuous efforts of the Trust members, the Government of Maharashtra gave permission to start a Girls' Degree College affiliated to the University of Mumbai. Shri Mahavirprasadji Saraf, the great Philanthropist and Industrialist, came forward and donated a handsome amount in the memory of his late father, Late Shri Ghanshyamdasji Saraf to start the college. Ghanshyamdas Saraf Girls College was inaugurated on 2nd June, 1983 at the worthy hands of Hon'ble Shri Sudhakar Naik, the then Education Minister of the Government of Maharashtra.

Along with the educational endeavours, our Trust also cared for the need of the Community. In early seventies, there was no Community Hall in the western side of Malad /Goregaon area of Mumbai. Hence, the idea of constructing a community hall was born in the minds of the founding fathers. Soon, a piece of land opposite R.S. Campus belonging to Late Shri Kudilalji Seksaria was purchased by Rajasthani Sammelan for construction of Dhurmal Bajaj Bhavan. Shri Deviduttji Bajaj came forward and Shri Dhurmal Bajaj Charitable Trust gave the largest amount of donation to start the construction. The Hall was named as Dhurmal Bajaj Bhavan in the memory of Late Shri Dhurmalji Bajaj. The construction work started in 1973 and was completed in 1976. On 16th April 1976, Dhurmal Bajaj Bhavan was inaugurated by Shri Adityaji Birla with Shri Ramkrishnaji Bajaj as the Chief Guest -both being renowned industrialists & philanthropists, at a glittering function organized by our Trust.

Who were the people who contributed in the growth of Rajasthani Sammelan in the early years?

There were many people dedicated to the cause of education and love for the community who are remembered in the early years of Rajasthani Sammelan. All of them worked together. However, names of Shri Durgaduttji Thard, Shri Ghanshyamdasji Jalan, Shri Kishorilalji Ruia, Shri Krishnaji Narsaria, Shri Biswanathji Seksaria, Shri Murlidharji Jalan, Shri Ratanlalji Saraf, Shri Hariramji Saraf, Shri Vishwanathji Podar, Shri Mahavirprasadji Deora, Shri Lalchandji Dalmia, Shri Gaurishankerji Nangalia, Shri Kashiprasadji Adukia, Shri Mahavirprasadji Kayal and many others are to be remembered. In later years, Shri Banwarilalji Jhunjhunwala, Shri Kailashji Parasrampurji, Shri Prahladrailji Saraf, Shri Shrikantji Dalmia and many others joined the team and worked with full dedication for the cause of education. Shri D.R. Dhanukaji also played a great role in the progress and development of education by Rajasthani Sammelan.

EXCERPTS OF
INTERVIEW OF
SHRI
SATYANARAYANJI
KABRA

How did you contribute in the growth and development of the educational institutions of Rajasthani Sammelan?

I was involved with Rajasthani Sammelan right from the beginning when Sarvodaya Balika Vidyalaya (now KGSS) was started. We used to go from door to door along with other members in the nearby buildings and request them to send their daughters for education in the school. After the school building was constructed, I always looked after the maintenance of the infrastructure along with others. I was always a firm believer to do work without any name or post. I was involved in the construction work of Dhurmal Bajaj Bhavan as well as raising fund for the same. When Ghanshyamdas Saraf College was started, we worked very hard for getting special permission from State Government through the then Chief Minister of Maharashtra, Shri Vasant Dada Patil with the help of Shri Mahavirprasadji Deora & Shri Murliji Deora. I was always a part of Fund raising Committee & collected huge amount of donation as & when required for the growth &

development of the trust as well as contributed myself. As member of school sub-committees and Governing Council of Ghanshyamdas Saraf Girls' College, we took many important decisions for the progress of the college. I also motivated my son, Shri Sunil Kabra to join Rajasthani Sammelan and actively participate in the activities of the Trust. I am indeed very happy that he is taking keen interest in all the activities of Rajasthani Sammelan as an Office Bearer and member of various sub-committees for the past one decade and more.

5) Tell us some important incidents which you would like to mention in this context?

There are many incidents and events which can be mentioned. The memorable events were inauguration of Sarvodaya Balika Vidyalaya as well as Ghanshyamdas Saraf College and inauguration of Dhurmal Bajaj Bhavan. We also celebrated Golden Jubilee of Rajasthani Sammelan in a grand manner. Some incidents are pleasant and memorable. One such incident was when all Management members attended Sports Day celebration of Ghanshyamdas Saraf Girls' College. At the request of the Principal, Shri D.R. Dhanuka, Chairman of the Governing Council and other members played musical chair during the Sports Day. This was great fun for us and helped create a bond with the students and the staff.

6) What is your message to the present team of Managing Committee members?

I congratulate Shri Ashokji Saraf and his team of Office Bearers, Managing Committee members and Trustees for the excellent work they are doing in the field of education. My message to them is to encourage teachers to do research, present papers in seminars & conferences. At the same time, remedial lectures should be arranged for students weak in studies. Besides, there should be more scholarships for the students coming from weak economic background to study and progress further in life. ♦

We used to go from door to door along with other members in the nearby buildings and request them to send their daughters for education in the school. ♦

Seeing is believing

We may not be the first word, when it comes to MBA institutes. But the PGDM program at DSIMS is at par with the most sought after institutes across India.

Our facilities match up to the best in the industry, with infrastructure such as Wi-Fi across the campus, state-of-the-art classrooms, well-equipped library with journals, seminar hall, computer laboratory and a women's hostel.

The institute established by the 65 years old Rajasthani Sammelan led by its dynamic, visionary President, Ashok Saraf, was created with the generous donation of Rs 7.5 Crores from Shri Sajjankumarji Goenka, Chairman of the large textiles exporting company Texport, in the name of his father, Shri Deviprasadji Goenka, with the objective of providing hands-on, career-oriented, degree-based, media-based education to students at Bachelors and Masters level, affiliated to Mumbai University

He informed that Zee Group is working towards 2 billion viewers from its current reach of 800 viewers in 170 nations with a bouquet of 33 diverse channels within the span of the next half a decade.

Blessing the inauguration on the auspicious

The Narsee Monjee Chairman, Jairaj Thacker also spoke on the occasion and inaugurated the Kirandevi Saraf Library and Reading Room, making it open for readers from all cross-sections of the society.

Speaking on this occasion, the current Dean, Prof Ujjwal K Chowdhury noted that the focus of the college is on hands-on training, more

practical work, management of entertainment and media to be learnt, and moving from convergence of media knowledge to specialized focused knowledge, portfolio creation, multiple internships etc. He also outlined the next three needs on campus, which are an industry class preview theatre for films viewing, multi camera studio with shooting, chroma and PCR facilities, and a communication research lab.

The first and founding Dean, Prof Vinay Dhumale, now an Advisor to DGMC, deliberated upon the history of the start of the college, the initial short courses which have been hands-on, etc, going down the memory lane. Interestingly, there was a thematic decoration of Saraf Hall and the campus on the lines of a film set which was well appreciated by all guests. And there were bold and continuous guard of honor by school students in uniform and band team to all guests. There were a bevy of guests including lead Rotarian and Trustee, Rotary Foundation, Kalyan Banerjee, Dr Prakash Saraf, Nandkumar Seksaria, Kamalnayan Rajpuria, Vinodkumar and Rajkamal Bajaj, Balkrishna Lakhota, Naresh Saraf, Sushil, Raju and Suresh Goenka, Madhusudan Maheshwari, Mahesh Goenka and JP Khemka, among others, apart from the entire family of RS Group of Institute heads.

~Oprah Winfrey

The Month of April had again been one of the best months of this tenure. Occupancy had reached the mark of 111. Many admissions were lined up in a row and admissions were going in full swing. It was very mesmerizing to see that DSWH has made an unshakable place for itself. We had many new students coming in our hostel to pursue their dreams. Some of them were their various Internships in Mumbai from most prestigious places like IIM Kolkata, Lucknow, Kozhikode and Bangalore. We have also received feedback from these students as well as their relatives which are quite encouraging.

All the students were well settled in the hostel - both old and new. The suggestions from parents' side are very important and we ponder upon each and every view received so that its implementation will enhance the

comfort of each student. The food provided to the students in the hostel has also improved as compared to last month as all the points mentioned in the food committee meeting were looked upon from the caterer's side. The meeting was attended by students, food committee members and the caterer in which each and every minute fact was kept in front of caterer so that implementation and modification could be done accordingly.

The General Meeting of the Hostel was also held with the students in which the problems and views of both the hostel staff and students were discussed elaborately. All the rules were once again read out to students so that they would keep them in mind and perform their actions within their limitations. Students were also advised to look after the hostel property as their personal one. They were also told not to misuse the hostel property. They were also given general instructions like:

- Keeping rooms tidy as we have aspirants for admissions, even they themselves would

feel good after their return from a hectic day.

- Switching off the lights, fans, Air-conditioners, plug point off when not in use in order to save energy.

- Conservation of water by closing taps of wash rooms and basins when

not in use.

- Also to take care of themselves while travelling to colleges and office since weather is changing.

Even the students co-operated with hostel staff by obeying all the rules and regulations laid down by the management. Both old and new students took care to it that none of their actions would hinder the decorum of the hostel. Moreover, the old students also helped their new peers to settle down in the hostel and created a much amicable environment for them.

The month of May and June were again glorifying for the hostel. We had begun to receive admissions from the month of May itself and it was really soothing to see our hard work being paid off so well. The admissions and queries were being received from all parts of the country. New prospectus was designed for our new tenure which marked the beginning of another wonderful year ahead.

The month of July & August had been swift paced months. It had brought its own challenges and victories with 131 students in the hostel. The new I-cards and Wi-Fi login I.D. were distributed among the students. Students were placed in the hostel according to their bed allocation.

A new food committee of 10 new and old students has been formed for this tenure. First

introductory meeting was held on 4th August and menu prepared by members was handed over to the caterer. All the students are well settled including all new students who have been really excited regarding their respective schedules of colleges, classes etc.

The new students are also very enthusiastic towards participating in extra-curricular activities. They actively participated in the Independence day celebrations by all institutions of Rajasthani Sammelan in Durgadevi Saraf Hall. The students had readily taken out hours from their busy schedules and practiced thoroughly to present their item before the gathering.

The performance given by hostel students comprised of:

- Speech: Introductory speech by Ms. Jagriti Pincha who attracted attention from one and all with her wonderful speech delivery and adequate vocabulary.
- Patriotic Song: (Maa tujhe Salam) which moved the heart of everyone and made us proud of the fact that we are a part of this

country.

- Dance performance on Des Rangeela, which was full of enthusiasm, grace and above all, hard work put by each and every performer.

- Poetry: A self created and narrated poetry (Being Indian) by Ms. Smriti Bhoker created a sense of nostalgia in all the people.

The hard work put by each and everyone was paid off as we earned praise for a marvelous show put up by the hostel inmates. In short, the months of July & August have continued to add one more feather to the success story of our prestigious institution. Our new students very nicely adapted to the environment of our hostel. They have also been creating a homely atmosphere in recreational area in the evening so smoothly that each and everyone feels relaxed after a hectic day.

The month of September had also been a swift month and everything went on smoothly. Our students continued to maintain the decorum of the hostel. All the students were now busy in their respective courses and classes. It was indeed a hectic month for the student with regards to their studies.

The will to win, the desire to succeed, the urge to reach your full potential... these are the keys that will unlock the door to personal excellence. ♦

Kunjbihari S. Goyal online academy

LEARNING BEYOND BOUNDARIES

Established in 2014

It has been 8 months and there is frenzy of activity to setup Kunjbihari S. Goyal Online Academy (GOLD). The GOLD THINK TANK, the GOLD Academic Board, the authoring agencies and the reviewers are being appointed. Lot of documents (guidelines, policies, processes and systems) are being drafted. The portal team is busy adding a lot of functionality to the already existing LMS. While the first semester of the academic year 2014-15 concluded, GOLD team is busy with the B.Com and B.F.M. content authoring agencies to obtain quality multi-media content for the even semesters. About 5 new colleges were visited by the GOLD marketing team, the academic association is being conceived in a standard Memorandum of Understanding, to be signed with partnering colleges.

As always our President Mr. Ashok Saraf has been providing unstinted guidance, advice and support and also helping in creating and modifying the Kunjbihari S. Goyal Online Academy vision.

The Content, the LMS, the enrolled students and the GOLD team become the four pillars of Kunjbihari S. Goyal Online Academy. From the Saraf College, Dr. Jayant Apte, Prof. Bhavna Vaidya have been very helpful and resourceful. Many other professors and teaching faculty members also are helping continuously.

The release of multi-media content with audio-visuals and animations, with objective assessment tools, has a lot of similarity to that of making films. Currently the challenge is to find established content publishing companies, which can deliver to the stringent specifications provided by the GOLD Content Management team. The content creation involves use of software tools like the Smoothdraw, the Adobe Premier, the Camtasia and the Wacom (digital slate and the digital pen/ stylus). Currently content is being created for the B.F.M. and B.Com courses of Mumbai University.

The portal or the Learning Management System (LMS) is yet another important component in Kunjbihari S. Goyal Online Academy. There is a dedicated portal design and development team continuously busy for past few months. This team is preparing Microsoft MVC (Version 4) based LMS, which will also be deployed under Cloud methodology. Currently the live LMS is also deployed (hosted) on the MS Windows Azure platform, which provides close to 100% redundancy and also the platform has not shown even a single instance of downtime.

Initially, about 2500 students from the Ghanshyamdas Saraf Commerce College have been enrolled on the GOLD LMS. A unique login id and password has been generated for each student and

communicated to her/ him by SMSs and emails. As a starter kit, eBooks were provided so as to acclimatize with the learning management system. The Kunjbihari S. Goyal Online Academy Student Operations Team conducted GOLD MANIA and GOLD QUIZ during September and October 2014. Prizes worth few thousand Rupees have been announced for successful students.

A marketing cum promotional film on Kunjbihari S. Goyal Online Academy and its vision has been prepared. This is a very sleek 5 minutes multi-media film which explains the background of GOLD Academy, its benefits and other details in an audio-visual presentation.

The Kunjbihari S. Goyal Online Academy Team is being continuously augmented and new members are joining the team either as full time formal members or in the capacity as a contract executive. Currently over 15 resources are working for over 10 hours everyday to ensure timely announcement of a number of courses and also the milestone of huge number of enrolled students.

Let us hope, we have some surprising good news for the next ABACUS...

CONVOCATION 2014

2nd Annual Convocation

PGDM BATCH (2012 - 14) OF DSIMS

A convocation (from the Latin 'convocare' meaning "to call/come together"), is a group of people formally assembled for a special purpose. This special purpose is to celebrate the hard work by the students and faculty in the two years extensive and fruitful journey of Post Graduate Diploma in Management (PGDM) of Durgadevi Saraf Institute of Management Studies (DSIMS) approved by AICTE. DSIMS values its intellectual capital, and nurtures it through a perfect blend of the traditional as well as contemporary ways and means, for the comprehensive development, of the students' personality and develop them into well equipped professionals who can significantly contribute to the value creation process. Convocation ceremony represents one of those luminal moments in a student's life, a threshold moment, where they pass between two states of being graduates to the ranks of alumni. It is the

moment for which every student looks forward to - the culmination of the efforts put in by them over the past two years bearing fruits and making them feel proud of their academic achievements.

The second convocation of the PGDM Program of the Durgadevi Saraf Institute of Management Studies, one of the fastest growing management institutes in the western suburbs of Mumbai was held on the 2nd May 2014. The Convocation Speaker was Dr. Snehalata Shamrao Deshmukh, an eminent paediatric surgeon and Dhanwantri Award winner. She was the Vice Chancellor of University of Mumbai from 1995 to 2000. The other dignitaries included Mr. Ashok Saraf, Chairman DSIMS and President, Rajasthani Sammelan, Esteemed Members of the Trust, Head of Institutes, Special Invitees, all the Visiting Faculties and Family Members of

Graduating Students.

Dr. Sharad Kumar, the Officiating Director of DSIMS presented the director's report covering the activities of the entire year. The ceremony started with Dr. Sharad Kumar, welcoming the guests and presenting the awards to the administration, support staff and faculty. He declared Dr. Sarita Vichore, Chairperson of the MMS Programme and Head of the Finance Department as the "Best Faculty 2013-14" keeping in mind parameters such as student feedbacks, responsibilities of the faculty members, workload of the faculty members and initiatives taken by the faculty towards institutional development. He presented the annual report and elucidated the philosophy of the institute and the special initiatives taken by the institute to develop job ready managers, who have the right skills, attitude,

humility and social consciousness.

After the Director's report, the second graduating batch of the Post Graduate Diploma in Management Program was conferred diplomas by Dr. Snehalata Shamrao Deshmukh. The "Student of the Year award" for PGDM 2012-14 batch went to Mr. Kamlesh Pithadia. This was followed by the presentation of the MMS Certificates to the second batch of MMS students by Mr. Ashok Saraf. The other awards included, "The best student award for rural immersion initiative" which went to Mr. Ashish Jhunjhunwala; "The best student award for international immersion initiative" went to Ms. Ruchi Jain; "The best student award for social initiative" went to Mr. Aakash Daruka. This was followed by presenting the awards for the various conclaves and events held at DSIMS.

"The Most Outstanding Student Award" in MMS went to Ms. Megha Agarwal who was a sincere, hard-working and a dedicated student during her journey at DSIMS.

Mr. Ashok Saraf in his address elaborated on the contribution and growth of Rajasthani Sammelan in the field of education and expressed his satisfaction about the achievements of DSIMS. He emphasized the importance of Time Management for the young generation. He encouraged the students to make a significant contribution to the society and wished them success in future.

Dr. Snehalata Shamrao Deshmukh the convocation speaker, described Mr. Mahavirprasad Saraf in a beautiful Marathi poem and addressed him as her friend, philosopher and guide. She also threw light on the vision and mission of Mr. Mahavirprasad Saraf. Dr. Deshmukh added that Mr. Ashok Saraf is a combination of the past experiences and a future vision. She also highlighted the quality of time management shown by Mr. Ashok Saraf as well as showed her compassion towards this institute saying it is extremely close to her heart. In her convocation address, she appreciated the efforts of the administration for an immaculate arrangement for this occasion. She lucidly stressed the importance of humility and social cause. While exhorting the students to work hard, she shared the mantra that God has made everyone equal yet special. It's our own perception that creates complex situations. God has gifted all of us some talent. We all are unique in our way but at the end of the day, the person who is remembered is the one who respects all and is humble enough by nature. There are people who have pride of being either very rich or

having good looks. But the richness is the golden heart that we possess and bring happiness in other people's life. The people, who feel superior of certain thing, actually forget that there is only God who is larger than anyone else in the world. She related these thoughts to the holistic development of students.

She also emphasized on educating the girl child and inspired all to make a difference to the world through awareness of and contribution to social welfare. She motivated the students to gain wisdom through experience and knowledge as that will linger on for life. She highlighted the importance of success and concluded her speech by a prayer which was as follows:

"Grant me a steady hand and watchful eye, that none may suffer/hurt as I perform by. Thou givest life, I pray no act of mine shall do any harm".

The passing out students were administered the MBA oath by Dr. Sharad Kumar where in they have pledged that they will conduct themselves with highest degree of ethics, integrity and social responsibility.

As a business leader they recognized their role in the society. The purpose was to lead people and manage resources to create value that no single individual can create alone. It also threw light on, how their decisions affect the well-being of individuals inside and outside the enterprise, today and tomorrow. Hence they promised to treat the enterprise with loyalty and care, and not advance any personal interests at the expense of their enterprise or society. The students promised to understand and uphold, in letter and spirit, the laws and contracts governing their conduct and that of their enterprise. They assure to refrain from corruption, unfair competition, or business practices harmful to society. They promised to protect the right of future generations to advance their standard of living and enjoy a healthy planet. They will protect the human rights and dignity of all people affected by their enterprise and also they will oppose discrimination and exploitation if it happens in their enterprise. They will report the performance and risks of their enterprise accurately and honestly. The

students will invest in developing themselves and others, helping the management profession continue to advance and create sustainable and inclusive prosperity.

In exercising their professional duties according to these principles, they recognized that their behavior must set an example of integrity, eliciting trust and esteem from those they serve. They will remain accountable to their peers and to society for any of their actions and for upholding these standards. This oath was made freely, and upon the honor of the student.

The Valedictorian Speech was delivered by Mr. Kamlesh Pithadia of PGDM 2012-14 batch where he shared his reminiscences of the learning and experiences in DSIMS. He also added how the college has moulded him and changed him into an individual who is ready to step into the corporate world. He also shared how the professors' efforts, knowledge and never ending encouragement has cemented the roots of each student to be where they are today.

The Ceremony concluded with the address of PGDM Chairperson, Ms. Kusum Pawar where she thanked our eminent speaker, the Rajasthani Sammelan Trust, the Director and faculty members as well as the students. She congratulated the students on the significant achievement of their life. She emphasized on how the students are at two phases; a student of DSIMS to being a person at large to the world. She highlighted the importance of the management skills taught at the institution and wished the students good luck for their future endeavours. Ms. Pawar concluded her speech using beautiful words written by Robert Frost which are as follows:

"The woods are lovely, dark and deep, But I have promises to keep, And miles to go before I sleep, And miles to go before I sleep"

More and more Indians now want to study abroad. The number of applications by Indian students for Master's programmes in the US jumped again – 32% in 2013-14, says a recent Council of Graduate Schools report.

"Indians value, perhaps overvalue, foreign qualifications, and this also creates more interest in studying overseas. What are the job opportunities afterwards? What are the opportunities in that profession in that country as well as in India? “GLOBALIZATION AND ISSUES OF CORE AND PERIPHERY IN INDIA”

India has initiated wide ranging economic reforms covering all sectors of the economy-agriculture, trade, industry, finance and even social sectors such as education, health and housing – since July, 1991. The globalization, liberalization and privatization (LPG) is the main slogan of this reform. The globalization is primarily understood today as the free movement of goods, services, people and information across national boundaries. Now we have to agree with the view that

management is known to produce pro-rich regime controlling world's knowledge; property rights and patent rules, thereby, pushing poor people and poor countries to the margin of the knowledge-driven global economy. Spread of inequality – making rich richer and poor poorer, marginalization of those who fail to compete in marketplace resulting into growing unemployment, underemployment, exclusion and poverty.

process of globalization. It is they who believe that globalization is the agenda for humanity which can work for the poor. It is not merely an economic phenomena rather it covers all spaces of modern life. It refers to culture, polity, economy and the state. It is being said that 'you may not be interested in globalization but globalization is very much interested in you'. No political governance but corporate governance. Globalization has

Globalization, with its ideological orientation,

Dr. P.G. Jogdand
Head, Dept of Sociology,
University of Mumbai

globalization is now a fact, not an option. We have to live with it though globalization has not been a democratic choice of people anywhere. The imperatives of globalization have been business driven, by business strategies and for business ends. The manner in which globalization was introduced in India, as in several other countries, in the garb of economic reforms, without any discussion in the parliament or with people. The anti democratic content of globalization thus surfaces right from its birth.

The basic framework of globalization can be seen as comprising three tenets: (1) social Darwinist conception of competition, (2) panacea of free market and (3) extreme individualism. It believes that only the winners in competition have right to survive. Globalization prescribes free market as panacea. The market serves as a playground for individuals to compete – fight to finish. Market is represented as optimal and self-regulating social structure. Market centric

is inherently elitist and hence, naturally produces inequality. Globalization thrives on uncertainties and therefore demolishes all established correlations transforming the world into a risk society. Globalization, an agenda of capitalism in crisis, driven by imperialist institutions like IMF, World Bank, and WTO has essentially a pro rich bias. It has been a social disaster, environmental disaster and a threat to stability of the world. It has both its winners and losers. The gainers include people with assets, profits and people with high skills, educated, professional, technical people, large firms, global markets, global elites and firms with market access and branding. The losers include people without assets, uneducated workers, those dependent on public services, small firms, the poor, local communities etc. Now, in case of poor we can say that without any doubt that as it stands today, they are the losers of globalization. Now the people are talking about second generation reforms. Still the government and professional economists are optimistic about the positive results of the

existed in many forms; there have been trade, services, flow of goods and capital and labour across nations. However, in the last twenty years, globalization has become a major force controlling economic, political, social and cultural spheres of the world. The new significant aspect of globalization is the attempt to create new rules and regulations for free trade of goods, capital and services and to enforce and monitor this new agenda through international instruments such as WTO, IMF and the World Bank. On the international front, India has provided market access and liberalized flow in the case of around 760 commodities. Similar access is allowed in capital investment and flow. International companies are allowed in insurance and many other service areas.

Structural Adjustment Programme (SAP) has been introduced in the domestic economy. It includes (a) Privatization of the public sector

and services, (b) Removal of restrictions on private sector participation in the economy, (c) Withdrawal of the government from many development and basic welfare sectors, (d) Wage freeze and cuts in subsidies. Further services such as banking, insurance health and education are now open for private sector investment. The main focus of globalization has been to reduce the role of the state in the social and economic governance of the country and move towards the privatization.

Right from its inception, the process of globalization has generated a good amount of debate both in favour and against it. A large section of industrialist and capitalist class whole-heartedly welcomes this process. No doubt that many changes have happened in our society since inception of NEP. Among other things, India has become one of the fastest economies in the world and a leading country in Information Technology. But on the human development index (HDI), India is ranked as one of the lowest in the world. This means there is a contradiction in our development paradigm. As the government itself has admitted in different ways, the fruit of our development has not reached the majority of the people especially the poor. As it is said that there are three facets of social development viz, social security, social justice and social harmony, now it is amply clear that globalization has adversely affected all the three in India. It has led to worsening of social security, widening of disparities, improvisation of the poor and sharpening of social tensions and conflicts.

Globalization has led to exasperation of socio-economic disparities in the third world. According to a report of the Mahbub-Ul-Haq, "during the globalization phase about half-a-billion people in South Asia have experienced a decline in their incomes. While globalization has benefited a small minority of educated urban population, overall income

inequality has increased." Elaborating this point, the report adds, "the balance sheet of gainers and losers in the globalization process shows the uneven burden borne by the poor within and among nations". What is more, on the front of social development, particularly education and health, the report notes decline in expenditure in South Asian countries, falling to levels lower than those in the pre-globalization period. The poor have been expressing their dissatisfaction and anguish against new economic reforms.

Issues of Core and Periphery Core-periphery models are based on the observation that within many spatial systems, sharp territorial contrasts exist in wealth, economic development between economic heartlands and outlying subordinate zones. Core-periphery models have been used in many different situations. The industrialized countries are identified as the core and the developing countries are the periphery. It is argued that the core has continued to develop and industrialize by drawing resources from the periphery leaving the developing countries without the means or the resources to develop. The development gap between developed and least developed countries widened instead of narrowing. This cycle is known as dependency theory which believes that the resources flow from the less developed periphery to the industrialized core. Further, core-periphery theory is based on the notion that as one region or state expands in economic prosperity, it must engulf regions nearby to ensure ongoing economic and political success. The area of high growth becomes known as the core and the neighboring area is the periphery. Cores and peripheries may be towns, cities, states or nations. It so happens that resources drain away towards the core. Core and peripheries are everywhere and on every level. The core regions benefited the most and the periphery zones relied on coercive labour practices.

Dependency theory and World system theory (Paul Baran, Andre Gunder Frank, Wallerstein and Cardoso) provide vital grounding for the issue under reference. Dependency theory rested on the notion that resources flow from a 'periphery' of poor and underdeveloped states to a 'core' of wealthy states, enriching the latter at the expense of the former. It is a central contention of dependency theory that poor states are integrated into the 'world system'. Dependency and World system theory hold that poverty and backwardness in poor countries are caused by the peripheral position. There is distinction between the nations of the centre and the nations of the

periphery.

Using the core-periphery argument, the rich and privileged class who constitutes the core, is the most benefited even after the arrival of LPG in India. And the poor are poverty stricken due to their peripheral position in Indian society. The resources drain away towards core and the periphery relies on coercive labour practices. As a result, a gap widens between the rich and the poor. The impact of globalization on poverty is noted by many scholars. The evidence shows that globalization has been accompanied by a significant rise in poverty. Since the entire argument of globalization with respect to poor is based on the 'trickle down' effect, it is admittedly not oriented to benefit the poor. The premise behind this argument is that globalization entails growth of economy which will slowly trickle down to the lowest layers of the society. This premise, however, is not held out by the empirical evidence. Contrary to its claims about boosting economic growth, during its operation over the last two decades there has been economic decline in about 100 countries, consequently reducing incomes of about 2 million people.

Indeed, globalization has led to impoverishment of millions of poor in rural areas. The alarming phenomenon of farmers' suicides during the last five years may be taken as an illustration of the devastation caused by globalization. Globalization has unleashed policies like downsizing, outsourcing, to bring down labour cost. The trends towards casualisation, informalisation, feminization, subcontracting has further aggravated the situation of the poor. The increasing incidence of part-time workers, shikshan sevak, seasonal workers, home workers and subcontracted workers are working by leaps and bounds in the country. The Exposure of the small sector not being able to face global competition has led to closures throwing scores of workers on roads. Increasing incidence of industrial sickness and closures in both traditional and modern industries has resulted in a massive loss of employment. The much flouted job creation in the sectors like IT, telecom, Biotech etc. are intrinsically elitist and have meant little to the poor. The pro-rich bias of globalization has aggravated existing inequality world over and has reached vulgar limits. Globalization is producing billionaires at the rate unprecedented in history, which is being cited as the enrichment of people by its protagonists; (core) but it is purely at the cost of those at the bottom of the pyramid (periphery). ♦

Rigorous pedagogy leads Successful beginning!!! The true benefit of doing a PGDM from DSIMS is that it aims to create future business leaders. As it is said today – "MBA is just mere a degree" but how I perceive is MBA is a degree till there is no extra value add. The structure of the program and differentiators like Managers in Making, Conclaves and Rural / International immersions has helped me begin my Consulting career and gave me that extra value add over others. Living onto his tagline – Local Experience, Global Impact

The DSIMS (MMS) program provides students a mix of both academic theory and practical business experience. Classes were taught with an interactive approach, allowing me to build on my own experience by learning from my classmates as well as the lecturer. The lecturers were a perfectly balanced mix of the brightest academic and business minds. Much of our academic work took the basics of business theory and applied it to cases ripped from the pages of the case studies of Harvard Business School. Modern business requires leaders who can work with different types of people in all kinds of business environment and DSIMS did a superb job of creating this environment. I consider studying at DSIMS as one of the best decisions I ever made in my life and I am extremely proud of it.

I studied in Sarvodaya Balika Vidyalaya now known as Kudilal Govindram Seksaria Sarvodaya School. By studying in this school, we received an opportunity for all round development of personality along with studies. Our school organized many extra-curricular competitions and sports activities. Our teachers always instilled values in our life and taught us to be polite to people and respectful towards elders. Our Headmistress Smt. Shakuntala Mehra loved us like her own children. My most memorable moment at the institution was when our Hindi teacher Smt. Shashi Tiwari encouraged me to develop interest in Hindi. At that time itself, I decided that if given an opportunity, I will become a lecturer in Hindi and play a role in the development of our national language. After completion of my Graduation, Post Graduation and B.Ed, I became Principal of a school for some time. At present, I am working as lecturer in Hindi in P.D. Lions College of Commerce & Economics, Malad (West), Mumbai.

THANK YOU DONORS

Our family of donors include illustrious business families, individuals, corporate partners, foundations and all those people who are committed to our philosophy of providing **"Quality Education for All"** and have been coming forward with their contribution from time to time to create an institution of educational excellence.

Through these columns, we thank and acknowledge the support of our donors for their generous contribution over the years. Your support and contribution plays an important role in helping Rajasthani Sammelan to achieve its mission of developing a community dedicated to achieving national and international levels of excellence in various fields of education.

Your generosity has significantly contributed and helped the students in various areas. Every donation that you make impacts the life of our students in some way or the other. Your contribution has helped us build various institutes of excellence with the best infrastructure that include state of the art computer labs, knowledge resource centre, communication centre, health centre, educational outlet, sports facilities and scholarships instituted for meritorious students. All our institutes have benefitted immensely from your support.

Undoubtedly, you as our esteemed donors have made Rajasthani Sammelan stand tall in stature and have helped it grow from time to time. Like you, there have been many others whose contribution to Rajasthani Sammelan way back in the early 1950s has been significant and notable. And we gratefully acknowledge their noteworthy contribution in setting up the edifice of this great institution.

We gratefully acknowledge the contribution made by **Late Shri Kudilalji Seksaria** who donated the land on which the current structure of Rajasthani Sammelan stands. This contribution cannot be valued in terms of money, and it would only undermine his contribution if we were to measure this in monetary terms.

At the same time, had it not been for the significant contribution of Rs. 50,000/- by **Shri Brijmohan Ruia (Brijmohan Laxminarayan Ruia Charity Trust)** way back around the year 1950, the landmark Sarvodaya Balika Vidyalaya would not have come up. A small dream way back in early 1950s has today paved the way for a number of institutions under the banner of Rajasthani Sammelan. As they say, "It all begins with a Dream".

We are proud to have you all as an integral part of the positive impact and an enduring legacy that we are creating at Rajasthani Sammelan. May your benevolence continue to bring about the change we wish to see in our educational system. We stand committed to spread our wings and fly higher. In this journey of growth, we seek your continued support.

We constantly endeavour to maintain accuracy in the list of donors and we thank you for the feedback in case of any discrepancy that has been noted. Should there be any errors or omissions in this list, we urge you to contact our Donations Officer on rs@rajasthani.org.in.
