1. STATEMENT OF PURPOSE

The employability of India's university graduates continues to remain weak even while there is an acute shortage of skilled manpower in an increasing number of high demand sectors. The youth are thus disillusioned about job opportunities post their studies. Though they have educational degrees, they lack the skills and the experience to get employed.

Skilling the youth to enhance their employability and enabling them to be effective contributors to the nation's growth and development assumes paramount importance in the current context.

The Tata Institute of Social Sciences has been working to reach the youth through an innovative programme called 'National University Students' Skill Development (NUSSD)' for the same purpose. The aim is to enable the youth enrolled in the various degree programs in Colleges and Universities in India to acquire skills that would give them a Certificate/Diploma in a specific high demand domain area in addition to their degree. Students will be introduced to holistic education which encompasses components of employment oriented training, exposure to community services, life skills training and civic education to fulfill the changing requirement of

Ghanshyamdas Saraf College of Arts & Commerce

Respected Ma'am,

The Art of Living takes this opportunity to present to you one of the most popular life skills youth Club, specially designed for students on college campus. As we see today, the youth of this city is facing a world of many challenges and many opportunities. While the communication alternatives are increasing, youth are faced with increased depression and umpteen distractions. While social media is growing, the societal connect of youth is on a decline. While the economy of the country is booming, corporates complain of youth not being ready for professional life. It is imperative more than ever that the youth find avenues to blossom as individuals in personal, social, and professional life.

Furthermore, it is the need of the hour to provide a strong foundation to these students right through their education in parallel to the courses they study in colleges. Thus, a youth club oriented towards holistic well-being of the college youth is the need of the day. The club should be aimed at empowering students to become strong inside and sensitive outside.

Please find enclosed herewith the draft MOU for SORT CLUBS

With warm regards,

Yours Sincerely,

emerging as a global hub for banking back-office operations. The 25+ global banks with back-offices expected to recruit 1,25,000 people in the next 3 to 4 years, additionally there are more 50+ institutions that work for various international banks to handle their back office operations. Although these back-offices or BFSI – ITES companies offer a significantly higher starting salary of INR 20,000 per month to graduates, compared to an average monthly salary of INR 10,000 for an entry job in an Indian Private Company, they face a challenge finding candidates with the right skills.

Estimates show that less than 20% graduates are employable and in context of BFSI these numbers are lesser due to lack of skills and knowledge.

To address this skill gap BSE Institute has designed a skill based training program which help graduates and employed youth to learn the skillsets that are required for them to get a job in the Financial Market. This program "Certificate Program in Financial Markets-Sales & Operations" envisages bridging this skill gap and enabling students to pursue opportunities in financial markets.

As this is a CSR funded program, students only pay a marginal commitment amount of Rs.2000 only.
