"Technology-mediated Teaching-learning"

Organised by IQAC and Shirvallabh G. Saraf Knowledge Resource Centre

Date - 30th April 2020

Time - 9.00 am

Platform used- gotowebinar and Facebook live

Total participants - 441

Due to this global pandemic situation the need of technology-based learning has got tremendous scope and the webinar theme was perfectly in step to this demand.

We could register 1500+ participants on a very first day which compel us to stop registration process on the same day. The registrations were done from various parts of the country including Bihar, Uttar Pradesh, Kerala etc. and from various streams. Actual 441 participants participated for the webinar. We could also get special attendees like Dr. Pabrekar of RUSA Mumbai Division, Dr. Pujar Chief Librarian of IGIDR.

We were happy to have good resource persons like Dr. R. K. Kamat who is currently Professor in Electronics and heading the Department of Computer Science at Shivaji University, Kolhapur and Dr. R. S. Kamath working as an Associate Professor in the Department of Computer Studies, Chhatrapati Shahu Institute of Business Education and Research, Kolhapur.

The webinar started with welcome speech by Dr. Neha Joshi, Librarian. Then College Principal Dr. Jayant Apte sir shared information about college and his views about webinar. Then the introduction of the resource persons was done by Dr. Neha Joshi, Librarian.

The session was mixture of theory and practical approach combined by both the resource persons. The participants were happy to have hands on training about new tools like Mentimeter, Kahoot etc. which are helpful for having interactive sessions on digital platforms to conduct their regular classes for their students.

The tools covered by resource persons were-

1. Google Classroom

Mjoshi

2. Flipgard – Empower Every Voice
3. Mentimeter – Online Interaction
4. Padlet – Online Bulletin Board
5. OER – Open Educational Resource
6. Screencast-o-metric
7. Wordpress – Mentor Web Presence
8. Exelearning – Interactive Web Learning
9. Wakelet – Everything In One Place
10. TEDED- Gamified Educational App
11. Kahoot – On the Fly Assessment

The overall response of the participants was very positive. The participants enjoyed the hands-on activities during this webinar.

The webinar came to end with vote of thanks given by Dr. Aswat Desai, IQAC Co-ordinator.

We immediately circulated feedback form to all the participants and 300 participants have responded. The feedback analysis of the MCQ is attached herewith. It is good to see that the feedback reflects the excellent to good response for the webinar topic, organisation, resource persons and overall impact.

The webinar was of great success as we could get personal calls stating the same and appreciating for organising this kind of interactive webinar for the first time.

Covid-19 has brought a paradigm change in the working style of the educators making it shift from classroom teaching to online teaching. From times immemorial, educators are required to develop teaching content, monitor the progress of the students, generate various reports for different purposes on a continuous basis. The only difference is now all these responsibilities of educators need to be performed with the aid of technology. Considering all this, the webinar theme was perfectly a step to address the need of the faculty members to be well versed with advanced functions of MS Excel which could be applied in their everyday work life to make work done in simpler, faster and effective manner.
