Following suggestions were received from students:

Sr. No.	Suggestions
1	Students are making noise and there is no control on noise. It disturbs my studies.
2	Reading room was full. Request to increase capacity.
3	Fans were not working in the library.
4	There was no place to study in the library. We pay fees and not getting facilities.
5	The fine should not be there for students, Please give concession to students
6	Reading room is not sufficient. We don't get place to study.
7	The days are very less for issued books. The books should be issued for more days
8	The collection is good in the library. Staff helps in search for the books.

Discussion:

1. Ms. Rupali, Asstt. Librarian read all the suggestions received from students.
2. For 1st suggestion the librarian assured students that the silence will be maintained strictly. Library staff been told to monitor reading room on rotation basis and it is everyone's responsibility to maintain the discipline in the library.
3. For 2nd, 4th and 6th suggestion librarian mentioned that this issue occurred mainly during examination time. Otherwise reading room remains vacant. But library will take forward this suggestion and try to solve it.
4. The repairing took place and fans got repaired.
5. For 5th suggestion it has been told that fine cannot be stop as there are limited collections and lot of students are issuers. For smooth circulation the fine is required. The demand of the books needs to get fulfilled and thus the book should get returned back on time. Already fine is very low so the concession would not possible and students have to understand this. Discussion took place but finally students accepted the practical angle of it.
6. It has been told that text books need to keep in limit due to regular changes in the syllabus takes place. The books became obsolete once syllabus changes. And it is not possible to have as many copies as students are on campus. So students have to

issue books on rotation and with limitations. So that maximum students get benefited. It has also been told that limited number of students can avail the facility of book bank.

7. Librarian discussed in detail with students about staff behaviour and also encourages students to provide good suggestion for maximising use of resources. Librarian appreciated staff for getting good remark.
