Dear Mr. Milind.

PFA a list of subjects with the name of professors and class . We need to create Google classrooms in addition to the ones which have been already created. These pertain to subjects taught by visiting faculty who will not be conducting online lectures and instead the core faculty will be engaging their lectures for the time being. This is a temporary arrangement which is to remain only till the time FY lectures begin. The said faculty will get engaged with FY lectures once they begin.

Please discuss in case you need more information.
