It gives us immense joy and satisfaction to finally introduce our very own school magazine *VISION*.

"A child is not only a vase to be filled, but also a fire to be lit."

The best thing about this issue is that it represents the creative side of KGES students to a fair degree—something that we think we all need to reconnect with. Amidst the busy schedule, we tend to lose track of all the other simpler things that we are capable of, things that we could have been proud of, that can bring one satisfaction. So this time we have made an attempt to bring out the talent concealed within our student community. This issue includes articles, poems, anecdotes, artworks, achievements and a host of other things. The editorial board is looking forward to make this magazine a vehicle for students to express their innermost thoughts.

Our magazine VISION is the reflection of our school life and literary aspirations of our young minds. It is a milestone that marks our student's growth and unfolds their imagination. It gives life to their thoughts and aspirations with a wide spectrum of creative skills and innovative ideas.

I hope this magazine goes on to become the "Lingua Franca" of our school.

"The most useful assets of a person is not a head full of knowledge, but a heart full of love, with ears open to listen and hands willing to help"

Greetings from KGES,

The journey undertaken to establish the school is with the motive of shaping every child with qualities of leadership, role models, discipline, confidence, moral strength and a clear conscience and make them physically healthy, responsive, intelligent, visionary but practical, supportive and trustworthy.

HEAD BOY'S MESSAGE

Mst. Reyansh Shah
(IV- A)

Being a student for six years I feel extremely happy to say that it is the best institute to be in.

For me being the Head boy is not about the position but it is about the work and the experience which I can set for other students.

Undoubtedly I could say that KGES family is helping me to emerge as a good leader not just to lead you but also work hard to do the best for our school.

I would like to thank our Principal ma'am, Head mistress ma'am and all the teaching & non-teaching staff for helping me out and also for unconditional support.

It is indeed a great honour for me to be elected as a HEAD BOY, of KUDILAL GOVINDRAM SEKSARIA ENGLISH SCHOOL for the Academic Year 2023-24. It is an opportunity to hold high the Glorious Flag of our School. It gives me immense elation to work for My School as a HEAD BOY.

I commit myself to the rules and regulation of our school and also follow the school motto "INSPIRE INVENT INITIATE". I believe if you truly want to change your life, you must first be willing to change your mind. If this thought is brought into practice by everyone, then the day will not be far when our students will be known globally.

With the spirit of team work, I wish to enhance the Discipline and Pride of My School with wholehearted support of the Student Council this can be easily achieved. I take this opportunity to thank all My Teachers who have made my path to be a leader so smooth, yet if I fall they will be there to support me.

HEAD GIRL'S MESSAGE

Ms. Rashi Trivedi
(X- A)

“Every great dream begins with a dreamer”.

Always remember, you have within you the strength, the patience and the passion to reach for the stars to change the world. Serving in the capacity of the Head Girl of my school today, I can vouch for the truth of the statement. Every achievement that I cherish whether as a student, or otherwise is result of my courage to dream, and of the firm belief that I had the ability to make my dreams come true.

And so, dear friends you need to dream until your dreams come true because I believe that we all have the capability to shine like a star and burn brighter than the sun. I would advise you to do the same do not be afraid of pursuing your dreams, however impossible they may seem. I believe that practice makes the man perfect and the man should only make the practice perfect.

My message would be incomplete if, on behalf of entire student council I would like to thank to the school management , our principal Mrs. Mini Nayar ma'am, Headmistress Mrs. Indrani Balan ma'am and all my teachers for their support and believing in us , and giving us the immense responsibility that we shoulder today . It will be our solemn effort to carry out duties to the best of our ability and do all we can that would make the school flag flies the high!

PRIMARY SECTION

SPORTS CAPTAIN MESSAGE

Mst. Advit Damugade
(IV- B)

It is a great honour for me being selected as sports captain for the academic year 2023-24.

Leadership is a matter of having people look at you and gain confidence. Being a sports captain is more than the badge entitled to me. I will try my best to make sure that KGES achieve great heights.

SECONDARY SECTION

SPORTS CAPTAIN MESSAGE

Mst. Sanchit Deshmukhe
(X- B)

It brings me great honour to introduce myself as the sports captain for academic year 2023-24. Being a sports captain is not about leading the team, but also inspiring others to give their best and fostering a spirit of sportsmanship. I am honoured to be chosen as your sports captain and I promise to give my all to represent our school with pride and dedication. Together, let's achieve greatness on and off the field! A key attribute of this position is representation, the act of speaking and acting on behalf of someone. This opportunity allows me to approach to everyone as I have created good relationship across many areas of the school, it increases my opportunity to understand and prompt issues that may arise.

"Good leaders are good communicators", and this allows me both speaking and listening. Demonstrating this ability will help me better understand requirement of the role while building greater relationship between myself and the staff. The sports leadership roles are more than just a badge and title to me. It's a great feeling when you get and sash buy on the other side from that day onwards you should start serving to your school and peers. By employing a servant-leader outlook, I would share power with student leadership body, put others need first and wherever possible assist students to perform at their highest level. Acting as a servant leader I will focus on the growth of students, which compliments my ideas about delegation, responsibility and accountability.

Leadership is not set and forgets, delegation is about empowerment of other, not about giving away control. "Let's all together, give it our all, and make this unforgettable year of victories and memories."

 It always gives us the right way.
 Please leave it as it is
 don't try to play with it.

Life in the forest became difficult without the rain. The rose began to wilt. The beautiful petals of rose got dried up. The rose saw a sparrow stick its beak in the cactus and drank water from it. Mst. Vansh Patel
(IV- B)

Oh Lord, tell me why
 childhood comes once a lifetime,
 Why I feel that all the pleasure of the world
 are simply mine.

Oh lord, tell me how
 I commit countless mistakes,
 how I got the idea at 3:00 a.m.
 to get everyone awake!

Oh lord, tell me what
 is this magic of life
 Just like making a floor where childhood is the first tile.

Oh lord, tell me when did I get mature?
 When I stopped crying before everyone and shed tears
 behind the shower.

Oh Lord, I am grateful that you offered me this precious
 childhood,
 I promise to keep the child in me alive
 and forever have a fruitful mood!

My School...My Pride..!

Mst. Veer Patil
(V- A)

Where we had a wonderful school ride...!!
We read, we write
And make our future bright....!!
We learnt to Respect....!
Not to neglect....!!
We learnt to accept...
Not for expect...
We laugh, we cry
We play, we study
With our best buddy....!!
Respect elders, obey parents
Become sincere and punctual
Is the habit we learn....?
And that is why we call....
"My School, My Pride"

Maths, Maths, Maths!

Ms. Aliza Shaikh
(V- A)

Down with old Pythagoras
And down with rotten maths.
Down with Archimedes,
And drown him at the baths.
If anyone had to do it
I'd make sure it was me
First I'd wholly immerse him,
Then kick him up a tree.
When he had been disposed of,
I'd turn on old Pythagoras
I'd drag him through a holly bush,
And he'd come out like a rag.
Now my pipe dream's over,
And I've nothing more to say
Except that Maths still lives on
To be taught another day.

Football- The Game

Mst. Shaurya Gowda
(V- B)

No matter the weather,
No matter the pain,
The kick always starts the game,
The team runs it back as far as they can
and the opposing team must defend,
Run or pass you don't want to finish last.
Four fifteen minute quarter to decide the winner.
Practice is the key to a successful team
Playoffs are where they want to be.
The loser goes home empty handed and the
winner moves on.
With the Super Bowl in view
The lucky few will take home all the glory.
And that's the end of my story.

Its upto me

Mst. Kunal Jain
(V- B)

I cannot be the only one
Who doesn't have a clue?
About where I am heading
Nor what I'm meant to do.
But time will not wait for me and
as the days go passing by,
One thing I know that I control;
It's up to me to try.

Education: Value in Our Life

Mst. Aamir Memon
(VI - A)

Oh! Education
 The mother of all profession
 You are the passport of progress
 You are golden key to success
 You shaped our personality
 You increased our prosperity
 You are the process of teaching & learning
 Which will help us is our future earning
 Oh! Education,
 What a great contribution!!!

Importance of Friends

Himanshu Prajapati
(IX- B)

Friends come in all shapes and sizes. They may be someone we met as a child, a classmate at school, someone we met at work or through other friends. They may be friends who live at a distance in another country or virtual friends we've made online. Whoever they are, however we met them, there is a special connection based on a shared history and interests, enjoying doing things together or simply talking and understanding each other.

Friends are there to help us at difficult times and to celebrate the good times. Doctors say that friends are very important for both our physical and mental health at all stages in life.

But friends are not only important on an individual level. Friendship can also be important on a global level. Friendships that cross borders can help bring peace and avoid war. Learning to think of other people, people who are different from us, as our friends helps us work together to build a culture of peace. That's why the UN declared 30 July as its official International Day of Friendship.

Believe in yourself

Ms. Shagun Yadav
(IX - B)

Believe in yourself,
 And the power within.
 Become your own master,
 And be your best friend.
 Believe in the power,
 You have deep inside.
 Behold inner peace,
 And in wisdom confide.
 Believe in your heart,
 Every word that you say.
 Be trusting in God,
 And let faith lead the way.

Nature- A Great Teacher

Ms. Taranjeetkaur Lall
(X- A)

Nature is like a mother. It is essential for us because it provides all the basic needs of life. Nature is also a great teacher. We can learn many lessons from her. The flower blooms only for a day, yet it keeps smiling till the end. This is a lesson for us. We should live our life to the fullest, how short it may be. Water is soft but it flows over hard rocks, the rocks give in. In the same way our problems may be difficult but if we persist, they too give in. Tiny ants organise themselves and carry away heavy insects. They teach us that we can do impossible tasks through teamwork. Similarly the are tree in winter come back to its green majesty once again in spring. We can learn from it that the difficult time will never remain with us forever. Thus, nature is the greatest gift from god to mankind. Every object of nature teaches us something about life

माझी आई

कु. आराध्या सालुंके

जेव्हा मी पडत होते, तेव्हा तिने मला उचलून धरले. जेव्हा मी भीतीवर रंग लावते तेव्हा ती माझ्यावर ओरडते वरण तिला मला बाबांच्या फटक्यांपासून वाचवायचे असते. तिने मला हया जगाची ओळख करून दिली. ती आहे माझी आई. माझी आई खूप प्रेमळ आणि कष्टाळू आहे. ती नेहमी माझी कळजी घेते. फक्त माझी नाही तर कुटुंबाची, माझ्या अभ्यासाची आणि माझ्या भविष्याची सुद्धा. मी नेहमी पाहते की आई सर्वांशी निमग्नतेने वागते. माझी आई ही कुशल गृहिणी आहे. माझ्या जीवनावर तिचा सर्वात जास्त प्रभाव आहे. माझी आई घरातील मंत्रिमंडळ आहे. गृहमंत्री बनून घर सांभाळते. अथमंत््री बनून घरखर्च सांभाळते, कृषिमंत्री बनून अन्यधान्याचा मान राखते. शिक्षणमंत्री बनून आमच्या शिक्षणाचा भार सांभाळते, वैद्यकीय मंत्री बनून घरच्यांचे आरोग्य जपते. अशी ही माझी आई एक 'असामान्य स्त्री' आहे.

ससा

कु. नैतिक खेडेकर

एक होता ससा,
सांगा पाहू कसा.
पांढरा-पांढरा रंग,
अन मऊ-मऊ अंग.
मोठे-मोठे कान,
लाल-लाल डोळे छान.
लाल-लाल गाजर खातो,
चाहूल लागता पळतो.
झाडा-झुडपात लपतो,
तुरू तुरू त्याची चाल,
पाहाल तर थक्क व्हाल,
असा हा ससा,
घीट नाही तसा.

आईचे प्रेम

कु. तन्मय पवार
इयत्ता: ३री / तुकडी: ब

माझा डब्या भरता भरता,
आई स्वतःचा डब्या विसरून गेली.
माझ्या डब्यात पोळी भरता भरता,
स्वतःची भाजी ठेवायची विसरून गेली.
सर्वांची कामे करता करता,
स्वतःचे काम विसरून गेली.
यशाच्या शिखरावर मला चढवता चढवता,
स्वतः यशात मागे राहून गेली.
आईला असे डब्याची कळजी पत्र,
डब्यात घालते भाजी आणि चपाती चार,
प्रेमाचा त्यात स्वाद पत्र.

तुझी लांब सोंड आणि तुझे ते दंत,
आम्ही सगळे झालो तुझ्या भक्तीत दंग.
तुला आवडते दुर्वा व लाल फूल,
एकवीस मोदकचा नैवेद्य खास तुझ्यासाठी बने,
घरात बनवतो तुझ्यासाठी सुंदर आरास,
गणपतीची जागा तयार होते आमच्या मनात,
बुद्धिची देवत येता कधी दिवस घरात,
निरोप देताना पण होते मन भारी पत्र.

आत्मविश्वास

कु. जानकी सिंह
इयत्ता: १० वी / तुकडी: ब

कही मिळाले किंवा नाही मिळाले ...
तो नशिबाचा खेळ आहे ... पण, प्रयत्न इतके करा की, परमेश्वराला देणे
भागच पडेल.
आत्मविश्वास हा सुर्यासारखा असतो. तुम्ही जितकी मेहनत कराल
तितकच अधिक चमकेल.
आत्मविश्वास ही अशी शक्ती आहे, जी तुम्हाला पायथ्यावरून
माथ्यावर पोहोचवते.
पैज लावायचीच असेल तर स्वतःसोबत लावा, जिंकलात तर स्वतःचा
आत्मविश्वास जिंकल आणि हरलात तर स्वतःचा अहंकार हराल.

गोकुळातील कथा

कु. वीर पाटील
इयत्ता: ५ वी / तुकडी: अ

कृष्ण जन्म झाला तेव्हा देवकी आणि वासुदेवाच्या करागृहाबाहेरील सेवक गाढ झोपेत होते, करागृहाची कुलपे उघडून खाली निखळली.
कृष्णाला टोपलीत घेऊन, वासुदेव गोकुळाकडे निघाला. वासुदेव यमुनेकठी आला तेव्हा मुसळधार पावसामुळे यमुनेला पूर आलेला
त्याने पाहिला. परंतु त्याला कृष्णाचा जीव वाचवायचा होता. त्यामुळे, स्वतःच्या जीवाची तमा न बाळगता वासुदेव नदीपात्रात चालू लागला.
त्याच्या प्रत्येक पावलागणिक नदीचे पाणी कमी होऊ लागले. विष्णुदेवाचा सर्प आदिशेषने पावसापासून कृष्णाचे संरक्षण केले.
जेव्हा कृष्ण नंदाघरी पोहोचला तेव्हा, यशोदने मुलीला जन्म दिला होता. अलगद त्याने त्या मुलीला उचलून कृष्णाला त्या जागी ठेवले.
वासुदेव त्या मुलीला घेऊन पुन्हा करागृहाकडे परतला. देवकी आणि वासुदेवाला वाटले कंस त्या छोट्या मुलाला सोडून देईल कारण
आकाशवाणी मध्ये देवकीचा आठवा पुत्र अशी घोषणा झाली होती. परंतु कंसाला दया आली नाही. त्याने त्या मुलीला देवकी वासुदेवाकडून
हिसकवून घेतले आणि भिंतीवर तिचे डोके आपटले. तितक्यात चमत्कार झाला. त्या मुलीच्या जागी देवी दुर्गा अवतरली आणि तिने
कंसाला सांगितले की देवकीचा आठवा पुत्र जिवंत असून लवकरच तो तुझा वध करेल.

एकदा जर गमवला तर,
पुन्हा नाही मिळवता येत.
म्हणून प्रत्येक क्षण जगा,
आनंदी राहा आनंदाने जगा.

मुलगी वाचवा, मुलगी शिक्षा

कु. कृष्णाली अ. भंडारकर
इयत्ता: ९ वी / तुकडी: ब

“बेटी बचाओ, बेटी पढाओ” मोहीम पंतप्रधान श्री. नरेंद्र मोदी यांनी जानेवारी २०१५ मध्ये पानिपत, हरियाणा येथे सुरू केली होती. कारण हरियाणा मध्ये मुलीची संख्या मुलांच्या तुलनेत खूपच कमी आहे.

मुलगा आणि मुलगी दोघेही निसर्गाची सुंदर निर्मिती आहेत. मानवजातीचा आधार आहेत. परंतु आजही भारतातील अनेक भागांमध्ये मुलींना मुलांपेक्षा कनिष्ठ मानले जाते. मुलाचा जन्म आनंदाने साजरा केला जातो, तर मुलगी जन्मताच कुटुंब उदास होते. मुलांना वंश पुढे वाढवणारा व वृद्धावस्थेचा आधार मानून त्यांना सर्व सुखसोयी व प्रेम देण्यात येते. तर अनेक समुदायांमध्ये अजूनही मुलींना शिक्षणाची संधीही दिली जात नाही.

आज मुलीही जीवनाच्या प्रत्येक क्षेत्रात मुलांप्रमाणेच सर्व कामे यशस्वीपणे करत आहेत. अभियांत्रिकी, वैद्यकीय, शेती, कला, सहित्य, खेळ इत्यादी अनेक क्षेत्रात आपले कर्तृत्व गाजवत आहेत. चंद्रयान, आदित्य एल-१ इत्यादी अंतराळ मोहीमांमध्येही महिला वैज्ञानिकांचा सिंहाचा वाटा आहे.

खरे तर, महिलांच्या प्रगतिशिल देशाची प्रगती आहे. जेव्हा आपण मुलगा-मुलगी असा भेदभाव न करता आनंदाने मुलीचा जन्म स्विकारू तेव्हाच ‘बेटी बचाओ, बेटी पढाओ’ या योजनेचे सार्थक होईल.

इयत्ता: १० वी / तुकडी: अ

चंद्रयान-३ ही भारताची चंद्र शोध मोहीम आहे. जी चंद्राच्या दक्षिण ध्रुवावर यशस्वीरित्या उतरली आहे. भारतीय अंतराळ संशोधन संस्था इस्ट्रो (ISRO) च्या चंद्रयान-३ कार्यक्रमान्तर्गत ही तिसरी भारतीय शोध मोहीम आहे. चंद्रयान-३ चे प्रक्षेपण १४ जुलै २०२३ रोजी, श्रीहरीकोटा, आंध्र प्रदेश येथील सतीश धवन अंतराळ केंद्रातून करण्यात आले. त्यात विक्रम नावाचा लँडर आणि प्रज्ञान नावाचा रोव्हर आहे. लँडर आणि रोव्हर २३ ऑगस्ट २०२३ रोजी संध्याकाळी ६:०४ वाजता चंद्राच्या दक्षिण ध्रुव प्रदेशाजवळ उतरले. या मोहीमेमुळे भारत चंद्राच्या दक्षिण ध्रुवाजवळ अंतराळ यान यशस्वीपणे उतरावणारा पहिला देश आणि चंद्रावर सॉफ्ट लँडिंग करणारा चौथा देश बनला. हे वाहन चंद्रावर असलेल्या नैसर्गिक घटकंची आणि खनिजांची माहिती देईल.

चंद्रयान-३ चा मुख्य उद्देश चंद्राच्या पृष्ठभागावर सुरक्षित आणि सॉफ्ट लँडिंग करणे हा आहे. चंद्रयान-३ लँडर सुमारे २ मीटर उंच आणि सुमारे १७०० किलो वजनाचे आहे. चंद्रयान-३ मोहिम ही भारतीय अंतराळ कार्यक्रमाला एक महत्वपूर्ण उपलब्धी आहे.

चंद्रयान-३ ने भारत या देशाचे नाव उंचावर नेऊन ठेवले आहे. आपण केलेल्या प्रयत्नांना एक अभूतपूर्व यश मिळाले आहे. आपण असेच आपल्या भारतातील शास्त्रज्ञांचे मनापासून आभार मानले पाहिजेत ज्यांनी आपल्या भारताला यश मिळवून दिले आहे.

दिन-प्रतिदिन बढ़ता प्रदूषण

कु. ऋषी पटेल

इयत्ता: ४ थी / तुकड़ी: अ

आज का युग विज्ञान का युग है। विज्ञान ने जहाँ मनुष्य के लिए सुख-सुविधाओं के साधन जुटाए और अनेक समस्याओं का समाधान किया वही दूसरी ओर प्रदूषण जैसी समस्या भी उत्पन्न की। 'प्रदूषण' का अर्थ है - दोष से युक्त। जैसा कि नाम से ही पता चलता है कि जिसमें विकार या दोष उत्पन्न हो जाए, वहाँ प्रदूषित हो जाता है। आज विज्ञान के विभिन्न आविष्कारों के कारण हमारी संपूर्ण धरती का ही वातावरण प्रदूषित हो गया है। 'प्रदूषण' कई प्रकार के होते हैं, जैसे वायु प्रदूषण, जल प्रदूषण, ध्वनी प्रदूषण तथा भूमि प्रदूषण। ये सभी प्रदूषण आज धरती के सभी प्राणियों के लिए जानलेवा सिद्ध हो रहे हैं। इनके कारण अनेक प्रकार की बीमारियाँ उत्पन्न हो रही हैं। मानव ने अपने स्वार्थ की पूर्ति के लिए प्रकृति के सभी संसाधनों का दुरुपयोग किया है। उसी का परिणाम 'प्रदूषण' के रूप में हमारे सामने है।

१४ सितंबर को हमारे विद्यालय में और पूरे भारत में 'हिंदी दिवस' मनाया गया। विद्यालय में इस दिन कार्यक्रम का आयोजन करके हमें 'हिंदी' भाषा का महत्त्व बताया गया। इस दिन मुझे यह समझ में आया कि हमारा देश भाषा और संस्कृति के बिना आगे तो बढ़ सकता है; लेकिन उसकी सही पहचान पूरी दुनिया को नहीं हो सकती। देश भाषा और संस्कृति ये त्रिदेवों की तरह हैं, एक के बिना दूसरा अधुरा। आज हमारे नेता दूसरे देश में जाकर सीना ठोककर हिंदी में भाषण देकर आते हैं। तब दादाजी ने कही बात याद आती है। वह हमेशा कहते थे कि "जब हुनर चमकता है ना तो ए सारी भाषा पंती फिखी पड़ जाती है।"

“स्वास्थ्य शरीर में ही स्वस्थ मस्तिष्क का निवास होता है। यहाँ बिलकुल सत्य है। मराठी का पाठ ५ ‘आईचे स्वयंपाकघर’ पढ़ाते समय हमारी अध्यापिका ने यह वाक्य बोला था। शरीर स्वस्थ रहे, इसके लिए यह आवश्यक है कि भोजन पोषिक व संतुलित हो, अर्थात् भोजन में हरी पत्तेदार सब्जियाँ, फल, दूध, दही आदि अवश्य शामिल हों। चिप्स, पिज्जा, बर्गर आदि शरीर को ताकद नहीं देते, बल्कि उसे अंदर से कमजोर बना देते हैं। इसलिए हमें पोषिक भोजन के साथ नियमित व्यायाम करना चाहिए। प्रतिदिन सुबह जल्दी उठने तथा रात को जल्दी सोने, समय पर भोजन, अध्ययन, व्यायाम तथा विश्राम करने व खेल-कूद से अवश्य ही निरोगी शरीर की प्राप्ति होगी। आज मैं अपने दोस्तों को यही कहूँगा कि हमें ‘जंकफूड’ को छोड़कर पोषिक भोजन करना चाहिए। व्यायाम करें तथा स्वस्थ जीवन बिताएँ, क्योंकि ‘स्वास्थ्य गया, तो मानो सब कुछ चला गया।’

इयत्ता: ३ री / तुकड़ी: अ

विचारों की ठोस नींव के बिना मनुष्य के जीवन की इमारत खड़ी नहीं हो सकती। अच्छे विचार मनुष्य को प्रेरित करते हैं और उनकी सफलता की सीढ़ी बनते हैं। अगर हम अपनी दिन की शुरुवात अच्छे विचारों से करेंगे तो हमारा दिन अच्छा बीतेगा। इससे न सिर्फ हमारा दिन अच्छा बनेगा बल्कि हमें और बेहतर करने की प्रेरणा भी मिलेगी। इसलिए जब भी हमारी अध्यापिका फ्लैक पर सुविचार लिखती हैं, उसे मैं पढ़कर उसपर थोड़ी देर जरूर सोचता हूँ। ऐसे ही कुछ सुविचार जो अध्यापिका द्वारा लिखे गये थे उसका हिंदी अनुवाद करके आपके सामने रख रहा हूँ।

Importance of Co-curricular Activities in School Education

Co-curricular activities are an important part of school education as they supplement the academic curriculum. They help in the all-around development of a child by providing a platform to showcase their talents and skills. These activities also play a vital role in the personality development of a child. They help in the social, emotional, and physical development of a child and teach them important life skills such as teamwork, communication, and leadership.

Participating in co-curricular activities also helps in improving a child's self-confidence and decision-making abilities. It helps them discover their interests and passions, leading to the development of a well-rounded individual.

A majority of people think school is only for academics. But it's also about social and creative development, and we have to be more aware of that. We can't just focus on learning for the sake of learning. The School ensures to pay attention to subjects beyond academics.

Kid's Healthy Eating Plate

The Kid's Healthy Eating Plate is a visual guide to help educate and encourage children to eat well and keep moving. At a glance, the graphic features examples of best-choice foods to inspire the selection of healthy meals and snacks, and it emphasizes physical activity as part of the equation for staying healthy.

Eating a variety of foods keeps our meals interesting and flavourful. It's also the key to a healthy and balanced diet because each food has a unique mix of nutrients—both mac-nutrients (carbohydrate, protein, and fat) and micronutrients (vitamins and minerals). The Kid's Healthy Eating Plate provides a blueprint to help us make the best eating choices.

Along with filling half of our plate with colourful vegetables and fruits (and choosing them as snacks), split the other half between whole grains and healthy protein. The more veggies – and the greater the variety – the better. Eat plenty of fruits of all colours. Choose whole fruits or sliced fruits. Go for whole grains or foods made with minimally processed whole grains. The less processed the grains, the better. Whole grains—whole wheat, brown rice, quinoa, and foods made with them, such as whole-grain pasta and 100% whole-wheat bread—have a gentler effect on blood sugar and insulin than white rice, bread, pizza crust, pasta, and other refined grains. Choose beans and peas, nuts, seeds, and other plant-based healthy protein options. Use healthy oils from plants like extra virgin olive, canola,

corn, sunflower, and peanut oil in cooking, on salads and vegetables, and at the table. Choose unflavoured milk, plain yogurt, small amounts of cheese, and other unsweetened dairy foods. Milk and other dairy products are a convenient source of calcium and vitamin D, but the optimal intake of dairy products has yet to be determined and the research is still developing. For children consuming little or no milk, ask a doctor about possible calcium and vitamin D supplementation. Water is the best way to quenching our thirst. It's also sugar-free, and as easy to find as the nearest tap. Limit juice—it's also sugar-free, and as easy to find as the nearest tap.

Finally, just like choosing the right foods, incorporating physical activity into our day by staying active is part of the recipe for keeping healthy. Overall, the main message is to focus on diet quality and it facilitate the teaching of healthy eating behaviours to children.

Role of teachers in teaching Value Based Education

Human beings are a social animal who needs to sustain in society and values help them to grow in society. Human values are the generosity that one individual keeps in mind while interacting with the other one which includes respect, affection, appreciation, love and many other things towards another person. Schools are one of the important places where students spend their major time and learn most of the things from there whether it is through the curriculum, teachers or friends.

During ancient times, religion was only considered important in our societies. As a result, the education system was majorly based on religion and people used to stay in Gurukuls or Ashrams for learning. But with the evolution in time the modern education system was introduced and the meaning of value and the way to inculcate it also changed. Introducing values-based education in schools creates a stable and solid learning environment that augments academic achievement along with infusing social and relationship skills that help them to always grow.

Obesity among School Children

When children eat more food than their bodies need for normal growth and activity, the extra calories are stored in fat cells for later use. If this pattern continues over time, they develop more fat cells and may develop obesity. Normally, infants and young children respond to signals of hunger and fullness so that they do not consume more calories than their bodies need. However, changes over the last few decades in lifestyle and food choices have led to the rise of obesity among children.

Children are surrounded by many things that make it easy to overeat and harder to be active. TV commercials and other screen ads can lead to unhealthy food choices. "Screen time" activities such as watching television, gaming, texting, and playing on the computer require very little energy. They often take the place of healthy physical exercise. Also, children tend to crave unhealthy snack foods they see in TV ads.

India envelopes the World

As a teacher, I have had the privilege of witnessing the remarkable transformation of India on the world stage over the years. From a nation struggling with myriad challenges to emerging as a potential global power, India's journey is nothing short of awe-inspiring. Over the past few decades, the Indian economy has steadily ranked among the fastest-growing major economies globally. India's prowess in information technology, pharmaceuticals, and renewable energy sectors has attracted international attention and investment. Its role in international forums such as the United Nations, BRICS, and G20 reflects its growing influence. India's diplomacy emphasizes on cooperation, peace, and multilateralism, setting a positive example for global engagement. India has successfully asserted to be one of the world's largest and most capable armed forces. Its military modernization efforts, along with a robust defense industry, have bolstered its security posture. Initiatives like "Make in India" and "Digital India" have propelled the nation towards self-reliance and technological advancement. The popularity of yoga, Ayurveda, and Indian music and dance forms exemplifies India's cultural influence.

India emerges as a global power, it shoulder's greater responsibilities. India's commitment to global causes, such as vaccine production during the COVID-19 pandemic, demonstrates its will to contribute positively to the world.

In end, India's journey towards becoming one of the greatest powers on the global stage is a testament to its resilience, dynamism, and potential. I am inspired by the aspirations of India's youth and their determination to shape a brighter future.. The world is watching, and India's continued success is not only a matter of national pride but a source of optimism for a better world.

Timmy and the Clean Village

Once upon a time, in a little village, there lived a boy named Timmy. Timmy loved to play outside with his friends every day after school. One sunny afternoon, as they were playing in the park, Timmy noticed something strange. There was garbage scattered all over the beautiful green grass.

Timmy felt sad to see his favourite park so dirty. He knew he had to do something about it. He ran home and asked his mom for a broom and a dustpan. With his mom's help, he gathered all his friends and told them about his plan.

Together, they cleaned up the park. They picked up candy wrappers, empty bottles, and papers. Timmy and his friends worked hard, and soon the park looked clean and beautiful again. They felt proud of their teamwork and the clean park they had created.

This Truly Incredible India of Mine!

Where mornings start with prayers and temple bells,
And evenings end with birds returning to where they dwell.
Where farmers work hard to feed us day and night.
And soldiers on borderlines make sure everything's right,
The unity we carry is extremely divine.
This truly incredible India of mine!

Each state is unique with its culture and tradition,
And every state is treated with equal recognition.
Boundaries are only an excuse for division.
Deep within us we all have the same vision,
The uniqueness is what makes us shine.

Here people of different faiths reside,
And every festivity is celebrated with immense pride.
Dresses, food habits and speeches may vary,
But the feeling of patriotism is what in our hearts we carry.

Importance of "Me time"

"Me time" is crucial for our well-being .Because it provides an opportunity to recharge, reflect, and prioritize self-care. It helps reduce stress, enhances mental and emotional health, fosters self-awareness, and allows us to pursue activities that bring joy and fulfilment. In our busy lives, making time for ourselves is essential for maintaining balance and overall happiness.

Prioritize Self-Care: Recognize the importance of self-care and make it a non-negotiable part of your routine.

Identify Activities: Choose activities that relax and rejuvenate you, whether it's reading, meditating, exercising, or pursuing a hobby.

Start Small: If you're pressed for time, start with short breaks during the day or dedicate a few minutes in the morning or before bed.

Disconnect: Disconnect from technology and social media during "me time" to fully recharge.

Plan Ahead: Prepare for "me time" by having everything you need readily available to maximize relaxation.

Explore Mindfulness: Practice mindfulness techniques to stay present and fully enjoy your personal time.

Be Consistent: Make "me time" a regular part of your routine, even if it's just a few minutes each day.

Can People Live Without Internet?

On 7th march 1976 the world was first introduced to the internet. Can people live without the internet? Some may say yes and some may say no. you might be a little surprised to know that 82% of Indians cannot live without the internet and

India is on the top list of countries whose people can't live without the internet. The internet is a blessing as well as a curse. Why? Because of rapid urbanization in this modern world the internet is a must. People use it for work education purposes etc.

but some people misuse it for cybercrimes (cybercrime means use of computer in a criminal activity in a wrong way, cybersex, trafficking etc.... in some remote and underdeveloped parts of the world, people do not use the internet or might not know what internet is. The correct way to use the internet by using it in a correct way. In another way internet is good access and important also because of the corona virus many people had to work from home to survive. These are many advantages and disadvantages of the internet. We should see to it that we do not misuse the internet. We should also see to it that the kids should not be addicted to their phones or tabs as it can affect their brain with continuous usage of gadgets it can also spoil their eyes. There should be a limit of 1 to 1 and a half an hour for the kids while they are using the phone or tab. Have you ever wondered life without the internet? Now a day's people can live without food but not the internet. People are addicted to the internet just like food. The internet has become part of every single aspect of our life from relationship family friends to education and business. Due to the internet connection there is not much communication with our dear and near ones. People should prefer going out and playing or walking instead of sitting at home and playing games on the phone. So, you see everything has its good and bad side and we should see to it that we choose the good side.

Where there is a Will, There is A Way

"You Will, If You Will", perfectly true. If you have the will that is determination, you will surely be able to achieve your goals and all your aims. In the way of a man of firm resolve, there are no obstacles that can stop him.

The well-known fable "The Thirsty Crow" is an excellent example of the triumph of determination over difficulties. The poor bird would not have any water if it had given up hope and not put some pebbles in the pitcher. It was the 'WILL' that promoted the back black bird to do action. After all, there is mountainous, momentous truth in this proverb.

We have innumerable examples of this huge time-tested truth. WILL is invincible, unconquerable and immortal. One man with courage is much more than a majority. If one has the WILL other useful qualities come flocking. A determined hare could make the mighty lion jump into the well. Thus WILLINGNESS and DETERMINATION can make impossible things possible.

New Advancement in Space Technology

With Earth in a state of turmoil following the global ravages of the corona virus pandemic, it's no wonder that many of us are looking for a future in the stars. Fortunately, against all odds, 2020 was a year of exciting developments in the field of space exploration technologies. Women & Child Health Care Improvements

A Step towards All-round Development "Every Woman Every Child has catalysed an ambitious but achievable set of commitments to improve the health of women and children around the world", says Robert Orr, Assistant Secretary-General for Policy Planning at the United Nations. The Empowerment of women and children is also an important thing in the development of nation.

The World depends on women for existence. Women are also called as JANANI in Vedas means (The birth Giver and Mother of life). While she is to be given utmost priority in society, over the time they have been most suppressed section of society. Women are like a captain of the ship and are having the responsibility and leading the family, balancing the economic condition of the family, and also having the responsibility of educating the children also.

On the Other hand, children need to be brought up in a suitable environment as they are future of the nation. Right care at very early stage is important for overall growth of individual and nation. The future of the nation depends on the wellbeing of the children. If they are physically and mentally fit, then only they can contribute for the leading of the nation. To

Listen To The Children

Take a moment to listen today
To what your Children are trying to say,
Listen today, whatever you do,
Or they won't be there to listen to you.
Listen to their problems, listen for their need;
Praise their smallest triumphs, Praise their smallest deeds.
Tolerate their chatter, amplify their laughter.
Find out what's the matter, find out what they are after.
But tell them that you love them, every single night.
And though you scold them, make sure you hold them.
And tell them "Everything's all right"
If we tell our children all the bad in them we see,
They'll grow up exactly how we hoped they'd never be
But if we tell our children, we're so proud to wear their name
They'll grow up believing they're the winners in the game!
Take a moment to listen today
To what your Children are trying to say.
Listen today, whatever you do
And they will come back to listen to you!

"Always be happy, always smile, not because life is full of reasons to smile, but your smile itself is a reason for others to smile."

The word LISTEN contains the same letters as SILENT.
Listen to God in the silence of your Heart and you will know his perfect plans for you!

Hard work & Talent

**"HARDWORK BEATS TALENT,
WHEN TALENT DOESN'T WORK HARD"**

Proud Moment for India!!!

India made history on 7th October 2023, by winning its 100th medal with 25 Gold, 35 silver, and 40 bronze medals at the Asian Games for the first time ever. This is a remarkable achievement, and it is a testament to the hard work and dedication of Indian athletes and coaches. India's 100th medal was won by the women's kabaddi team, who defeated Chinese Taipei 26-25 in a thrilling final. This medal was fittingly won by a team that has been so dominant in kabaddi over the years.

In schools also not only in academics but the same importance is given to sports activities. India's success at the Asian Games is a sign of the growing strength of Indian sport. India has consistently improved its performance at the Games over the years, and it is now one of the leading nations in Asian sport. India's 100th medal at the Asian Games is a historic moment, and it is a moment that will be celebrated by all Indians. It is an inspiration to us all, and it shows us that anything is possible if we set our minds to it.

Actions Speak Louder than Words

The world is changed by your example not by your opinion - Paulo Coelho. You have more power to impact the people around you and let them see the value behind your opinion by simply living out your truth. People are more likely to learn from watching your consistent example than they are to learn by hearing your opinion. Though opinions are important, convictions carry a lot of weight. So what we think and what we say are both important. We certainly value what someone may have to say. It's important to know the opinions of others and for them to know OUR opinion. But when it comes to real influence, when it comes to making an impact on the world—it's usually done best THROUGH EXAMPLE.

Words don't cost us very much. They are often cheap and don't require much sacrifice on our part. BUT ACTIONS DO. What we DO is always more significant than WHAT WE SAY.

For example:

Students can talk all day long about how they're going to score 90% in the exams. They may have an elaborate program planned out which includes all the sessions they intend to do every time. This is not a bad thing. Plans are important and so are goals.

But as our friend Antoine de Saint- Exupery reminds us that- 'A goal without a plan is just a wish.' By making mindful, conscious choices, you are deciding to live and lead by an example and in doing so, you are actively helping to change the world.

Where Numbers Meet Creativity..

In the land where numbers play their part,
Creativity & a canvas, a work of art.
With math as the brush and logic the guide,
In this world, imagination takes a ride.
Patterns emerge from equations and rhyme,
In this realm where creativity shines.
Symmetry dances, and colors they gleam,
Where numbers meet, it's like a dream.
The Golden Ratio, a secret key,
Unlock the door to beauty we see.
Fractals unfurl with each intricate line,
In the realm where numbers combine.
Music composed in mathematical score,
A symphony of numbers, we explore.
Words weave tales with rhythm and grace,
In this meeting of minds, a wondrous place.
From science to art, a bridge they create,
In this world, it's never too late.
Where numbers meet creativity's flame,
Endless possibilities await our claim.

International Year of Millets 2023

Millets are small-grained, annual, warm-weather cereals belonging to the grass family. Jowar (Sorghum), Bajra (Pearl Millet) and Ragi (Finger millet) are the important millets cultivated in India. Small Millets such as Proso (Cheena), Kodo (Kodra, Arikelu), Fox tail (Kangni/Korra), Barnyard (Varai, Sawa), Little millet (Kutki) are also grown in our country.

Millets are the staple crops of the semiarid tropics, as other food crops cannot be cultivated in that terrain due to low rainfall and poor soil fertility. They also have higher nutrient content compared to major cereal crops and ensure food and nutrition security. Further, millets are tolerant to drought and other extreme weather conditions and hence are endemic to such geographies.

With growing concerns of life style diseases coupled with 'refined' diet culture, the modern consumers are slowly, but increasingly looking at the nutrient rich millets as a suitable alternative to wheat and rice. With the COVID -19, momentum picked up and both the urban and rural consumers are choosing millets for improving their nutrition & strengthening their immunity.

What is the G20? How does it work?

The G20 originated in 1999 in response to the Asian financial crisis of 1997-98, initially serving as an informal platform for finance ministers and central bank governors from both developed and developing economies. In 2008, following the global financial crisis, the G20 expanded to include the heads of state of member countries. The G20 Presidency rotates annually under a troika system, involving the current, previous, and next host countries. In 2022, India took over the G20 Presidency from Indonesia, the preceding member of the troika. The presidency has now been passed to Brazil, the next troika country.

How the G20 works.....

The G20 operates through three main tracks: the Finance Track, the Sherpa Track, and Engagement Groups.

Finance Track: Led by finance ministers and central bank governors, this track convenes approximately four times a year. It addresses fiscal and monetary policy issues, including the global economy, infrastructure, financial regulation, financial inclusion, international financial architecture, and international taxation.

Sherpa Track: Established in 2008 when the G20 became a leaders' summit, the Sherpa Track is comprised of representatives of heads of state. It focuses on socioeconomic concerns like agriculture, anti-corruption, climate change, the digital economy, education, employment, energy, environment, health, tourism, trade, and investment.

Engagement Groups: This unofficial track includes non-government participants and engagement groups that provide recommendations contributing to policy-making. The Engagement Groups consist of Business20, Civil20, Labour20, etc.

Expectations and Reality

Expectations and reality often mismatch.
It's easy to comprehend sometimes.
And other times it is difficult to catch.
Expectations transport us into a different world.
Far away from reality we find ourselves puzzled
It's not simple to maintain a balance.
As everybody can't accept this challenge
It's quite easy for a few.
But not for those who are new.
Some people do not expect.
So, they are lucky to keep their minds at rest
Expectations and reality seldom attach.
Most of the times they are a mismatch.

Stress Management

Stress is a normal psychological and physical reaction to the demands of life. A small amount of stress can be good, motivating you to perform well.

Let's be honest, we all talk to ourselves!

Positive self-talk can help you calm down and manage stress. With practice, you can learn to shift negative thoughts to positive ones. Some examples are as below-

Negative to Positive-

1. Instead of saying, "I can't do this," say, "I'll do the best I can. I've got this."
2. Instead of saying, "I hate it when this happens," say, "I know how to deal with this – I've done it before."
3. Instead of saying, "I feel helpless and alone," say, "I can reach out and get help if I need it."
4. Instead of saying, "I can't believe I screwed up," say, "I'm human, and we all make mistakes. I can fix it."

To really make it work, practice positive self-talk every day

Keeping your Brain in shape

Physical fitness gets plenty of attention, and for good reason. A healthy body can prevent conditions such as heart disease and diabetes, and help you maintain independence as you age.

Mental fitness is just as important as physical fitness, and shouldn't be neglected. Including mental dexterity exercises into your daily routine can help you reap the benefits of a sharper mind and a healthier body for years to come.

Mental fitness means keeping your brain and emotional health in tip-top shape. Be positive with yourself- Positive affirmation is one avenue to increased mental proficiency.

Affirmation, or talking to yourself in a positive way, involves strengthening neural pathways to bring your self-confidence, well-being, and satisfaction to a higher level.

To start, make a list of your good qualities. Remind yourself that you don't have to be perfect. Set goals for what you want to improve and start small to avoid becoming overwhelmed.

Be yourself, be different...

No need to struggle to be the number one just be yourself. Believe in what makes you happy and brings you joy because being yourself and being different at the same time is very rare, as people don't dare to be different. Being yourself and being different from others takes a lot of courage; courage to stand up and speak about what one believes. You should have something you need to give to the world only when you will succeed. Always remember, the person who will go with the crowd will go no further than the crowd. It will have limits but being alone and different, choosing your own path will make you limitless. You will be able to make decisions for yourself. Being different sounds fascinating but at the same time it's not easy to do so. Always consider yourself unique and feel the change in your personality. It takes special efforts to do things differently from others. So be yourself and be different.

Best Memories- My School Days

We may complain about our school work,
Perhaps we think our lessons hard.
We'd much prefer to be out playing,
And running in the big schoolyard.
But with the passing of the years
The dearest memories we'll call,
Will be of hours that we have spent
Within the old gray school house wall.

We may consider it a trial
To have to add & multiply,
And lessons in geography
Bring many a long-drawn, anxious sigh,
But with the passing of the years
When time has cast its purple haze,
The memories that we will treasure
Will be of long-gone, old school days.

The feeling of getting lost in a Book

Oh! I lay in a corner of dust,
With sadness all over my face,
Eagerly waiting for someone,
To read me with grace.

You buy me with passion,
Hopping all the way back home,
"Yay! I'll read it today", you say
When all you do is roam around with the phone.

Mr. Crocodile is waiting for you,
Who'll tell you about Mr. Pooh
Or how fizzy the fish turned blue,
So leave that junkie and join the crew.

Grandma used to read every night,
So you have a dreamy sight,
I read the magic tales that excite,
Which even the phone can't recite.

I could take you to another world,
Maybe a galaxy, a gallery or a magical tree,
Where everything is so pearled and free,
Better leave that phone, and come to me!

The feeling of getting lost in a book,
Is what you will never know,
Throw away that phone,
And find a wonderful world of tomes.

Time & Tide waits for no one

Time and tide wait for none is a famous proverb which illustrates the value and importance of time.

It realizes us that nothing is more precious than time. Time and tide both never wait for us. We cannot stop the tide of the sea, it occurs whenever it has to come.

Time runs continuously stoppage. It never wait for anyone. So, it should not be wasted. Our whole life revolves around time. We should understand the value of time because the time once went never returns it's better to follow and respect time instead of regretting afterward.

Moreover, reading can also help reduce stress and anxiety, as it provides an escape from reality and a way to relax and unwind. वर्गशिक्षक : ९वी / व
माध्यमिक विभाग

समाजाचा विकास सत्तेने व यंत्राने होत नाही, तर तो शिक्षकने घडविलेल्या सुशिक्षित विद्यार्थ्यांमुळे होतो. शिक्षक आपल्या विद्यार्थ्याला ज्ञानरूपी प्रकाश देतो. हा ज्ञानरूपी प्रकाश विद्यार्थ्याला महान करण्यासाठी प्रवृत्त करतो. कोणत्याही देशाचे भवितव्य हे त्या देशातील शालेय वर्गातून घडविले जाते. समाजाचा विकास हा शिक्षकाच्या कठोर परिश्रमावर व सहनशीलतेवर अवलंबून आहे. नव्या पिढीवर योग्य ते संस्कार करून त्यांच्याद्वारे शिक्षक देशाचे, राष्ट्राचे भवितव्य उज्वल करू शकतात. माणसाच्या जीवनातून शिक्षककक्षीच वजा होऊ शकत नाही. शिक्षकी पेशा हा समाजजीवन चांगले सुरळीत ठेवण्याचा उत्तम स्रोत आहे. नव्या पिढीला सुसंस्कृत करणारा हा हाडामांसाचा शिक्षक देशाला आधार व दिलासा देत असतो. म्हणून शिक्षकाच्या व्यवसायाचा सन्मान सर्व पालकानी व समाजाने ठेवला पाहिजे. कारण ज्या दिवशी शिक्षणातून चांगला शिक्षक श्रेष्ठदार संपुष्टात येईल त्या दिवशी समाजातील सद्मार्गाचा प्रवास थांबेल.

प्रिय विद्यार्थ्यांनो,

‘कोई जाके कह दे मिल के पत्थरोंसे हम वे नहीं जिन्हे रास्ते चलाते है।’

डॉ. राहत इंदोरी यांचा हा शेर वाचून मनात परत वाटते की हयाला आत्मविश्वास म्हणायचे की अतिविश्वास ?

काहीही असो परंतु विद्यार्थी म्हणून आपल्यापुढे ध्येय असले पाहिजे.

आपले किमान एक वर्षाचे नियोजन तयार पाहिजे. आयुष्याची स्वप्ने साकार करण्यासाठी हे छोटे छोटे मैलाचे दगड पार करणे गरजेचे असते पण त्याचबरोबर ते आपल्याला आत्मविश्वास व उर्जा जागृत करणारे असतात.

आपण सगळे उपजत बुद्धिमत्ता व कौशल्य घेऊन जन्माला आलो

आहोत. गरज आहे नियोजनबद्ध व शिस्तीने मार्गक्रमण करायची. काही

कालावधीसाठी मोह, मित्र व मोबाईल बाजूला ठेवा. अभ्यासाच्या प्रेमात पडा. बघा, उज्वल यश व यशस्वी भविष्य तुमची वाट पाहत आहे. तुम्ही

विद्यार्थी व शिस्त

आज विद्यार्थ्यांच्या जीवनात शिस्तीचे महत्त्व कमी होत आहे.

विद्यार्थ्यांमध्ये शिस्तीचा अभाव दिसून येतो.

जीवनात यशस्वी होण्यासाठी शिस्त महत्त्वाची आहे. शिस्त हा

विद्यार्थी जीवनाचा आत्मा आहे. शिस्त ही विद्यार्थ्यांना बालपणापासूनच लावणे गरजेचे असते. शिस्तीबद्दल म्हणायचे झाले तर, शिस्त ही शाळेमध्ये

महाविद्यालयात लागलीच पाहिजे. शिस्तीचे पालन विद्यार्थ्यांनी केले नाही तर त्याची किंमत त्यांना पुढच्या आयुष्यात मोजावी लागते.

शाळेत वेळेवर येणे, चांगल्या अक्षरात लिहिणे, दुसऱ्यांशी

चांगल्याप्रकारे संवाद साधणे, मोठ्यांचा आदर करणे ह्या सर्व गोष्टी तुम्हाला जीवन जगण्यासाठी खूप मदत करतील.

आपण आज महान असलेले खेळाडू पाहतो. ते का मोठे आहेत ?

आपले आदर्श का आहेत? कारण त्यांनी आपल्या जीवनात कष्ट व शिस्त ह्या गोष्टींचा पुरस्कार केलेला आहे.

कोणालाही कमी लेखू नये

कधीच कोणालाही कमी लेखण्याची चूक करू नये. अनेकदा जसे दिसते तसे नसते. आपण एखाद्याची परीक्षा घ्यायला जातो आणि आपलेच शस्त्र आपल्यावर उलटते.

आता परत वाचन, लेखन, अभ्यास ह्याकडे वळायला हवे. कल रात्री झोपण्यापूर्वी कधी वाचावे म्हणून माझ्या मुलीने आणलेले इंद्रा नुयी ह्यांचे इंग्रजी पुस्तकहाती घेतले. वाचण्यापूर्वी माझ्या मुलीने काय वाचलय ह्याची परीक्षा घ्यावी म्हणून मी तीला पहिल्याच पानावरच्या एक शब्दाचा अर्थ विचरला.

खरतर त्या शब्दाचा अर्थ, त्या शब्दाचा विरुद्धार्थी शब्द मलाही महित नव्हता. पण तीने लगेच मला त्या शब्दाचा अर्थ त्या शब्दाचा विरुद्धार्थी शब्द व त्याचे स्पष्टीकरण सांगितले. मी अवाकझाले. अंतरी मला माझा खजीलपणा जाणवला. जीची परीक्षा घ्यायला गेले तीनेच माझी परीक्षा घेतली. मी माझी चूक कबूल केली व तीचे कैतुकही केले.

आपल्या मुलांचा मोठेपणा मान्य करायचा मनाचा मोठेपणा आम्हा पालकांत असायला हवा. पुढच्या काळात मुलांद्वारे घेतल्या जाणाऱ्या अशा अनेक परीक्षांना सामोरे जायचे आहे.

मायबोली मराठी

मित्रांनो तुम्हाला माहितीच असेल मराठी भाषा हि खूप लवचिक भाषा आहे आणि अशा या आपल्या मराठी भाषेमध्ये एक शब्दाचे अनेक अर्थ होतात आणि एकच अर्थाचे अनेक शब्द देखील आहेत आणि हेच करण आहे की आज मराठी भाषा समृद्ध झाली आहे. मराठी भाषा सर्व महाराष्ट्र राज्याची जरी एकच असली तरी हि एक अशी भाषा आहे जी दर बारा कोसावर बदलत जाते. मराठी लेखी भाषा जरी तीच असली तरी बोली भाषेत खूप फरक होत जातो. वेगवेगळ्या गावात किंवा जिल्ह्यामध्ये या भाषेचे बोलण्याचे हेल खूप वेगळे होतात. भाषेत अनेक पोटभाषा आहेत. नाशिक जळगाव आणि धुळे येथे अहिराणी, विदर्भात वऱ्हाडी किंवा विदर्भी, पूर्व खानदेशात खानदेशी, कोकणात कोकणी तर गोव्या मध्ये कोंकणी भाषा बोलली जाते. आग्री, ठाकरी, बाणकोटी, कोळी, किरिस्ताव, कुणबी, मावळी, मालवणी, अशा अनेक भाषा कोकणी भाषेत येतात. णायगाव, वसई, डहाणू भागात वडवली बोलीत मराठी भाषा बोलली जाते. नालासोपारा आणि विरार भागांत सामवेदी मराठी बोलली जाते. दक्षिण भारतात तंजावर मराठी, नामदेव मराठी आणि भावसार मराठी बोलली जाते. महाराष्ट्र-गुजरात सीमेवर डांगी भाषा बोलली जाते. अशी ही मराठी भाषा नुसती भारतातच नव्हे तर इस्त्रायल आणि मॉरिशस अशा देशात देखील बोलली जाते !

आता गंमत अशी आहे की ही आपली मराठी भाषा दर २५ किलोमीटर वर वेगळी भासते. आपण कोल्हापुरला गेलो तर तिथे मराठी भाषा खणखणीत, स्पष्ट आणि नेमकी वर्मावर बोट ठेवणारी ! तिथल्या स्त्रियाही म्हणतात, “आम्ही आलो ! आम्ही जातो, मी जातो !” सातान्याला भाषा थोडी नरम होते. लवंगी मिरचीचा झटक झटकन सातान्याच्या तंबाखूची गुंगी त्यात डोकवते. तरी पण “लई”, “चिक्कर”, “आयला” वगैरे म्हणजे खास सातारी ढंग ! कोकणात हीच मराठी भाषा अगदी मऊ होते. मराठी भाषेचा उगम संस्कृतपासून तर तिचे व्याकरण आणि वाक्य रचना प्राकृत या भाषांपासून झाला आहे.

काळ बदलला तसे मराठी भाषेत अनेक बदल झाले आहेत. मराठी भाषेत कनडी, हिंदी, अरबी, फ़रशी, इंग्रजी अशा अनेक भाषां मधील शब्द आले आहेत. आजच्या २१व्या काळात इंग्रजीला फ़र महत्त्व आहे. यात कोणाला दोष द्यायला नवे ? करण महाविद्यालयीन आणि उच्च शिक्षण सर्व इंग्रजीतून होत आहे. पदव्या मिळवून तरुण मंडळी परदेशात उच्च शिक्षणासाठी जातात. तिथे इंग्रजी भाषाच बोलावी तसेच लिहावी लागते. असो, पण म्हणून आपण आपल्या मातृभाषेला विसरून जायचे का ? दुसऱ्या देशातील भाषा जर अवगत झाली तरी आपल्या मराठीला कधीच विसरू नका. प्रत्येक मराठी माणसाला मराठी भाषा हि बोलता, लिहिता आणि वाचता आलीच पाहिजे. आपल्या मराठीतसुद्धा खूप विषयांवर लेखन झाले आहे. शास्त्र-विज्ञान, ललित साहित्य खूप आहे. त्याचा उपयोग करूया, आपल्या ज्ञानात वाढ करूया ! म्हणून मराठीत फ़क्त बोलू नका तर लिहूनही ही भाषा आणखी समृद्ध करा.
