Subject: **Memorandum of Understanding for SORT CLUBS** between The Art of Living and Ghanshyamdas Saraf College of Arts & Commerce

Respected Ma'am,

The Art of Living takes this opportunity to present to you one of the most popular life skills youth Club, specially designed for students on college campus. As we see today, the youth of this city is facing a world of many challenges and many opportunities. While the communication alternatives are increasing, youth are faced with increased depression and umpteen distractions. While social media is growing, the societal connect of youth is on a decline. While the economy of the country is booming, corporates complain of youth not being ready for professional life. It is imperative more than ever that the youth find avenues to blossom as individuals in personal, social, and professional life.

Furthermore, it is the need of the hour to provide a strong foundation to these students right through their education in parallel to the courses they study in colleges. Thus, a youth club oriented towards holistic well-being of the college youth is the need of the day. The club should be aimed at empowering students to become strong inside and sensitive outside.

Please find enclosed herewith the draft MOU for SORT CLUBS

MEMORANDUM OF UNDERSTANDING (MOU)

BETWEEN

TATA INSTITUTE OF SOCIAL SCIENCES, MUMBAI

AND

GHANSHYAMDAS SARAF COLLEGE OF ARTS & COMMERCE

ON

NATIONAL UNIVERSITY STUDENTS' SKILL DEVELOPMENT PROGRAMME (NUSSD)

THIS MEMORANDUM of UNDERSTANDING (MOU) is made at Mumbai and entered into on 25th November, 2019

BY AND BETWEEN

Tata Institute of Social Sciences (herein after referred to as "TISS"), a Deemed to be University under section 3 of the University Grants Commission Act (UGC) of India. 1956, is a premier institute in India in social sciences, human development and public policy, having its main campus at V.N. Purav Marg, Deonar, Mumbai-400088, herein referred to as 'First Party';

AND

Ghanshyamdas Saraf College of Arts & Commerce (GSC), having its main campus at Rajasthani Sammelan's Educational Complex, S. V. Road, Malad (West), Mumbai - 400 064, hereinafter referred to as 'Second Party';

TISS and GSC shall herein after collectively be called "the parties" and individually as "the party".

STATEMENT OF PURPOSE

The employability of India's university graduates continues to remain weak even while there is an acute shortage of skilled manpower in an increasing number of high demand sectors. The youth are thus disillusioned about job opportunities post their studies. Though they have educational degrees, they lack the skills and the experience to get employed.

Skilling the youth to enhance their employability and enabling them to be effective contributors to the nation's growth and development assumes paramount importance in the current context.

The Tata Institute of Social Sciences has been working to reach the youth through an innovative programme called 'National University Students' Skill Development (NUSSD)' for the same purpose. The aim is to enable the youth enrolled in the various degree programs in Colleges and Universities in India to acquire skills that would give them a Certificate/Diploma in a specific high demand domain area in addition to their degree. Students will be introduced to holistic education which encompasses components of employment oriented training, exposure to community services, life skills training and civic education to fulfill the changing requirement of

higher education and thereby bringing about vocationalisation of higher education. Eventually, this programme is poised to cover all the youth in the university system wanting to enhance their employment potential by gaining skills along with a graduate degree in their chosen discipline

2. PROGRAMME BACKGROUND

The National University Students' Skill Development (NUSSD) Programme is a unique initiative on skill development designed and delivered by the Tata Institute of Social Sciences (TISS). While the communication alternatives are increasing, youth are faced with increased depression and umpteen distractions. While social media is growing, the societal connect of youth is on a decline. While the economy of the country is booming, corporates complain of youth not being ready for professional life. It is imperative more than ever that the youth find avenues to blossom as individuals in personal, social, and professional life.

Furthermore, it is the need of the hour to provide a strong foundation to these students right through their education in parallel to the courses they study in colleges. Thus, a youth club oriented towards holistic well-being of the college youth is the need of the day. The club should be aimed at empowering students to become strong inside and sensitive outside.

STATEMENT OF PURPOSE

The employability of India's university graduates continues to remain weak even while there is an acute shortage of skilled manpower in an increasing number of high demand sectors. The youth are thus disillusioned about job opportunities post their studies. Though they have educational degrees, they lack the skills and the experience to get employed.

Skilling the youth to enhance their employability and enabling them to be effective contributors to the nation's growth and development assumes paramount importance in the current context.

The Tata Institute of Social Sciences has been working to reach the youth through an innovative programme called 'National University Students' Skill Development (NUSSD)' for the same purpose. The aim is to enable the youth enrolled in the various degree programs in Colleges and Universities in India to acquire skills that would give them a Certificate/Diploma in a specific high demand domain area in addition to their degree. Students will be introduced to holistic education which encompasses components of employment oriented training, exposure to community services, life skills training and civic education to fulfill the changing requirement of

higher education and thereby bringing about vocationalisation of higher education. Eventually, this programme is poised to cover all the youth in the university system wanting to enhance their employment potential by gaining skills along with a graduate degree in their chosen discipline
