President's Message

Dear Reader,

Warm Greetings for the New Year!

Joel Barker, the world famous futurist, a teacher and a philosopher has said 'Vision without Action is just a dream....Vision with Action can change the world'.

It is with the mission of 'Vision with Action' that sixty one years ago, the founding fathers of Rajasthan Sammelan Education Trust started the first educational institution Sarvodaya Balika Vidyalaya (now known as Kudilal Govindram Seksaria Sarvodaya School) a girls' school in 1959. At that time, their vision was 'empowerment of girls through education'. Over the past sixty one years of experience has taught us that progress of a nation is possible if men & women both are well educated. Accordingly, we have modified our vision of empowerment of girls' through education 'to empowerment of new generation with education' that includes both girls and boys. We at Rajasthan Sammelan Education Trust have knitted together a large network of educational institutions and organizations. From play school, pre-primary & primary schools, secondary school, junior college, degree to professional colleges and institutes that offer courses like undergraduate and post graduate courses in Commerce, Management & Media Studies. To accommodate students from other countries and cities, we have the facility of boys' as well as girls' hostels. The entire education imparted in RSET's educational institutions has a single-minded goal and mission to provide hope, direction and the promise of a bright future for aspiring youth from all over the country and abroad.

In our institutes, one will find all the basic amenities, facilities i.e. science laboratories with sophisticated instruments and safety measures, playground with excellent facilities, state of the art libraries, air-conditioned hall, conference rooms, computer labs, power backup, career counselling centre, online academy, music academy, health centre, educational outlet and WIFI facility all over the campus. In-house caterer runs the canteen and provides food to students staying in boys' and girls' hostels. To encourage and develop leadership skills, students of N.C.C, N.S.S. and DLLE units along with Rotaract Clubs conduct co-curricular activities and outreach programmes on a regular basis. Under project Sahyog, students of Durgadevi Saraf Institute of Management Studies and Durgadevi Saraf Global Business School in collaboration with IDF conducted Diya selling drive on the occasion of Deepawali. Under Project Sahyog, ISR Committee of DSIMS conducted Beach Cleaning Drive on 19th December, 2021. Under Project Umeed, ISR Committee of DSGS conducted Project Annadanam from 20th to 24th December, 2021. As a part of environmental responsibility, a beach cleaning drive was also organized by NCC Cadets of Ghanshyamdas Saraf College at Aksa Beach. The teachers of Ramniwas Bajaj English High School also celebrated Christmas in a unique way by donating money for providing meals to 50 elderly people under the Meals to Heal [Annadaanam] programme in association with IDF.

Infrastructure wise, we have well - furnished and airy classrooms, common rooms for boys' and girls' (in all the institutions of higher education), air-conditioned staff rooms and offices, canteens, water coolers with filters, round the clock security back-up and above all a healthy teacher- student support system. It has been our endeavour to create global attitude in our students right from schools. Accordingly, Ramniwas Bajaj English High School and Mainadevi Bajaj International School are members of EUMIND (Europe meets India). Every year, some group of students of both the schools interact with one of the European school and prepare a project. This year, the first Eumind [Europe meets

Ashok M. Saraf, President, RSET

India] VC of Ramniwas Bajaj English High School with the Netherland School, Berlage Lyceum was held in December wherein the students discussed various aspects of their project 'Go Green'. Both the schools have also made us proud by receiving The Times Education Icons Award held in the month of December 2021. Ramniwas Bajaj English High School also received the Award for Excellence in School Administration by the Education Times Group (Navbharat Times).

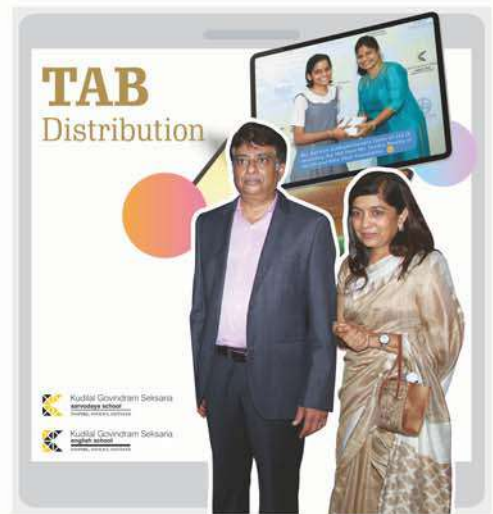

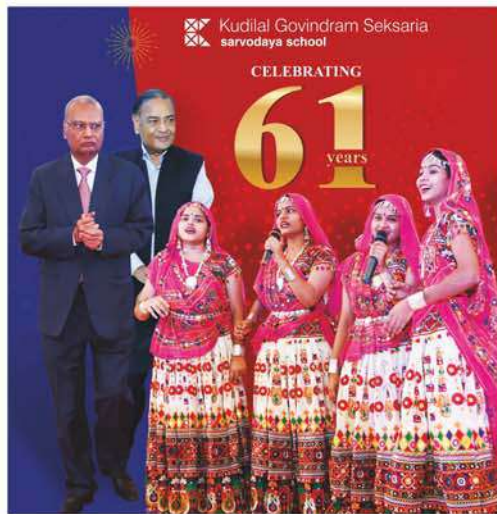

Although there was lockdown of educational institutions in the past three months, all the institutions held regular teaching and examination efficiently through online platform. Beyond academics, all the institutions of higher education organized / participated in webinars, workshops, faculty development programmes through online mode. Training and Placement Cell of Deviprasad Goenka Management College of Media Studies conducted Intermediate training process from the month of October to December, 2021. It also organised orientation programme for first year under graduate and post-graduate students in the month of December to make the students industry ready on completion of their courses. Research is an integral part of higher education and I am pleased to state that Remsons Centre for Management Research (RCMR) at Durgadevi Saraf Institute of Management Studies has published The Volume 4 Issue 1 of the in-house bi-annual journal-The Management Quest on 27th October, 2021. DSIMS has also applied to University of Mumbai for affiliation as Ph.D Centre. Ghanshyamdas Saraf College is already an affiliated Ph.D. Centre of Mumbai University and many senior faculty members are recognized Ph.D guides of Mumbai University.

We are confident that with the support received from Donors, well wishers, hard work of Managing Committee members, dedicated Principals and staff, the institutions run by RSET will achieve new landmarks in the field of education and will surely touch lives of students to create responsible citizens for the betterment of our country.

Hon. Secretary's Message

Dear Reader,

In this New Year, I convey my greetings and best wishes to all the readers especially to students of all institutions of Rajasthan Sammelan Education Trust!

Dear students, I sincerely hope that your stay in RSET campus will be rewarding and you will leave our campus as competent individuals and will be capable to contribute significantly to the society & nation.

In the past few months, all our institutions have conducted efficiently teaching, examinations as well as extra-curricular activities. Some of our schools have been recognized for their excellence in education. On 20th December, 2021, Shri J. P. Khemka, Joint Treasurer, RSET and Ms. Archita Rajpuria, Trustee, RSET were felicitated at Times Education Icons Award 2021 organized by Times of India for excellence in education of Mainadevi Bajaj International School and Ramniwas Bajaj English High School as per Times School Survey 2021 at Taj Mahal Hotel. Dr. Padmaja Kutty, Principal of Ramniwas Bajaj English High School was awarded Dr. APJ Abdul Kalam International Award of Excellence 2021 by IDYM Foundation.

Kudilal Govindram Seksaria Sarvodaya School, the first school started by our Trust, completed 6 decades of its journey of imparting quality education to the less privileged girls in society in 2020. As a rich tribute to the school's contribution to women empowerment, the Management decided to celebrate the 61st Anniversary on 20th November, 2021 in a grand manner. The Chief Guest Dr. Deepak B. Phatak, Professor Emeritus, IIT Mumbai and the Guest of Honour Dr. B.B. Ahuja, Officiating Director, College of Engineering, Pune were given a warm welcome by NCC Cadets and Management members. Special Guests Shri Rajkumar Seksaria & Shri Nandkumar Seksaria and other members of Seksaria family were also present for the function. A Souvenir was also released by the dignitaries to commemorate the event. The event was celebrated physically in Durgadevi Saraf Hall by observing the norms of social distancing. Arrangements were also made to show the formal function online via Zoom and YouTube.

In institutes of higher education, many faculty members presented papers in reputed international and national journals. Case studies have also been conducted by faculty members and have been published in reputed journals. On 27th October, Remsons Centre for Management Research (RCMR) published Volume 4 Issue 1 of the in-house journal 'The Management Quest'. The Placement Cell of Colleges and Management Institutes have been giving training to students to be industry ready. Although there was lockdown of educational campuses, in the past few months, students of the institutions of RSET have made us feel proud by winning many prizes in sports, swimming and martial arts. Aakash Singh, FYJC Student of Durgadevi Saraf Junior College, participated in 19th Junior State Wushu Competition and won Gold Medal and has been selected for National Level competition. Aakash also participated in 20th Junior State Wushu Championship held at Phaghwara, Punjab and secured Bronze Medal at National Level. Another student, Kesav Desai of SYJC has been selected for Mumbai Throwball Team. He will take part in the 44th Senior National Throwball Championship to be held at MD University, Rohtak, Haryana. Aanchal Maurya of FYJC has taken part in Judo National selection trial at Sangli in the month of October, 2021. Girls Kabaddi Team of GSCC/DSJC under 18 played Kabaddi at District Level at DAV College Bhandup East, and won the match. Next, they will play at Divisional Level.

Kailash Kejriwal, Hon. Secretary, RSET

Another crowning moment was when Ms. Aanika Bhatia, a student of Grade 5 from Ramniwas Bajaj English High School bagged the Bronze Medal at the National Level Aquatic Championship in the category 100 meter Butterfly Stroke thereby making her mark in the Sports arena at the National level.

Students need a supportive environment at their educational institutions as well as at home. The parents are the most strengthening power in moulding the future of their children. Their consistent support empowers us to do more and more for the betterment of the students. We have formed Parent - Teacher Association in each school and regular meetings of PTA are held by all schools. I convey my gratitude to all the parents for having faith in us during the lockdown period.

During this period of teaching-learning through online platform, some students of Kudilal Govindram Seksaria Sarvodaya School and Kudilal Govindram Seksaria English School were facing difficulty to continue with the online teaching due to unavailability of smart phones. Shri Harish P. Shah, Donor, Pravinchandra D. Shah Sports Academy, Nalini Shah Music Academy and Amratlal Premchand Shah Library (MBIS) came forward to donate a large amount to purchase 225 tablets for students through Harish and Bina Shah Foundation. The tablets were distributed at a function held at Nathmal Garodia Seminar Hall of Durgadevi Saraf Institute of Management Studies. The students were happy to receive the tabs and thanked the Management and Harish and Bina Shah Foundation for this noble gesture.

In RSET campus we are regularly taking precaution for COVID-19 Pandemic by sanitization, free vaccination of staff and their families, organizing vaccination for school children etc. I am confident that our institutions will continue to shape the future of the young minds of our country and transform their potential into successful careers resulting in national development.

CEO'S Message

Captain (IN) Anant Yadnik (Retd.), CEO, RSET

Dear Reader,

It is indeed a pleasure to share the first good news of the quarter, that is, for the first time after so many months, the off line classes for colleges and the higher grades of the schools have started at RSET Campus. All the Academic Staff of all the institutions were fully prepared to welcome back our students. The teaching was through the Hybrid method so that the students who could not attend classes were also benefitted through this off line and online mode of teaching. Our students from Hindi and English Medium Schools were provided with 225 tablets for online studies for which they were very happy and thanked the RSET Management and the Donor Mr Harish P Shah.

The semester/term examinations were conducted smoothly via the Hybrid mode. It was observed that most of the students have opted to take examinations with a 100% physical attendance.

With schools gradually reopening in a staggered manner, sports activities too resumed in the new normal as the students need both the physical and mental strength to combat the post pandemic day to day challenges for their holistic development as it has been rightly said that 'a healthy body leads to a healthy mind'.

Considering the new challenges in teaching learning, the Counselling Centre wing on RSET campus- Ramdhar Maheshwari Counselling Centre arranged for a workshop for all the teachers from primary and secondary on various topics like, Observing and Understanding Behaviour for the students with learning difficulties. Similarly, a parent's seminar was conducted on Importance of Parenting in Child's Academic and Emotional Wellbeing for parents of secondary school students. Such workshops and seminars are most sought after by students, teachers and parents as it brings out the correct perspective and proper learning for a better tomorrow.

In India, ethnic culture and its rituals are a way of celebrating life!!! Hence we at RSET have celebrated the theme based festivals of Dussehra, Navratri and Diwali. All the students have actively participated in these celebrations that has brought the laughter and happiness for all. In addition to the festivals we have also celebrated many events such as Gandhi Jayanti Celebration, Children's Day, Mathematics Day Rashtriya Ekta Diwas and observance of National Law Day. Our NCC and NSS students have taken active part in organising these events with the guidance from their teachers.

As we have many Institutions, all the events and the festivals were celebrated with variety of themes, ideas and had a unique identity of each institution. From the Management's perspective this is a very healthy sign of "Unity in diversity" and ensures the holistic approach in development of our students. As a leaders in educational field and striving for limitless and excellence in quality education our schools deservingly and consistently being featured in the list of top performing schools in Mumbai by the Times School Survey 2021. It's our honour and pride that our English Medium School RBHS received the Award for Excellence in School Administration, which was conferred recently at Raj Bhavan by the Honorable Governor of Maharashtra, Shri Bhagat Singh Koshiyari. The word of mouth publicity and such achievements ensures that there is a great demand for our schools and colleges for the population of Mumbai.

One more feather in our cap is the grand celebration of the 61 st Anniversary of our Hindi Medium School, in the Durgadevi Saraf Hall on Saturday 20 th November 2021 in our campus. The entire twelve storied building of RSET was fully illuminated with colourful lights for three nights. We have appealed to all our ex-students to visit our campus and see this spectacular show. Renowned dignitaries from the field of education have attended this event as Chief Guest and Guest of honour. Our Trustees and Management Committee members were very happy to receive the large number of Seksaria family members who have graced this auspicious occasion.

We at RSET have conducted a free Vaccination Drive in Bajaj Hall for our students who are above 18 years of age. Large number of students got vaccinated through this drive. A qualified team of doctors and nurses gave vaccines to the students and monitored their health as they waited in the hall. The Discipline Committee of teachers made sure all COVID-19 protocols like wearing of masks, sanitizing hands, and maintaining social distance were followed at the venue. An enthusiastic team of NSS students volunteered with registrations, reception, stage management, and refreshments. At RSET our Career Guidance and Placement Cell is very active and have conducted an Interactive Session with our students, and inspired them to become officers for Class I and Class II ranks (Group A and Group B services) in Central and State Governments. All final year students were benefitted from this activity which was guided by team of an extremely passionate educators.

We thank our President Shri Ashok Saraf, Secretary Shri Kailash Kejriwal, Trustees and Committee members of RSET, for their relentless efforts and selfless service towards the noble cause of facilitating quality education to thousands and thousands of students at RSET.

Dear Reader,

Warm Greetings for the New Year!

As we enter the New Year of 2022 in January, a fitting finale to the year 2021 would be the collective hope that we never see a year like this again. We have seen much sadness in the year 2021. COVID-19 which entered in our lives in the year 2020, brought much of humanity to its knees this year (2021). Millions were infected even as the virus assumed new forms. Many people became jobless, there were lockdown of educational campuses and people were forced to take loan to meet treatment costs both for Pandemic and other illnesses.

However, the Union and State Governments took on the fight against the Pandemic head on. They ensured that approximately 1.32 billion or more doses of vaccines were administered giving some respite from the virus. 8th December, 2021 brought enormous tragedy with India's first Chief of Defence Staff, General Bipin Rawat, along with 12 others, perishing in a helicopter crash.

It is said that 'every cloud has a silver lining'. The year 2021 will also be remembered with joy over the unprecedented performance of our sports person at the Tokyo Olympics. It was India's best performance in last four decades with a seven medal haul including javelin thrower, Neeraj Chopra's gold, Ravi Dahiya and Mirabai Chanu's silver, PV Sindhu, Bajrang Punia, Lovlina Borogohain's bronze medals and the one for the hockey team. India won a medal in hockey after forty one years.

India has made a significant mark in Global companies like Google, Microsoft and Twitter. Parag Agrawal, an IIT Mumbai Alumnus and Chief Technology Officer of Twitter took over as CEO of Twitter on November, 2021. On 12th December, 2021 the heart of every Indian was brimming with pride after Harnaaz Sandhu won the Miss Universe 2021 crown at the contest held in Eilat, Israel. Harnaaz brought home the Miss Universe crown after 21 years and became the third Indian to win the title. The title was won by Sushmita Sen in 1994 and Lara Dutta in 2000. The beginning of 2022 also witnessed the iconic Air-India Maharaja propel into prominence as the airline was acquired by Tatas. Tatas had lost control of Air-India nearly seven decades ago before taking it back recently. The New Year also witnessed Alka Mittal as the first woman to head India's largest exploration and production company ONGC and second woman in the country to helm an oil

Dr. Sunanda Kar, Editor

company after Nishi Vasudeva, who had made history in 2014 after taking over reins of oil refiner - fuel retailer Hindustan Petroleum. Alka Mittal is currently the Director (HR) and her appointment is for six months or till a regular chairperson is appointed whichever is earlier. However, her appointment as Head of ONGC signifies increasing diversity in the 'Macho' Oil & Gas Industry that remains one of the last bastions of male dominance.

In RSET campus, regular lectures were conducted on the Google Meet Platform by all institutions in the past three months. They successfully carried out many online guest lectures by senior professionals and academicians. Colleges affiliated to Mumbai University successfully conducted regular, additional and ATKT examinations between October to December, 2021 using the online examination application 'Eklavya'. Our schools have made us proud by their high ranking followed by awards and accolades as per the Times School Survey 2021. It is a matter of great pride that recently Ms. Archita Rajpuria, Trustee, RSET & Shri J.P. Khemka, Joint Treasurer, RSET were honoured at Times Education Icons Award Ceremony held at Taj Mahal Hotel for Mainadevi Bajaj International School & Ramniwas Bajaj English High School as leading schools with International & National Curriculum respectively.

The month of November was indeed a prestigious month for Ramniwas Bajaj English High School as the school received the Award for Excellence in School Administration organised by the Education Times Group (Navbharat Times). The award was conferred at Raj Bhavan by the Hon'ble Governor of Maharashtra, Shri Bhagat Singh Koshiyari to Dr. Padmaja S Kutty, the Principal of RBHS. A grand function was organized by the Management on 20th November, 2021 to celebrate the 61st year of Kudilal Govindram Seksaria Sarvodaya School. A souvenir was also released by the dignitaries to commemorate the occasion. The function was celebrated in Durgadevi Saraf Hall and was also shown online via Zoom and Youtube. On this occasion, Dr. Deepak Phatak, Professor Emeritus, IIT Mumbai was the Chief Guest and Dr. B.B. Ahuja, Officiating Director, College of Engineering Pune, was the Guest of honour. The event was also graced by members of the Seksaria family, Trustees and Managing Committee members. Besides, Alumni of KGSS, Heads of Institutions, Staff of RSET and students were also present for the function.

I am happy to state that with strong technological support given by the Management, all our institutions have sailed smoothly through this difficult time of lockdown and will definitely grow to greater heights. I would like to thank my editorial team members and creative directors in helping us to bring out this issue of Abacus.

At the outset, I congratulate the Management of RSET, Principal, staff and students of Kudilal Govindram Seksaria Sarvodaya School for the grand celebration of 61st year of the school held on 20th November 2021. The event was held at Durgadevi Saraf Hall in RSET campus. At the same time it was shown via online platform through Zoom and YouTube. The highlight of the evening was the release of 61st Anniversary Souvenir by the dignitaries. The souvenir contained the illustrious journey of the first school established by the Trust way back in 1959 with the aim of empowering the girl students with education. We started our association with Rajasthani Sammelan Education Trust by providing freeship to the students of all institutions of the Trust through Jankidevi Bilasrai Bubna Endowment Freeship Fund. I am sure that over the years, many students are benefitted by freeship received from Jankidevi Bilasrai Bubna Endowment Freeship Fund.

I am pleased to note that the inmates of Jankidevi Bilasrai Bubna Boys' Hostel are provided with all possible facilities such as free Wifi access, gym facilities, hygienic breakfast and dinner so that they can concentrate in their studies in a peaceful environment. To keep the Hostel neat and clean, house-keeping staff has been appointed by the Management to clean the areas at frequent intervals. The hostel is occupied by Indian as well as foreign students. Due to COVID-19 Pandemic, many students had gone to their home town. However, I am happy to note that the situation is gradually improving and many new students have taken admission in the hostel while old students have renewed their admission by making online payments.

I take this opportunity to compliment the Editorial Board for providing all important information through quarterly bulletin Abacus in a systematic manner.

Vijay Pal Singh
Health Centre

Dear Reader,

Wish you all A Very Happy New Year!

It is said that "A healthy mind lives in a healthy body". In a city like Mumbai, people are always busy and often neglect their health. Often parents take their children to the physician only when they fall ill. But if there is timely check done by some experts, various physical discomforts can be controlled at an early stage and proper guidance can be given for healthy growth of the child.

I am glad to know that through Vijay Pal Singh Health Centre, Rajasthani Sammelan Education Trust is addressing the basic health issues of students through regular check-ups. In normal times, Ayaksha Health Services, the agency appointed to take care of Vijay Pal Singh Health Centre is conducting regular health check-up of school children of RSET. The Health Centre is kept open from 7 am to 7 pm on all working days. Other activities of Ayaksha Health Services include making children aware of oral hygiene, teaching children about good touch and bad touch, how to face exam anxiety and fear related to performance and also giving training to school children on road safety. Ayaksha is also conducting Disaster Management Programme that includes mock drill for fire fighting for which a group of teachers from each institution are being trained by them.

It is indeed praiseworthy that Rajasthani Sammelan Education Trust is taking full precaution against spread of COVID-19 infection by getting the campus sanitized at regular intervals. Temperature is checked of each and every one entering the campus at the entrance gate. In the months of July and October, two free vaccination drives were also organized by the Trust for all employees and their family members.

I convey my hearty compliments to one and all associated with Rajasthani Sammelan Education Trust.

"National Conference on She-Heroes, Celebrating the Success of Womanhood"

“

"Too many women in too many countries speak the same language – of silence."

– Hillary Clinton

The past two years have been tremendously challenging as well as stimulating globally. There have been remarkable stories of womanhood going beyond the staggering odds in order to conquer their goals while helping many in the process. Here, at

Deviprasad Goenka Management College of Media Studies, Principal Dr. Amee Vora along with her team, wanted to instill a ray of hope and zeal for life in the students and society at large on how to handle misfortunes in life and be a pillar of strength.

The National Conference, "She-Heroes, Celebrating the Success of Womanhood" was organized by IQAC and Women Development Cell of DGMC in collaboration with Women Development Cell of University of

Mumbai. Keeping in mind the current scenario and the ethical necessity of observing Covid appropriate behavior, DGMC conducted the entire conference on the virtual mode. The conference was held online on **Zoom platform on 11 December, 2021** from 10 am to 4 pm.

The Rationale of the Conference

Every woman has a worthwhile story to tell. Only an equally worthy platform is required to tell these stories. Sheheroes was an attempt to be a platform for these powerful stories. Each

story is a learning and life teaching, teaching us lessons that go beyond textbooks. These remarkable women with their grit and never give up attitude will always instil values in all of us.

In a bid to encourage students who are grappling with all kinds of uncertainties during the COVID-19 pandemic, we, at DGMC, want to inject in them a level of hope and enthusiasm for life and prod them to interact with our guests and ask them questions in order to gain a better understanding about how to deal with adversities in life and emerge stronger.

The Conference aimed at progress in advancing gender equality and empowerment of women and girls. Discrimination against women and other genders in law and in practice persists, and consistent efforts are required to overcome this refinement

The inaugural function commenced with Principal of DGMC, **Dr. Ameet Vora** giving the welcome address. **Shri Ashok Saraf**, the chairperson of Rajasthan Sammelan Education Trust addressed the audience giving his best wishes for the success of the event. He emphasized on the beliefs of RSET, wherein the need for women empowerment is not just an organizational goal. The trust believes and lives up to its mission of educating the girl child. **Shri Narendra Goenka** underlined that women need to have equal right to participate in education, society, economy and politically. He reiterated the thoughts of **Shri Ashok Saraf** of providing empowerment through education.

The conference was graced by the Chief Guest **Dr. R. D. Kulkarni**, Hon'ble Pro Vice-Chancellor, University of Mumbai. He stressed on the need for women empowerment and the requirement to redefine the status of women in society. He reiterated the fact that if women empowerment has to work, it will begin with women's active participation.

The Guest of Honour for the event was **Dr. Urvasi Pandya**, Chairperson, Women Development Cell, University of Mumbai. She also stressed on the fact that unless women are empowered to take a decisive part in the social, political and economic life of the country, the very development of the country will be male dominated.

She-Heroes esteemed key note speaker was **Sumaira Abdulali** who is an Environmental Activist. She is an environmental activist focusing on sand mining and noise pollution. She highlighted the need for every citizen to be active in their contribution towards the environment safety and protection. She outlined the adversities faced by women of all ages on homes and streets, how it can be tackled, and how women stand up for themselves and overcome such situations.

The speaker of the first session was

Ms. Archana Dutta. She is a CEO of Second Art. She emphasised the need for organisations to provide anyone and everyone with the tools and opportunities they might be needing, to give wings to their desires and consequently help people in discovering their inner callings, dreams. Learning happens through conversations, and leads to introspection. She believes in creating safe spaces for women, where they can discover themselves and attain mindfulness through self-awareness and unfiltered conversations. She encouraged each one of us to be better versions of ourselves.

The speaker for the second session was **Ms. Hasina Khan**, founder of Bebaak Collective (Voice of Fearless), Fearless campaigner, Mumbai-based champion of the cause for gender justice for Muslim women and other minorities. As a campaigner against unilateral triple talaq in the Supreme Court of India, Hasina Khan has always been at the fore, raising issues and questions of women's rights in general, and Muslim women's rights in particular.

The speaker for the third session was **Smt. Sarubai Waghmare**. The journey from a rag picker to a folk artist and poetess. There is no age or time when it comes to expressing your thoughts and feelings. Life experiences inspired Sarubai to write her 1st poem in 1995. Right from politics to waste management, she has created poems on an ensemble of topics. If you make up your mind, sky is the limit. This session was an indicator of that.

The speaker for the fourth and final session was **Ms. Priya Vispute**. Adversities can be an encouragement and challenge you to achieve your goals. Her life is the living example of that.

Along with the conference, IQAC and WDC of DGMC and WDC of University of Mumbai held a **poster making competition** for all students in the country. The Themes of the competition were;

1. Urbanization and waste Management
2. Violence against women
3. Women empowerment

The conference received a huge response from all-over India, not only from the conference participants but also from students participating in the poster making competition. From the many creative entries, 1st, 2nd, and 3rd prizes and a consolation prize was declared. Three professional artists viz – Mr. Sahdev Dave, Mr. Pradeep Das and Prof. Shalu Balan were specially invited for judging the competition. Of the four

competition winners, two were young DGMC students.

The juries shared their views about the competition and emphasised on how important it is to protect women and stop the violence and discrimination against them. They shared their expertise on the art and how every piece of painting portrayed a story of their own. Mr. Shalu Balan announced the winners, and **Mr. Sahdev Dave** gave his insight on the winner's posters that gave them the edge above others. All the inspiring stories by the speakers and the words of motivation from the Jury members touched the hearts of the attendees and enabled them to have a better understanding of the situation and how to face it.

SAFE AND NURTURING ENVIRONMENT

Students do not care how much you know until they know how much you care
-Theodore Roosevelt

Creating a safe, secure and nurturing environment for our students has always been our top priority.

Being perpetually aligned with the directives and regulations of the Education Department and Council has been the prime agenda of our educational institution. In accordance with the same, all teachers of RBHS attended the online meeting conducted by the Education Department and Education Minister for the safe reopening of the school for Classes 8 to 10 at the beginning of October. This was followed by the online and offline conduct of Term 1 Examinations for Grades 8 and 9. Prior to the reopening of schools, the Principal addressed the PTA and CSSC members and discussed all the safety measures adopted by the school for a safe and secure environment. The Executive Committee of the PTA and CSSC expressed their faith in the school and gave their consent for reopening the school for physical attendance of students. A personal visit by some of the PTA members to monitor the safety and security measures, put to rest the anxieties and worries about the high standards of hygiene adopted

by the school in lieu of reopening.

BACK TO SCHOOL

The Physical/ Offline School for students of Grades 9 and 10 commenced from Monday, 11 October, 2021. In order to prepare the Grade 10 students for their Semester 1 Examinations, rigorous revisions were conducted by teachers across all subjects with sufficient practice exercises being provided even for home assignments.

Grade 8 and Grades 5 to 7 started their new hybrid mode of learning when the schools reopened for Offline mode. The school commenced for Grade 8 on Monday, 15 November 2021 while for Grades 5 to 7 on Thursday, 16 December 2021. A maximum of 20 students for Grades 8 and 10 students per class for Grades 5 to 7 were permitted. Students attended Offline and Online schools on a staggered basis. A warm welcome was extended to all the students personally by the Principal and the teachers at the entrance. To mark the special occasion, a small memento [bookmark] with a thoughtful message was presented to every student, welcoming them wholeheartedly to school after 18 months.

HARD WORK, PERSISTENCE AND PERSEVERANCE MAKE AN UNBEATABLE COMBINATION FOR SUCCESS.

Setting goals is the first step in turning the impossible to possible. National Achievement Survey (NAS) was accomplished by NCERT for the students of grade 3. The survey was mainly focused on MCQ pattern questions based on subjects like English, Math and EVS to develop a fun-learning environment for students.

Encouragement and Motivation are the keys of Positive Attitude in the life of learners. The more optimistic the parent, the better a child understands the principles of positive thinking. RMCC had held a Webinar on 'Understanding Your Child's Behaviour and Equipping Yourself with Effective Parenting Strategies'. The webinar proved to be a fruitful one as it's the need of the hour when children are captivated

in their homes at the time of pandemic.

As per the guidelines of the CICSE council, Grade 10 Semester 1 examination was scheduled offline from 29 November 2021 to 15 December 2021. The students appearing for the Semester 1 examination were well inducted by their subject teachers. The examination rooms were well set-up keeping in mind the guidelines provided by the CICSE Council.

The Third Parent Teacher Meeting (PTM) of Grades 6, 7, 8 and 9 was held to discuss the student's performance and areas of improvement in their Term One Examination. The parents affirmatively took the feedback given by the teachers.

PREPARE TODAY FOR A BETTER TOMORROW

In order to accentuate and increase efficiency in the virtual mode of learning, all the Primary and Secondary teachers attended a professional workshop- 'The Essential Educators Conversation: 'How Teaching & Learning will be Reshaped'; organised by USF in collaboration with Nanavati School. To sensitize educators towards variety of emotional issues of students, all teachers across Pre Primary to Secondary attended & got certified under the online training programme of POC SO Act - Handling & Preventing Child Abuse 2021.

Doing what is best at this moment, puts one at the best place in the next moment hence continuous development strategies for our teachers in the form of training and workshops enables them to stay competent in their duties. Considering this requirement, the Counseling Centre wing on RSET campus- Ramdhar Maheshwari Counseling Centre arranged for a workshop for all the teachers from Primary and Secondary on the topic: Observing and Understanding Behaviour - An Insightful Guide for Teachers. The aim was to enhance perception and consideration of facilitators towards students with learning difficulties and strategies to help such learners.

RBHS has continuously strived towards impactful education which aims at holistically nurturing our students into thinkers & leaders of tomorrow. We bank on every opportunity which allows our students to engage in such learning platforms which promote comprehensive education. In this pursuit, two of our 9th graders participated in the first ever TEDx-Youth event held at CNMS campus, Juhu, Mumbai. This event showcased a host of celebrated and influential speakers who delivered effective sessions on bridging gaps between oneself and ambitions through a celebration of innovation and brilliance.

RBHS in collaboration with MBIS organized a webinar wherein Mr. Husien Dohadwalla, an expert career coach, enlightened students of Grades 9 and 10 about career choices available

Back to School- Student presented with bookmark on arrival

RBHS and Berlage Lyceum partner for the first Eumind VC to discuss their project-Go Green

to them post their 10th grade examinations. A correct subject choice makes a huge impact on every learner's future, his/her career and tertiary study options. With the sole aim to help parents and students to make an appropriate choice, about knowing one's potentials, knowing the world of work (what different careers entail) and university requirements, RBHS conducted the Subject Selection Orientation Programme, at Durgadevi Saraf Hall, RSET Campus, for all the parents and students of Grade 8 graduating to Grade 9 in the successive academic year.

With the focus to help students with effective strategies to manage their changing social environment, RMCC organized a 'Social –Emotional Learning' seminar for students and teachers of Grades 9 and 10 through hybrid mode thereby accommodating even the online students.

GET TO GOALS WITH FESTIVITIES (CREATIVE PURSUITS IN THE CO-CURRICULAR ARENA)

In tune with this festive spirit, our Pre-Primary students added their unique flavour to the Navratri festival by dressing up in traditional costumes and shared with the class pre-recorded videos of their performances on the tunes of garba songs. Following the Navratri celebrations, RBHS teachers and students geared up for the celebration of the most popular Hindu festival- 'Diwali- The Festival of

For our Primary section, on the occasion of Diwali celebration and as a part of Fantabulous Friday- a "Cooking without flame" activity was conducted focusing on the UN SDG goal#2 - Zero Hunger. Right from Roti Pizzas, Roti wraps, Sprout Sandwich-Pinwheel Sandwich to Salad decorations, the young ones indulged in lots of delicacies and wholeheartedly shared these goodies along with diyas amongst the community helpers in their own locality.

Adding on a new flavour to the celebrations of the festival- Secondary section students from grades 6 to 8 associated with different school clubs conducted host of activities satisfying the UN SDG goal#12- Responsible Consumption and Production. The Cultural Club & Literary Club engaged in making "Potli Bags" & illuminated life at Craft Junction making wall dangles with thoughtful messages respectively in an attempt to revive traditional art & craft. As a part of SUPW project the articles made by the students were distributed along with a thank you card and diyas amongst the community helpers in their own locality. RBHS went a step ahead in the 'Joy of Sharing' this Diwali by donating books to Bal Gurukuls of IDF. Spreading more happiness- the helping hands of the ancillary staff of RBHS were appreciated with a token of gratitude by all the teaching staff on the occasion of Diwali.

Celebrations infuse life with passion and purpose. At RBHS Children's Day was celebrated with zeal and fervour, being the first celebration after the Diwali break with the students in school. The teachers of Primary and Secondary gave a pleasant surprise to the children to commemorate Children's Day, offline as well as on the virtual platform keeping in mind the UN Goal - Quality Education. Fun-loving games and inspirational movies were organised for the students of the primary sections whereas Fun Zone was set-up for the secondary sections in which various games were planned to boost the physical activity of the students on their special day. The motivational video messages from the Principal and endearing teachers added value to the entire celebration.

Today a Reader, Tomorrow a Leader. The activity 'One Nation Reading Together' was organised with collaboration to UN Goal 4 – Quality Education, for the learners of RBHS in the month of November. The voracious readers enthusiastically read their favourite stories and spoke about their favourite characters from the story they had chosen. As a follow up activity, they also prepared attractive bookmarks with a thoughtful message on one side of the bookmark whereas the other side had strokes

of their creative hands. It was an enriching activity which helped the students to mold various skills like creativity, communication and critical thinking.

APPORTIONMENT OF LOVE AND CONCERN

For our Primary section, on the occasion of Diwali celebration and as a part of Fantabulous Friday- a "Cooking without flame" activity was conducted focusing on the UN SDG goal#2 - Zero Hunger. Right from Roti Pizzas, Roti wraps, Sprout Sandwich-Pinwheel Sandwich to Salad decorations, the young ones indulged in lots of delicacies and wholeheartedly shared these goodies along with diya amongst the community helpers in their own locality.

In this season of festivities and happiness, Team RBHS ensured the cheer and joy is shared even with the less-fortunate children co-existing in the same community as ours. As a part of the 'Light of Goodness' Project, integrating skills with community service, students of Grades 9 and 10 sold decorative diya made by the underprivileged children. Student's marketing skills were assessed and the proceeds of the sales were donated for the education of girls in Bal Gurukuls, thereby creating awareness among our children about their responsibilities towards the society.

event was aligned with UN SDG #2- Zero Hunger" of the UN and orchestrated through the coordinated efforts of Dr Narayan Iyer, CEO-IDF. Team RBHS thus kept the flag of goodness flying high.

Article 19 of the UN Convention on the Rights of the Child provides for the protection of children in and out of the home. One of the ways to ensure this is by giving them quality education, and preparing the teachers to handle the same. As part of the compliance for The Protection of Children from Sexual Offences Act, 2012, all employees of MBIS underwent a sensitization-cum-training programme on this subject. The teaching staff got certified on 15th Oct'21. This helped them in getting an insight into the various things that need to be taken care of while teaching in a school. They also got equipped with the ways in which they could deal with issues in case of it happening on the school premises.

Vocabulary Activity- Primary

Vocabulary plays a fundamental role in the reading process, and contributes greatly to a student's comprehension. Since comprehension is the ultimate goal of reading, the importance of vocabulary development cannot be overestimated. A robust vocabulary improves all areas of communication — listening, speaking, reading and writing.

Reading is a great activity to develop vocabulary. At MBIS we helped children to create an activity during their Diwali break, where they picked up two new words every day from the book they read. The students then wrote down their meanings and learnt them. The activity not only helped students to enhance their interest in learning new words but also brought out their creativity which is much appreciated.

The creativity of the learners was enthralling and this allowed them to explore a new dimension to music. Their interest in music was a driving factor that made this event a success.

Thanks giving

Grades 6 & 7

Students of grade 6 and 7 created beautiful bookmarks and a dinner platter with air dry shilpakar clay and painted it during the art class as a gesture of gratitude to celebrate Thanksgiving day.

Grades 8 & 11

Thanksgiving is a national holiday celebrated on various dates in the United States, Canada, Grenada, Saint Lucia, and Liberia. It began as a

day of giving thanks and sacrifice for the blessing of the harvest and of the preceding year. Similarly named festival holidays occur in Germany and Japan. Being thankful in all situations helps us develop our trust in God and helps us to be humble. While much of our gratitude is related to positive experience, we have to learn to appreciate the good and the bad. Thanking God in difficult situations can also help us appreciate the good times more.

Back to school sports

With schools gradually reopening in a staggered manner, MBIS Physical Education sessions and sports activities resumed in the new normal for grades 8 to 12, we need more physical and mental strength so as to combat the day to day challenges. Therefore, sports activities are a must for our children to help them face post-pandemic situations more energetically. It will also help them to focus on their Fitness skills and promote holistic development as it has been rightly said that 'a healthy body leads to a healthy mind'.

Music activity

"Music is not just created through the use of instruments, but other products can be used to create sound as well. In an attempt to produce a melodious harmony using the things available at home, an activity titled 'Creative Non-Instrumental Music Activity' was conducted. The students used buckets, drums, glass, pencils, eraser, straws, table, plates, etc and orchestrated a symphony that was harmonious. The creativity of the learners was enthralling and this allowed them to explore a new dimension of music. Their interest in music was a driving factor that made this event a success."

- Navratri Celebrations @ KRC - 7th to 15th October 2021.

Navratri, a festival in honour of the divine feminine, a festival that observes the victory of good over evil, was celebrated in a very unique and innovative way at the Knowledge Resource Centre. Acknowledging the tradition of Navratri, of each day corresponding to a different colour, we at KRC displayed a collection of books every day that synced with the colours and energy of the festival on each day. To begin with on the first day, that is 7th October 2021 Yellow colour book collection has been displayed followed by Green, Grey, Orange, White, Red, Royal Blue, Pink and Purple. KRC staff also matched the colour code by dressing up in tune with the collection.

KRC extended warm welcome to all the library users. Many faculty members and quite a few students visited and relished the new display of the collections of books each day. As a memoire, we have taken photographs of users who joined to these celebrations.

On the 9th day of the festival, KRC also celebrated 'Saraswati Pooja' to honour the Goddess of learning, keeping and worshipping all sorts of books and tools used by the library staff.

The whole experience has been amazing for the KRC team and has been applauded by KRC users. It has allowed KRC staff to reimagine and showcase the book collection in a new light. KRC would like to remember this festival as a ritual to reconnect with books and knowledge, and at the same time appreciating the feminine divinity around us.

Citing the current scenario of the pandemic, we have been taking all the necessary precautions

for our students. There is a regular temperature check of all our students done at the entrance in the campus followed by sanitization and pest control conducted on weekly basis. For the night out there is a proper process in place where the students ought to seek permission and mandatory intimation from the parents' end 24 hours prior.

We had many new students who joined us in the month of November. With the reopening of colleges most of the students were very excited with their journey in Mumbai. The students came from different corners and courses.

2021 has been a challenging year for the entire world. The Month of December had been a busy month for our students. They were preoccupied with their offline classes and examinations. We have been diligently following all the guidelines and taking precautions for the benefit of the students. We have been conducting weekly pest control and sanitization process. We also have displayed placards to remind the students of hygiene and well-being.

The Month of January:

The New Year was also celebrated similarly with all the students being in the Hostel. We have commenced the processes for Renewal and New admission (January-2022 to June-2022) The students who have not applied for renewal had vacated the hostel by 31st December so that we can start accommodating the new student accordingly. The students were well contented with this and the calls received from parents also convey their gratitude and praises for hostel facilities. Everything is going on smoothly.

FITNESS REGIME

Mr. Dharmraj Yadav,
Sports Incharge

In normal times, Pravinchandra D. Shah Sports Academy offers sports facilities like Tennis, Basketball, Box-cricket, Football, Volleyball etc. PDSA has indeed gone a long way to develop talents of students in sports. PDSA has been organizing many interschool competitions and our PDSA teams have made us proud by winning championship in Football, Basketball, Kabaddi and other games as well as in Martial Arts and Swimming.

However, during the difficult times of COVID-19 second wave in the past three months, we concentrated to develop fitness in the students by doing work out at home. Fitness plays a major role to develop better immunity so that there are less chances of getting attacked by

the virus. Hence we at PDSA preached and worked to promote the physical fitness of students during the lockdown period. Side by side, we tried to inculcate good manners and healthy habits in students during this lockdown period.

Meanwhile, many students of schools and colleges were involved in sports, Martial Arts and Swimming and won medals at state and national level competitions. Aakash Singh, FYJC Student of Durgadevi Saraf Junior College, participated in 19th Junior State Wushu Competition and won Gold Medal and has been selected for National Level competition. Aakash also participated in 20th Junior State Wushu Championship held at Phaghwara,

Punjab and secured Bronze Medal at National Level. Another student, Kesav Desai of SYJC has been selected for Mumbai Throwball Team. He will take part in the 44th Senior National Throwball Championship to be held at MD University, Rohtak, Haryana. Aanchal Maurya of FYJC has taken part in Judo National selection trial at Sangli in the month of October 2021. Girls Kabaddi Team of GSCC/DSJC under 18 played Kabaddi at District Level at DAV College Bhandup East, and won the match. Next, they will play at Divisional Level.

Another crowning moment was when our student Ms. Aanika Bhatia from Grade 5 of Ramniwas Bajaj English High School bagged the Bronze Medal at the National Level Aquatic Championship in the category 100 m Butterfly Stroke thereby making her mark in the Sports arena at the National level.

We have now started cricket coaching, skating, table-tennis, karate as well as gymnastics for which we are receiving good response. Ground booking has been started after a long time and a positive response is being seen. Booking has started from October 2021. There has been a good number of enquires about the activities at PDSA.

Jankidevi Bilasrai Bubna Boys' Hostel is occupied by both Indian and foreign students. Foreign students are from Bangladesh, Afghanistan, Egypt, Madagascar, Tunisia, Tanzania, Ghana, Sudan, Fiji, Mauritius, Sri Lanka and Malawi. Most of the foreign students are studying in the institutions of higher education of RSET. From the middle of March 2020, due to

lockdown caused by COVID-19 Pandemic, some of the foreign students had to stay in the hostel & the Management provided all facilities to make them feel safe and secure in the hostel. In the past few months, government decided to open institutes of higher education and start offline classes. Hence some new students took admission in the hostel. Old students also renewed their stay in the hostel by making online payments.

The Management of RSET is also taking care for the health of the hostel inmates by holding half yearly health check-up camps by Ayaksha, the agency running Vijay Pal Singh Health Centre of the Trust. The Hostel inmates have also been given a slot in the morning (twice a week) to use Pravinchandra D. Shah Sports Academy ground for playing various games after the lockdown period is over. The inmates of the Hostel are provided with hygienic breakfast as well as dinner supplied by the in-house caterer of RSET. We are sure that in the new academic year, we will have more enrolment of students in the Hostel.

Kindness...

Need of the hour, it's Your Turn Now!

Mr. Rushabh Turakhia

It's been a daily ritual since December 2009 that I need to make someone smile every single day, especially strangers. December 2009, coincides with the start of 'Your Turn Now movement.' Your Turn Now is a card which you give to someone when you are kind to them, and ask them to pass it on after doing another act of Kindness. That's when I realised, to reach the 7.2 billion people and make them smile, I need to practice what I preach, and eventually it got imbibed in me. With passing years and months, with 100s of Kindness workshops and talks with different schools, colleges, clubs, societies, corporates it became a ritual, a characteristic and a passion with burning fire within to spread Kindness like a Soothing Fire. Kindness comes from within. With time we learn to spread it around us and every time we do so we find our soul glowing!! Kindness can be anything you want to give it to be. It could be Kindness towards fellow humans, animals, environment and nature. With each year, it has changed not just me, but even the people associated with the Your Turn Now movement. And in the last 12 years more than half a million cards have been distributed across 48 countries of the world. Yes, all these cards are given out for no charge, but with a condition, which is, you need to do that many acts of Kindness and spread smiles.

Let me share two real life experiences of mine on a festive day.

Being a holiday, and since my busy wife wanted to accompany me for my Monday Kind Acts (which generally she couldn't as she is working as a teacher), we decided to go in the afternoon. After a 15 minute drive, we started walking around; all of a sudden we felt Mumbai is back to normal, with people around, shopping for Diwali, migrated vendors selling various festive items, sweaters, jackets etc. My wife showed me a couple of old uncles, but today I told her I am looking for old ladies.

At one corner we spotted a lady selling incense sticks, camphor, etc. I approached her asking for various fragrances of incense sticks she kept

and which one is the best, and as usual asked her about her life. So she and her sister, both unmarried, run the small place, which they inherited from their father. She looked 55+ and was working at the same place for years. She doesn't have any brother, so her cousin had come home in the morning for Bhaiddooj*. I selected a few incense and a couple of other things, and asked her for the total amount which was just Rs. 85/- that's when I gave her the lump sum amount, and she refused to take so much. So I told her since you don't have a brother, and I don't have a sister, it was a small token from my side, in exchange of incense sticks and scented blessings and then we clicked one picture.

I saw a lady in a beautiful saree and her husband packing up their Diya (An Indian oil lamp, usually made from clay) stores. I approached her, and asked her why she was packing, she is like the festival is almost over, and now no one will buy diyas, so pack up to go home and celebrate. She looked busy, so asked her if I could speak with her for a few minutes. She generally sells vegetables at the same place, but due to the festive season, changed the items to sell. She has one son who works for a builder (showing flats around) and daughter is married. I told her since I don't have a sister, and I wanted to gift her something, I gave her the amount. She refused, saying she can't take it and was asking her husband's permission when I insisted that she could take it from her brother.

She had tears in her eyes, and said now she has to buy or gift me something, and she gave me a big clay tortoise along with a few Goddess Laxmi stickers. She insisted that I go to her place in Chembur for dinner, and has told me that any time even if I pass by her, should wave to her. Thus I left with a little more blessings and my Bhaidooj gifts.

It doesn't end here. While returning, the incense stick lady called me, saying that she needed to have a picture with me (her brother) and she clicked a picture of me on her phone. On Bhaidooj, sisters apply tilak or tika (vermilion) on the foreheads of their brothers and pray for their prosperity. Sisters also keep fast and prepare delicious food items for their brothers and eat

after feeding their brothers. The brothers, in return, give gifts to their sisters and promise to protect them.

This story is self-explanatory, people need kindness, they want to be Kind, and it's just that you need to make them aware; you need to ignite that spark. So call for your pack of Your Turn Now cards, and together let's make this world a better place.

It's Your Turn Now!!

Course Completed: MBIS IB Diploma Class
Year of Passing: 2021
Course Pursuing: B.Sc in Psychology at Western University, Canada

Memorable Events/ Journey in the Institution:

I joined MBIS post completion of my Class 10 for the IB Diploma Program (Class 11 & 12). The IB journey for me has been an exciting one where the program @ MBIS enabled me to become a more confident communicator by providing me opportunities to voice my thoughts and opinions (through multiple platforms / research projects / presentations).

The IB Diploma is a challenging program but doing it at Mainadevi Bajaj International School (MBIS) under the guidance and tutelage of knowledgeable and well-equipped coordinators and teachers has ensured that I could not only meet my academic goals but surpass them as well.

The IB Diploma has been a life changing program for me - one that I would recommend all students entering high school take. It may seem daunting at first, but the rewards you will reap throughout this program (in terms of the skill sets you develop), will help you not only make a smooth transition to university but also set you up for life.

Year of Passing: 2021
Course Pursuing: FYJC at Patkar College and preparing for JEE entrance

Memorable Events/ Journey in the Institution:

The most memorable moment in our precious institute Ramniwas Bajaj was one of the annual functions, the Sports Day. It was the grade 9 Sports Day to be specific because it was the final year in our school where we could whole-heartedly participate in all the events because the next year would be grade 10 where we would be all into studies for our Board Exams. I loved sports, though I wasn't that good in any of it. I did give my all in the plethora of events and also was able to find success in a few of them. The Sports days have always been fun for me. It is the day for me where I felt free from everything and I really miss those days.

I thank our Principal and our beloved teachers who always ached these events to make it memorable for us and I also express my gratitude towards them for helping us with whatever problems we had. They always thought for the betterment of our lives. I will always be proud to be an alumni of Ramniwas Bajaj.

Memorable Events/ Journey in the Institution:

The best memorable days was sports day and Mauj Event of College. I was Sports HOD from B.Com Section and also a Class Representative in Third Year B. Com. I had been a member of sports committee since I joined college. I liked to manage and conduct all this sports Event and I also loved to play sports. I have very good memories with my sports teams which I still remember. The best thing is when you represent your College, Class, Team and you win trophies and medal for it. They were great moments. I won many trophies and medals in college and fest of other colleges as a team and solo. I think all this helped me in my professional career as well.

I would specially like to mention and thank the institution for the placement which they provide. I got my first job from college placement. I got selected as a financial service consultant in ICICI Prudential Life insurance company Limited. So I am very much thankful to the college for the placement and they always support the students. Last but not the least I would show my gratitude towards our college's faculty and staff members who have been my back support then and now as well.

Present Organisation & Designation: Tax Consultant, Deloitte Tax

Memorable Events/ Journey in the Institution:

The unique curriculum offered by DSIMS in PGDM not only helped me to increase my knowledge but also helped me to refine my soft skills which plays an important role in your personal as well as corporate life. DSIMS also gave me a chance to learn BLOOMBERG, which is an analytical tool and its knowledge is also appreciated in corporate world. We were also blessed to attend some guest lecture by different "CORPORATE GURUS". Which helped me to understand corporate life in a much better way.

DSIMS gave me the understanding of global business environment with the help of international immersion at Germany & Switzerland and also a better understanding of work culture of rural India with the help of rural immersion. Best time of my life at DSIMS was when all the students used to come together to arrange an event may it be CSR, VERSUS, FINANCIA, OPERATIONS or HR-O-SCOPE, our specialization never stopped us from coming together and make every event a best one. This was also appreciated by our institute.

My experience during my summer internship also helped a lot to be corporate ready. We were fortunate to have a wonderful placement cell consisting of faculties and students working hard and making sure that all the students get placed in a nice company. Looking forward to continue my association with DSIMS forever.

Thank you Donors

Our family of donors include illustrious business families, individuals, corporate partners, foundations and all those people who are committed to our philosophy of providing "Quality Education for All" and have been coming forward with their contribution from time to time to create an institution of educational excellence.

Through these columns, we thank and acknowledge the support of our donors for their generous contribution over the years. Your support and contribution plays an important role in helping Rajasthan Sammelan to achieve its mission of developing a community dedicated to achieving national and international levels of excellence in various fields of education.

Your generosity has significantly contributed and helped the students in various areas. Every donation that you make impacts the life of our students in some way or the other. Your contribution has helped us build various institutes of excellence with the best infrastructure that include state of the art computer labs, knowledge resource centre, communication centre, health centre, educational outlet, sports facilities and scholarships instituted for meritorious students. All our institutes have benefitted immensely from your support.

Undoubtedly, you as our esteemed donors have made Rajasthan Sammelan stand tall in stature and have helped it grow from time to time. Like you, there have been many others whose contribution to Rajasthan Sammelan way back in the early 1950s has been significant and notable. And we gratefully acknowledge their noteworthy contribution in setting up the edifice of this great institution.

We gratefully acknowledge the contribution made by Late Shri Kudilalji Seksaria who donated the land on which the current structure of Rajasthan Sammelan stands. This contribution cannot be valued in terms of money, and it would only undermine his contribution if we were to measure this in monetary terms.

At the same time, had it not been for the significant contribution of Rs. 50,000/- by Shri Brijmohan Ruia (Brijmohan Laxminarayan Ruia Charity Trust) way back around the year 1950, the landmark Sarvodaya Balika Vidyalaya would not have come up. A small dream way back in early 1950s has today paved the way for a number of institutions under the banner of Rajasthan Sammelan. As they say, "It all begins with a Dream".

We are proud to have you all as an integral part of the positive impact and an enduring legacy that we are creating at Rajasthan Sammelan. May your benevolence continue to bring about the change we wish to see in our educational system. We stand committed to spread our wings and fly higher. In this journey of growth, we seek your continued support.

We constantly endeavour to maintain accuracy in the list of donors and we thank you for the feedback in case of any discrepancy that has been noted. Should there be any errors or omissions in this list, we urge you to contact our Donations Officer on rs@rajasthanian.org.in
