Dear Reader,

Teamwork is the hallmark of Rajasthani Sammelan and I am happy to state that we have successfully crossed many milestones that mark our growth, unfold our imaginations and give life to our thoughts and aspirations.

Past few months have been full of interesting activities in our educational campus. Our RS CA Study Centre and ICAI Extension Counter was inaugurated on 8th July, 2015 by CA Manoj Fadnis, President ICAI and was also graced by CA Sunil Patodia, Chairman, WIRC, at a glittering function attended by a large number of Chartered Accountants, Management members, Trustees, Dignitaries, Staff and Students. The Study Centre has proved to be extremely beneficial for students pursuing Chartered Accountancy course. At present approximately 350 students are enrolled in the Study Centre who are using it in a disciplined manner.

Our Durgadevi Saraf Institute of Management Studies successfully celebrated Foundation Day and Academic Inauguration for MMS and PGDM batches of 2015-17 which was graced by Mr. Ramakrishnan, Vice Chairman, Jt. In the area of social initiatives, students of Ghanshyamdas Saraf College, Ladhdevi Ramdhar Maheshwari Night College and Deviprasad Goenka Management College of Media Studies organized Blood Donation Camp in their respective colleges. Like Indian culture, 'Unity in Diversity' is the essence of the institutions of R.S. Campus. We have various institutions providing education from Nursery to Post graduation, Management and Media Studies, affiliated to different Boards and Universities. But all the institutions came together to celebrate Independence Day in a colourful and disciplined way. The function was graced by Shri Mukul Agarwal as the Chief Guest who hoisted the National Flag which was followed by a grand and interesting programme presented by the students. Many of our institutions also celebrated enthusiastically 'Teachers Day' on 5th September, 2015 followed by 'Hindi Diwas' on 14th September, 2015 with cultural and literary programmes.

Developing content for Mumbai University

Dear Reader,

Rapid changes are taking place in the education system today. Classroom teaching is duly supported by digital learning tools like computers, projectors, smart boards or interactive boards and other digital learning materials that increase a student's engagement and motivation and accelerate learning skills. Online learning opportunities are opening the doors of educational productivity by increasing the rate of learning, reducing costs and better utilization of a teacher's as well as learner's time. While in our country, the concept of online education is gradually getting momentum, in U.S.A. there are many online schools that are accredited by US Department of Education. Oxford University also offers many online courses across a wide range of subjects.

Close to the heels of changes in teaching learning methods comes the choice of educational board for a student that can provide suitable skill development of a student and give the child the ability to exploit his / her potential. Parents have the option of admitting their wards in schools affiliated to State Board / ICSE Board or CBSE Board. With increasing number of schools offering the International Baccalaureate and International General Certificate of Secondary Education (IGCSE) from University of Cambridge, the choice has widened further. According to a statistics provided by The Times of India as many as 22 students from India have scored highest marks in individual subjects in the recently declared Cambridge International Examinations (CIE) series. Out of these students, 9 Cambridge world toppers are from Mumbai which shows increasing popularity of International Boards.

In recent times, there has been a trend of growth of private unaided schools in

Maharashtra. Many educationists attribute the shift to the quality of education offered in private unaided schools and also the increasing number of affordability of parents. Even those parents who are not so economically well off send their children to private schools as they believe that their children should get the best education.

In the area of higher education, many foreign universities are interested to open independent campuses in India. But because of regulatory hurdles they have not been successful in this area. However, some universities like University of Chicago, the Harvard Business School and Deakin University have opened research centres in India to capture portion of the growing market of executive education and other research partnership opportunities. The government is also considering not only to allow foreign universities to set up campuses in India but also permit them to repatriate profits from operations. Since foreign universities will be allowed to introduce their own curriculum, Indian universities will have to face a lot of competition. However, it will allow easier university collaborations in the country and also encourage Indian universities to set up branches in other countries and make distant education easier.

We at Rajasthani Sammelan Education Trust, have always taken care to the changing scenario in the education system. We are providing school education affiliated to SSC Board of Government of Maharashtra. At the same time, we have schools affiliated to ICSE Board as well as IB and IGCSE Boards. All our institutions of higher education are affiliated to Mumbai University. We have also provided distance education facilities to the students through affiliation with some other reputed Indian universities. We have also introduced

Hon. Secretary's Message

autonomous courses relevant to present business environment in our management institution and media related courses in our media college.

Keeping pace with the new changes, we have started GOLD Academy, an Online Academy which is trying to reach to students beyond the boundaries of our campus. We have recently signed a Memorandum of Understanding with the prestigious University of East London for academic collaboration with Durgadevi Saraf Institute of Management Studies and Deviprasad Goenka Management College of Media Studies.

We are giving full technological support to all our institutions. It is indeed our long and continuous journey to attain excellence in the educational endeavours that starts from school education and covers post graduate, media as well as management studies.

CEO's Message

Captain (IN) Anant Yadnik (Retd)

Dear Reader,

Season's Greetings!!!

I have recently taken over the duties of CEO, Rajasthani Sammelan Educational Trust(RSET) after spending 30 years in Indian Navy, in the field of Educational Administration. In Indian Navy, I had an opportunity to deal in management of large number of Kendriya Vidyalayas to bring the desired changes through the Vidyalaya Management Committee Meetings and interactions with their Apex Boards at State levels and National levels. I had been fortunate to be associated with various Naval Children Schools (NCSs) in formulating the required educational and administrative policies of Indian Navy. As a Director of 'Naval Institute of Technology'(NIT) Mumbai, I had a formidable challenge to deal with very tough decision like relocation of NIT to a far off place ((as per the directives of Ministry of Defence(MOD)) and simultaneously to ensure that career of students should not get affected while implementing this directive. I was tasked to head the Sainik School Purulia (SSP) West Bengal as Principal. The SSP is the only residential school in West Bengal with a Military bias and spread over 240 acres. In my two years of tenure there, I had all the challenges like improving the academic results of class X and XII (CBSC Boards), increasing the number of students being sent to NDA, Pune; obtaining the huge grants from the West Bengal Govt and utilizing the same to build the Infrastructure at the campus, managing the

Mess, Hostels, NCC, Canteen, School Buildings and ensuring the safety and security of men and material. This was in addition to the day to administration of the school.

During this long tenure and various postings across the length and breadth of the Country at different cities and the nature of duties assigned, I had to deal and closely interact with administrators, top bureaucrats and politicians also.

Whilst carrying out the assigned tasks, at every level, there were some unique problems which needed unique solutions. But fortunately I could handle all these issues successfully from a petty problem to complex ones. Very many thanks to Indian Navy for grooming and training imparted to me, so that I could live up to the high standards laid down by Indian Navy

The 'mantra' of all the success that I had at different occasions in my long career, is one simple fact that while dealing with any kind of situation, I remained always polite but the decisions were equally firm whether to some ones liking or not but with the sole aim of protecting the organizational interest at any cost. Again this was possible because I had excellent colleagues, equally good juniors and visionary seniors who were all from the stable of Indian Navy.

Now that I have moved from Defence life to Civil life it will be my endeavor at RSET to see that the best practices of Educational Administration are implemented with renewed vigor and strength to meet the RSET Managements' aims and objectives..

At RSET our mission is concentrated on Educational Excellence. We honour this mission in simple but profound effort to produce good students and good people through continuous efforts of Teaching-Learning(T-L) Process. All this is accomplished in a community environment in which the most common adjective used to describe life at RSET in the word 'family'. We seek to serve academically capable students from all walks of life.

The most important and very much visible thing I noticed here is the state of art infrastructure and facilities everywhere in the campus. Be it our Air-conditioned Classrooms, Laboratories, Study Centre, Conference Halls, Offices and Playfields, Etc. As they say seeing is believing I am tempted here to appeal to our dear readers, that those who have not visited the campus, please do visit us and see for yourself the aforesaid things. Our state of art PDSA (Sports Academy) is round the clock busy with sports

events being conducted on one side and on the other hand hundreds of CA preparatory students studying in an air conditioned environment with pin drop silence. This is ably supported by the Service and Housekeeping staff to ensure that this infrastructure is always maintained in top gear to ensure in spic and span condition at any given point of time.

It is a very healthy practice at RSET that all HOIs meet once in a month and discuss many common issues which merit everyone's attention and accordingly can be resolved through positive participation which adds value to the Organisational aims and objectives. Issues like, parking on the pavement opposite to the campus, building maintenance, various SOPs and conduct of various institutional events were discussed, planned and executed with ease through such forums. Strengthening the inter-personal relations and ensuring that we are a strong team is also possible through such interactions where all are on the same grid as regards to organizational goals are concerned.

A word about security services..... In an environment where large number of staff and approximately 15000 students enter the campus on daily basis to attend their schools/colleges, it is but natural that the security personnel who are employed have to be on their toes and ensure that only authorized people enter the area through proper verification of proof of their identity. Thus these security personnel have been trained and tasked to keep a vigil on 24 x 7 and ensure the safety and security of both men and material inside the campus.

Last but not the least, "Some people have ideas. A few carry them in to world and make them happen". This quote perfectly applies to our visionary President Shri Ashok Saraf under who's stewardship, we are confident that as a TEAM (Together-Everyone-Achieves-More) of RSET we are confident that we will undertake many more challenging tasks ahead and ensure that the same will be met with success.

I would like to end my message with one final quote from the great John F Kennedy which says "Let us think of education as the means of developing our greatest abilities, because in each of us there is a private hope and dream which fulfilled, can be translated for everyone and greater strength for our nation".

Jai Hind !!!!

Dear Reader,

I am extremely happy to know about the development and growth of all institutions managed by Rajasthani Sammelan Education Trust in the past few months. It is gratifying to learn that all the institutions have enthusiastically celebrated Independence Day in R.S Campus followed by Teacher's Day and Hindi Diwas. I am happy to know that recently started Pravinchandra D. Shah Sports Academy is giving full support to the students in nurturing their talents in sports like basketball, volleyball, tennis, football, skating etc.

Today, life is full of challenges for a student due to intense competition for admission in professional courses and later to obtain a suitable placement. Therefore, students have

to work hard in order to excel in studies. To encourage such meritorious students who are unable to pay fees for their studies, our organization has become associated with Rajasthani Sammelan by awarding freeship through BKT Endowment Freeship Fund for students of all the institutions.

I am very happy to know that Kunjibihari S. Goyal Online Academy (GOLD Academy) is becoming a powerful tool to reach to a large number of students who sometimes do not get the facility to attend regular lectures or need to go through the lectures more than once to understand the topic properly.

I congratulate the President and his team for all their efforts in the field of education and wish them further success.

EXCERPTS OF INTERVIEW OF SHRI BALKRISHNAJI R. LAKHOTIA

Shri Krishna Gopal Maheshwari inaugurating Ramdhar Maheshwari Career Counseling Centre

1) When and How did you get associated with Rajasthani Sammelan Education Trust and who motivated you to join the Trust?

I became associated with Rajasthani Sammelan in early seventies when I was in my late 30's. I loved volunteering in various medical camps & rallies. It was in my nature to involve myself in social activities and this led me to join Rajasthani Sammelan. In those early days, initially Late Shri Vishwanathji Poddar and later Shri Prahladaji Saraf, Shri Satyanarayanji Kabra and Shri Banwarilalji Jhunjhunwala used to co-opt me every year in the Managing Committee of the Trust. My younger brother Shri Madhusudan Maheshwari was very close to Shri Ramnarayanji Saraf who was actively involved in the development and growth of Rajasthani Sammelan. In this way, I also got involved in the educational activities of Rajasthani Sammelan. It is indeed a pleasure to inform that my two younger sisters Smt. Pushpakanta and Smt. Suryakanta studied in Sarvodaya Balika Vidyalaya. My daughter Smt. Sunita Lakhotia now Mantry also studied in this school. My two nieces Smt. Jyoti and Smt. Alka were also students of Sarvodaya Balika Vidyalaya. My grand-daughter Ms. Nishita Mantry completed her graduation from Ghanshyamdas Saraf College. In this way, three generations from our family studied in the institutions of Rajasthani Sammelan.

2) Tell us something about the people who contributed

Shri Balkrishnaji R. Lakhotia with Shri Banwarilalji Jhunjhunwala

in the growth and development of the institutions of Rajasthani Sammelan in the early years?

When I joined Rajasthani Sammelan there was only Sarvodaya Balika Vidyalaya now known as Kudilal Govindram Seksaria Sarvodaya School. This was followed by construction of Dharmal Bajaj Bhavan. Shri Kudilalji Seksaria gave a spacious land of 4,000 sq. yards for the school. During this time, Shri Brijmohan Laxminarayanji Ruia donated Rs. 50,000/- to start the construction. Encouraged by success of the starting of the project, many philanthropists and others dedicated to the cause of education came forward and collected required funds to complete the building.

During this time the construction of Dharmal Bajaj Bhavan, the community hall of Rajasthani Sammelan was also completed. Shri Deviduttji Bajaj came forward and Shri Dharmal Bajaj Charitable Trust gave the largest amount of donation to start the construction. The hall was named as 'Dharmal Bajaj Bhavan' in memory of late Shri Dharmalji Bajaj. I would like to make a special mention of Shri Vishwanathji Poddar who was a founding pillar in this journey. His contributions cannot be forgotten, "tan, man, dhan" is all that he had offered for this cause.

Many other philanthropists also came forward with handsome donations while others worked hard to collect donations. Shri Mungtu Ramji Jhunjhunwala (father of Hon'ble Justice S. M. Jhunjhunwala (Retd)) helped in fund raising drive for this noble cause. A cultural programme was also organized on the same plot where Dharmal Bajaj Bhavan stands today. A large number of like-minded people from the community attended the cultural programme and contributed with open mind to serve the community.

The construction work started in 1973 when foundation stone was laid on 6th October, 1973 by Shri Vasudevji Somani. The Bhoomi Poojan ceremony was performed by Shri Deviduttji Bajaj on that occasion. Within two years, Dharmal Bajaj Bhavan having three floors was constructed. It consisted of three halls with rooms on the right side of the hall on each floor. The ground floor hall was named as Smt. Nanibai Bajaj Hall. Once the construction work was completed, it was the time for the inauguration. It was a dream come true for the residents of Malad when on 16th April, 1976 Dharmal Bajaj Bhavan was inaugurated by Shri Aditya Birla, the renowned industrialist at a glittering function organized by Rajasthani Sammelan, Shri Ramkrishnaji Bajaj renowned industrialist

and philanthropist graced the occasion as the Chief Guest. This was also the year of Silver Jubilee celebrations of Rajasthani Sammelan. This function was attended by many industrialists, educationists and philanthropists.

3) How did you and your family contribute in the journey of educational endeavours of Rajasthani Sammelan?

"Giving back to the Society" is a strong virtue I believe in. Even if you can share a fraction of your time, money, energy or effort to the well being of our society, it would make a big difference for generations to come.

Education for girls has always been close to my heart. In earlier days, there was no girls school in western suburbs. There was only Sitaram Balika Vidyalaya in Fanaswadi adjacent to Kalbadevi Road. Hence, the founding fathers of Rajasthani Sammelan worked hard to start Sarvodaya Balika Vidyalaya in Malad. In due course of time, a junior college was also started for girls which was attached to the school. However, later we felt that the girls should be provided education up to graduation level. We applied to Government of Maharashtra to start a girls college affiliated to Mumbai University. It was a difficult task and in this matter the contributions of Shri D.R. Dhanukaji, Shri Kishanlalji Dhanuka, Shri Mahavirprasadji Deora and Shri Murliji Deora are to be remembered.

Shri Mahavirprasadji Saraf came forward and gave a handsome donation to start Ghanshyamdas Saraf Girls' College affiliated to Mumbai University. We met him many times to explain the project and I was always a part of the team. Ultimately we succeeded in getting the affiliation with Mumbai University. The college was inaugurated on 2nd July, 1983 by Hon'ble Shri Sudhakar Naik, the Education Minister, Government of Maharashtra. This occasion was graced by Shri Mahavirprasadji Saraf and his family members as well as eminent citizens of the community.

Our family became closely associated with Rajasthani Sammelan Education Trust in the year 2011. It was during this time that Shri Ramnarayanji Saraf persuaded us to get actively involved with Rajasthani Sammelan. Shri Ramnarayanji Saraf was a great visionary and played very important role in shaping of all the institutions. Hence we agreed to be closely associated with the Trust. Thus, Ramdhar Maheshwari Career Counseling Centre was started in the name of our respected father late Shri Ramdharji Maheshwari and was inaugurated on 3rd September, 2011 at a glittering function by Shri Krishna Gopal Maheshwari, eminent industrialist and philanthropist. Already my younger brother Shri Madhusudan Maheshwari was a Trustee of Rajasthani Sammelan and was taking active interest in the educational endeavours of the Trust. Subsequently, I also became Trustee by virtue of being the Main Donors of Ramdhar Maheshwari Career Counseling Centre.

Over the years, Rajasthani Sammelan Education Trust decided to start a Night College affiliated to Mumbai University and our family showed interest in the project. Finally the college was started from the academic year 2014 in the name of our beloved mother with three divisions of Commerce. The college was named as Ladhidevi Ramdhar Maheshwari Night College of Commerce. In this way over the years, our family became more and more involved in the educational endeavours of Rajasthani Sammelan.

4) Tell us about some important event that took place in the past as well as in the recent years?

In my opinion, event means some great achievement. In early years of Rajasthani Sammelan, we focussed on educating the girl child so Sarvodaya Balika Vidyalaya was started. At that time it was the great event and this was followed by another great event that is starting of Durgadevi Saraf Junior College. However, starting of Ghanshyamdas Saraf College was the greatest event in those days as we obtained permission from the Government after much difficulty. After Shri Ashokji Saraf took the charge as the President, there has been momentous growth in the educational activities of Rajasthani Sammelan as well as total revamp and renovation of the campus. I specially compliment Shri Ashokji Saraf and his team for the new projects of Durgadevi Saraf Institute of Management Studies, Mainadevi Bajaj International School and many other institutions and organizations that have been started in the past few years. My special compliments are for Deviprasad Goenka Management College of Media Studies which is first of its kind in Mumbai city affiliated to University of Mumbai.

5) Are you still actively involved in the working of Rajasthani Sammelan?

Being the Main Donor of two institutions and Trustee of Rajasthani Sammelan, I try to attend meetings and functions of Rajasthani Sammelan Education Trust. However, my brother Shri Madhusudan Maheshwari is actively involved in the working of Rajasthani Sammelan. My granddaughter Ms. Nishita Mantry graduated from Ghanshyamdas Saraf College has been a visiting faculty since 7 years and has also written a textbook for TYBMM students. She is also a member in the sub-committee of RMCC along with my other family members.

6) What message you would like to convey to the present team of Managing Committee?

I convey my compliments and blessings to Shri Ashokji Saraf and his team for their excellent work. They have brought glories to Rajasthani Sammelan. They have future plan of starting a Boys' Hostel and further to start a self-financed University. At the same time, they are in the process of having tie-up with foreign universities. I must say that the present team has a very good vision and all are contributing to their utmost capacity. My special compliments to Shri Banwarilalji Jhunjhunwala who is still actively contributing in the day to day working of Rajasthani Sammelan Education Trust.

I consider God is great but we have to always give respect to our elders in society and at the same time affection and love to younger generation and then we can command respect in society.

Shri Balkrishna Lakhota addressing the gathering

INAUGURATION RS CA STUDY CENTRE & ICAI EXTENSION COUNTER

Rajasthani Sammelan Education Trust has always provided facilities to the students not only belonging to the institutions run by the Trust but also to students in general. The Managing Committee of the Trust led by Shri Ashok M. Saraf, President along with Office Bearers, Trustees and Members felt the need of starting a CA Study Centre in R.S. Campus for the convenience of students pursuing the course of Chartered Accountancy. In a metropolitan city like Mumbai, many students face difficulty to study properly in their own homes due to space problem. The professional course of Chartered Accountancy being very challenging, students require a peaceful environment to study. Accordingly, an area was earmarked in the basement of Deviprasad Goenka Management College of Media Studies to construct the CA Study Centre.

In due course, a fully air-conditioned RS CA Study Centre with state of art facilities was constructed with library and reading room facility for the CA students who lack basic reading room facilities due to shortage of space at their residence. The Institute of Chartered Accountants of India, Western Region, also came forward and joined hands to establish an Extension Counter of ICAI in RS CA Study Centre for the benefit of its students and its members for submission of various documents and distribution of study materials to CA students. ICAI has achieved recognition as premier accounting body not only in India but also globally. Therefore association of

YOUNG EVOLVING MINDS

Established in 2014

Ms. Niti Goenka, Mentor

The month of July began with the children having fun by doing activities that are a little more challenging; like a cooking experience. They made their own favorite Monaco toppings on 1st July 2015.

As fitness and physical development is an essential part of toddlers' growth, we practised

Animal yoga and learnt various poses for e.g., Butterfly pose, flamingo pose, cat pose, elephant pose.

On 10th July the babies enjoyed exploring water tubs filled with water toys. Toddlers splashed water on each other and had fun.

The first Parent Teacher Meeting was on Friday 31st July 2015 when the teachers discussed the settling period and milestones achieved by the tiny tots. In order to celebrate Friendship Day, on 3rd August, we made lovely friendship bands and tied them to our friends.

On 7th August 2015, RSIP looked like a fairy land as young toddlers dressed up in their favorite character from the fairy tales narrated in the school. Getting mothers involved in the children's activities is very essential and hence, on 11th August, we conducted a sing along session for young mothers to familiarize them with the new rhymes and actions taught in the class.

We are proud to be Indians. We celebrated Independence Day, on Friday 14th August 2015 by not only singing our National Anthem but also by dressing up in tri color clothes. Raksha Bandan was celebrated by doing art work and creativity on rakhis made by kids at RSIP on 28th

August 2015.

As grandparents play an important role in the upbringing of toddlers, we celebrated Grandparents day at RSIP on 4th September 2015 along with lots of fun activities, games and art. We also celebrated Janmashtami on the same day by breaking the Matki, as tiny tots were all dressed up in their traditional wear.

As we had introduced kids to the topic "Our Community Helpers". On 11th September 2015, all of them had dressed up as various community helpers i.e. a doctor, policeman, carpenter, cobbler, nurse, postman, milkman.

In order to assist young parents and help them understand the needs of tiny tots, RSIP organized a session on 15th September 2015 by a renowned speech therapist DR RASHMI MONGA. The highlights of the session included tips on language development, forming good reading habits etc.

As a part of Ganesh Chaturthi celebration toddlers tried their hands at cooking by making chocolate modaks in the class on 16th September 2015.

RSIP had scheduled an orientation of all the schools in the campus to give an idea to young parents about the various boards. The orientation was held on 24th September 2015 with an aim to aid the parents at RSIP in taking steps in the right direction for their child's education. Thus, the past couple of months have been very eventful for the little ones at Rajasthani Sammelan's International Playschool.

"A Dream doesn't become reality through magic. It takes sweat, determination and hard work" – Colin Powell

The period from August to October was a very successful period for DSWH. The month of August was a familiarisation month as the students were getting used to the new environment of the college. They were also busy preparing for participating in the Independence Day celebrations. The students also took part in the Independence Day Celebrations at Rajasthani Sammelan Education campus. Their song and dance performance were based on the theme of "Satyamev Jayate" and were appreciated and lauded by one and all.

September was a slow paced month, as the students were busy with their academics and preparing for their internal exams. The studious atmosphere prevailed in the hostel, with all the students immersing themselves completely in studies.

A quick paced October 2015 saw the students deeply engrossed with their exam preparations. The festive month of Navratras also offered

an opportunity to the students to de-stress themselves by participating in the Garba celebrations organised by Mainadevi Bajaj International School held at the Pravinchandra D. Shah Sports Academy ground situated within the Rajasthani Sammelan Campus. The cultural and social functions at Rajasthani Sammelan Education campus provide an opportunity to the students to participate in social and cultural activities.

DSWH continues to be one of the most coveted and sought after hostel facilities for girls with the most modern infrastructure, in-house facilities and a safe and secure atmosphere with a 24x7 security with CCTV surveillance. The feedback from parents has been overwhelming, with their suggestions being always looked into and implemented.

Constant improvisation and introduction of better amenities and newer facilities has been at the forefront of the trusts' objective to ensure that DSWH continues to provide the best in class facilities and comforts to the students - be it the food or the upkeep of infrastructure and the facilities, the managing sub-committee of the hostel regularly meets to review the functioning of

Hostel students participating in the Garba celebrations organised by MBIS

the hostel and to discuss on the progress and functioning.

The coming period will see a host of new facilities for the students which will add to the recreation value and provide a more positive environment where students from different regions and social background can live in a conducive atmosphere that improves their socialisation skills and widens their horizon.

LEARNING BEYOND BOUNDARIES

Established in 2014

Mr. Narinder Singh Bhogal, COO

In leaps and bound we grow may not be completely true with us but our pace is steady and growth is visible. As we have taken upon ourselves the task of assisting in digitalizing India and what better than starting at the School/ College level. Yes, at Goyal Academy (GOLD), we intend providing free online education to undergraduate students. The journey is long with lots of twists and turns but we intend to embark on the same with lots of zeal and confidence for we believe in the saying, "Impossible means-I AM POSSIBLE"

In short, our Vision states-Free Online Education, it also says – through the Online mode and it also mentions- "to every Indian learner regardless of age, location and financial ability". Well, the cause is noble, the intentions are right and the team is

upbeat. We are bound to taste success.
Content Up gradation

At every step a new initiative is taken up, a new promise is made and in the smart world of digitalization what better than using the smart phone as a ploy. Yes, the success story continues with the new mobile app for students where by content is available on Android phones at the touch of a button. Students have been availing this content anytime, anywhere on the go, whether it is video lectures or presentations with voice over or MCQ based tests, we have it all in the deal.

Currently, the Goyal Academy portal is available online, we intend to offer the same content offline. Our technical research team has already initiated steps to work on this possibility, similarly, the mobile app should also be able to offer content in the offline mode, if this is made possible, we will have surely embarked on a new journey, a journey being anticipated and requested by the student's community.

In terms of content, we wouldn't want to limit ourselves only to B.Com, thus, our content management team is continuously coordinating with various content vendors to locate opportunities in other areas extremely important and useful to students communities. We at Goyal Academy (GOLD) are open to ideas, suggestions and assistance in any form which helps us in achieving this initiative of ours.

Current Initiatives.

Having invested a lot of time, effort and energy in reaching out to various Colleges & offering them our online content, we thought of a novel way of doing the same and offer our content to those who may require this content more than anybody else, yes, the students at Mumbai University-IDOL (Institute of Distance Learning).

As these students do not have access to Colleges and lectures conducted by the faculties, we

decided to create an exclusive offer for them. i.e. E-content being offered directly in collaboration with Mumbai University. Keeping this intent in mind we approached IDOL, our approach and intent was welcomed with open arms by the current Director of IDOL.

We have had the honour to present our intent to their team of faculties; the same was warmly welcomed by them, eventually leading to a visit by the Director (IDOL) herself to our campus to inspect our facilities where video lectures were being recorded. This gave her enough confidence to agree verbally to give us an opportunity to create content for the students of IDOL.

We have taken this opportunity with utmost seriousness and have started to create content in a focused direction. We have also approached the Distance learning wing (IDOL) of Mumbai University and requested for a letter of Intent to be provided to us, the same will be helpful in giving us direction and allow us to work towards our goal with more conviction.

Students Enrolment.

This activity is already in progress and coordination with various colleges in Mumbai has been initiated. Queries regarding content are being sorted out whereas requests for guidance and support are also being handled adequately.

Recording of Lectures.

As the Rajasthani Sammelan has its own recording studio in their Media College, this exercise has been part and parcel of all initiatives connected to content creation. We at Goyal Academy (GOLD) wish to create adequate content to answer the ever growing demand of the student's community and serve them to the best of our abilities.

Futuristic Dreams.

Dreams are generally seen with a vision and if a vision is realistic, goals can be attained. Believing in the same concept we at Goyal Academy aspire to be a one stop junction for collective courses, in simple words we shall contribute through our skills, efforts, time and knowledge to provide the students with adequate E-content. Our mission is to save on time, travelling and most importantly "Paper". Having said this, we invite like minded personalities to associate with us and be a part of a digitalized India.

CELEBRATING HINDI DIWAS IN RS CAMPUS

Rajasthan Education Trust has always taken the lead role to promote Hindi, the national language of India by organizing literary activities in all the institutions run and managed by the Trust. The Trust has also organized Kavi Sammelan from time to time and has honoured reputed Hindi poets, dramatists and scholars. To encourage students to come forward and participate in literary activities, the Management members have instituted many trophies, shields and cash prizes in all the institutions for organizing various literary competitions in Hindi as well as in other languages.

Hindi Diwas is an annual literary day celebrated on 14th Sept, 2015 all over India and also all over the world to propagate the Hindi Language and its cultural heritage and values. It was on this day of 1950 that the Indian constitution under article 343 adopted Hindi as the official language with Devnagri script. Apart from local events in schools and colleges, every government institute celebrates this official language day with enthusiasm. Hindi is one of the main languages of India and is spoken by about 40% of population. Hindi is in Indo – Aryan language group greatly influenced by English, Arabic and Persian, but its general roots are in Sanskrit. Hindi is also credited with being a link language between Indians spread across the globe and is spoken not only in India but in countries like Mauritius, Surinam, Trinidad and Tobago, South Africa and New Zealand. It takes pride in being the mother tongue of 180 million and is the second language to about 300 million people. It was called the language of unity by Mahatma Gandhi.

14th September, 2015 is therefore recognized as Hindi Diwas and is celebrated every year to highlight the importance of Hindi language by all the institutions of Rajasthan Education Trust with great enthusiasm by organizing interesting events of literary nature. To begin with we have our Kudilal Govindram Seksaria Sarvodaya School, the oldest Hindi medium school run by the Trust with many talented students having command over Hindi language. KGSS hosted an inter school recitation competition for students of Std. V to X on 10th September, 2015 at Durgadevi Saraf Hall. The participants had to recite a poem of any one of the poets viz Shivmangal Singh Suman, Mahadevi Verma, Sumitranandan Pant, Harivanshrai Bachchan and Maithilisharan Gupta. Students from schools in Malad East and West participated in the competition. The Chief Guest for the day was Shri. Virendra Yagnik – noted Spiritual Speaker and the judges were Shri. Sanjeev Saurabh and

Shri. Krishnamohan Singh Senior teachers from Schools in South Mumbai.

Among twenty participants from different Schools Ms. Gupta Akanksha of Std. IX from KGSS bagged the II prize. The highest points and the Rotating shield were won by Students of Dr. S. Radhakrishnan Vidyalaya. The Chief Guest and judges applauded the efforts of teachers and students and appreciated the way the event was hosted by KGSS.

On 11th September, 2015 our school was the host for the Inter School Debate Competition on the topic "Corruption in education an obstacle to progress". There were 22 participants from schools all over Mumbai and the way they expressed their views on the topic left the judges spellbound. It was a tough competition and Ms. Perna Mukesh of our School bagged the consolation prize.

The Chief Guest for the day was renowned TV actor Shri. Anand Mishra and Shri. Sanjay Dubey and Shri. Vinay Dubey judged the competition. The I prize and the rotating Shield was bagged by Seth N. L. High School, Malad West, While Ghanshyamdas Podar (Andheri) and Shastri Vidyalaya (Virar) were the runners up.

As a mark of respect and tribute to Rashtra Bhasha, the students of Kudilal Govindram Seksaria English School, participated in various activities. The day started with a beautiful assembly conducted by the students in Hindi. A Hindi teacher from the school explained the importance of the day to the students.

The students of pre-primary, primary & secondary section participated in the Hindi poetry recitation, elocution, slogan writing, essay writing, etc. They highlighted on the importance of our national language. The motto was.... in the thirst for exploring new horizons of knowledge and learning new languages, we should not forget to understand and know our own national language. Our students stressed that celebrating Hindi Diwas is a matter of great pride when we converse in Hindi in order to promote its usage. This is a day of great importance in which we remind ourselves that Hindi is and will always be our national language.

Ramniwas Bajaj English High School did not lag behind in the celebration of Hindi Diwas. The school organized Hindi poetry recitation competition for primary section and Hindi Vyngatmak Kavita Competition for Secondary section to celebrate Hindi Diwas.

Mainadevi Bajaj International School celebrated Hindi Diwas on 14th September '15 in the school with great spirit and enthusiasm. The morning started with the Hindi prayer 'Itni Shakti Hamein Dena Data' followed by information about the importance of the Hindi Language in India and in the entire world. Grade 8 presented a small skit 'Natak me Natak.' Students of grade 5 recited a poem and spoke few lines on the topic 'Environment.' Grades 11 and 12 debated on the topic 'Media presents certain news with Hype.' Students were very keen to use different new Hindi words and phrases on Hindi Diwas.

Durgadevi Saraf Junior College has always been on the forefront in the celebration of Hindi Diwas. Since its inception in 1975, the college has been celebrating this day & this date being marked every year as the most important event. The Management always encouraged the college teachers and sanctioned the required finances for the events to be organized on the day. The trophy for this day is donated by Shri Kailashji Parasrampur, Trustee, Rajasthani Sammelan. Besides cash prizes are also given to the winners of the competition.

Every year the teachers organising the event have been taking every effort to make this programme more and more interesting and keep on changing the theme. In this academic year it was observed that the Hindi films and songs play an inspiring role in the life of a student. So the college arranged a singing competition with the theme being the role of Urdu Shayars in propagating Hindi language through Hindi films.

The competition was between Ghanshyamdas Saraf College and Durgadevi Saraf Jr. College. About 22 students

Most memorable Event in the Institution:

Life is about prevailing over obstacles and distractions and the road less travelled is generally road to success. This sums up life mantra which I learnt from my school. We didn't have best of resources but we had ability to utilise whatever life offered us to the fullest. Needless to say we owe it to our root and the very place we learnt ABCD and our first lessons. It is not just me but all of my batch mates who are not only doing well professionally but are great human beings setting examples and inspiring others.

The most memorable event in the school was the farewell party just before the tenth standard examination when we realized that it is the time to depart and move forward leaving the sheltered life of our school. I would like to thank all my teachers for constant hand holding and support. It is the values given by my teachers at school and my parents that have helped me face challenges of life with smile. Thank you and I love you all.

Looking back at my time at DSIMS, I can see how with a blend of brilliant faculty members, excellent infrastructure, its unique course curriculum and a sound learning ambience, DSIMS is successfully making its mark and playing a pivotal role in shaping the careers of the students. I was lucky enough to be a part of this eco system and develop myself as a student before entering the professional world. The MMS course stimulates the students to look beyond the stereotype approach and think Out of the Box.

Working for the Marketing Conclave- Touge during my time at DSIMS is one memory I cherish and am proud of as it played a very vital role to develop me as a marketer. Anchoring for Touge and Sabrang in consecutive years has enabled me to showcase my skills at different levels. So every event holds fond memories as the efforts and results were always something to be proud of. Apart from all this, happy to have garnered skills that will be with me forever. I am proud to have the Faculty who will always be the guiding light in my life.. Above all, it is always good to be back to the Alma Mater that has laid the foundation of my Career, so I hope to continue my association with DSIMS in whatever manner possible. ACCREDITATION: UNDERSTANDING PROCEDURES & PROCESSES

Dr. N.M. Kondap
Director General, RSET Higher Education

What is Accreditation?

Accreditation is a process of validation in which colleges, universities and other institutions of higher learning are evaluated. The standards for accreditation are set by a peer review board whose members include faculty from various accredited colleges and universities. As per business dictionary, accreditation is defined as "certification of competence in a specified subject or areas of expertise, and of the integrity,

awarded by a duly recognized and respected accrediting organization".

Accreditation is the act of granting credit or recognition, especially to an educational institution that maintains suitable standards.

Accreditation is the process of getting official recognition as meeting the essential requirements, as of academic excellence

Need for Accreditation

Accreditation is an incredibly important facet of an Educational Institute. However, many Institutes do not understand even the basics of the accreditation process. Before selecting a school, it is important that the students have a clear picture of exactly who accredits the school and what that accreditation means for their future. Without accreditation, Students will find themselves with a degree that the employers may not respect.

Types of Accreditation

Institutional accreditation vs. Programmatic accreditation:

Institutional Accreditation

For institutional accreditation, representatives from dedicated accrediting institutions evaluate colleges and universities. This is a means for colleges and universities to assess their own performance and compare themselves with others schools.

If a school is awarded accreditation means that the institution meets certain standards of educational quality. The most widely accepted institutional accrediting bodies in the world are:

1. AACSB – The Association to Advance Collegiate Schools of Business
2. EQUIS- European Quality Improvement System
3. SAQS- South Asian Quality System
4. NAAC- National Assessment and Accreditation Council

Programmatic Accreditation

The second type of accreditation, program accreditation, is generally administered by professionally oriented specialty accrediting bodies. The idea is that professionals in a given field are best able to judge a program's educational quality.

The major Program accrediting agencies are:

1. AMBA- Association of MBAs
2. ACBSP – The Accreditation Council for Business Schools and Programs
3. IACBE – The International Assembly for Collegiate Business Education
4. NBA- National Board of Accreditation

Benefits of Accreditation

- Helps the Institution to know its strengths, weaknesses and opportunities.
- Initiates Institutions into innovative and modern methods of pedagogy

- Gives Institutions a new sense of direction and identity.
- Provides society with reliable information on quality of education offered.
- Promotes intra and inter-Institutional interactions.
- Manages resources consistent with a clearly stated mission
- Advances knowledge through faculty scholarship
- Provides quality teaching and current, globally relevant curricula
- Cultivates meaningful interaction between students and a qualified faculty
- Produces graduates who have achieved specified learning goals
- Makes a statement to external communities about your commitment to quality and continuous improvement.

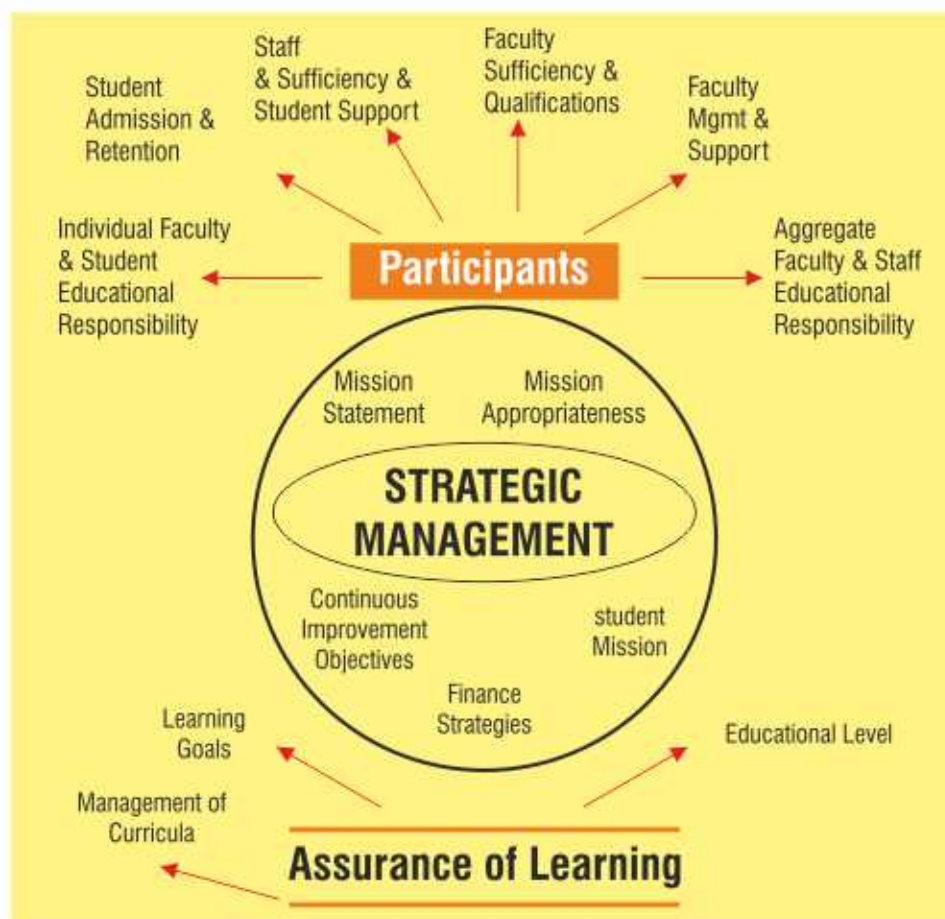

- It assesses the characteristics of an Institution and its programmes against a set of criteria established by the Accreditation Agency.
- Accredited Institutions may be preferred by funding agencies for releasing grants for research as well as expansion etc.
- Accreditation provides a quality seal or label that differentiates the Institutions from its peers.

Accreditation Processes and Procedures:

AACSB INTERNATIONAL

AACSB Accreditation:

AACSB International accreditation represents the highest standard of achievement for business schools worldwide. Institutions that earn accreditation confirm their commitment to quality and continuous improvement through a rigorous and comprehensive peer review.

Parameters for Accreditation:

1. Quality of Education related factors

Autonomy of the business Program

2. Purpose of the business program; Mission & Objectives

3. The faculty & their activities; Composition & Development

4. The Students Curriculum

5. Facilities & use of technology; Infrastructure Issues.

6. Evaluation of Program Offerings

7. The role of Intellectual output & intellectual contributions.

8. It also reviews the context of B-Schools like demographic Diversity, Surrogate business Programs, multiple locations autonomy etc.

EUROPEAN QUALITY IMPROVEMENT SYSTEM (EQUIS)

Parameters for Accreditation:

To achieve EQUIS accreditation, Schools must be able to demonstrate that they satisfy quality criteria as given in the diagram:

Accreditation Process:

The EQUIS accreditation process is composed of several distinct stages. The different stages are:

- Preliminary Inquiry
- Formal Application
- Eligibility
- Self-Assessment
- International Peer Review
- Awarding Body Decision
- Guided Development (optional)

NATIONAL BOARD OF ACCREDITATION (NBA)

NBA in its present form came into existence as an autonomous body with effect from 7th January 2010, with the objective of Assurance of Quality and Relevance of Education, especially of the programmes in professional and technical

disciplines, i.e., Engineering and Technology, Management, Architecture, Pharmacy and Hospitality, through the mechanism of accreditation of programs offered by technical institutions.

Parameters for Accreditation:

NBA considers following parameters for accreditation;

1. Organization- Mission, Governance & Leadership,

2. Input Processes (Enablers)- Students/ admission procedure, faculty, Physical & IT Infrastructure, Library, Global input, Quality Assurance Policy and Finances

3. Processing (Processes)- Academic assessment, Placement, Research & Development, Leadership & Governance, MDP & Consultancy, Faculty & Appraisal, Development & Promotion, Internationalisation, Staff Appraisal, Development & Promotion Process,

Paradigm Shift in Learning through Multiple Intelligences

Francis Joseph

Director, RMinds Education

"Awaken student's curiosity, inspire them with a desire to learn and to understand the potentials hidden within themselves"

Learning happens in a variety of ways – from conversations, life experiences, personal thoughts, educational courses or working on some projects. It becomes fascinating when students take an active engagement with and responsibility for their own learning. A regular scene at a school would depict students either working on some worksheets or merely copying from the blackboard. Few students will be actively and judiciously involved, few others lost in the whole teaching – learning process and few others doing something totally different. Learning should not be the lifeless, sterile, futile, quickly forgotten matter that is crammed into the mind of the helpless individuals tied to his/her seat by bonds of conformity. It has to be a rich engagement of the learner as per his/her needs. The emergence of learner-centered classroom acts as a model for countering classroom challenges because of its viability for meeting diverse needs. Learner-centered classrooms place students at the centre of classroom organization and respect their learning needs, strategies, intelligences and styles.

Schools today are witnessing increasing diversity

among students in terms of language, culture, religions, ability and experience. This calls for a need for effective and sustainable strategies to meet the wide range of diversity. Success ratio in schools can be echoed through the different school practices using a variety of teaching approaches, engaging with families and communities to support life-long learning and keeping students motivated to learn and create. Multiple Intelligences (MI) theory and strategies provide a framework and tools that can help teachers in designing classrooms, instruction, and curricula that meet the individual diverse needs of students.

Multiple Intelligence theory guides teachers, students, and parents understand that there are multiple ways to learn and that each of us inherit multiple types of intellectual strengths and life skills. Multiple Intelligence theory caters towards increasing the students' confidence and enthusiasm for learning, it also assists the students to improve their academic achievement thereby bringing about a change in teachers' perceptions of their students' learning abilities.

Multiple Intelligence theory unveils academic strengths and honors alternative ways of learning. Different activities can be a vital door to learning, which stimulate their interests and cater to the

various intelligences as propounded by Professor Howard Gardner in his theory of Multiple Intelligences. The Multiple Intelligences Approach reaches out to children with different interests, likes and capacities. Multiple Intelligences (MI) "It's not how smart you are that matters, what really counts is how you are smart." (Gardner, 1983) Prof. Howard Gardner (1983) in his Multiple Intelligence theory propagates that individual differs in their abilities, learning styles and interests and these differences need to be acknowledged and nurtured in schools. Prof. Gardner's pluralistic view of intelligences suggests that all people possess at least eight different intelligences that operate in varying degrees depending upon each individual.

- Spatial
- Linguistic
- Logical-Mathematical
- Bodily-Kinesthetic
- Musical
- Interpersonal
- Intrapersonal
- Naturalistic

Visual - Spatial : A student who shows visual/spatial tendencies would be considered "Picture Smart." This student relies upon the sense of sight and being able to visualize an object and create mental images. **Verbal Linguistic :** A student with

high Verbal Linguistic are typically good at reading, writing, telling stories and memorizing words along with dates. They tend to learn best by reading, taking notes, listening to lectures, and discussion and debate. The verbal/linguistic student is "Word Smart".

Logical-Mathematical : Logical-Mathematical intelligence is the ability to use numbers effectively and to reason well, to recognize and solve problems using logical patterns, to categorize, infer, make generalizations, and test hypotheses. These students are considered to be "Number Smart".

Bodily-Kinesthetic: The core elements of the Bodily-Kinesthetic Intelligence are control of one's bodily motions and the capacity to handle objects skilfully. They often learn best by doing something physically, rather than by reading or hearing about it. These students are considered to be "Physically Smart".

Musical - Rhythmic : This area has to do with sensitivity to sounds, rhythms, tones, and music. People with a high Musical Intelligence normally have good pitch and are able to sing, play musical instruments, and compose music.

Interpersonal: This area has to do with interaction with others. In theory, people who have a high interpersonal intelligence tend to be extroverts, characterized by their sensitivity to others' moods, feelings, temperaments and motivations, and their ability to cooperate in order to work as part of a group.

Intrapersonal: This area has to do with introspective and self reflective capacities. People with intrapersonal intelligence are intuitive and typically introverted. They are skilful at deciphering their own feelings and motivations. This refers to having a deep understanding of the self; what are your strengths/ weaknesses, what makes you unique, you can predict your own reactions/emotions.

Naturalist: This area has to do with nature, nurturing and relating information to one's natural surroundings. They are gifted at nurturing and growing things as well as the ability to care for and interact with animals. They can easily distinguish patterns in nature. All these eight intelligences are independent and they develop at different times to different degrees in different individuals. However, they are closely related, and when a student becomes more proficient in one area, the whole constellation of intelligence is enhanced, hence it is important to encourage children to explore and exercise all of their intelligences. Creating a rich, nurturing, and stimulating environment filled with interesting materials, games, and books lays the foundation for healthier, happier, brighter children. Boons of

MI Approach

1. Through the Multiple Intelligences (MI) approach teachers can offer different pathways for students to learn rather than just filtering all information and learning through the "scholastic intelligences" learning through the "scholastic intelligences" thus empowering more students to succeed in school. Multiple Intelligences approach is "child-centered" and enables teachers to visualize the students' learning, instruction and assessment. Thus we see Multiple Intelligences as a tool to reach more kids, and way to become better educators.

2. The Multiple Intelligences approach transforms the role of the teacher. In traditional schools the teachers rely more on textbooks and adopt a lecture method with very few opportunities of activity based learning.

3. The Multiple Intelligences approach enables students to learn through numerous ways, that enhances their interest, caters to individual differences and thus making learning meaningful.

4. A Multiple Intelligences teacher contrasts sharply with a teacher in a traditional classroom, where the teacher continually shifts her method of presentation from linguistic to spatial to musical and so on, often combining intelligences in creative ways.

5. In Multiple Intelligences setup, not only are students more likely to learn and teachers more likely to bring their creativity to the fore, other opportunities are also presented keeping in mind that intelligences are multidimensional and students have the potential to change.

The use of MI in schools helps educators move instruction beyond linguistic and logical-mathematical intelligences that leave many students out of the learning process. The challenge for teachers is to create learning environments that foster the development of all eight intelligences.

Balanced instructional presentations that address MI, benefit all learners and strengthen their underutilized intelligences are the key aspects that are focussed, MI

provides a framework for teachers so they can understand how their students learn. By approaching students with a model that targets their successful learning in a particular intelligence instead of a standard approach that limits learning, students get an opportunity to experience success in school. As a result, teachers can meet the needs of students from multicultural backgrounds. Thus the use of MI promotes diversity and inclusiveness, rather than the "one size fits all" approach to teaching.

Thank you Donors

Our family of donors include illustrious business families, individuals, corporate partners, foundations and all those people who are committed to our philosophy of providing "Quality Education for All" and have been coming forward with their contribution from time to time to create an institution of educational excellence.

Through these columns, we thank and acknowledge the support of our donors for their generous contribution over the years. Your support and contribution plays an important role in helping Rajasthani Sammelan to achieve its mission of developing a community dedicated to achieving national and international levels of excellence in various fields of education.

Your generosity has significantly contributed and helped the students in various areas. Every donation that you make impacts the life of our students in some way or the other. Your contribution has helped us build various institutes of excellence with the best infrastructure that include state of the art computer labs, knowledge resource centre, communication centre, health centre, educational outlet, sports facilities and scholarships instituted for meritorious students. All our institutes have benefitted immensely from your support.

Undoubtedly, you as our esteemed donors have made Rajasthani Sammelan stand tall in stature and have helped it grow from time to time. Like you, there have been many others whose contribution to Rajasthani Sammelan way back in the early 1950s has been significant and notable. And we gratefully acknowledge their noteworthy contribution in setting up the edifice of this great institution.

We gratefully acknowledge the contribution made by Late Shri Kudilaji Seksaria who donated the land on which the current structure of Rajasthani Sammelan stands. This contribution cannot be valued in terms of money, and it would only undermine his contribution if we were to measure this in monetary terms.

At the same time, had it not been for the significant contribution of Rs. 50,000/- by Shri Brijmohan Ruia (Brijmohan Laxminarayan Ruia Charity Trust) way back around the year 1950, the landmark Sarvodaya Balika Vidyalaya would not have come up. A small dream way back in early 1950s has today paved the way for a number of institutions under the banner of Rajasthani Sammelan. As they say, "It all begins with a Dream".

We are proud to have you all as an integral part of the positive impact and an enduring legacy that we are creating at Rajasthani Sammelan. May your benevolence continue to bring about the change we wish to see in our educational system. We stand committed to spread our wings and fly higher. In this journey of growth, we seek your continued support.

We constantly endeavour to maintain accuracy in the list of donors and we thank you for the feedback in case of any discrepancy that has been noted. Should there be any errors or omissions in this list, we urge you to contact our Donations Officer on rs@rajasthani.org.in.
