This document constitutes a Memorandum of Understanding (MoU) between **Ashwattha Advisors Private Limited (AAPL)** and **Ghanshyamdas Saraf College of Arts and Commerce.**

1. In this connection, AAPL intends to be associated and work closely with **Ghanshyamdas Saraf College of Arts and Commerce** to conduct employability training and career counseling sessions for the final year college students. This will include activities through the year, till students are placed 10-12 months after their final year examinations. Features of the program are as follows:
2. 80 hour program including Personal Effectiveness (goal setting, interpersonal relationships), Personal Finance, Professional effectiveness (how to choose right career option, how to apply for job, tools- CVs, cover letter- etc.), Business communication (effective communication with co-workers and customers),Career Readiness (orienting students to jobs matching their skill sets and exposure to a career path) and Work Readiness (Professionalism, Work Ethics, Email Etiquettes, Workplace dynamics – etc.)
3. 80 hours of training will be delivered in class and few hours of additional training will be available to students on TechnoServe's proprietary online learning platform. The program also includes individual student counselling during the program, post training, pre-placement and also post placements.
4. There is no cost for students to attend the above mentioned training.
5. Each training batch size will be a maximum of 50 students. Sessions of duration 2 hours each to be conducted 5 days per week. Trainings to be conducted for 2 or more batches in one day through one TechnoServe trainer.
6. Counselling support is available on training days for providing career guidance to students who are enrolled in this program.
7. Students will be provided a certificate on successful completion of course with minimum attendance criteria of 90%.
8. Students will be further supported in job linkages and placements from the time of training completion till they are placed i.e. 6-10 months after their training is complete.
9. College is expected to support the successful training and placements of all students, should they take up this service with TechnoServe.

For this purpose, AAPL requires support of the college in the following areas:

1. Facilitating discussions and engagement with the 2019 current third year degree students and 2018 graduates wherever feasible. This involves the following:
    a. Assistance in batch scheduling with ongoing final year classes.
    b. Support in allocating batches (of 45-50 students approximately) per trainer for optimum utilization of resources and training effectiveness.
2. Infrastructure support for the following:

Ghanshyamdas Saraf College of Arts and Commerce agrees to –

1. Make classroom(s) available to train students in batches of 45-50, which should be ideal to cover 2 batches per day. If more students express interest for this period, we may create another batch after this batch. The classroom should be equipped with board and AV system when required.
2. Make table space available for career counseling.
3. Providing one contact point who could be approached for any support (student engagement) related to this program.

Tata Institute of Social Sciences (herein after referred to as "TISS"), a Deemed to be University under section 3 of the University Grants Commission Act (UGC) of India, 1956, is a premier institute in India in social sciences, human development and public policy, having its main campus at V.N. TISS and GSC shall herein after collectively be called "the parties" and individually as "the party".

1. STATEMENT OF PURPOSE

The employability of India's university graduates continues to remain weak even while there is an acute shortage of skilled manpower in an increasing number of high demand sectors. The youth are thus disillusioned about job opportunities post their studies. Though they have educational degrees, they lack the skills and the experience to get employed.

Skilling the youth to enhance their employability and enabling them to be effective contributors to the nation's growth and development assumes paramount importance in the current context.

The Tata Institute of Social Sciences has been working to reach the youth through an innovative programme called **'National University Students' Skill Development (NUSSD)'** for the same purpose. The aim is to enable the youth enrolled in the various degree programs in Colleges and Universities in India to acquire skills that would give them a Certificate/Diploma in a specific high demand domain area in addition to their degree. Students will be introduced to holistic education which encompasses components of employment oriented training, exposure to community services, life skills training and civic education to fulfill the changing requirement of

TATA INSTITUTE OF SOCIAL SCIENCES TISS MUMBAI - 88

higher education and thereby bringing about vocationalisation of higher education. Eventually, this programme is poised to cover all the youth in the university system wanting to enhance their employment potential by gaining skills along with a graduate degree in their chosen discipline

2. PROGRAMME BACKGROUND

The National University Students' Skill Development (NUSSD) Programme is a unique initiative on skill development designed and delivered by the Tata Institute of Social Sciences (TISS). though these back-offices or BFSI – ITES companies offer a significantly higher starting salary of INR 00 –20,000 per month to graduates, compared to an average monthly salary of INR 10,000 for an entry job in an Indian Private Company, they face a challenge finding candidates with the right skills.

ent estimates show that less than 20% graduates are employable and in context of BFSI these numbers ar lesser due to lack of skills and knowledge.

ddress this skill gap BSE Institute has designed a skill based training program which help graduates and mployed youth to learn the skillsets that are required for them to get a job in the Financial Market. This gram "Certificate Program in Financial Markets-Sales & Operations" envisages bridging this skill gap and bling students to pursue opportunities in financial markets.
