OCTOBER AT RBHS : A MONTH OF LEARNING, LIGHT & LIMITLESS CREATIVITY!

October at RBHS was nothing short of inspiring — a vibrant blend of knowledge, creativity, celebration, and compassion! From insightful university visits and global masterclasses to hands-on design workshops, our students explored new horizons and future career pathways with enthusiasm and confidence.

The month gleamed with festive spirit as students across grades celebrated Diwali through art, music, videos, and joyful activities — spreading warmth, togetherness, and tradition. The essence of giving truly shone through during our Joy of Sharing initiatives, where students supported NGOs, sold handmade diyas, and shared kindness with the community.

Teachers, too, embraced creativity through a festive art workshop and gained enriching insights at professional development sessions.

The Term Exams were conducted smoothly, giving students the opportunity to reflect on their learning journey and put their best efforts forward in a focused and disciplined manner.

As the month drew to a close, the much-awaited Diwali vacation offered a welcome respite, allowing students and teachers to rest, recharge, and celebrate the festival of lights with loved ones. With renewed energy and excitement, we now eagerly look forward to November — a month promising enriching excursions, energetic Sports Day practice, and the continued pursuit of knowledge and excellence.

*The Best Memories are the Ones
from Our Childhood*

Why is it that the best memories are usually from our childhood? It is not the big celebrations or grand milestones that come rushing back – it's the small, beautiful moments that made each day special. The smell of new books at the start of the school year, the excitement of running to the playground before the bell rang, or the quiet joy of sharing the tiffin with friends...

Childhood is a time when everything feels new, when laughter comes easily, and when happiness is found in the simplest of things. There are no worries, no pressures to be perfect – only curiosity, imagination, and the comfort of knowing we are cared for.

Every scraped knee told a story of courage, every game played taught teamwork, and every friendship built became a treasure for life.

Even in our busy lives today, all we need is a trigger – a familiar song, the sight of a playground, or the sound of children laughing – to take us back to those golden days.

Indeed, the best memories are the ones from our childhood – not because they were perfect, but because they were pure. They remind us of who we are at heart and why it's so important to keep that childlike spark alive within us.

- Happy Children's Day to the child within us.
